Section 7. Section 40-4-204, MCA, is amended to read:

"**40-4-204. Child support — orders to address health insurance — withholding of child support.** (1) In a proceeding for dissolution of marriage, legal separation, maintenance, or child support, the court shall order either or both parents owing a duty of support to a child to pay an amount reasonable or necessary for ~~his~~ *the child's* support, without regard to marital misconduct.

(2) The court shall consider all relevant factors, including:

(a) the financial resources of the child;

(b) the financial resources of the custodial parent;

(c) the standard of living the child would have enjoyed had the marriage not been dissolved;

(d) the physical and emotional condition of the child and ~~his~~ *the child's* educational and medical needs;

(e) the financial resources and needs of the noncustodial parent;

(f) the age of the child;

(g) the cost of day care for the child;

(h) any custody arrangement that is ordered or decided upon; and

(i) the needs of any person, other than the child, whom either parent is legally obligated to support.

(3) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court does not apply these standards and guidelines to determine child support, it shall state its reasons for finding that the application of ~~such~~ *the* standards and guidelines is unjust to the child or a party or is inappropriate in that particular case.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(4) Each district court judgment, decree, or order establishing a final child support obligation under this title and each modification of a final order for child support must include a provision addressing health insurance coverage in the following cases:

(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment, decree, or order may contain a provision requiring that coverage for the child or children be continued or obtained.

(b) In the event that health insurance required in a child support judgment, decree, or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party must, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) All temporary child support orders must contain a provision requiring the party who has health insurance in effect for the child or children of the parties to continue the insurance coverage pending final disposition of the case.

(d) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(e) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

(5) (a) Unless the court makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation under 40-4-208 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the written exceptions provided in 40-5-315 or 40-5-411 or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) If an obligor is exempt from immediate income withholding, the district court judgment or order must include a warning statement that if the obligor is delinquent in the payment of support, the obligor's income may be subject to income withholding procedures under Title 40, chapter 5, part 3 or 4. Failure to include a warning statement in a judgment or order does not preclude the use of withholding procedures.

(c) After October 1, 1993, if a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period.

(6) For the purposes of income withholding under subsection (5), every district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

(7) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208.

(8) Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order.

(9) (a) A district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the child support to be paid to:

(i) the legal custodian of the minor child;

(ii) (A) any other person, organization, or agency having legal physical custody of the minor child under a legal assignment of rights; or

(B) the court for the benefit of the minor child;

(iii) any other person or agency designated as caretaker of the minor child by agreement of the legal custodian; or

(iv) any assignee or other person, organization, or agency authorized to receive or collect child support.

(b) A judgment, decree, or order that omits the provision required by subsection (9)(a) is subject to the requirements of subsection (9)(a) without need for an

amendment to the judgment, decree, or order or for any further action by the court."

(6) The department may petition a court or an administrative agency for modification of any order on the same basis as a party to that action is entitled to do.

(7) The department is subrogated to the right of the child or obligee to maintain any civil action or execute any administrative remedy available under the laws of this or any other state to collect a support debt. The order or modification of an order must include a statement that the insurance must be obtained and maintained whenever the department is providing support enforcement services and that the failure to do so may result in the imposition of sanctions under this section.

(b) If the support order or modification of an order does not include a provision requiring the obligor to provide health insurance coverage for a child, upon notice to the obligor that the child is receiving support enforcement services under Title IV-D of the Social Security Act, the obligor shall obtain and maintain health insurance coverage as provided for in subsection (1)(a). (3) (a) The department may issue a notice commanding the obligor to appear at a hearing held by the department and show cause why a sum of not more than $100 should not be assessed for each month health insurance coverage is not secured or maintained if the department determines an obligor has failed to:

(i) obtain or maintain health insurance coverage as required under this section; or

(ii) provide information required under this section.

(b) If the department finds, after hearing or the obligor's failure to appear, that health insurance coverage has not been obtained or maintained or that the obligor has failed to provide the information required, the department may assess against the obligor not more than $100 for each month health insurance coverage has not been obtained or maintained or for each month information has not been provided. ~~Such~~ *The* amounts may be enforced by any administrative remedy available to the department for the enforcement of child support obligations, including warrant for distraint provided for in ~~40-5-241~~ *40-5-247* and income withholding provided for in Title 40, chapter 5, part 4.

(b) an amount based on a sliding fee schedule that is based on the applicant's income level.

(2) The department may charge a handling fee for each payment of support collected on behalf of any obligee who is not a recipient of public assistance. The department may withhold the fee from the support payment before distribution to the obligee.

(3) The department may charge an obligor a late payment fee for each late payment of support collected on behalf of any obligee.

(4) The department may establish a fee schedule in order to recover costs and expenses in excess of the application, handling, and late fees. The fees must be

commensurate with costs or an average of the expenditures related to specific or routine activities.

(a) The department shall develop procedures for determining whether it is appropriate for either the obligor or the obligee to be responsible for payment of the fee. In developing the procedures, the department shall consider federal regulations promulgated under Title IV-D of the Social Security Act.

(b)~~(2)~~ In an action to establish paternity or to establish or enforce a child support obligation, whether in district court or by administrative process, the department must be awarded costs in the amount established in the fee schedule as part of any judgment, decree, or order ~~in which~~ *whenever* the department*:*

~~(b) If the obligee is not a recipient of public assistance, the first 10% of each amount collected must be allocated to satisfy the fee.~~

(5) The department may collect the fees awarded under this section by one of the following means:

(a) if the fee is owed by an obligor, the fee may be:

(i) collected through any remedy available to the department for the collection of child support arrearages; or

(ii) deducted from any payments made by the obligor before the payment is distributed to the obligee. Credit for the payment must be reduced by the amount of the deduction for the fee. The deduction for fees may not reduce any current support due to the obligee. The deduction for a late payment fee may not reduce any current or past-due support due to the obligee.

(b) if the fee is owed by the obligee, the fee may be collected separately through any remedy available to the department for the collection of child support or the department may withhold the fee amount out of any payment collected on behalf of the obligee. The obligor must receive full credit for the payment as if the withholding of fees did not occur.

(6) The department, upon a showing of necessity, may waive or defer any fee assessed under this section.

(7) The department may adopt rules necessary to implement fee schedules under this section.

(8) The fees and costs charged and collected under this section must be paid monthly into the state treasury to the credit of the child support enforcement division special revenue fund and must be accompanied by a detailed statement of the amounts collected."

The department shall make and file in the record of the fair hearing an affidavit stating the reasons upon which the belief is founded. The obligor may furnish a bond, not to exceed the amount of the support debt, during pendency of the hearing or ~~thereafter~~ *after the hearing*, and in ~~such~~ *that* case warrants issued must be released. If the decision resulting from the hearing is in favor of the obligor, all warrants issued must be released.

(2) The department may commence action under the provisions of this part to collect the support debt on the date of issuance of the decision resulting from the hearing."

Section 14. Section 40-5-226, MCA, is amended to read:

(8) A support order entered under this part must contain a statement that the order is subject to review and modification by the department upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under IV-D for the enforcement of the order.

(9) A support debt determined pursuant to this section is subject to collection action without further necessity of action by the hearing officer.

(10) A support debt or a support responsibility determined under this part by reason of the obligor's failure to request a hearing under this part or failure to appear at a scheduled hearing may be vacated, upon the motion of an obligor, by the hearing officer within the time provided and upon a showing of any of the grounds enumerated in the Montana Rules of Civil Procedure.

(11) Unless the hearing officer makes a written exception under 40-5-315 or 40-5-411 and the exception is included in the support order, every order establishing a child support obligation, whether temporary or final, and each modification of an existing child support order under this part is enforceable by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 4. A support order that omits that provision or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment of the support order or for any further action by the hearing officer.

(12) For the purposes of income withholding provided for in subsection (11), whenever the department establishes or modifies a child support obligation, the department's order must include a provision requiring the obligor, for as long as the department is providing support enforcement services, to keep the department informed of the name and address of the obligor's current employer, whether the obligor has access to health insurance through an employer or other group, and, if so, the health insurance policy information.

(13) The hearing officer may:

(a) compel obedience to the hearing officer's orders, judgments, and process and to any orders issued by the department, including income-withholding orders issued pursuant to 40-5-415;

(b) compel the attendance of witnesses at administrative hearings;

(c) compel obedience of subpoenas for paternity blood tests;

(d) compel the production of accounts, books, documents, and other evidence; and

(e) punish for civil contempt. Contempt authority does not prevent the department from proceeding in accordance with the provisions of 2-4-104.

(14) A contempt occurs whenever:

(a) a person acts in disobedience of any lawful order, judgment, or process of the hearing officer or of the department;

(b) a person compelled by subpoena to appear and testify at an administrative hearing or to appear for genetic paternity tests fails to do so;

(c) a person compelled by subpoena duces tecum to produce evidence at an administrative hearing fails to do so;

(d) an obligor or obligee subject to a discovery order issued by the hearing officer fails to comply with discovery requests; or

(e) a payor under an order to withhold issued pursuant to 40-5-415 fails to comply with the provisions of the order. In the case of a payor under an income-withholding order, a separate contempt occurs each time income is required to be withheld and paid to the department and the payor fails to take the required action.

(15) An affidavit of the facts constituting a contempt must be submitted to the hearing officer, who shall review it to determine whether there is cause to believe that a contempt has been committed. If cause is found, the hearing officer shall issue a citation requiring the alleged contemnor to appear and show cause why the alleged contemnor should not be determined to be in contempt and required to pay a penalty of not more than $500 for each count of contempt. The citation, along with a copy of the affidavit, must be served upon the alleged contemnor either by personal service or by certified mail. All other interested persons may be served a copy of the citation by first-class mail.

(16) At the time and date set for hearing, the hearing officer shall proceed to hear witnesses and take evidence regarding the alleged contempt and any defenses to the contempt. If the alleged contemnor fails to appear for the hearing, the hearing may proceed in the alleged contemnor's absence. If the hearing officer finds the alleged contemnor in contempt, the hearing officer may impose a penalty of not more than $500 for each count found. The hearing officer's decision constitutes a final agency decision, subject to judicial review under 40-5-253 and subject to the provisions of Title 2, chapter 4.

(17) An amount imposed as a penalty may be collected by any remedy available to the department for the enforcement of child support obligations, including warrant for distraint pursuant to 40-5-247, income withholding pursuant to Title 40, chapter 5, part 4, and state debt offset, pursuant to Title 17, chapter 4, part 1. The department may retain any penalties collected under this section to offset the costs of administrative hearings conducted under this chapter.

(18) The penalties charged and collected under this section must be paid into the state treasury to the credit of the child support enforcement division special revenue fund and must be accompanied by a detailed statement of the amounts collected."

Section 15. Section 40-5-227, MCA, is amended to read:

"40-5-227. **Filing and docketing of final orders — orders effective as district court decrees.** (1) An abstract of any final administrative order under this chapter may be filed in the office of the clerk of the district court of any county of Montana. The order, if approved, must be docketed in the judgment docket of the district court. The properly filed and docketed order has all the force, effect, and attributes of a docketed order or decree of the district court, including but not limited to lien effect and enforceability by supplemental proceedings, writs of execution, and contempt of court proceedings.

(2) A final administrative order that determines and sets periodic support payments in the absence of a district court order, when filed and docketed under this section, may be modified by a district court order only as to installments accruing after actual notice to the parties of any motion for modification. The standard for ~~any such~~ *a* modification is that set forth in 40-4-208.

(3) The department may issue a warrant for distraint based upon a properly filed and docketed order pursuant to ~~40-5-241~~ *40-5-247*."

Section 16. Section 40-5-232, MCA, is amended to read:

"40-5-232. **Establishment of paternity — notice of paternity determination — contents.** (1) When the paternity of a child has not been legally established under the provisions of Title 40, chapter 6, part 1, or otherwise, the department may proceed to establish paternity under the provisions of 40-5-231 through 40-5-237. An administrative hearing held under the provisions of 40-5-231 through 40-5-237 is a contested case within the meaning of 2-4-102 and is subject to the provisions of Title 2, chapter 4, except as otherwise provided in 40-5-231 through 40-5-237.

(2) It is presumed to be in the best interest of a child to legally determine and establish ~~his~~ paternity. A presumption under this subsection may be rebutted by a preponderance of the evidence.

(3) In any proceeding under 40-5-231 through 40-5-237, if a man acknowledges ~~his~~ paternity of a child in writing and ~~such~~ *the* acknowledgment is filed with the department, the department may enter an order establishing legal paternity. An acknowledgment is binding on a parent who executes it, whether or not ~~he~~ *the parent* is a minor.

(4) The department shall commence proceedings to establish paternity by serving on an alleged father a notice of paternity determination. The department may not serve ~~such~~ *the* notice unless it has:

(a) a sworn statement from the child's mother claiming that the alleged father is the child's natural father;

(b) evidence of the existence of a presumption of paternity under 40-6-105; or

(c) any other reasonable cause to believe that the alleged father is the child's natural father.

(5) Service on the alleged father of the notice of paternity determination ~~shall~~ *must* be made as provided in 40-5-231(2). The notice must include:

(a) an allegation that the alleged father is the natural father of the child involved;

(b) the child's name and place and date of birth;

(c) the name of the child's mother and the name of the person or agency having custody of the child, if other than the mother;

(d) the probable time or period of time during which conception took place;

(e) a statement that if the alleged father fails to timely deny the allegation of paternity, the question of paternity may be resolved against ~~him~~ *the alleged father* without further notice;

(f) a statement that if the alleged father timely denies the allegation of paternity:

(i) ~~he~~ *the alleged father* is subject to compulsory blood testing;

(ii) a blood test may result in a presumption of paternity; and

(iii) ~~he may request a trial in district court to determine paternity before the final administrative decision is made~~ *upon receipt of the blood test results, if the alleged father continues to deny paternity, the alleged father may request the department to refer the matter to district court for a determination of paternity.*

(6) The alleged father may file a written denial of paternity with the department within 20 days after service of the notice of paternity determination.

(7) When there is more than one alleged father of a child, the department may serve a notice of paternity determination on each alleged father in the same consolidated proceeding or in separate proceedings. Failure to serve notice on an alleged father does not prevent the department from serving notice on any other alleged father of the same child."

Section 17. Section 40-5-242, MCA, is amended to read:

"**40-5-242.** ~~**Civil**~~ ***Notice of support lien — civil*** **liability upon failure to** ***honor support lien or to*** **comply with warrant** ~~**or to honor assignment of wages**~~ ***for distraint.*** *(1) The department may, at any time after asserting a support lien, serve a notice of the lien on any person, firm, corporation, association, or political subdivision or department of the state in possession of any real or personal property that is due, owing, or belonging to an obligor. For this purpose, personal property includes the obligor's share of a decedent's estate, workers' compensation benefits, and any proceeds or potential proceeds from suits at law.*

(2) Except as provided in subsection (3), ~~A~~ *a* person~~, firm, corporation, association, political subdivision, or department of the state~~ *or entity* is liable to the department in an amount equal to 100% of the value of ~~the~~ *a* support ~~debt that is the basis of the distraint or assignment of wages~~ *lien or warrant for distraint* or the value of ~~the distrained~~ *real or personal* property *subject to a support lien or distrained by a warrant for distraint*, whichever is less, together with costs, interest, and reasonable attorney fees, if the person or entity:

~~(1) fails or refuses to deliver property pursuant to the order;~~

~~(2)~~*(a)* pays over, releases, sells, transfers, or conveys real or personal property subject to a support lien, to or for the benefit of the obligor, after the person or entity receives actual notice of filing of the support lien; *or*

~~(3)~~*(b)* fails or refuses to surrender upon demand property ~~distrained under 40-5-241~~ *of an obligor when presented with a warrant for distraint by a sheriff or levying officer under the provisions of 40-5-247*~~; or~~.

~~(4) fails or refuses to honor an assignment of wages presented by the department.~~

(3) A person or entity is not liable to the department under this section when:

(a) a written release or waiver of the support lien or warrant for distraint issued by the department has been delivered to the person or entity;

(b) a determination has been made in an adjudicative proceeding, either administrative or judicial, that a support lien does not exist or that the lien has been satisfied; or

(c) the property subject to a support lien has been transferred to, paid over to, or repossessed by a person or entity holding:

(i) a prior perfected lien;

(ii) a mortgage, the proceeds of which were used by the obligor to purchase real property; or

(iii) a perfected purchase money security interest, as defined by 30-9-107."

Section 18. Section 40-5-247, MCA, is amended to read:

"**40-5-247. ~~Filing warrant with district court — effect of filing — release~~ *Warrant for distraint — effect — satisfaction of support lien — redemption.*** ~~(1) After issuing a warrant, the department may file the warrant with the clerk of a district court. The clerk shall file the warrant in the judgment docket, with the name of the delinquent obligor listed as the judgment debtor.~~

~~(2) Upon filing the warrant, there is a lien against all real and personal property of the delinquent obligor located in the county where the warrant is filed. The resulting lien is treated in the same manner as a properly docketed judgment lien, and the department may collect delinquent child support and enforce the lien in the same manner as a judgment is enforced. The lien is for the amount indicated on the warrant plus accrued interest from the date of the warrant.~~

(1) The department may issue a warrant for distraint to execute support liens established by [section 25] or to enforce and collect any money obligation authorized under this chapter.

(a) The warrant must be an order, under official seal of the department, directed to a sheriff of any county of the state or to any levying officer authorized by law to enforce a district court judgment. The order must command the recipient

to levy upon and sell nonexempt real and personal property to satisfy the support lien upon which the warrant is based.

(b) A warrant must be signed by the director of the department or the director's designee.

(c) The warrant must be for the amount of the support lien or the amount of any other money obligation determined under this chapter, including interest and fees, if any.

(d) A warrant for distraint has the same effect as a writ of execution issued by a district court to enforce money judgments.

~~(3)~~*(2)* (a) A ~~copy of the filed~~ warrant *for distraint* may be sent by the department to the sheriff or ~~authorized agent~~ *levying officer.* Upon receipt of ~~a copy of~~ the ~~filed~~ warrant, the sheriff or ~~authorized agent~~ *levying officer* shall proceed to execute upon the warrant in the same manner as prescribed for execution upon a judgment.

(b) A sheriff or ~~agent~~ *levying officer* shall return a warrant, along with any funds collected, within 90 days of the receipt of the ~~copy of the~~ warrant.

(c) Funds resulting from execution upon the warrant must first be applied to the sheriff's or levying officer's costs, any superior liens, the support lien, or other money obligation and to any inferior liens. Any amounts in excess of this distribution must be paid to the obligor.

~~(c)~~*(d)* If the warrant is returned not fully satisfied, the department has the same remedies to collect the deficiency as are available for any civil judgment.

(3) A sheriff's or levying officer's levy against real and personal property of the obligor is not limited to property in possession of persons or other entities given notice of a support lien under 40-5-242.

(4) (a) Upon receiving payment in full of the unpaid ~~child support~~ *warrant* amount plus penalty and fees, if any, and accumulated interest, the department shall release the ~~lien~~ *warrant.*

(b) Upon receiving partial payment of the unpaid ~~child support~~ *warrant* amount or if the department determines that a release or partial release of the ~~lien~~ *warrant* will facilitate the collection of the unpaid amount, penalty, and interest, the department may release or may partially release the ~~lien acquired by filing the~~ warrant for distraint. The department may release the ~~lien~~ *warrant* if it determines that the ~~lien~~ *warrant* is unenforceable.

(5) An obligor or other person or entity having an interest in real or personal property levied upon by a warrant for distraint at any time prior to sale of the property may pay the amount of the support lien or other money obligation and any costs incurred by the sheriff or levying officer serving the warrant. Upon payment in full, the property must be restored to the obligor or other person and all proceedings on the warrant must cease.

(6) An obligor or other person or entity having an interest in real property levied upon and sold by a sheriff or levying officer pursuant to a warrant for distraint may, within 240 days after sale of the property, redeem the property by making payment to the purchaser in the amount paid by the purchaser plus

interest at the statutory interest rate payable on judgments recovered in the district court.

(7) At any time after distraint of property under a warrant for distraint, the department may release all or part of the seized property without liability if payment of the support lien or other money obligation is assured or if the action will facilitate collection of the support lien or other money obligation. The release or return does not operate to prevent future action to collect the warrant amount from the same or other property.

(8) The department may issue a warrant for distraint to collect a support lien or other money obligation under this section at any time within the statutory limitation period for enforcing and collecting delinquent child support.

~~(5)~~*(9)* The use of the warrant for distraint is not exclusive, and the department may use any other remedy provided by law for the collection of child support amounts."

Section 19. Section 40-5-255, MCA, is amended to read:

"**40-5-255. Charging off child support debts as uncollectible.** (1) Any support debt due the department from an obligor, which debt the department determines uncollectible, may be transferred from accounts receivable to a suspense account and cease to be accounted as an asset. If a warrant for distraint has been filed and the support debt has subsequently been charged off as uncollectible, the department shall issue a release of lien.

(2) At any time after ~~6 years from the date a support debt was incurred~~ *10 years from the date of termination of the support obligation,* the department may charge off as uncollectible any support debt upon which the department finds there is no available, practical, or lawful means by which the support debt may be collected. ~~No proceedings~~ *A proceeding* or action under the provisions of this part may *not* be begun after expiration of the ~~6-year~~ *10-year* period to institute collection of a support debt. ~~Nothing herein~~ *This part* may *not* be construed to render invalid or nonactionable a warrant for distraint ~~filed with the clerk of court~~ *issued by the department* prior to the expiration of the ~~6-year~~ *10-year* period or an assignment of earnings executed prior to the expiration of the ~~6-year~~ *10-year* period."

Section 20. Section 40-5-415, MCA, is amended to read:

"**40-5-415. Order to withhold income — *rules.*** (1) When the requirements of this part have been met, the department shall serve an order or modification order to withhold and deliver income upon any payor or combination of payors. The order must:

(a) direct the payor and successor payors to withhold from the obligor's income each month the amount specified in the order if sufficient funds are available;

(b) direct the payor to deliver the amount withheld to the department in the same month in which the funds were withheld;

(c) state that the order is binding on the payor until further notice by the department;

(d) state the rights and duties of the payor under this part; and

(e) include a statement that the obligor is required under a support order to provide health insurance coverage for the obligor's child, if appropriate.

(2) An order or modification order to withhold and deliver the obligor's income made under this section is binding upon the payor immediately upon service of the order upon the payor. Service of the order or modification order to withhold may be made either personally or by certified mail.

(3) Whenever there is more than one payor, the department may, in its discretion, apportion the total amount to be withheld each month among payors. *Whenever an obligor's income is subject to withholding for more than one obligee, the department may consolidate the payments received each month and distribute the income among the obligees according to department rules.*"

Section 21. Section 40-6-116, MCA, is amended to read:

"40-6-116. **Judgment or order.** (1) The judgment or order of the court determining the existence or nonexistence of the parent and child relationship is determinative for all purposes.

(2) If the judgment or order of the court is at variance with the child's birth certificate, the court shall order that a substitute birth certificate be issued under 40-6-123.

(3) (a) The judgment or order may contain any other provision directed against the appropriate party to the proceeding concerning the custody and guardianship of the child, visitation privileges with the child, the furnishing of bond or other security for the payment of the judgment, or any other matter in the best interest of the child.

(b) Except when the financial responsibility of a responsible parent is in the process of being determined pursuant to the administrative procedure provided in 40-5-225, the judgment or order must contain a provision concerning the duty of child support.

(c) The judgment or order may direct the father to pay the reasonable expenses of the mother's pregnancy and confinement.

(4) (a) Support judgments or orders ordinarily ~~shall~~ *must* be for periodic payments which may vary in amount.

(b) In the best interest of the child, a lump-sum payment or the purchase of an annuity may be ordered in lieu of periodic payments of support.

(c) The court may limit the father's liability for past support of the child to the proportion of the expenses already incurred that the court ~~deems~~ *considers* just.

(5) In determining the amount to be paid by a parent for support of the child and the period during which the duty of support is owed, a court enforcing the obligation of support shall consider all relevant facts, including:

(a) the needs of the child, including ~~his~~ medical needs;

(b) the standard of living and circumstances of the parents;

(c) the relative financial means of the parents;

(d) the earning ability of the parents;

(e) the need and capacity of the child for education, including higher education;

(f) the age of the child;

(g) the financial resources and the earning ability of the child;

(h) the responsibility of the parents for the support of others;

(i) the value of services contributed by the custodial parent;

(j) the cost of day care for the child; and

(k) any custody arrangement that is ordered or decided upon.

(6) (a) Whenever a court issues or modifies an order concerning child support, the court shall determine the child support obligation by applying the standards in this section and the uniform child support guidelines adopted by the department of social and rehabilitation services pursuant to 40-5-209, unless the court finds by clear and convincing evidence that the application of the standards and guidelines is unjust to the child or to any of the parties or is inappropriate in that particular case.

(b) If the court does not apply these standards and guidelines to determine child support, it shall state its reasons for finding that the application of ~~such~~ *the* standards and guidelines is unjust to the child or a party or is inappropriate in that particular case.

(c) If the court does not order a parent owing a duty of support to a child to pay any amount for the child's support, the court shall state its reasons for not ordering child support.

(7) The judgment or order concerning child support and each modification of a judgment or order for child support must include a provision addressing health insurance coverage in the following cases:

(a) If either party has available through an employer or other organization health insurance coverage for the child or children for which the premium is partially or entirely paid by the employer or organization, the judgment or order may contain a provision requiring that coverage for the child or children be continued or obtained.

(b) In the event that health insurance required in a child support judgment or order becomes unavailable to the party who is to provide it, through loss or change of employment or otherwise, that party shall, in the absence of an agreement to the contrary, obtain comparable insurance or request that the court modify the requirement.

(c) The parties may by written agreement provide for the health care coverage required by this section, subject to the approval of the court.

(d) Unless otherwise provided in the decree, the health care coverage required by this section is in addition to and not in substitution, in whole or in part, for the child support obligation.

(8) *(a)* Unless an exception is found under 40-5-315 or 40-5-411 and the exception is included in the support order, a support obligation established by judgment, decree, or order under this section, whether temporary or final, and each modification of an existing support obligation made under 40-6-118 must be enforced by immediate or delinquency income withholding, or both, under Title 40, chapter 5, part 3 or 4. A support order that omits the exception or that provides for a payment arrangement inconsistent with this section is nevertheless subject to withholding for the payment of support without need for an amendment to the support order or for any further action by the court.

(b) After October 1, 1993, if a support order subject to income withholding is expressed in terms of a monthly obligation, the order may be annualized and withheld on a weekly or biweekly basis, corresponding to the obligor's regular pay period.

(9) For the purposes of income withholding as provided in subsection (8), whenever the district court establishes or modifies a child support obligation, the judgment, decree, or order must include a provision requiring the parent obligated to pay support to inform the court and, if the department of social and rehabilitation services is providing services under Title IV-D of the Social Security Act for the enforcement of the judgment, decree, or order, the department, of the following:

(a) the name and address of the parent's current employer;

(b) whether the parent has access to health insurance through an employer or other group; and

(c) if insurance coverage is available, the health insurance policy information.

(10) If the department of social and rehabilitation services is providing or later provides support enforcement services under Title IV-D of the Social Security Act, each district court order or modification of an order must contain a statement providing that the noncustodial parent, without further order of the court, is required to obtain and maintain health insurance coverage as provided in 40-5-208. Failure to include a warning statement in the judgment or order does not preclude the imposition of sanctions under 40-5-208.

(11) Each district court judgment, decree, or order establishing a final child support obligation under this part and each modification of a final order for child support must contain a statement that the order is subject to review and modification by the department of social and rehabilitation services upon the request of the department or a party under 40-5-271 through 40-5-273 when the department is providing services under Title IV-D of the Social Security Act for the enforcement of the order."

Section 22. Section 40-6-117, MCA, is amended to read:

"**40-6-117. Enforcement of judgment or order.** (1) If existence of the father and child relationship is declared or paternity or a duty of support has been acknowledged or adjudicated under this part or under prior law, the court may order support payments to be made to the mother, the clerk of the court, or a person, corporation, or agency designated to administer them for the benefit of the child under the supervision of the court.

(2) Willful failure to obey the judgment or order of the court is a civil contempt of the court. All remedies for the enforcement of judgments apply.

(3) (a) A district court judgment, decree, or order that establishes or modifies a child support obligation must include a provision requiring the child support to be paid to:

(i) the legal custodian of the minor child;

(ii) (A) any other person, organization, or agency having legal physical custody of the minor child or collecting child support on behalf of the minor child under a legal assignment of rights; or

(B) the court for the benefit of the minor child;

(iii) any other person or agency designated as caretaker of the minor child by agreement of the legal custodian; or

(iv) any assignee or other person, organization, or agency authorized to receive or collect child support.

(b) A judgment, decree, or order that omits the provision required by subsection (3)(a) is subject to the requirements of subsection (3)(a) without need for an amendment to the judgment, decree, or order or for any further action by the court."

Section 23. Section 53-2-613, MCA, is amended to read:

"**53-2-613. Application for assistance — assignment of support rights.** (1) Applications for public assistance, including but not limited to aid to families with dependent children and medical assistance, must be made to the county department of public welfare in the county in which the person is residing. The application ~~shall~~ *must* be submitted, *in* the manner and form prescribed by the department of social and rehabilitation services, and ~~shall~~ *must* contain information required by the department of social and rehabilitation services.

(2) A person by signing an application for public assistance assigns to the state, the department of social and rehabilitation services, and to the county welfare department all rights the applicant may have to support and medical payments from any other person in ~~his~~ *the applicant's* own behalf or in behalf of any other family member for whom application is made.

(3) The assignment:

(a) is effective for both current and accrued support and medical obligations;

(b) takes effect upon a determination that the applicant is eligible for public assistance;

(c) remains in effect with respect to the amount of any unpaid support and medical obligation accrued under the assignment that was owed prior to the termination of public assistance to a recipient.

(4) Whenever a support obligation is assigned to the department of social and rehabilitation services pursuant to this section, the following provisions apply:

(a) If ~~such~~ *the* support obligation is based upon a judgment or decree or an order of a court of competent jurisdiction, the department may retain assigned support amounts in an amount sufficient to reimburse public assistance money expended.

(b) ~~No~~ *A* recipient or former recipient of public assistance may *not* commence or maintain an action to recover a delinquent support obligation without notifying the ~~department~~ *department's child support enforcement division.* The department may then release or relinquish its assigned interest or enter the proceeding. This subsection (4)(b) does not limit the right of any person to recover money not assigned.

(c) If a notice of assigned interest is filed with the district court, the clerk of the court may not pay over or release for the benefit of any recipient or former recipient of public assistance any amounts received pursuant to a judgment or decree or an order of the court until the ~~department~~ *department's child support enforcement division* has filed a written notice that:

(i) the assignment of current support amounts has been terminated; and

(ii) all assigned support delinquencies, if any, are satisfied or released.

(d) ~~No~~ *A* recipient or former recipient of public assistance may *not* take action to modify or make any agreement to modify, settle, or release any past, present, or future support obligation unless the ~~department~~ *department's child support enforcement division* is given written notice and an opportunity to participate. Any modifications or agreements entered into without the participation of the department are void with respect to the state, the department ~~of social and rehabilitation services~~, and the county welfare department."

Section 24. **Child support payments to follow the child.** (1) A support order issued or modified under this part must contain a provision requiring the child support to be paid to:

(a) the legal custodian of the minor child;

(b) (i) any other person, organization, or agency having legal physical custody of the minor child or collecting child support on behalf of the minor child under a legal assignment of rights; or

(ii) the court for the benefit of the minor child;

(c) any other person or agency designated as caretaker of the minor child by agreement of the legal custodian; or

(d) any assignee or other person, organization, or agency authorized to receive or collect child support.

(2) An order that omits the provision required by subsection (1) is subject to the requirements of subsection (1) without need for an amendment to the order or for any further action by the department.

Section 25. **Lien against real and personal property — effect of lien — interest — warrant for distraint.** (1) There is a support lien on the real and personal property of an obligor:

(a) when the department has entered a final decision in a contested case under this chapter that finds the obligor owes a sum certain debt either to this department or to an obligee, or both; or

(b) upon registration under 40-5-271 of a support order that includes finding that the obligor owes a sum certain amount of delinquent support.

(2) A support lien is for the amount required to satisfy:

(a) the sum certain debt shown in a final decision in a contested case under this chapter or the sum certain support debt included in any support order registered under 40-5-271;

(b) interest claimed under this section; and

(c) any fees that may be due under 40-5-210.

(3) A support lien has the priority of a secured creditor from the date the lien is perfected as provided by this section; however, the lien is subordinate to:

(a) any prior perfected lien or security interest;

(b) a mortgage, the proceeds of which are used by an obligor to purchase real property; or

(c) any perfected purchase money security interest, as defined in 30-9-107.

(4) Support liens remain in effect until the delinquency upon which the lien is based is satisfied or until 2 years after the child to whom the support lien is related attains the age of majority, whichever occurs first.

(5) The lien applies to all real and personal property owned by the obligor, if it can be located in the state. The lien applies to all real and personal property that the obligor can afterward acquire.

(6) The department shall keep a record of support liens asserted under this section in the registry of support orders established by 40-5-271.

(7) A support lien is perfected:

Section 1. **Judicial unification and finance commission — composition — vacancies.** (1) There is a judicial unification and finance commission.

(2) The commission is composed of the following 13 members:

(a) three members, to be appointed by the governor, who must be from the public at large;

Section 2. **Meetings.** (1) The presiding officer shall schedule meetings of the commission as considered necessary and shall give notice of the time and place of each meeting to the members of the commission.

(2) The commission may adopt rules of procedure for the conduct of its meetings.

Section 3. **Reimbursement of expenses — compensation.** (1) Each member of the commission, except the legislative members appointed under [section 1(2)(c) and (2)(d)], is entitled to reimbursement for expenses as provided in 2-18-501 through 2-18-503.

(2) The legislative council shall provide staff support to the commission.

(3) The commission is authorized to secure directly from any agency, board, or commission or from any independent organization any information, suggestion, estimate, or statistic. Any agency, board, commission, or organization requested by the commission to provide information shall furnish the information.

Section 14. Section 20-9-143, MCA, is amended to read:

"**20-9-143. Allocation of federal funds in lieu of property taxation.** Federal funds received by a district under the provisions of Title I of Public Law 81-874 or funds designated in lieu of such federal act by the congress of the United States ~~may~~ *must* be ~~allocated to the various operating budgets of the district by the trustees~~ *deposited in the impact aid fund established in [section 41].*"

Section 15. Section 20-9-162, MCA, is amended to read:

"**20-9-162. Authorization for budget amendment adoption.** (1) *(a)* Notwithstanding the provisions of subsections (2) and (3), a budget amendment may be adopted at any time of the school fiscal year, except that a budget amendment required by an enrollment increase ~~that could not have been anticipated at the time of the adoption of the regular budget~~ as provided in 20-9-161(1) may not be adopted until after October 1.

~~(2)~~*(b)* ~~If a budget amendment for the reasons provided in 20-9-161(1) through (4) does not cause the district general fund budget to exceed the~~

~~limitations in 20-9-315, the~~ *The* trustees may approve ~~the~~ *a* budget amendment *pursuant to 20-9-161(2) through (6)* by a resolution ~~as provided in 20-9-163~~.

(c) Whenever the trustees of a district decide that a budget amendment is necessary, they may proclaim the need for the budget amendment by a majority vote of the trustees. The proclamation must state the facts constituting the need for the budget amendment, the funds affected by the budget amendment, the anticipated source of financing, the estimated amount of money required to finance the budget amendment, and the time and place the trustees will meet for the purpose of considering and adopting the budget amendment for the current school fiscal year.

(2) The trustees shall send a copy of the ~~resolution~~ *proclamation* to the county superintendent and to the board of county commissioners of the county.

(3) The trustees shall submit ~~the following~~ *a budget amendment for an enrollment increase* to the superintendent of public instruction for approval in the manner provided in 20-9-163~~:~~

~~(a) a budget amendment for the reasons provided in 20-9-161(5) and (6); and~~

~~(b) a budget amendment for any reason provided in 20-9-161(1) through (4) that causes the district general fund budget to exceed the limitations in 20-9-315~~."

Section 16. Section 20-9-163, MCA, is amended to read:

"**20-9-163. Resolution for budget amendment — petition to superintendent of public instruction.** (1) ~~Notwithstanding the provisions of subsection (3), whenever~~ *Whenever* the trustees of a district decide that a budget amendment is necessary *because of an enrollment increase*, they may *petition the superintendent of public instruction to* adopt a resolution ~~proclaiming~~ *for* the budget amendment. *The petition must be signed* by a majority ~~vote~~ of the trustees.

(2) The ~~budget amendment resolution must also~~ *petition must* state the facts constituting the need for the budget amendment, the estimated amount of money required to fund the budget amendment, the funds affected by the budget amendment, ~~and the time and place the board will meet for the purpose of considering and adopting a budget amendment for funds for the current school fiscal year~~ *the anticipated source of financing for the budget amendment, and the current year enrollment.*

~~(2) If the trustees of a school district determine that the proposed budget amendment will cause the district general fund to exceed the limitations of 20-9-315 or is for the reasons provided in 20-9-161(5) and (6), the trustees shall petition the superintendent of public instruction for permission to adopt a resolution for a budget amendment. The petition must set forth in writing the reasons for the request, the district funds affected by the budget amendment, the estimated amount of money required for the budget amendment for each affected fund, the anticipated sources of financing for the budget amendment expenditures, and any other information required by the superintendent of public instruction. The petition must be signed by a majority of the trustees.~~

(3) The superintendent of public instruction shall promptly approve or disapprove the petition requesting approval to adopt a resolution for a budget amendment *because of increased enrollment. If the petition is for a budget amendment for an enrollment increase as provided in 20-9-161(1), the superintendent of public instruction shall adjust the district's maximum general fund budget based on the approved enrollment increase. Upon approval, a district may not adopt a budget amendment if the amount will cause the district to exceed the district's adjusted maximum general fund budget.* If the petition is approved, the trustees may adopt a resolution for a budget amendment and take all other steps required for the adoption of a budget amendment. Approval of a petition by the superintendent of public instruction authorizes the board of trustees to initiate a budget amendment by resolution and does not relieve the trustees of the necessity of complying with the requirements of the school budgeting laws. Approval of the petition may not be construed as approval of any subsequent application for increased state aid on account of the budget amendment."

Section 17. Section 20-9-201, MCA, is amended to read:

"**20-9-201. Definitions and application.** (1) As used in this title, unless the context clearly indicates otherwise, "fund" means a separate detailed account of receipts and expenditures for a specific purpose as authorized by law or by the superintendent of public instruction under the provisions of subsection (2). The general fund, transportation fund, bus depreciation reserve fund, tuition fund, retirement fund, debt service fund, building reserve fund, adult education fund, nonoperating fund, and any other funds designated by the legislature are budgeted funds.

(b) A "nonbudgeted fund" means any fund for which a budget is not required in order to expend money on deposit in the fund. The superintendent of public instruction shall adopt rules necessary to secure compliance with the law.

(3) Except as otherwise provided by law, whenever the trustees of a district determine that a fund is inactive and will no longer be used, the trustees shall close the fund by transferring all cash and other account balances to the general fund if the fund does not have a cash or fund balance deficit."

Section 18. Section 20-9-303, MCA, is amended to read:

"**20-9-303. ~~Definition of foundation program — nonisolated school foundation program financing~~ *Nonisolated school BASE budget funding* — special education funds.** (1) ~~As used in this title, the term "foundation program" means the minimum expenditures that are sufficient to provide for the educational program of a school. The foundation program relates only to those expenditures authorized by a district's general fund budget and may not include expenditures from any other fund. It is financed by:~~

~~(a) county equalization money, as provided in 20-9-331 and 20-9-333;~~

~~(b) state equalization aid, as provided in 20-9-343;~~

~~(c) appropriations for special education; and~~

~~(d) a district levy as provided in subsection (3) for support of a school not approved as an isolated school under the provisions of 20-9-302.~~

~~(2) The foundation program includes:~~

~~(a) amounts in support of general education programs as provided in the schedules in 20-9-316 through 20-9-320; and~~

~~(3)~~ An elementary school ~~having~~ *that has* an ANB of nine or fewer pupils for 2 consecutive years ~~which~~ *and that* is not approved as an isolated school under the provisions of 20-9-302 may budget and spend the ~~schedule~~ *BASE budget* amount, but the county and state shall ~~participate in financing~~ *provide* one-half of the ~~foundation program~~ *direct state aid*, and the district shall finance the remaining one-half *of the direct state aid* by a tax levied on the property of the district. When a school of nine or fewer pupils is approved as isolated under the provisions of 20-9-302, the county and state shall participate in the financing of the total amount of the ~~foundation program~~ *direct state aid*.

~~(4)~~*(2)* Funds provided to support the special education ~~accounting budget~~ *program* may be expended only for special education purposes as approved by the superintendent of public instruction in accordance with the special education budgeting provisions of this title. Expenditures for special education must be accounted for separately from *and in addition to* the balance of the school district general fund *budgeting requirements provided in [sections 2 and 3]*. ~~Transfers between items within the special education budget for accounting purposes may be made at the discretion of the board of trustees in accordance with the financial administration part of this title.~~ The ~~unexpended balance~~ *amount* of the special education ~~accounting budget carries over to the next year to~~ *allowable cost payments that is not matched with district funds, as required in 20-9-321, will* reduce ~~the amount of funding required to finance~~ *by a like amount* the district's ensuing year's ~~foundation program~~ *allowable cost* ~~amount~~ *payment* for special education."

Section 19. Section 20-9-305, MCA, is amended to read:

"**20-9-305. Proration and calculation of ~~foundation~~ *BASE funding* program for a joint district.** (1) In joint districts, the ~~foundation program shall~~ *direct state aid of a joint district must* be prorated among the counties in which any part of the joint district is located for the purpose of determining the amount of each source of revenue for the ~~foundation program~~ *direct state aid* for which each county is obligated. The proration of the joint district ~~foundation program shall~~ *direct state aid must* be calculated as follows:

(a) Divide the joint district ~~foundation program~~ *direct state aid* by the ANB of the joint district to determine the per-ANB amount of the ~~foundation program~~ *direct state aid.*

(b) Determine the ANB for each county's portion of the joint district on the basis of each pupil's resident county. When taken together, the sum of the ANB assigned to all the counties ~~shall~~ *must* equal the total ANB for the joint district.

(c) Multiply the per-ANB amount of the ~~foundation program~~ *direct state aid* determined in subsection (1)(a) by the ANB for each county's portion, as determined in subsection (1)(b), to determine the portion of the ~~foundation program~~ *direct state aid* for each county.

(2) The portion of a joint district ~~foundation program~~ *direct state aid* for each county, as determined in subsection (1)(c) ~~of this section~~, ~~shall be considered as~~ *is* a separate ~~foundation program~~ *direct state aid amount* in ~~such~~ *the* county for the purposes of calculating the various revenues for the ~~foundation~~ *BASE funding* program. After the calculation of the ~~foundation program~~ *direct state aid* revenues, the remainder of the general fund revenues ~~shall~~ *must* be calculated in accordance with the provisions for general fund financing."

Section 20. Section 20-9-311, MCA, is amended to read:

"**20-9-311. Calculation of average number belonging (ANB).** (1) Average number belonging *(ANB)* must be computed ~~by determining the total of the aggregate days of attendance by regularly enrolled, full-time pupils during the second semester of the preceding school fiscal year and the first semester of the current school fiscal year plus the aggregate days of absence by regularly enrolled, full-time pupils during the second semester of the preceding school fiscal year and the first semester of the current school fiscal year and by dividing the total by 180. However, when~~ *as follows:*

(a) count the regularly enrolled full-time pupils who were enrolled as of the first Monday in October of the prior school fiscal year; and

(b) multiply the enrollment calculated in subsection (1)(a) by the sum of the pupil-instruction and the approved pupil-instruction-related days for the current school year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than 180 school days under 20-9-804, the total *ANB* must be calculated in accordance with the provisions of 20-9-805. ~~For the purpose of calculating ANB under this section, the days of attendance for a regularly enrolled pupil may not exceed 180 pupil-instruction days and 7 pupil-instruction-related days.~~

(4) ~~Attendance~~ *Enrollment* for a part of a morning session or a part of an afternoon session by a pupil must be counted as ~~attendance~~ *enrollment* for one-half day.

(5) In calculating the ANB for pupils enrolled in a program established under 20-7-117(1), ~~attendance~~ *enrollment* at ~~or absence from~~ a regular session of the program for at least 2 hours of either a morning or an afternoon session ~~will~~ *must* be counted as one-half ~~day attended or absent as the case may be~~ *pupil for ANB purposes*. If a variance has been granted as provided in 20-1-302, ANB ~~will~~ *must* be computed in a manner prescribed by the superintendent of public instruction, but ~~in no case may~~ the ANB *for a kindergarten student may not* exceed one-half for each kindergarten pupil.

(6) When any pupil has been absent, with or without excuse, for more than 10 consecutive school days, ~~including pupil instruction related days,~~ ~~his~~ *the* ~~absence after the 10th day of absence~~ *pupil* may not be included in the ~~aggregate days of absence and his enrollment in the school may not be considered in the~~ *count* calculation of the ~~average number belonging~~ *ANB* ~~until he resumes attendance at school~~ *unless the pupil resumes attendance prior to the day of the enrollment count.*

(7) The enrollment of prekindergarten pupils, as provided for in 20-7-117, may not be included in the ANB calculations.

~~(2) If a student spends less than half his time in the regular program and the balance of his time in school in the special education program, he is considered a full-time special pupil but is not considered regularly enrolled for ANB purposes. If a student spends half or more of his time in school in the regular program and the balance of his time in the special education program, he is considered regularly enrolled for ANB purposes.~~

(8) If a student spends less than half the time in the regular program and the balance of the time in school in the special education program, the student is considered a full-time special education pupil but is not considered regularly enrolled for ANB purposes. If a student spends half or more of the time in school in the regular program and the balance of the time in the special education program, the student is considered regularly enrolled for ANB purposes.

~~(3)~~*(9)* The ~~average number belonging~~ *ANB* of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that when:

(a) ~~(i) a school of the district is located more than 3 miles beyond the incorporated limits of a city or town located in the district and 3 miles from any other school of the district, all of the regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes; or~~

~~(ii) a school of the district is located more than 3 miles from any other school of the district and no incorporated territory is involved in the district, all of the regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes;~~

(i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes, and the district

must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and no incorporated territory is involved in the district, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes, and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes, and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(b) a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled, full-time pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) a school has not been accredited by the board of public education, the regularly enrolled, full-time pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the ~~foundation~~ *BASE funding* program for the district.

~~(4)~~*(10)* When 11th or 12th grade students are regularly enrolled on a part-time basis, high schools may calculate the ANB to include an "equivalent ANB" for those students. The method for calculating an equivalent ANB must be determined in a manner prescribed by the superintendent of public instruction.

(11) For average daily attendance reporting purposes, districts shall provide the superintendent of public instruction with annual reports of school attendance for regularly enrolled students and special education students, using a format determined by the superintendent of public instruction."

Section 21. Section 20-9-314, MCA, is amended to read:

"20-9-314. Procedures for determining eligibility and amount of increased average number belonging due to unusual enrollment increase. A district that anticipates an unusual increase in enrollment in the ensuing school fiscal year, as provided for in 20-9-313(4), may increase its ~~foundation program~~ *basic entitlement and total per-ANB entitlement* for the ensuing school fiscal year in accordance with the following provisions:

(1) Prior to May 10, the district shall estimate the elementary or high school enrollment to be realized during the ensuing school fiscal year, based on as much factual information as may be available to the district.

(2) No later than May 10, the district shall submit its application for an unusual enrollment increase by elementary or high school level to the superintendent of public instruction. The application must include:

(a) the enrollment for the ~~preceding~~ *current* school fiscal year;

(b) the average number belonging used to calculate the ~~foundation program schedule amount~~ *basic entitlement and total per-ANB entitlement* for the current school fiscal year;

(c) the average number belonging that will be used to calculate the ~~foundation program schedule amount~~ *basic entitlement and total per-ANB entitlement* for the ensuing school fiscal year;

(d) the estimated enrollment, including the factual information on which the estimate is based, as provided in subsection (1); and

(e) any other information or data that may be requested by the superintendent of public instruction.

(3) The superintendent of public instruction shall immediately review all the factors of the application and shall approve or disapprove the application or adjust the estimated average number belonging for the ensuing ANB calculation period. After approving an estimate, with or without adjustment, the superintendent of public instruction shall:

(a) determine the percentage increase that the estimated enrollment increase is over the current enrollment; and

(b) approve an increase of the average number belonging used to establish the ensuing year's ~~foundation program~~ *basic entitlement and total per-ANB entitlement* in accordance with subsection (5) if the increase in subsection (3)(a) is at least 6%.

(4) The superintendent of public instruction shall notify the district of the decision by the fourth Monday in June.

(5) Whenever an unusual enrollment increase is approved by the superintendent of public instruction, the increase of the average number belonging used to establish the ~~foundation program~~ *basic entitlement and total per-ANB entitlement* for the ensuing ANB calculation period is the difference between the enrollment for the ensuing school fiscal year and 106% of the current enrollment. The amount determined is the maximum allowable increase added to the average number belonging for the purpose of establishing the ensuing year's ~~foundation program~~ *basic entitlement and total per-ANB entitlement.*

(6) Any ~~equalization or~~ entitlement increases resulting from provisions of this section must be reviewed at the end of the ensuing school fiscal year. If the actual enrollment is less than the average number belonging used for ~~foundation~~ *BASE funding* program and entitlement calculations, the superintendent of public instruction shall revise the ~~foundation program and~~ *total per-ANB* entitlement calculations using the actual average number belonging. All ~~pay-~~

~~ments~~ *total per-ANB entitlements* received by the district in excess of the revised entitlements are overpayments subject to the refund provisions of 20-9-344(3)."

Section 22. Section 20-9-321, MCA, is amended to read:

"**20-9-321. ~~Foundation program~~ *Allowable cost payment* and contingency funds for special education.** (1) For the purpose of establishing the ~~foundation program~~ *allowable cost* ~~amount~~ *payment* for a current year special education program for a school district, the superintendent of public instruction shall determine the total estimated cost of the special education program for the school district on the basis of a special education program budget submitted by the district. The budget must be prepared on forms provided by the superintendent of public instruction and must set out for each program:

(a) the estimated allowable costs associated with operating the program where allowable costs are as defined in 20-7-431;

(b) the number of pupils expected to be enrolled in the program; and

(c) any other data required by the superintendent of public instruction for budget justification purposes and to administer the provisions of ~~20-9-315 through 20-9-321~~ *this section.*

(2) The total amount of allowable costs approved by the superintendent of public instruction is the special education ~~foundation program~~ *allowable cost* ~~amount~~ *payment* for current year special education program purposes. ~~The total amount of allowable costs that are approved for the special education budget may not, under any condition, be less than the foundation program amount for one regular ANB for each full-time special pupil in the school district.~~

~~(3) Any amount of the special education allowable costs for a district approved under the provisions of subsection (2) that is an increase in the approved allowable costs from the previous school fiscal year and is a result of expanded programs or recalculations of the special education allowable costs base may be deposited and managed in the separate account of the miscellaneous programs fund of the district that is prescribed in subsection (4).~~

~~(4)~~*(3)* If a special education program is implemented or expanded during a given school term too late to be included in the determination of the district ~~foundation program~~ *general fund budget* for the school year as prescribed in this part, allowable costs approved under the budgeting provisions of subsections (1) and (2) for the operation of the program during the given year must be funded from any legislative appropriation for contingency financing for special education. Contingency funds granted under this subsection must be deposited in a separate account of the miscellaneous programs fund of the district as provided in 20-9-507. ~~However, if contingency funds are not available, then subject to the approval of the program by the superintendent under the budget amendment provisions of 20-9-161(6), allowable costs for the given year may be funded in the miscellaneous programs fund by other revenue sources and added to the foundation program amount for special education for the subsequent school year under the provisions of 20-9-147. The allowable costs must be recorded as previous year special education expenses in the school district budget for the subsequent school year.~~

~~(5)~~*(4)* (a) The special education contingency funds in subsection ~~(4)~~ *(3)*:

(i) are biennially appropriated;

(ii) are for emergencies that may arise in the special education programs of school districts or special education cooperatives; and

(iii) may be used to fund positions that have gone unfilled for a full school fiscal year and for which state special education funds were not awarded.

(b) The board of trustees of a district or the management board of a special education cooperative may apply for contingency funding by submitting to the superintendent of public instruction, in the form prescribed by the superintendent of public instruction, written documentation that describes the need for the funds.

~~(6) The sum of the previous year special education expenses as defined in subsections (3) and (4) and the foundation program amount for current year special education as defined in subsections (1) and (2) is the special education budget for accounting purposes.~~

~~(7) The foundation program amount for special education must be added to the foundation program amount of the regular program ANB defined in 20-9-311 and 20-9-313 to obtain the total foundation program amount for the district.~~"

Section 23. Section 20-9-321, MCA, is amended to read:

"**20-9-321. ~~Foundation program and contingency funds~~ *Allowable cost payment* for special education.** (1) For the purpose of establishing the ~~foundation program amount~~ *allowable cost payment* for a current year special education program for a school district, the superintendent of public instruction shall determine the total ~~estimated cost of the special education program for the school district on the basis of a special education program budget submitted by the district. The budget must be prepared on forms provided by the superintendent of public instruction and must set out for each program~~ *special education payment to a school district, cooperative, or joint board for special education services formed under 20-3-361 prior to July 1, 1992, using the following factors*:

(a) the ~~estimated allowable costs associated with operating the program where allowable costs are as defined in 20-7-431~~ *district ANB student count as established pursuant to 20-9-311 and 20-9-313*;

(b) ~~the number of pupils expected to be enrolled in the program~~ *a per-ANB amount for the special education instructional block grant*; ~~and~~

(c) a per-ANB amount for the special education related services block grant;

(d) weighted cost factors for cooperatives or joint boards meeting the requirements of 20-7-457, to compensate for the additional costs of operations and maintenance, travel, supportive services, recruitment, and administration;

(e) district and cooperative expenditure reports; and

~~(e)~~*(f)* any other data required by the superintendent of public instruction ~~for budget justification purposes and~~ to administer the provisions of ~~20-9-315 through 20-9-321~~ *this section.*

(2) ~~The total amount of allowable costs approved by the superintendent of public instruction is the special education foundation program amount for current year special education program purposes. The total amount of allowable costs that are approved for the special education budget may not, under any condition, be less than the foundation program amount for one regular ANB for each full-time special pupil in the school district.~~ *Special education allowable cost payments must be granted to each school district and cooperative with a special education program as follows:*

(a) An instructional block grant must be awarded to each school district, based on the district ANB and the per-ANB special education instructional amount.

(b) A special education related services block grant must be awarded to each school district that is not a cooperative member, based on the district ANB and the per-ANB special education related services amount. The special education related services block grant amount for districts that are members of approved cooperatives or a joint board must be awarded to the cooperatives or joint board. If a cooperative or joint board meets the requirements of 20-7-457, the special education related services block grant must be weighted for the factors in subsection (1)(d).

(3) The superintendent of public instruction shall annually determine the per-ANB special education instructional and special education related services block grant amounts based on the prior years' trustees' expenditure data for special education instruction and related services.

(4) The superintendent of public instruction shall adopt rules necessary to implement this section.

(5) A district shall provide a 25% local contribution for special education, matching every $3 of state special education instructional and special education related services block grants with at least one local dollar. A district that is a cooperative member is required to provide the 25% match of the special education related services grant amount to the special education cooperative, but the district is not required to match the weighted funding factors.

(6) The superintendent of public instruction shall determine the actual district match based on the trustees' reports. Any unmatched portion reverts to the state and must be subtracted from the district's ensuing year's special education allowable cost payment.

(7) If a district's allowable costs of special education, as verified by the trustees' reports, exceed by at least 10% the total of the special education instructional and special education related services block grant plus the required district match, the district is eligible for a 65% reimbursement of the costs that exceed the additional 10%. A district that demonstrates severe economic hardship because of exceptional special education costs may apply to the superintendent of public instruction for an advance on the reimbursement for the year in which the actual costs will be incurred.

~~(3) Any amount of the special education allowable costs for a district approved under the provisions of subsection (2) that is an increase in the approved allowable costs from the previous school fiscal year and is a result of~~

~~expanded programs or recalculations of the special education allowable costs base may be deposited and managed in the separate account of the miscellaneous programs fund of the district that is prescribed in subsection (4).~~

~~(4) If a special education program is implemented or expanded during a given school term too late to be included in the determination of the district foundation program for the school year as prescribed in this part, allowable costs approved under the budgeting provisions of subsections (1) and (2) for the operation of the program during the given year must be funded from any legislative appropriation for contingency financing for special education. Contingency funds granted under this subsection must be deposited in a separate account of the miscellaneous programs fund of the district as provided in 20-9-507. However, if contingency funds are not available, then subject to the approval of the program by the superintendent under the budget amendment provisions of 20-9-161(6), allowable costs for the given year may be funded in the miscellaneous programs fund by other revenue sources and added to the foundation program amount for special education for the subsequent school year under the provisions of 20-9-147. The allowable costs must be recorded as previous year special education expenses in the school district budget for the subsequent school year.~~

~~(5) (a) The special education contingency funds in subsection (4):~~

~~(i) are biennially appropriated;~~

~~(ii) are for emergencies that may arise in the special education programs of school districts or special education cooperatives; and~~

~~(b) Determine the percentage that the total funds available in each county in support of the foundation programs in the county (excluding state money available for state equalization aid in support of the foundation program) is of the total amount of the foundation programs of all districts of the county.~~

(b) To qualify for an adjustment in the payment schedule, a district shall demonstrate to the superintendent of public instruction, in the manner required by the office, that the payment schedule prescribed in 20-9-344 will result in insufficient money available in all funds of the district to make payment of the district's warrants. ~~(2)~~*(1) (a) "District guaranteed tax base ratio" for guaranteed tax base funding for the base budget of an eligible district means the taxable valuation in the previous year of all property in the district divided by the sum of the district's current year direct state aid and 40% of the special education allowable cost payment.*

(b) "District mill value per ANB", *for school facility entitlement purposes,* means the taxable valuation in the previous year of all property in the district divided by 1,000, with the quotient divided by the ANB count of the district used to calculate the district's current year ~~foundation program~~ *total per-ANB entitlement* amount.

~~(3)~~*(2)* ~~"Permissive amount" means that portion of a district's general fund budget in excess of the foundation program amount for the district, as provided in 20-9-316 through 20-9-321, but not exceeding 35% of the district's foundation program amount, and which excess is authorized under the provisions of 20-9-145 and 20-9-353.~~

"**20-9-368. Amount of guaranteed tax base aid — reversion.** (1) ~~The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the elementary school districts in the county is the difference between the county mill value per elementary ANB and the statewide county mill value per elementary ANB, multiplied by the number of mills levied in support of the retirement fund budgets for the elementary districts in the county.~~

~~(2) The amount of guaranteed tax base aid per ANB that a county may receive in support of the retirement fund budgets of the high school districts in the county is the difference between the county mill value per high school ANB and the statewide county mill value per high school ANB, multiplied by the number of mills levied in support of the retirement fund budgets for the high school districts in the county.~~

~~(3)~~ The amount of guaranteed tax base aid ~~per ANB~~ that a district may receive in support of ~~its permissive amount of the general fund budget~~ *up to 40% of the basic entitlement, up to 40% of the total per-ANB entitlement budgeted within the general fund budget, and up to 40% of the special education payment* is ~~the difference between the district mill value per ANB and the corresponding statewide district mill value per ANB, multiplied by the number of mills levied in support of the district's permissive amount of the general fund budget~~ *calculated in the following manner:*

(b) subtract the taxable valuation of the district from the product obtained in subsection (1)(a); and

(c) divide the remainder by 1,000 to determine the equivalent to the dollar amount of guaranteed tax base aid for each mill levied.

~~(4)~~*(2)* Guaranteed tax base aid provided to any county or district under this section is earmarked to finance the fund or portion of the fund for which it is provided. ~~If the actual expenditures from the fund or portion of the fund for which guaranteed tax base aid is earmarked are less than the amount budgeted, the guaranteed tax base aid reverts in proportion to the amount budgeted but not expended.~~ If a county or district receives more guaranteed tax base aid than it is entitled to, the excess must be returned to the state as required by 20-9-344."

Section 62. **Termination.** [Sections 20 and 22] terminate June 30, 1994.

Section 63. **Interim study of taxes and valuation.** (1) The legislative council is requested to assign the revenue oversight committee, the legislative finance committee, or an appropriate interim committee to conduct an interim study of certain taxes and property valuation for the purpose of enhancing equalized school funding and of equalizing tax burdens among the state's school districts. In the event of a discrepancy between a right listed in the Abstract and that same right as quantified in accordance with Articles II and III of this Compact, the parties intend that the quantification in accordance with Articles II and III of this Compact shall be reflected in a final decree.

B. Method of Allocation of Water on Category 3 and 4 Streams:

This section explains the method of quantification of the reserved instream flow water rights of the United States for Category 3 and 4 streams and the method of calculating the quantity of consumptive use pursuant to state law within a basin to which the United States agrees to subordinate its reserved instream flow water right. The method set forth in this section shall be used to determine whether the limits on consumptive use pursuant to state law set forth in Article III have been reached. Addition to the Abstract of a reserved instream flow water right on a stream inadvertently omitted by the parties or reclassification of a stream due to a water right recognized under state law and inadvertently omitted by the parties shall be consistent with this section and shall not be deemed a modification of this Compact.

1. Allocation to Instream Flow:

The allocation of water to instream flow on Category 3 and 4 streams is arrived at using the following method as explained in general terms:

a. The United States' reserved water right for instream flow includes the entire flow of that stream within the State of Montana at the point where the stream flows over or forms the boundary of the specified reserved land after: (1) all consumptive use water rights of any agency of the United States recognized under federal or state law are satisfied; and (2) subordination of the reserved water right for instream flow to water rights recognized under state law as set forth in and limited by Article III and more specifically in the Abstract.

b. Actual use of water in Wyoming or Canada shall not diminish the quantity of water designated for consumptive use pursuant to state law as set forth in Article III.

2. Method of Calculation of Consumptive Use Rights Recognized Under State Law:

To determine whether water is available for appropriation for consumptive use pursuant to state law on Category 3 and 4 streams, and for determining whether the limit on subordination of the United States' water rights to consumptive uses has been reached, the following provisions shall apply:

a. Tributary Water: The calculation of total consumptive use on a Category 3 or 4 stream shall include all current and future consumptive use, recognized under state law, of surface water tributary to the stream to the point it enters the reserved land. The limits on total consumptive use on a Category 4 stream that forms the boundary of the reserved land shall include all current and future consumptive use recognized under state law, of surface water tributary to the stream to the most downstream point that the stream forms the boundary of the reserved land.

b. Groundwater:

i. An exemption from state permit requirements for wells or developed springs shall not apply to appropriations within a basin tributary to the reserved portion of a Category 3 or 4 stream after the effective date of this Compact, provided that the registration process set forth in Article II, section B.2.b.ii.(3)(b) shall apply to applications for a permit for a well of 35 gpm or less, not to exceed 10 acre-feet per year. In addition, all groundwater appropriations within the Yellowstone Controlled Groundwater Area shall be subject to Article IV.

ii. The calculation of total consumptive use on a Category 3 or 4 stream shall include appropriations of groundwater as follows:

(1) Pre-January 1, 1993: An appropriation of groundwater with a priority date before January 1, 1993, shall not be included in the calculation of total consumptive use.

(2) January 1, 1993 - Effective Date: An appropriation of groundwater with a priority date on or after January 1, 1993, but before the effective date of this

Compact shall be included in the calculation of total consumptive use if the following procedural requirements are met and the appropriation is found to be hydrologically connected to surface water tributary to the reserved portion of a Category 3 or 4 stream.

(a) Within 120 days after the effective date of this Compact, the Department shall provide the United States with notice of all groundwater appropriations in drainages tributary to the reserved portion of a Category 3 or 4 stream that, according to the records of the Department, have a priority date on or after January 1, 1993 and before the effective date of this Compact.

(b) Up to 120 days following mailing of such notice the United States shall provide the Department with credible information that a groundwater appropriation included in the notice is hydrologically connected to surface flow tributary to the reserved portion of a Category 3 or 4 stream.

(c) Within 60 days of receipt of such information, the Department shall issue an order stating that (1) the appropriation is hydrologically connected to surface water tributary to the Category 3 or 4 stream; and (2) the action to be taken with respect to the appropriation. The order is effective within 60 days of issuance unless the appropriator enters an appearance to contest the order. If credible information of hydrologic connection has not been provided by the United States, the Department shall issue an order stating its determination and reasons therefore.

(d) If the appropriator enters an appearance to contest the order, the Department shall (1) issue an order staying use of the appropriation pending a final decision on the matter by the Department only if the limits on total consumptive use for that drainage have been reached; (2) set a date for a hearing; and (3) proceed pursuant to the provisions for a contested case under the Montana Administrative Procedures Act, Title 2, Chapter 4, of the Montana Code Annotated, provided that the burden of proving hydrologic connection shall be as set forth in Article II, section B.2.b.(3). The Department shall, whenever possible, consolidate any proceedings on the groundwater application pursuant to Article IV with any proceeding made necessary by this Article.

(3) Post-Effective Date: An appropriation of groundwater recognized under state law with a priority date after the effective date of this Compact shall be included in the calculation of total consumptive use if the following conditions apply:

(a) Wells in excess of 35 gallons per minute or 10 acre-feet per year: The limit on total consumptive use shall include groundwater appropriation by a well or developed spring with a permit amount in excess of 35 gpm or any well with a volume of use greater than 10 acre-feet per year, including a combined appropriation from the same source from two or more wells or developed springs that exceeds these limitations, unless the applicant is able to show by a preponderance of the evidence that the appropriation is not hydrologically connected to surface flow tributary to the reserved portion of a Category 3 or 4 stream.

(i) The applicant shall submit credible information, including a report to the Department prepared by a professional qualified in the science of groundwater hydrology verifying that the appropriation is not hydrologically connected to surface flow tributary to the reserved portion of a Category 3 or 4 stream. If the applicant fails to submit the report, the application shall be considered defective and shall be returned to the applicant for completion as provided by state law.

(ii) The Department shall provide notice of the proposed appropriation and a copy of the report to the United States concurrent with notice pursuant [to] 85-2-307, MCA.

(iii) Within 60 days of the mailing of notice, the United States shall file an objection to the proposed appropriation on the basis that it is hydrologically connected to surface water.

(iv) The Department shall not exclude the appropriation from the limits on total consumptive use unless the applicant proves by a preponderance of the evidence that the proposed appropriation is not hydrologically connected to surface flows tributary to the reserved portion of the Category 3 or 4 stream. In doing so the Department shall make a specific finding on the adequacy of the report provided by the applicant.

(v) If the proposed appropriation is determined not to be hydrologically connected to surface water, or if the limit on consumptive use has not been reached, the Department may issue a permit in accordance with state law and the applicant may complete the appropriation.

(b) Wells of 35 gallons per minute or less and 10 acre-feet per year or less:

(i) An applicant for an appropriation of groundwater of 35 gpm or less, not to exceed 10 acre-feet per year shall register for a permit by filing a form prescribed by the department.

(ii) The Department shall provide notice of the registration for a permit to the United States within 30 days of the filing. Within 30 days of the receipt of notice, the United States may file an objection to the application on the basis that the proposed appropriation is of groundwater that is hydrologically connected to surface flow tributary to the reserved portion of a Category 3 or 4 stream.

(iii) As long as the limit on consumptive use rights for a Category 3 or 4 stream has not been reached, the calculation of total consumptive use shall not include groundwater appropriations by well or a developed spring of 35 gallons per minute or less that do not exceed 10 acre feet per year unless the United States shows by a preponderance of the evidence that the proposed appropriation is hydrologically connected to the reserved portion of a Category 3 or 4 stream. If the United States meets this burden, the Department shall include the appropriation in the calculation of total consumptive use.

(iv) After the limit on consumptive use rights has been reached on a particular stream, the necessary showing by the United States' shall be to file an objection and come forward with credible information showing that the proposed appropriation is hydrologically connected to surface flows tributary to the reserved portion of the Category 3 or 4 stream. If the United States makes such a showing, the Department shall consider the application under the criteria in Article II, section B.2.b.(3)(b)(v) and (vi).

(v) The Department shall not exclude the appropriation from the limits on total consumptive use unless the applicant proves by a preponderance of the evidence that the proposed appropriation is not hydrologically connected to surface flows tributary to the reserved portion of the Category 3 or 4 stream.

(vi) If the proposed appropriation is determined not to be hydrologically connected to surface water the Department may issue a permit in accordance with state law and the applicant may complete the appropriation.

iii. Within 2 years after the effective date of this Compact, the Department, in consultation with the United States, is directed to promulgate rules as may be necessary to implement Article II, section B.2.b. Said rules shall not alter the rights or obligations of the parties hereto.

c. Effect of Decree in Calculation of Consumptive Use: Except as provided in Article II, section G., for the purposes of this Compact, the flow rate of a consumptive use shall be as finally decreed in a general adjudication, or recognized under state law until such final decree. At each stage in an adjudication, the allocation to current use as set forth in Article III and more specifically in the Abstract shall be adjusted to reflect the decreed amount.

d. Abandonment: When a consumptive use right recognized under state law on a Category 3 or 4 stream is abandoned and such abandonment causes water to become available for appropriation within the limits of the total amounts of water allocated to consumptive use rights recognized under state law established for that stream by Article III, the increment of water below that limit is available for new appropriation in accordance with state law and this Compact. State law governs the issue of whether an abandonment has occurred.

e. Non-Consumptive Use: The limit on total consumptive use rights recognized under state law shall not include non-consumptive uses as defined by this Compact.

C. Subordination of Instream Flow Right:

1. The United States agrees to subordinate its reserved water right for instream flow to consumptive uses calculated according to this Article in a manner that is specific to each stream on which a reserved water right is described. This subordination is set forth for each stream in Article III. Curtailment of uses to which the reserved water rights described in this Compact have not been subordinated during periods of low flow shall proceed on the basis of priority and may be initiated in a state or federal court of competent jurisdiction pursuant to Article II, section I.

2. The reserved water rights described in this Compact shall not be subordinate to water rights which were forfeited by 85-2-226 as interpreted in In the Matter of the Adjudication of the Water Rights within the Yellowstone River, 253 Mont. 167, 832 P.2d 1210 (1992), nor shall any claimant of such forfeited water right have standing, based solely on such claimed right, to object to this Compact or any reserved water right described in this Compact.

D. Location of Instream Flow Rights: The United States' reserved water rights for instream flow apply to the portion of the Categories 1 through 4 streams specified in this Compact that flow over or form the boundary to reserved land administered by the National Park Service.

E. Change in Instream Flow Right: Except as provided in Article II, section J.2.b., the water rights dedicated to instream flow by this Compact shall not be changed to any other use.

F. Prohibition on Future Impoundments: With the exception of the North Fork of the Big Hole River and its tributaries, no new impoundments may be permitted on the mainstem of a Category 2, 3, or 4 stream upstream of, or along, the portion of the stream for which a water right for instream flow is described in this Compact after the effective date of this Compact. This prohibition shall include impoundments that are exempt from permit requirements under state law. Reclamation, repair or rehabilitation of an existing impoundment shall not be considered a new impoundment, provided that without the consent of the United States, reclamation, repair or rehabilitation shall not cause the impoundment to exceed the original constructed capacity of the impoundment. This prohibition shall not apply to impoundments constructed to store a Tribal water right or to implement settlement of litigation regarding quantification of a Tribal water right. On Category 3 and 4 streams for which an instream flow right is described for periods of low flow as set forth in Article III, sections G.3.c. and d., such water right has not been subordinated to a new water right with the method of diversion as an impoundment on the mainstem of the stream with a priority date on or after January 1, 1993, but before the effective date of this Compact.

G. Management to Maximize Use by Montana Water Users of the Water Allocated to Consumptive Use Rights Recognized Under State Law: If any type of conservation or water distribution plan which includes measurement of actual water use, including use pursuant to rights recognized under state law with a priority date before January 1, 1993, is adopted pursuant to state law, the limits established for consumptive use appropriated pursuant to state law shall apply to actual measured use, not permitted and decreed or claimed rights, provided that records of actual use be made available to the United States on request and provided further that, such plan shall not diminish the reserved water right of the United States as described in this Compact.

H. Basin Closure

1. Except as provided in Article II, section B.2.d., in the following drainage basins upstream of the portion of the stream for which a reserved water right for instream flow is described in this Compact, the Department shall not process or grant an application or registration for a permit to appropriate or to reserve water for future consumptive use as defined by this Compact once the limits on consumptive use tabulated in Article III and set forth more specifically in the Abstract are reached:

Big Hole National Battlefield:
North Fork of the Big Hole River

Glacier National Park:
North Fork of the Flathead River
Middle Fork of the Flathead River

Yellowstone National Park:
Bacon Rind, Buffalo, Cottonwood, Coyote, Hellroaring, Little Cotton-

wood, Snowslide, Crevice, Dry Canyon, Slough, Tepee, and Soda Butte Creeks, and the Gallatin, Madison, and Yellowstone Rivers

2. If a temporary or permanent basin closure is enacted under state law for a drainage basin or subbasin for which future consumptive water use is limited under this Compact, the most restrictive measures applicable to consumptive use of surface or groundwater shall control.

I. Enforcement of Water Right

1. The United States, the state, or the holder of a water right recognized under state law, may petition a state or federal court of competent jurisdiction for relief when a controversy arises between the United States' reserved water right described by this Compact, and a holder of a water right recognized under state law. Resolution of the controversy shall be governed by the terms of this Compact where applicable, or to the extent not applicable, by applicable state or federal law.

2. The United States agrees that a water commissioner appointed by a state or federal court of competent jurisdiction, or other official authorized by future changes in law, may enter a federal reservation for which a water right is described in this Compact for the purpose of data collection, including the collection of information necessary for water distribution on or off the federal reservation, and to inspect structures for the diversion and measurement of water described in this Compact for consumptive use and for the measurement of instream flow. The terms of entry shall be as specified in an order of a state or federal court of competent jurisdiction.

3. The Department or the Bureau may enter a federal enclave for which a reserved water right is described in this Compact, at a reasonable hour of the day, for the purposes of data collection on water diversion and stream flow or inspection of devices maintained by the United States pursuant to this Compact. The Department or Bureau shall notify the United States by certified mail or in person, at least 24 hours prior to entry.

4. The United States may request an investigation by the Department of a diversion located upstream of the reserved portion of a stream for which a reserved water right is described in this Compact. The Department may investigate. If an investigation occurs, the United States may accompany the Department.

5. The United States shall maintain structures, including wellhead equipment and casing, for the diversion and measurement of water authorized for consumptive use by this Compact. The United States shall maintain the devices it deems necessary for enforcement of its reserved water right for instream flow described in this Compact.

6. A person who violates or refuses or neglects to comply with the provisions of this Compact, an order of the Department pursuant to this Compact, or an action by the Bureau pursuant to this Compact is subject to the penalties provided by state law, including but not limited to, revocation of a permit issued pursuant to Article IV after the effective date of this Compact.

7. For any appeal to state court of an administrative decision authorized by this Compact, venue shall be the First Judicial District in Helena and the review

shall be conducted according to the procedures for judicial review of contested cases under the Montana Administrative Procedures Act, Title 2, Chapter 4, of the Montana Code Annotated.

8. In any contested case proceeding held under the Montana Administrative Procedures Act, Title 2, Chapter 4, of the Montana Code Annotated, pursuant to this Compact, the common law and statutory rules of evidence shall apply only upon stipulation of all parties to a proceeding.

J. Change in Use

1. Change in Use Defined: For the purpose of this Article, the following actions affecting the use of a reserved water right for consumptive use described in this Compact shall be considered a change in use:

a. An action that alters type of use, place of use, point of diversion, place or means of storage, period of use or point of return flow that will:

i. increase the net depletion on a source; or

ii. adversely affect water quality at the point the reserved water right ends; or

iii. result in a change in point of diversion or point of return flow relative to a holder of a water right recognized under state law; or

iv. change the point of diversion from groundwater to surface water, or from surface to groundwater; or

v. in any other manner, adversely affects the reasonable exercise of a water right that is recognized under state law.

b. The exercise of a reserved water right to future consumptive use as authorized by this Compact shall not be considered a change in use.

2. Instream flow: Reserved water rights specified in this Compact for instream flow shall not be subject to change to any other use, provided that:

a. the emergency use of water for fire suppression as provided for in Article III.H. shall not be deemed a change or alteration in use, or violation of a reserved water right for instream flow; and

b. the United States may seek to appropriate water for a consumptive use on a source for which no consumptive use is described in this Compact by seeking a permit under state law for consumptive use, provided that the water right granted shall not be counted against the limits on allocation for state consumptive use water rights imposed by this Compact. The water right so acquired shall be administered in accordance with Article V, section B.

3. Consumptive uses: The United States may take action affecting the use of its consumptive use water rights provided that (1) the action shall be in fulfillment of the purposes of the reservation; (2) the total use shall not exceed the amount described in this Compact; and (3) the action shall not adversely affect a water right that is recognized under state law.

4. Notice of intent to change use: At least 180 days prior to a change in use, the United States agrees to provide notice to the Department.

a. The notice shall contain the facts pertinent to the proposed change including, where applicable:

i. The location of a new point of diversion.

ii. The new source of water.

iii. The new means of diversion.

iv. If a well is involved, the depth and locations of the old and new well.

v. The new use and its impact on actual consumption and water quality.

vi. If the change includes storage, the location, period and capacity of the storage facility.

vii. An estimate of when the change will be effective.

viii. A map showing the existing system and the proposed change.

b. At least 120 days prior to the proposed change, the United States agrees to publish the notice required by Article II, section J.4.a. with a statement that within 60 days following publication or service of notice, relief may be sought in a state or federal court of competent jurisdiction, once in a newspaper of general circulation in the area of the source, and to serve the notice by first-class mail on interested and potentially affected persons as identified by the records of the Department, including:

i. an appropriator of water or applicant for or holder of a permit who, according to the records of the Department, may be affected by the proposed appropriation;

ii. a purchaser under contract for deed that, according to the records of the Department, may be affected by the proposed appropriation;

iii. any public agency that has reserved water in the source recognized under state law; and

iv. a federal agency or Tribe that claim a reserved water right or other water rights in the source.

c. On request by the United States, the Department shall provide the information contained in its records identifying any person potentially affected by the proposed change. The United States agrees to reimburse the Department for the expense of providing this information.

d. In the event that future changes in state law establish a method of notice of a proposed change in use to interested and potentially affected persons other than by first-class mail, the United States may alter the method of notification accordingly.

e. Prior to the actual change, the United States agrees to provide the Department with proof of notice by affidavit.

5. Objection to proposed change: Within 60 days following the notice pursuant to Article II, section J.4.b., the Department or any other person may bring an action against the proposed change in use in a state or federal court of competent jurisdiction, if a property right, water right, or other interest protected under state law would be adversely affected, or if the proposed change is not in compliance with this Compact.

6. Notice of Change:

a. The United States agrees to notify the state and provide a copy of the final order within 60 days of its entry by a state or federal court of competent jurisdiction resolving any objections to the change in use of a federal reserved water right described in this Compact,

b. The United States agrees to provide the state with notice of completion of the change within 60 days after the completion.

7. Reporting by the United States: For any action affecting the use of a consumptive right whether or not such action is deemed a change in use, the United States agrees to provide the following information to the Department:

a. Well log: For a use that includes the drilling of a well or enlargement of an existing wellbore, the United States agrees to provide a well log to the state within 60 days of the completion of the well.

b. Emergency Use: Within 60 days after the commencement of a temporary emergency use for fire suppression described in Section III.H. of this Compact, the United States agrees to notify the state of the use to which the water was put, the dates of use, and the estimated amount of water used.

c. Annual Report: Between April 1 and May 1 of each year, the United States agrees to provide the Department with a report on (1) actions during the preceding year affecting the use of a consumptive use right described in this Compact, regardless of whether the action is deemed a change in use pursuant to Article II, section J.1.; (2) the initiation of new uses that were completed during the preceding year; and (3) any data and documents generated or received by the National Park Service during the preceding year on measurement of instream flow on a Category 3 or 4 stream.

8. Reporting by the State: Between December 1 and December 31 of each year, the Department shall provide the United States with a report of: (1) changes in use during the preceding year, as defined by state law, of water rights upstream of or within the boundaries of reserved land for which a reserved water right is described in this Compact; (2) new permits issued during the preceding year according to the records of the Department; and (3) any data and documents generated by the Department during the preceding year on the measurement of streamflows, diversions and well use on or tributary to Category 3 or 4 streams.

The United States has a reserved water right for instream flow on the North Fork of the Big Hole River where it flows over the reserved land of BHNB. The reserved water right for instream flow is quantified and defined as follows:

a. Instream Flow Quantification for November through March: The United States has a reserved water right for instream flow on the North Fork of the Big Hole River at the point the river enters the reserved land of BHNB in the amount of 10 cfs for November through March. The instream flow water right is subordinate to (1) any use recognized under state law with a priority date before January 1, 1993; (2) any use considered non-consumptive as defined by this Compact; and (3) any use of groundwater not included in the calculation of consumptive use pursuant to Article II.

b. Instream Flow Quantification for April through October: The United States has a reserved water right for instream flow on the North Fork of the Big Hole River for April through October in the amount of water left in the river after satisfaction of current and future consumptive uses pursuant to state law in the amounts up to but no greater than provided in Table 2, provided, that the limits of Table 2 notwithstanding, the instream flow water right of the United States is subordinate to (1) any water rights recognized under state law with a priority date before January 1, 1993; (2) any use considered non-consumptive as defined by this Compact; and (3) any use of groundwater not included in the calculation of consumptive use pursuant to Article II.

B. Bighorn Canyon National Recreation Area

The parties were unable to finalize agreement on quantification of the water rights for BCNRA prior to the effective date of this Compact. The parties agree to continue to pursue, in good faith, quantification of water rights, and further agree that all other relevant provisions of this Compact apply to a settlement of this water right through this process. In the event the parties are unable to agree on quantification, the United States retains its right to have the quantity of any reserved water right for BCNRA adjudicated in a state or federal court of competent jurisdiction.

C. Glacier National Park

1. Priority Date

The United States has a priority date of May 11, 1910 for reserved water rights described in this Compact for GNP. The United States recognizes that this date is junior to the priority dates for reserved water rights of the Confederated Salish and Kootenai Tribes of the Flathead Indian Reservation, and the Blackfeet Tribe of the Blackfeet Indian Reservation.

2. Consumptive Use

The United States has a reserved water right for current and future consumptive use for the purposes of GNP as set forth in Table 3. The period of use shall be from January 1 through December 31. The source and place of use shall be as set forth more specifically in the Abstract. The place of use or point of diversion of a consumptive use water right at GNP shall include any nonreserved land within GNP boundaries as the boundaries exist on the effective date of this Compact.

ii. Instream Flow

The United States has a reserved water right for instream flow on the Category 1 streams in the amount of the entire flow of the streams, less any United States' consumptive use rights described in this Compact. This reserved water right ends at the point the stream exits the reserved land of GNP. The following streams are designated as Category 4: the North Fork of the Flathead River, the Middle Fork of the Flathead River, Divide, Jule, Rubideau and Wild Creeks.

ii. Instream Flow for the North and Middle Forks of the Flathead River:

The United States has a reserved water right for instream flow on the North and Middle Forks of the Flathead River in the amount of the entire flow of the rivers, less any United States' consumptive use rights described in this Compact provided that, the instream flow water right is subordinate to 1) all water rights recognized under state law with a priority date before January 1, 1993, 2) future consumptive use rights calculated according to Article II up to the limits set forth in Table 4; (3) any use considered non-consumptive as defined by this Compact; and (4) any use of groundwater not included in the calculation of consumptive use according to Article II. This reserved water right ends at the most downstream point that the River forms the boundary of the reserved land of GNP.

The amount of water available for future consumptive use in these months shall be an amount equivalent to the flow rate for all consumptive uses recognized under state law on December 31, 1992. The amount shall be adjusted to reflect the flow rates in a decree issued by a state or federal court of competent jurisdiction after December 31, 1992. At such time as final decrees are entered in these basins, the Department shall tabulate these rights, insert the appropriate amounts into Table 4, and submit the revised Table to the United States and the state for inclusion in this Compact. Revision of Table 4 to reflect this agreement shall not be deemed a modification of this Compact.

iii. Instream Flow for Divide, Jule, Rubideau and Wild Creeks

The United States has a reserved water right for instream flow on Divide, Jule, Rubideau, and Wild Creeks in the amount of the entire flow of the stream, less any United States' consumptive use rights described in this Compact. This water right ends at the most downstream point that the stream exits or no longer forms the boundary to the reserved land of GNP. This right is subject to the provisions of Article V, section A., and (1) on Divide Creek, is subordinate to any water rights recognized under state law with a priority date before January 1, 1993; and (2) on Rubideau Creek, is subordinate to any water rights recognized under state law with a priority date before January 1, 1993, provided that the use of such right is consistent with federal law.

4. Lakes

The United States has a reserved water right for the maintenance of natural water levels in all naturally occurring lakes within the boundaries of GNP for the purpose of preserving unimpaired these Park resources. The water right for the maintenance of lake levels is subordinate to (1) any United States' consumptive use rights described in this Compact; and (2) any water right recognized under state law with a priority date before January 1, 1993. The named and unnamed lakes in which the United States has a reserved water right are those set forth specifically in the Abstract.

D. Grant Kohrs Ranch National Historic Site

The Grant Kohrs Ranch National Historic Site in Montana does not include reserved land. The United States may apply for a permit to appropriate water or seek recognition of any existing water rights in accordance with state law.

E. Little Bighorn Battlefield National Monument

The parties were unable to finalize agreement on quantification of the water rights for LBBNM prior to the effective date of this Compact. For the purposes of settlement of the reserved water rights for land administered by the National Park Service in Montana, the parties agree that a water right for instream flow is necessary for the historic purposes of LBBNM. The parties agree to continue to pursue, in good faith, quantification of water rights and further agree that all other relevant provisions of this Compact apply to a settlement of this water right through this process. In the event the parties are unable to agree on quantification, the United States retains its right to have the quantity of any reserved water right for LBBNM adjudicated in a state or federal court of competent jurisdiction.

F. Nez Perce National Historical Park

The Nez Perce National Historical Park in Montana does not include reserved land. The United States may apply for a permit to appropriate water or seek recognition of any existing water rights in accordance with state law.

G. Yellowstone National Park

1. Priority Date

The United States has a priority date of March 1, 1872 for the reserved water rights described in this Compact for YNP.

2. Consumptive Use

The United States has a reserved water right for current and future consumptive use for the purposes of YNP as set forth in Table 5. The period of use shall be from January 1 through December 31. The source and place of use shall be as set forth more specifically in the Abstract. The place of use or point of diversion of a consumptive use water right at YNP shall include any non-reserved land within YNP as the boundaries exist on the effective date of this Compact.

This reserved water right ends at the most downstream point that the stream exits the reserved land of YNP.

iii. Change in Wilderness Designation

In the event that the Congress of the United States repeals the Wilderness designation assigned to the headwaters of an above named Category 2 stream, then, to the extent consistent with the law repealing the Wilderness designation as it pertains to water use, the stream headwatered in the former Wilderness may be reclassified in the appropriate category on request by the state.

c. Category 3:

The following streams are designated as "Category 3:"

Crevice, Dry Canyon, Slough, and Tepee Creeks.

ii. The United States has a reserved water right for instream flow on Category 3 streams in the amount of the entire flow of the streams, less any United States' consumptive use rights described in this Compact, provided that, the instream flow right is subordinate to (1) the sum of all water rights recognized under state law with a priority date before January 1, 1993, plus any future consumptive use rights calculated according to Article II, until the limit on total current and future consumptive use set forth in Table 6 is reached; (2) any use considered non-consumptive as defined by this Compact; and (3) any use of groundwater not included in the calculation of consumptive use according to Article II.

d. Category 4:

The following streams are designated as Category 4: Soda Butte Creek within the state, and the Gallatin, Madison and Yellowstone Rivers where they flow within or form the boundary to reserved land of YNP within the state.

i. Soda Butte Creek

(1) The United States has a reserved water right for instream flow on Soda Butte Creek in the amount of the entire flow of the stream, less any United States' consumptive use rights described in this Compact, provided that, the

instream flow right is subordinate to: (a) any water rights recognized under state law with a priority date before January 1, 1993; (b) any future consumptive use rights calculated according to Article II, as long as the limit on total current and future consumptive use set forth in Table 8 has not already been reached or exceeded by the rights protected under subsection (1)(a); (c) any use considered non-consumptive as defined by this Compact; and (d) any use of groundwater not included in the calculation of consumptive use according to Article II.

4. Hot Springs tributary to Bear Creek and the Yellowstone River

The hot springs that contribute to Bear Creek outside the boundaries of YNP are important to maintenance of biologic values of reserved water in the Yellowstone River downstream from the confluence with Bear Creek. As part of the settlement of the reserved water right for YNP, the state agrees to grant the United States a water right under state law to all of the natural flow of the Bear Creek hot springs located at the mouth of Bear Creek in S1/2 S1/2, sec. 19, T9S, R9E, Montana Principle Meridian. The priority date is the effective date of this Compact.

5. Lakes

The United States has a reserved water right for the maintenance of natural water levels in all naturally occurring lakes within the boundaries of YNP for the purpose of preserving unimpaired these Park resources. The water right for the maintenance of lake levels is subordinate to (1) any United States' consumptive use rights described in this Compact; and (2) any water right recognized under state law with a priority date before January 1, 1993. The named and unnamed lakes in which the United States has a reserved water right are those set forth more specifically in the Abstract.

H. Emergency Fire Suppression

The use of water for emergency fire suppression benefits the public, and is necessary for the purposes of the various Park reservations. The United States, may as part of its reserved water right, divert water for fire suppression at all of the National Park Service Units as needed, and without a definition of the specific elements of a recordable water right. Use of water for fire suppression shall not be deemed an exercise of the United States' reserved water rights for consumptive use or a violation of its reserved water rights for instream flow.

ARTICLE IV

YELLOWSTONE CONTROLLED GROUNDWATER AREA

A. Statement of Intent

Yellowstone National Park was reserved for the express purpose of "preservation, from injury or spoliation, of all timber, mineral deposits, natural curiosities, or wonders within said park, and their retention in their natural condition." 17 Stat. 32. The parties agree that Congress reserved water necessary to preserve the hydrothermal features within the reserved land of YNP. These reserved water rights have priorities as of the date on which the land was reserved.

The parties understand that knowledge of the interrelationship of hydrothermal features within YNP, the hydrothermal system that supports those features, and groundwater in surrounding areas of Montana will benefit from increased study. The parties agree that the hydrothermal features of YNP are a unique and irreplaceable resource and represent one of the few undisturbed hydrothermal systems in the United States.

This Compact does not recognize a reserved water right to groundwater outside the boundaries of the reserved land of YNP. However, the parties agree that restrictions shall be placed on the development of groundwater adjacent to YNP to the extent necessary to prevent adverse effect on the reserved water right to groundwater within YNP. The parties agree that the goal of establishment and administration of the Yellowstone Controlled Groundwater Area shall be to allow no impact to the hydrothermal system within the reserved land of YNP.

B. Findings

Ratification of this Compact by the Montana legislature constitutes a finding that:

1. unrestricted use of groundwater adjacent to Yellowstone National Park is likely to interfere with the water rights reserved by the United States in 1872, 1929, 1930, and 1932, for the preservation of hydrothermal features within YNP;

2. prevention of adverse effect on the United States' reserved water right to groundwater within the reserved land of YNP is a benefit to the state and to the United States;

3. the public interest and welfare requires that a corrective control be adopted to regulate groundwater development adjacent to YNP; and

4. the cooperative state-federal management and oversight established by this Article is an effective means to achieve protection of the reserved water right to groundwater necessary to preserve the hydrothermal system within the reserved land of YNP.

C. General Provisions

1. Establishment: The Yellowstone Controlled Groundwater Area or "Area" is hereby established and shall be defined and administered according to this Compact.

2. Funding: The United States agrees that it receives substantial benefit from the establishment and administration of the Yellowstone Controlled Groundwater Area, and that the national and international public benefit extends far beyond the boundaries of the state. Thus, the United States agrees that the relatively small population of the state should not bear the entire cost of protection of the United States' reserved water right. To this end, the Department of the Interior agrees, subject to appropriations by Congress, to reimburse the state for the expense of establishment, administration and enforcement of the Yellowstone Controlled Groundwater Area by the Department; to fund the inventory, sampling, reporting and database management by the Bureau; and, except as provided in Article IV, section J.1.c., to fund the administrative costs and the cost of any study or any other necessary activity pursuant to this Article by the Technical Oversight Committee.

3. Implementation Contingent on Funds: Such funding shall be accomplished pursuant to the terms and conditions of a separate agreement which shall incorporate terms and conditions necessary to specify the activities to be funded and appropriate cost and accounting principles consistent with generally applicable guidelines for federal funding in similar circumstances, and consistent with the terms of this Compact, including, but not limited to, the enumeration of state expenses to be reimbursed in Article IV, section C.2. The state is relieved of its obligation to establish, administer, inventory, sample and maintain a database on the Controlled Groundwater Area in the absence of a funding

agreement and the provision of the funds specified therein. If the state is relieved of its obligation to implement all or a portion of this Article, all other terms of this Compact shall remain in effect, including all reserved water rights established herein. Such agreement may be amended, extended, renewed or terminated pursuant to its terms.

4. Interim Measures:

The state agrees that the following interim measures shall apply from the effective date of this Compact until the receipt of funds from the United States or December 31, 1995, whichever occurs first. The United States agrees to reimburse the state for the cost of the interim measures, subject to the appropriation of funds by Congress. The parties agree that, even if funding is not received by December 31, 1995 and interim measures are suspended, the state and the Department of the Interior will continue to recommend federal funding.

a. The Department shall issue the notice required by Article IV, section F.

b. All permits issued within this time period within the Area shall be conditioned on appropriation of water of less than 60F., measured at the wellhead.

c. The Department shall require that each applicant for a permit or person filing a notice of completion for issuance of a certificate of water right to appropriate groundwater within the Area report the following information on filing of a well log: (1) well location to the quarter-quarter-quarter-quarter section; (2) ground elevation at the wellhead; (3) well depth; (4) water level; (5) flow rate or maximum pump capacity; and (6) water temperature measured at the wellhead.

d. The Department shall not issue a certificate of water right for the appropriation of groundwater with a temperature of 60 F. or more within the Area during this time period. The Department shall order temporary abandonment of any well in the Area for which a conditional permit was issued or notice of completion for issuance of a certificate of water right was filed within this time period that produces groundwater with a temperature of 60F. or more, measured at the wellhead. Temporary abandonment shall be according to the rules of the Montana Board of Water Well Contractors.

e. Following receipt of funds from the United States, the Department shall notify the applicant that the appropriation is subject to the terms of this Compact and shall proceed according to the procedures set forth in this Article. If funds are not received by December 31, 1995, the Department may remove the order of temporary abandonment and remove the condition on the permit or issue the certificate of water right pursuant to state law. The Department shall continue to require that each applicant for a permit or certificate of water right to appropriate groundwater within the Area report the following information on filing of a well log: (1) well location to the quarter-quarter-quarter-quarter section; (2) ground elevation at the wellhead; (3) well depth; (4) water level; (5) flow rate or maximum pump capacity; and (6) water temperature measured at the wellhead.

5. Additional Studies: In addition to appropriations necessary to implement this Article, the state and the National Park Service agree to recommend federal

funding for a baseline study of hydrothermal features in YNP and within the Controlled Groundwater Area, for continued monitoring of these features, and for geologic and geophysical studies including, but not limited to, geologic mapping, and monitoring of microearthquakes and subsidence in and adjacent to YNP. Implementation of this Article is not contingent on such appropriation.

6. Access for Studies: Consistent with the purposes of YNP, the United States agrees to allow reasonable access to and across YNP to the extent necessary to accomplish the data collection authorized by this Article or additional studies recommended pursuant to Article IV, section C.5. In seeking access, the Department or Bureau shall comply with the provisions of Article II, section I.3.

7. Effect of Modification of Area: It is the intent of the parties that the initial boundaries of the Area set forth in Article IV, section D. and Appendix 2, and initial restrictions set forth in Article IV, section E. may be modified pursuant to Article IV, section J., or with respect to a single appropriation pursuant to Article IV, section G.2.c. and shall not be deemed to be a modification of this Compact. Any other modification of this Article shall be considered a modification of this Compact and is subject to the terms of Article VI, section A.2.

8. It is the intention of the Department of the Interior to protect the hydrothermal resources of Yellowstone National Park through the system established by Article IV.

a. The National Park Service agrees, consistent with 43 U.S.C. § 666, that enforcement will not be sought against the holder of a water right recognized under state law with a priority date on or after January 1, 1993, unless the NPS has, in the first instance, sought enforcement through the state under the terms of this Compact.

b. Notwithstanding the preceding subparagraph, if the National Park Service, in its judgment, determines that circumstances warrant, nothing in this Compact prohibits the United States from petitioning a state or federal court of competent jurisdiction for injunctive or declarative relief. Nothing in this Compact shall alter the courts' application of the test for injunctive relief; neither shall the administrative determination by the National Park Service to seek relief in said court be deemed to establish or preclude any determination in such judicial proceedings. Prior to such an administrative determination, the National Park Service agrees that it will provide the State written notice and will identify a time frame during which it will await the State's efforts to address the concern.

c. As to an action against the holder of a right to withdraw groundwater recognized under state law with a priority date before January 1, 1993, the United States agrees that this Compact shall not be used or relied upon as evidence to show that: (1) a reserved water right of the United States exists appurtenant to any land other than the reserved land of YNP; or (2) the priority date associated with any portion of reserved land of YNP is other than the date on which that portion of land was actually reserved.

D. Initial Boundaries of the Yellowstone Controlled Groundwater Area

The initial boundaries of the Yellowstone Controlled Groundwater Area and Subareas are defined to include the area in the State of Montana located within the geographic boundaries shown on Appendix 2. Appendix 2 is hereby incorporated in this Compact by this reference as though set forth here in full.

1. Subarea I:

The initial geographic boundaries of the subarea referred to as Yellowstone Controlled Groundwater Subarea I shall include all of the area in Montana North and West of YNP within the boundary delineated as subarea I on Appendix 2.

2. Subarea II:

The initial geographic boundaries of the subarea referred to as Yellowstone Controlled Groundwater Subarea II shall include all the area in Montana North and West of YNP within the boundary delineated as subarea II on Appendix 2.

E. Initial Restrictions on Groundwater Development within the Yellowstone Controlled Groundwater Area

Until the initial boundaries or restrictions set forth in this Article are modified pursuant to Article IV, section J., the restrictions set forth in this section shall apply to groundwater appropriations within the Area with a priority date on or after January 1, 1993. Such appropriations shall follow the procedural requirements of Article IV, section G.

1. The parties agree that the initial restrictions on development of groundwater and any modification thereof, shall not apply to appropriations with a priority date before January 1, 1993. The sole provisions of this Article applicable to such appropriations shall be those providing for inventory and sampling of current use set forth in Article IV, section H. Groundwater appropriations with a priority date before January 1, 1993 are subject to applicable state law including, but not limited to, issuance of a certificate of water right following final adjudication of existing water rights. Nothing herein waives the right of the United States to seek protection of its reserved water right for protection of the hydrothermal features within the reserved land of YNP from groundwater appropriations with a priority date before January 1, 1993 in a state or federal court of competent jurisdiction, provided that the limitation on use of this Compact in an action by the United States against any such appropriator set forth in Article IV, section C.8.c. shall apply.

2. The Department shall not issue a permit to appropriate groundwater that is hydrothermal discharge water as defined by this Compact unless either: (1) modification occurs pursuant to Article IV, section J. altering pertinent boundaries or restrictions; or (2) an application is approved pursuant to Article IV, section G.2.c. Unless modification occurs pursuant to Article IV, section J., the Department shall not limit an appropriation of groundwater that is not hydrothermal discharge water unless required to do so by Article II and III of this Compact or any other provision of state law.

F. General Notice of Establishment of the Yellowstone Controlled Groundwater Area

1. Notice: Within 120 days after the effective date of this Compact and within 60 days of any decision by the Department to modify the Area as set forth in Article IV, section J., the Department shall publish a notice of establishment or modification of the Area setting forth:

a. the description by legal subdivisions of all lands included in the controlled groundwater area;

b. the purpose of the controlled groundwater area or modification; and

c. the permit requirements, restrictions, inventory, sampling and monitoring applicable within each subarea.

2. Publication and Service: Such notice shall be published in a newspaper of general circulation in the county or counties in which the Area is located. The Department shall also serve a copy of the notice by mail on each well driller licensed in Montana whose address is within any county in which any part of the Area is located; on each well driller known by the Department to operate in the Area; on the Montana State Bureau of Mines and Geology; on the mayor or chair of the governing body of each county or incorporated municipality located in whole or in part within the Area; and on the United States. The Department may also serve notice on any other person or state or federal agency that the Department believes may be interested in or affected by the proposed designation or modification of the Area. A copy of the notice shall be mailed to each person's last known address according to the records of the Department.

G. Appropriations of Groundwater within the Yellowstone Controlled Groundwater Area With a Priority Date on or After January 1, 1993

1. Appropriation of Groundwater within the Area with a Priority Date on or after January 1, 1993 and before the Effective Date of this Compact:

The initial restrictions on groundwater development set forth in Article IV, section E. apply to appropriations of groundwater with a priority date on or after January 1, 1993 and before the effective date of this Compact provided that the following procedural requirements are met:

a. Within 120 days after the effective date of this Compact or the receipt of adequate funds from Congress, whichever occurs later, the Department shall provide the United States with notice of all groundwater appropriations within the Area that, according to the records of the Department, have a priority date on or after January 1, 1993 and before the effective date of this Compact.

b. Subsequent to the notice provided for in Article IV, section G.1.a. and up to 120 days following mailing of the report on inventory provided in Article IV, section H.1.b.iii., the United States may provide the Department with credible information on any groundwater appropriation within the Area with a priority date on or after January 1, 1993 and before the effective date of this Compact, showing that the appropriation is of water with a temperature of 60F. or more.

c. If the United States provides the information set forth in Article IV, section G.1.b., the Department shall, within 60 days of receipt of the information, issue an order requiring that the appropriator comply with the applicable restrictions. The order is effective within 60 days of issuance unless the appropriator enters an appearance to contest the order.

d. If the appropriator enters an appearance to contest the order, the Department shall: (1) issue an order staying use of the appropriation pending final decision on the matter by the Department; (2) set a date for a hearing; and (3) proceed pursuant to the provisions for a contested case under the Montana Administrative Procedures Act, Title 2, Chapter 4 of the Montana Code Annotated, provided that in such a proceeding the United States has the burden of proving by a preponderance of the evidence that the appropriation is of groundwater of 60F or more. If the United States meets this burden, the appropriator shall comply with procedures and restrictions set forth in Article IV, section G.2.

2. Appropriations of Groundwater with a Priority Date after the Effective Date of this Compact

a. General Provisions

i. All groundwater appropriations within the Area after the effective date of this Compact are subject to this Article. Applications and registration for a permit for the appropriation of groundwater within the Area after the effective date of this Compact shall include a statement of whether the proposed use requires water with temperature of 60F. or more. In addition, the Department shall not issue a permit for appropriation of groundwater unless the requirements of Articles II and III are met, if applicable.

ii. A permit issued pursuant to this Article shall provide that:

(1) The permittee shall install a device to meter total volume of water use in compliance with rules promulgated by the Department pursuant to Article IV, section I.5. The Department shall specify the metering method and location of installation. On or before January 15 of each year, the permittee shall report annual use to the Bureau at: Montana Bureau of Mines and Geology, Main Hall, Montana Tech, Butte MT, 59701. Meters shall be made available to the permittee at the Department of Natural Resources and Conservation Regional Water Rights Office at: 111 North Tracy, Bozeman, Montana, 59715. Meters shall be acquired for distribution by the Department of Natural Resources and Conservation Regional Water Rights Office as part of the inventory and sampling program authorized by Article IV, section I.

(2) The Department has the authority to modify or revoke a permit if the provisions listed below are applicable, and all other administrative or judicial enforcement authority provided under Title 85, part 2, of the Montana Code Annotated applies to this part. The Department may exercise its enforcement authority if (1) the appropriator fails to allow access for sampling provided for in Article IV, section H.; (2) the character of the groundwater produced changes such that a restriction applies pursuant to this Article; (3) new restrictions imposed pursuant to Article IV, section J. are applicable; or (4) the appropriator violates any other provision of this part.

(3) A permit to appropriate hydrothermal discharge water may include limits and conditions on appropriation including but not limited to (a) limits on total withdrawal by day, month or year; (b) a requirement to adhere to a system of rotation of use within the Area; and (c) a provision adjusting the total withdrawal from two or more wells in the area used by the same appropriator.

(4) A permit to appropriate hydrothermal discharge water shall include any applicable monitoring requirement recommended by the Working Group Report or recommendations by the TOC superseding that report unless the applicant shows by clear and convincing evidence that such monitoring is inappropriate.

iii. If, subsequent to the effective date of this Compact, modification pursuant to Article IV, section J. removes the restrictions set forth in Article IV, section E., the monitoring recommended by the Working Group Report or as superseded by the TOC shall continue to apply unless the applicant shows by clear and convincing evidence that such monitoring is inappropriate, according to the criteria in the Working Group Report or as superseded by the TOC.

b. Appropriations of Groundwater with a Temperature of less than 60F

i. Registration and Application

(1) An applicant for an appropriation of groundwater of 35 gpm or less, not to exceed 10 acre-feet per year shall register for a permit by filing a form prescribed by the Department that shall include, but not be limited to, a statement of whether the proposed use requires water with temperature of 60F. or more, the well location, and intended use and shall comply with the provisions of Article II and III, if applicable. The Department shall provide notice of the registration for a permit to the United States within 30 days of the filing.

(2) An applicant for a permit to appropriate groundwater of greater than 35 gpm or 10 acre-feet per year after the effective date of this Compact, shall comply with existing state law for permits to appropriate water and the limits on groundwater appropriations set forth in Articles II and III, if applicable. The Department may issue an interim permit for the proposed appropriation to an applicant seeking an appropriation for a use that does not require water with a temperature of 60F. or more if the requirements of this section are met.

ii. Drilling

(1) On filing a proper registration form, an applicant for an appropriation of 35 gpm or less, not to exceed 10 acre-feet per year, with a proposed use that does not require water with a temperature of 60F. or more may complete the proposed well subject to state law and the terms of this Compact, but shall not put the water to beneficial use until issuance of a permit.

(2) Upon issuance of an interim permit, an applicant for an appropriation of greater than 35 gpm or 10 acre-feet per year may drill the well subject to state law and the terms of this Compact, but shall not put the water to beneficial use until issuance of a permit.

iii. Within 60 days of drilling of the well, the applicant or registrant shall provide the Department with a well log on a form provided by the Department. The well log shall include well location to the quarter-quarter-quarter-quarter section; ground elevation at the wellhead; well depth; water level; flow rate or maximum pump rate; water temperature measured at the wellhead; and specific conductance of the water produced using a device provided by the Water Resources Regional Office.

iv. The Department shall forward a copy of the well log to the United States and to the Bureau on receipt.

v. Following receipt of the well log, the Department may inspect the well at a reasonable hour of the day to verify the information on the well log report. The United States may request to accompany the inspector as set forth in Article II, section I.4.

vi. The United States has 60 days from the mailing of the report to file an objection setting forth credible information that the appropriation is of groundwater with characteristics to which restrictions established pursuant to this Article apply.

vii. The Department may issue a permit to appropriate if: (1) the well log and any verification confirm that the appropriation is of water to which no restrictions pursuant to this Article apply; and (2) all other requirements of state law and this Compact have been met, unless the United States files an objection pursuant to Article IV, section G.2.b.vi. If the well log or verification indicate appropriation of water to which restrictions pursuant to this Article apply or if the United States files a proper objection, the applicant shall be subject to the provisions of Article IV, section G.2.c.

viii. If a permit is issued, the applicant or registrant may complete the appropriation and apply the water to beneficial use.

ix. Within 60 days of completion of the appropriation, the permittee shall file a notice of completion with the Department pursuant to state law.

c. Appropriation of Groundwater with a Temperature of 60F. or Greater

If an application or registration for a permit within the Area is for a use requiring groundwater with a temperature of 60F. or more or the well log or any verification indicates water of 60F. or more, the following provisions apply:

i. Subarea I - groundwater with a temperature of 85F. or more:

Groundwater of 85F. or more in Subarea I is presumed to be hydrothermal discharge water. The Department shall not process or grant an application for a permit to appropriate water with a temperature of 85F. or more in Subarea I, unless the appropriation is consistent with modification of restrictions pursuant to Article IV, section J., or pursuant to the procedures set forth below. An application for an appropriation that proposes to do no more than divert the unenhanced natural surface flow of a spring that is not located in the mainstem of the reserved portion of a stream to which a reserved water right for instream flow is described in Article III of this Compact is not subject to these restrictions.

(1) The application shall set forth credible information that the proposed appropriation does not include contribution by hydrothermal discharge water;

(2) Within 30 days of receipt of the information the Department shall seek review of the application by the TOC.

(3) The TOC shall review the report to determine if the appropriation can take place without adverse effect on the hydrothermal system within YNP. In performing the review, the TOC shall utilize the best available scientific information. The TOC shall resolve doubt in favor of protection of the hydrothermal system within YNP.

(4) Within 60 days of the request by the Department, the TOC shall recommend, in a report to the Department, if, and under what conditions the appropriation could be allowed without adverse effect on the hydrothermal system within YNP. The TOC may recommend limits or conditions on the proposed appropriation that, in the opinion of the TOC, would allow the development while protecting the hydrothermal system within YNP. The TOC shall also provide the Department with a dissenting report pursuant to Article IV, section J.1., if applicable.

(5) On receipt of the report or reports, the Department shall provide a copy to the United States and the applicant and shall schedule a hearing no less than 60 and no more than 90 days from mailing of the report.

(6) The hearing shall proceed as a contested case under the Montana Administrative Procedure Act, Title 2, Chapter 4 of the Montana Code Annotated.

(7) The report or reports, data and other written information produced by the TOC shall be admissible in the hearing without further foundation and not subject to the hearsay objection, subject to the rights of any party or claimant to cross-examine the producer or drafter of the written material and to controvert the same by other evidence. The hearing officer may request that members of the TOC appear to provide expert testimony in the case.

(8) The report and recommendations provided by the TOC have a rebuttable presumption of validity for the purposes of Article IV. The dissenting report, if any, may be used as rebuttal evidence.

(9) If the report recommends denial of the application, the applicant may overcome the presumption by proving by clear and convincing evidence that the proposed appropriation does not include hydrothermal discharge water.

(10) If the application is denied, the Department shall order that the well be temporarily abandoned; or, if multiple water zones are encountered, the zone of excess temperature be closed to production. Abandonment shall be according to the rules of the Montana Board of Water Well Contractors unless alternative procedures are recommended by the TOC. The abandonment order shall not be lifted until a modification order pursuant to Section IV.J. allows the appropriation or until the department determines that the well should be permanently abandoned.

(11) Within 30 days of an order by the Department pursuant to this section, appeal on the record may be made to a state or federal court of competent jurisdiction. For an appeal to state court, venue shall be the First Judicial District in Helena and the review must be conducted according to the procedures for judicial review of a contested case under the Montana Administrative Procedures Act, Title 2, Chapter 4, of the Montana Code Annotated.

ii. Subarea I - groundwater with a temperature of 60F. or more, but less than 85F:

Appropriation of groundwater with a temperature of 60F. or more, but less than 85F. in subarea I is subject to the following provisions.

(1) The applicant shall provide credible information that the water meets the following criteria:

(a) the proposed appropriation will do no more than divert the unenhanced natural surface flow of a spring that is not located in the mainstem of the reserved portion of a stream to which a reserved water right for instream flow is described in Article III of this Compact, or

(b) the proposed appropriation meets all of the following criteria:

(i) The water temperature is the result of the normal thermal gradient of the earth plus the mean annual air temperature at the site plus 14F. Unless modified by the TOC, the Department shall use the following equation to estimate the water temperature expected:

(0.01646 x the depth of the production zone in feet) + 59.3F.

If the temperature measured at the wellhead is equal to or less than the temperature estimated by this equation, the appropriation meets this criteria.

(ii) the concentration of soluble chloride is less than ten parts per million; and

(iii) the well does not contain a production zone completed within the Madison Group of formations as defined by the Catalog of Stratigraphic Names for Montana, Bureau of Mines and Geology, Special Publication 54, March 1971.

(2) The Department may issue a permit to appropriate groundwater with a temperature of 60F or more, but less than 85F. to an applicant that meets the above criteria and is in compliance with the provisions of Article IV, section G.2.c. unless (a) restrictions are consistent with modification pursuant to Article IV, section J.; or (b) the United States objects and shows by a preponderance of the evidence that the criteria have not been met or, for another scientific reason, the temperature is the result of contribution by hydrothermal discharge water.

(3) If the applicant fails to meet the above criteria or the United States meets its burden, the applicant shall comply with the provisions of Article IV, section G.2.c.i. for water or 85F or more.

(4) The three criteria set forth in Article IV, section G.2.c.ii.(1)(b) may be modified on recommendation by the TOC.

iii. Subarea II:

(1) Groundwater of 85F. or more in subarea II is presumed to be hydrothermal discharge water. The applicant shall follow the procedures of Article IV, section G.2.c.i. including review by the TOC, provided that, if a permit to appropriate is issued the monitoring recommended in the Working Group Report or as superseded by the TOC for subarea II, not subarea I, shall apply.

(2) An applicant who encounters groundwater of 60F. or more but less than 85F. shall comply with the provisions of Article IV, section G.2.c.ii., provided that, if a permit to appropriate is issued the monitoring recommended in the Working Group Report or as superseded by the TOC for subarea II, not subarea I, shall apply.

3. Change in Character of Groundwater: Within 60 days of the receipt of information indicating a change in the character of the groundwater appropriated under a permit issued in the Area on or after January 1, 1993 that indicates the production of groundwater for which a restriction applies, the Department shall issue an order requiring that the appropriator comply with the limitations on appropriation of hydrothermal groundwater authorized in this Article. The order shall take affect 60 days following the date issued unless the appropriator appears to contest the order. If the appropriator appears to contest the order, the Department shall set a date for a hearing and proceed pursuant to the provisions for a contested case under the Montana Administrative Procedures Act, title 2, Chapter 4, of the Montana Code Annotated, provided that the appropriator shall have the burden to prove by a preponderance of the evidence that the water produced does not meet the criteria to which restrictions apply.

H. Inventory and Sampling of Groundwater

1. Initial Inventory

All groundwater appropriations in the Area with a priority date before the effective date of this Compact shall be inventoried as set forth below:

a. Notice of Inventory

Within 120 days after the effective date of this Compact or the receipt of funding from the United States, whichever occurs later, the Department shall serve notice by mail on each person or public agency known from an examination of the records in the Department's office to be an appropriator of groundwater with a priority date before the effective date of this Compact. The notice shall set forth:

i. the contents of the notice required in Article IV, section F.; and

ii. a statement that within 3 years from the date of notice the Bureau may visit the wellsite to measure temperature; flow rate or maximum pump capacity; water level, or pump level if the well cannot be entered; and may collect a water sample for additional analysis.

b. Inventory

i. Within 3 years of notice pursuant to Article IV, section H.1.a., a representative of the Bureau shall inventory each well drilled pursuant to an appropriation recognized under state law with a priority date before the effective date of this Compact. The inventory shall be considered complete when the Bureau has inventoried substantially all of the wells that can be located and accessed with reasonable diligence. The inventory shall include, but not be limited to, the following:

(1) well location to the quarter-quarter-quarter-quarter section;

(2) ground elevation at the wellhead;

(3) flow rate or maximum pump capacity;

(4) water level, or pump level if the well cannot be entered;

(5) water temperature at the wellhead;

(6) specific conductance of the water at the wellhead;

(7) chloride content of the water at the wellhead;

(8) water samples from a representative number of wells selected by the Bureau. The water samples shall be analyzed by the Bureau, or by a qualified lab contracted by the Bureau. Samples shall be analyzed for chemistry, and, if applicable, gas and isotopes. Choice of analyses shall be at the discretion of the Bureau using the Working Group Report or a report by the TOC superseding the Working Group Report as a guideline. The Bureau may consult with the TOC concerning well selection and analysis; and,

(9) any additional information deemed necessary for implementation of this Article by the Bureau in consultation with the TOC.

ii. The inventory shall be prioritized to complete Subarea I first.

iii. Within 6 months of completion of the inventory in each Subarea, the Bureau shall provide a report to the Department, the TOC, and the United States, verifying that the inventory is complete and setting forth the data obtained in the inventory. The report shall be made available to the public by the Department. In addition, the Bureau shall maintain an adequate database pursuant to Article IV, section H.2.

2. Sampling Program and Database

a. Following the initial inventory of all current groundwater appropriations in the Area provided for in Article VI, section H.1., the Bureau shall sample wells selected in consultation with the TOC and at a frequency determined in consultation with the TOC. The wells may include appropriations made prior to, on or after January 1, 1993. The number of wells sampled and the analyses performed shall be as determined by the Bureau in consultation with the TOC. Until superseded due to recommendation by the TOC, the Working Group Report shall be used as a guideline in making this determination. Within 6 months of the completion of each inventory and sampling program, the Bureau shall provide the Department, the TOC and the United States with a report on the results.

b. The Bureau shall maintain an adequate database on the Yellowstone Controlled Groundwater Area which shall include, at a minimum, analyses of water chemistry, temperature, well depth, well capacity and well location.

c. The United States agrees to provide an annual report to the Bureau for incorporation into the database on the water chemistry, temperature and flow rate of any well in use or spring sampled in the portion of YNP within the state, and may include such information for any well or spring in the portion of YNP outside the state.

d. The information in the database shall be available to the public through the Natural Resources Information System, currently located at 1515 E. Sixth Avenue, Helena, Montana 59620-1800.

I. Administration of the Yellowstone Controlled Groundwater Area

1. The Yellowstone Controlled Groundwater Area established by this Compact shall be administered pursuant to applicable state law and the terms of this Compact.

2. In addition to the requirements imposed by state law, the Department shall provide the United States with notice of any application or registration for a permit to appropriate groundwater within the Area in the same manner and time as required by state law for notice to groundwater appropriators in a controlled groundwater area.

3. The United States may be an objector to any application or registration for a permit to appropriate groundwater or in a hearing for modification of a permit to appropriate groundwater within the Area pursuant to the provisions of Article IV, section G.

4. The Department shall, whenever possible, consolidate any proceedings on groundwater applications or registration pursuant to Articles II and III with any proceeding made necessary by this Article.

5. Within 2 years after the effective date of this Compact or the receipt of the requested funding from the United States, whichever occurs later, the Department is directed to promulgate such additional rules necessary to effectuate this Compact and to establish criteria which may be necessary to implement this Article. Said rules shall not alter the rights or obligations of the parties hereto. In doing so, the Department shall consult with the United States and the TOC. Until modified by the TOC, the Department shall adopt the Working Group Report to govern sampling, reporting and monitoring requirements, except as modified by Article IV, section G. In reviewing any permit to appropriate hydrothermal discharge water the Department shall consider the criteria set forth in the Working Group Report or a subsequent report by the TOC, including, but not limited to, the identification of risk associated with volume of appropriation and distance from the reserved land of YNP.

J. Modification of the Yellowstone Controlled Groundwater Area

1. Technical Oversight Committee: Establishment and Authority

a. A joint federal-state Technical Oversight Committee is hereby established to review scientific evidence related to the Yellowstone Controlled Groundwater Area; to advise the Department on administration of the Area, including review of applications to appropriate water of 60F. or more; to consult with the Bureau on inventory and sampling; and to recommend modification of boundaries and restrictions.

b. The committee shall consist of five qualified scientists with experience related to hydrothermal systems. The committee members shall be appointed within six months following the effective date of this Compact: one appointed by the National Park Service; one appointed by the United States Geological Survey; one appointed by the Department; one appointed from the Montana University system by the Montana State Geologist; and one selected by the other four members. Appointments and selections shall be made, to the extent possible, to ensure that three of the qualified scientists with experience related to hydrothermal systems also have experience in (1) geochemistry; (2) geophysics; and (3) hydrogeology. Vacancies due to expiration of terms or resignation of a member shall be filled in the same manner. Should the four members fail to agree on the selection of additional members within 60 days after appointment of all four members or within 30 days after a vacancy occurs, the following procedure shall be utilized:

(i) Within 5 days each member shall nominate one person for each vacancy and submit the nominations to a judge of the First Judicial District in Helena; and

(ii) A judge of the First Judicial District in Helena shall fill the vacancy by selecting a member from each set of nominations.

c. Each member shall serve a five-year term and shall be eligible for reappointment. Expenses of the members shall be born by the entity appointing the member. The per diem or salary, and travel expenses of the three members-at-large shall be born equally by the United States and the state, subject to the availability of funds. All other expenses of the TOC shall be born by the United States subject to Congressional appropriation as set forth in Article IV, section C.

d. The recommendation of any of the following by the TOC shall be based on a supermajority of four to one: (1) modification of the Area pursuant to Article IV, section J; (2) review of an application to appropriate groundwater with a temperature of 60F. or more; and (3) removal of any of the criteria specified in Article IV, section G.c.ii.(1)(b). Failure to achieve a supermajority shall result in a recommendation of no modification or no permit approval. In the absence of a unanimous decision, the TOC shall provide both a report supporting the recommendation that there be no modification or no permit approval, and a dissenting report to the Department. In all other instances in which the TOC consults with or makes recommendations to the Department or the Bureau, recommendations shall be made by a simple majority of the entire committee.

e. The TOC shall:

i. review the boundaries of the Area and the Subareas;

ii. review the initial restrictions on groundwater development imposed pursuant to this Article, and future modifications of those restrictions;

iii. assess the cumulative impact of all development in the Area;

iv. review changes in the groundwater and hydrothermal systems revealed by inventory and analyses done by the Bureau, and any other pertinent scientific evidence;

v. review new scientific evidence pertinent to the Area;

vi. consult with the Bureau or the Department on request;

vii. present evidence and make recommendations to the Department in accordance with Article IV, section J.2.

viii. review applications for a permit to appropriate groundwater on request by the Department as set forth in Article IV, section G.2.c.; and

ix. take any additional action necessary to implement this Article.

f. The Department and the Bureau shall provide the TOC with all information in their records regarding appropriations of groundwater within the Area including reports required by this Article.

g. The initial review shall take place within 1 year of the receipt of the inventory report done by the Bureau pursuant to Article IV, section H. Subsequent reviews shall take place every 5 years following the initial inventory or following the issuance of 75 permits to appropriate water within the Area by the Department, whichever occurs first. Additional review shall also take place on request by the United States or the state.

h. Within 6 months of initiation of a review, the TOC shall provide a report of the review, including any recommendation for modification, and a dissenting report, if any, to the Department and the United States. Recommendations shall be based on a determination by a supermajority of the entire TOC that the modification is necessary to prevent adverse effect to the hydrothermal system within the reserved land of YNP, or that modification may be made without the threat of adverse effect on the hydrothermal system within the reserved land of YNP. The recommendation shall be made in good faith and based on scientific evidence including, but not limited to, the following:

i. in the case of extension of boundaries, the criteria set out in the Working Group Report for designation of the boundary of the Area to be enlarged is found to exist within the proposed extension;

ii. the cumulative effect of groundwater development within the Area or a portion of the Area has resulted in declining hydraulic head and modification of boundaries or restrictions are necessary to prevent adverse effect on the hydrothermal system within the reserved land of YNP;

iii. changes in groundwater revealed by the inventory and sampling program are such that modification is necessary to prevent adverse effect on the hydrothermal system within the reserved land of YNP;

iv. scientific evidence indicates that modification is necessary to prevent adverse effect on the hydrothermal system within the reserved land of YNP;

v. based on scientific evidence, restrictions can be removed or boundary modifications made without the threat of adverse effect to the hydrothermal system within the reserved land of YNP.

2. Modification Pursuant to Review

a. Within 60 days of mailing of the report in Article IV, section J.1.h., and if (1) the TOC recommends modification; (2) the United States, state or a person with property or water rights within the Area petitions for a hearing; or (3) a person with an interest that would be adversely affected by the recommendation, petitions for a hearing, the Department shall provide for notice of a hearing pursuant to state law.

b. The Department shall follow the rules for a contested case under the Montana Administrative Procedures Act, Title 2, Chapter 4 of the Montana Code Annotated. In addition, the Department shall apply the following provisions:

i. The report or reports, data and other written information produced by the TOC shall be admissible in the hearing without further foundation and not subject to the hearsay objection, subject to the rights of any party or claimant to cross-examine the producer or drafter of the written material and to controvert the same by other evidence. The hearing officer may request that members of the TOC appear to provide expert testimony in the case. The hearing officer shall also hear any oral and written scientific evidence presented by the state, the United States, any applicant for a permit to appropriate who has requested review, and any person with property or water rights in the Area, or an interest that would be adversely affected by the recommended modification.

ii. The scientific evidence and recommendations presented in the report by the TOC have a rebuttable presumption of validity for the purposes of Article IV. The Department shall adopt the recommendations of the TOC unless the recommendation by the TOC is refuted by clear and convincing scientific evidence. The dissenting report of the TOC, if any, may be used as rebuttal evidence.

iii. The Department shall issue an order stating findings of fact and conclusions of law.

c. Within 30 days of an order by the Department, a person aggrieved by the order may appeal on the record to a state or federal court of competent jurisdiction. For an appeal to state court, venue shall be the First Judicial District in Helena and the review must be conducted according to the procedures for judicial review of a contested case under the Montana Administrative Procedures Act, Title 2, Chapter 4, of the Montana Code Annotated.

ARTICLE V

GENERAL PROVISIONS

A. No Effect on Tribal Rights or Other Federal Reserved Water Rights:

1. Nothing in this Compact may be construed or interpreted in any manner to establish the nature, extent or manner of administration of the rights to water of an Indian Tribe in Montana, or of a water right of an individual that is derivative of such right, or of the United States on behalf of such tribe or tribal member. The relationship between the water rights of the National Park Service described herein and any rights to water of an Indian Tribe in Montana, or of a water right of an individual that is derivative of such right, or of the United States on behalf of such tribe or tribal member shall be determined by the rule of priority.

2. Nothing in this Compact is otherwise intended to conflict with or abrogate a right or claim of an Indian Tribe regarding boundaries or property interests in the State of Montana.

3. Nothing in this Compact may be construed or interpreted in any manner to establish the nature, extent or manner of administration of the rights to water of any other federal agency or federal lands in Montana other than those of the National Park Service. The exercise of a water right of the United States, if any, to water for a consumptive use on land administered by the United States Forest Service upstream of a water right to instream flow described in this Compact

shall be allocated from the United States' share for instream flow, not the state's share for consumptive use.

B. State Water Rights

Nothing in this Compact may limit the exclusive authority of the state, including the authority of a water commissioner authorized by state law, to administer all current and future water rights recognized under state law within and upstream of the reserved land covered by this Compact, provided that in administration of those water rights in which the United States has an interest, such authority is limited to that granted under federal law.

C. General Disclaimers

Nothing in this Compact may be construed or interpreted:

1. as a precedent for the litigation or the interpretation or administration of future compacts between the United States and the state; or of the United States and any other state;

2. as a waiver by the United States of its right under state law to raise objections in state court to individual water rights claimed pursuant to the state Water Use Act, Title 85, of the Montana Code Annotated, in the basins affected by this Compact;

3. as a waiver by the United States of its right to seek relief from a conflicting water use not entitled to protection under the terms of this Compact;

4. to establish a precedent for other agreements between the state and the United States or an Indian tribe;

5. to determine the relative rights, inter sese, of persons using water under the authority of state law or to limit the rights of the parties or a person to litigate an issue not resolved by this Compact;

6. to create or deny substantive rights through headings or captions used in this Compact;

7. to expand or restrict any waiver of sovereign immunity existing pursuant to federal law as of the effective date of this Compact;

8. to affect the right of the state to seek fees or reimbursement for costs or the right of the United States to contest the imposition of such fees or costs, pursuant to a ruling by a state or federal court of competent jurisdiction or Act of Congress;

9. to affect in any manner the entitlement to or quantification of other federal water rights. This Compact is only binding on the United States with regard to the water rights of the National Park Service, and does not affect the water rights of any other federal agency.

D. Use of Water Right

Except as otherwise provided in this Compact, the rights of the United States described in this agreement are federal reserved water rights. Non-use of all or a part of the federal reserved water rights described in this Compact shall not constitute abandonment of the right. The federal reserved water rights described in this Compact need not be applied to a use deemed beneficial under state law, but shall be restricted to uses necessary to fulfill the purposes of the associated reserved land.

E. Appropriation Pursuant to State Law

Nothing in this Compact may prevent the United States from seeking a permit to appropriate water under state law for use outside the boundaries of the federal reservations for which a water right is described in this Compact, provided that, no such use may be included in the calculation of total current or future consumptive use rights allocated to use pursuant to state law by this Compact, and provided further that, a water right obtained in this manner shall be considered a state water right and shall be administered pursuant to general provisions of state law as provided in Article II, section J.2.b.

F. Reservation of Rights

The parties expressly reserve all rights not granted, described or relinquished in this Compact.

G. Severability

Except as provided in Article IV, the provisions of this Compact are not severable.

H. Multiple Originals

This Compact is executed in quintuplicate. Each of the five (5) Compacts bearing original signatures shall be deemed an original.

I. Notice

Unless otherwise specifically provided for in this Compact, service of notice required hereunder, except service in litigation, shall be:

1. State: Upon the Director of the Department and such other officials as he or she may designate in writing.

2. United States: Upon the Secretary of the Interior and such other officials as he or she may designate in writing.

ARTICLE VI

FINALITY OF COMPACT AND DISMISSAL OF PENDING CASES

A. Binding Effect

1. The effective date of this Compact is the date of the ratification of this Compact by the Montana legislature, written approval by the United States Department of the Interior, or written approval by the United States Department of Justice, whichever occurs later. Once effective, all of the provisions of this Compact shall be binding on:

a. The state and a person or entity of any nature whatsoever using, claiming or in any manner asserting a right under the authority of the state to the use of water; and

b. except as otherwise provided in Article V, section A., the United States, a person or entity of any nature whatsoever using, claiming, or in any manner asserting a right under the authority of the United States to the use of water.

2. Following the effective date, this Compact shall not be modified without the consent of both parties. Either party may seek enforcement of this Compact in a court of competent jurisdiction. Except as provided in Article IV concerning the appropriation of funds, attempt to unilaterally modify this Compact by either party shall render this Compact voidable at the election of the other party.

3. On approval of this Compact by a state or federal court of competent jurisdiction and entry of a decree by such court confirming the rights described herein, this Compact and such rights are binding on all persons bound by the final order of the court.

4. If an objection to this Compact is sustained pursuant to 85-2-702(3), MCA, this Compact shall be voidable by action of and without prejudice to either party.

B. Disposition of Actions

Subject to the following stipulations and within one hundred eighty (180) days of the effective date, the parties shall submit this Compact to an appropriate state court or courts having jurisdiction over this matter in an action commenced pursuant to 43 U.S.C. § 666, for approval in accordance with state law and for the incorporation of the reserved water rights described in this Compact into a decree or decrees entered therein. The parties understand and agree that the submission of this Compact to a state court or courts, as provided for in this Compact, is solely to comply with the provisions of 85-2-702(3), MCA, and does not expeand [sic] the jurisdiction of the state court or expand in any manner the limited waiver or sovereign immunity of the United States in the McCarran Amendment, 43 U.S.C. §666 or other provision of federal law.

1. Dismissal of Filed Claims: At the time the state courts approve the reserved water rights described in this Compact and enter a decree or decrees confirming the rights described herein, such courts shall dismiss, with prejudice, all of the water right claims specified in Appendix 3 to this Compact. CHAPTER NO. 637

[HB 504]

AN ACT CREATING THE WORKERS' COMPENSATION OLD FUND LIABILITY TAX BY INCREASING THE EMPLOYER PAYROLL TAX AND EXPANDING THE TAX BASE TO INCLUDE EMPLOYEES AND OTHERS RECEIVING COMPENSATION IN MONTANA; DIRECTING THAT THE TAX PROCEEDS BE USED TO ELIMINATE THE STATE FUND'S OLD FUND UNFUNDED LIABILITY; PROVIDING APPROPRIATIONS; REVISING THE INTEREST RATE OF LOANS FROM THE TAX USED TO FINANCE THE OLD FUND UNFUNDED LIABILITY; AMENDING SECTIONS 15-30-207, 39-71-406, 39-71-2351, 39-71-2354, 39-71-2501, 39-71-2502, 39-71-2503, AND 39-71-2504, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE, AN APPLICABILITY DATE, AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 39-71-2351, MCA, is amended to read:

"**39-71-2351. Purpose of separation of state fund liability as of July 1, 1990, and of separate funding of claims before and on or after that date.** (1) An unfunded liability exists in the state fund. It has existed since at least the mid-1980s and has grown each year. There have been numerous attempts to solve the problem by legislation and other methods. These attempts have alleviated the problem somewhat, but the problem has not been solved.

(2) The legislature has determined that it is necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the insurer of last resort. In making this insurance available, the state fund has incurred the unfunded liability. The legislature has determined that the most cost-effective and efficient way to provide a source of funding for and to ensure payment of the unfunded liability and the best way to administer the unfunded liability is to:

(a) separate the liability of the state fund on the basis of whether a claim is for an injury resulting from an accident that occurred before July 1, 1990, or an accident that occurs on or after that date;

(b) ~~extend~~ ~~the payroll tax imposed by~~ *create an old fund liability tax provided for in* 39-71-2503 and dedicate the tax money first to the repayment of bonds issued under 39-71-2354 and 39-71-2355 and then to the repayment of loans given under 39-71-2354 and 39-71-2355 and the direct payment of the costs of administering and paying claims for injuries from accidents that occurred before July 1, 1990.

(3) The legislature further determines that in order to prevent the creation of a new unfunded liability with respect to claims for injuries for accidents that occur on or after July 1, 1990, certain duties of the state fund should be clarified and legislative oversight of the state fund should be increased."

Section 2. Section 39-71-2501, MCA, is amended to read:

"**39-71-2501. Definitions.** As used in this part, the following definitions apply:

(1) "Department" means the department of revenue provided for in 2-15-1301.

(2) "Employee" includes an officer, employee, or elected public official of the United States, the state of Montana, or any political subdivision of the United States or the state of Montana or any agency or instrumentality of the United States, the state of Montana, or a political subdivision of the United States or the state of Montana. The term "employee" also includes an officer of a corporation.

~~(2)~~*(3) (a)* "Employer" ~~has the meaning set forth in 39-71-117~~ *means, except as provided in subsection (3)(b), the person for whom an individual performs or performed any service, of whatever nature, as an employee of the person.*

(b) If the person for whom the individual performs or performed the service does not have control of the payment of the wages for the service, the term employer means the person who has control of the payment of wages.

~~(3)~~*(4)* "~~Payroll~~ *Employer's payroll*" means ~~the payroll of an employer~~ *wages paid* for each of the calendar quarters ending March 31, June 30, September 30, and December 31~~, for all employments covered under 39-71-401~~.

~~(4)~~*(5)* "State fund" means the state compensation mutual insurance fund.

~~(5)~~*(6)* "Tax" means the workers' compensation ~~payroll~~ *old fund liability* tax provided for in 39-71-2503, *created to address the unfunded liability for claims for injuries resulting from accidents that occurred before July 1, 1990.*

~~(6)~~*(7)* "Tax account" means the workers' compensation tax account created by 39-71-2504.

(8) "Wages" means all remuneration for services performed by an employee for an employer, including the cash value of all remuneration paid in any medium other than cash. The term does not include remuneration paid:

(a) for casual labor not in the course of the employer's trade or business performed in any calendar quarter by an employee unless the cash remuneration paid for the service is $50 or more and the service is performed by an individual who is regularly employed by the employer to perform the service. For purposes of this subsection (8)(a), an individual is considered to be regularly employed by an employer during a calendar quarter only if:

(i) on each of 24 days during the calendar quarter, the individual performs service not in the course of the employer's trade or business for the employer for some portion of the day; and

(ii) the individual was regularly employed, as determined under subsection (8)(a)(i), by the employer in the performance of service during the preceding calendar quarter;

(b) for services not in the course of the employer's trade or business, to the extent that remuneration is paid in any medium other than cash, when the payments are in the form of lodging or meals and the payments are received by the employee at the request of and for the convenience of the employer;

(c) to or for an employee as a payment for or a contribution toward the cost of any group plan or program that benefits the employee, including but not limited to life insurance, hospitalization insurance for the employee or the employee's dependents, and employees' club activities;

(d) as wages or compensation, the taxation of which is prohibited by federal law."

Section 3. Section 39-71-2502, MCA, is amended to read:

"**39-71-2502. Findings and purpose.** (1) Based on current liabilities and actuarial analysis, an unfunded liability presently exists in the state fund with regard to claims for injuries resulting from accidents that occurred before July 1, 1990, and it may increase. While legislative action is required to correct the causes of the unfunded liability, those actions will not provide sufficient funds to permit the state fund to pay its existing liabilities and obligations in a timely manner from premium and investment income available to the state fund. Therefore, it is necessary to provide ~~a source~~ *other sources* of funding for the unfunded liability in addition to premium and investment income.

(2) The police power of the state extends to all great public needs. The state, in the exercise of its police power, has determined that it is greatly and immediately necessary to the public welfare to make workers' compensation insurance available to all employers through the state fund as the insurer of last resort. In making this insurance available, the state fund has incurred the unfunded liability described in subsection (1). The burden of this unfunded liability should not be borne solely by those employers who have insured with the state fund because the availability of insurance to all employers through the state fund has benefited all ~~employers who have workers' compensation coverage.~~ *those receiving compensation in Montana. This unfunded liability should not be borne only by employers.* Therefore, all employers, *employees, sole proprietors, subchapter S. corporation shareholders, partners of partnerships, and members or managers of limited liability companies* ~~who have employments covered by the workers' compensation laws~~ should share in the cost of the unfunded liability.

(3) The purpose of this part is to provide ~~a~~ supplemental ~~source~~ *sources* of financing for the unfunded liability."

Section 4. Section 39-71-2503, MCA, is amended to read:

"**39-71-2503. Workers' compensation ~~payroll~~ *old fund liability* tax.** (1) (a) There is imposed on each employer a workers' compensation ~~payroll~~ *old fund liability* tax in an amount equal to 0.28%, *plus the additional amount of old fund liability tax provided in [section 5],* of the employer's payroll in the preceding calendar quarter ~~for all employments covered under 39-71-401~~, except that if an employer is subject to 15-30-204(2), the tax is an amount equal to 0.28%, *plus the additional amount of old fund liability tax provided in [section 5],* of the employer's payroll in the preceding week. ~~This payroll~~

(e) A corporate officer of a closely held corporation who meets the stock ownership test under section 542(a)(2) of the Internal Revenue Code and receives wages as an employee of the corporation is required to pay the old fund liability tax only on the wages received. The corporation is not liable for the tax on the corporate officer's wages.

(f) This old fund liability tax must be used to reduce the unfunded liability in the state fund incurred for claims for injuries resulting from accidents that occurred before July 1, 1990. If one or more loans or bonds are outstanding, ~~the tax must be continued at the 0.28% rate and~~ the legislature may not ~~modify the tax rate, the use of the tax proceeds, or this section in a manner that reduces~~ *reduce* the security for repayment of the outstanding loans or bonds, except that the legislature may forgive payment of ~~the~~ *a* tax or reduce ~~the~~ *a* tax rate for any 12-month period if the workers' compensation bond repayment account contains on the first day of that period an amount, regardless of the source, that is in excess of the reserve maintained in the account and that is equal to the amount needed to pay and dedicated to the payment of the principal, premium, and interest that must be paid during that period on the outstanding loans or bonds. ~~The legislature may not increase the tax rate except upon a two-thirds vote of each house.~~

~~(b)~~*(g)* Each employer shall maintain the records the department requires concerning the ~~employer's payroll~~ *old fund liability tax.* The records are subject to inspection by the department and its employees and agents during regular business hours.

(h) An employee does not have any right of action against an employer for any money deducted and withheld from the employee's wages and paid to the state in compliance or intended compliance with this section.

(j) A sole proprietor, subchapter S. corporation shareholder, partner of a partnership, or member or manager of a limited liability company is liable to the state for the old fund liability tax, plus interest and penalty, when the sole proprietor, shareholder, partner, or member or manager fails to remit to the state the old fund liability tax required by this section.

(3) (a) On or before the last day of April, July, October, and January, each employer subject to the tax shall file a return in the form and containing the information required by the department and, except as provided in subsection (3)(b), pay the amount of tax required by this section to be paid on the employer's payroll for the preceding calendar quarter *and in addition shall remit withholdings for employees' old fund liability taxes at the same time.*

(b) An employer subject to 15-30-204(2) shall remit to the department a weekly payment with its weekly withholding tax payment in the amount required by subsection (1)(a) *and shall remit withholdings for employees' old fund liability taxes at the same time.*

(c) ~~A tax payment~~ *Tax payments* required by ~~subsection~~ *subsections* (1)(a) *and (1)(b)* must be made with the return filed pursuant to 15-30-204. The department shall first credit a payment to the liability under 15-30-202 and credit any remainder to the workers' compensation tax account provided in 39-71-2504.

(d) Tax payments due from sole proprietors, subchapter S. corporation shareholders, partners of partnerships, and members or managers of limited liability companies must be made with and at the same time as the returns filed pursuant to 15-30-144 and 15-30-241. The department shall first credit a payment to the liability under 15-30-103 or 15-30-202 and shall then credit any remainder to the workers' compensation tax account provided in 39-71-2504.

(4) An employer's officer or employee with the duty to collect, account for, and pay to the department the amount~~s~~ due under this section who ~~willfully~~ fails to pay an amount is liable to the state for the unpaid amount and any penalty and interest relating to that amount.

(5) Returns and remittances under subsection (3) and any information obtained by the department during an audit are subject to the provisions of 15-30-303, but the department may disclose the information to the department of labor and industry under circumstances and conditions that ensure the continued confidentiality of the information.

(6) The department of labor and industry and the state fund shall, on July 1, 1991, or as soon after that date as possible, give the department a list of all employers having coverage under any plan administered or regulated by the department of labor and industry and the state fund. After the lists have been given to the department, the department of labor and industry and the state fund shall update the lists weekly. The department of labor and industry and the state fund shall provide the department with access to their computer data bases and paper files and records for the purpose of the department's administration of the tax imposed by this section.

(7) The provisions of Title 15, chapter 30, not in conflict with the provisions of this part regarding administration, remedies, enforcement, collections, hearings, interest, deficiency assessments, credits for overpayment, statute of limitations, penalties, *estimated taxes,* and department rulemaking authority apply to the tax, to employers, *to employees, to sole proprietors, to subchapter S. corporation shareholders, to partners of partnerships, to members or managers of limited liability companies,* and to the department."

Section 5. **Payment of unfunded liability for injuries resulting from accidents occurring before July 1, 1990.** (1) Beginning July 1, 1993, the state fund shall pay for the cost of administering and paying claims for injuries resulting from accidents that occurred before July 1, 1990, not covered by any other funding source, by borrowing from the reserves accumulated from premiums paid to the state fund, based upon wages payable on or after July 1, 1990, and invested by the board of investments, from time to time, the amount that the state fund determines and the budget director certifies, as provided in 39-71-2354, will be needed to pay for administering and paying the claims for the ensuing year.

Annual statement by employer.** (1) Every employer shall, on or before February 28 in each year, file with the department a wage and tax statement for each employee in such form and summarizing such information as the department requires, including the total wages paid to the employee during the preceding calendar year or any part thereof and showing the total amount of the federal income tax deducted and withheld from such wages and the total amount of the tax deducted and withheld therefrom under the provisions of 15-30-201 through 15-30-209 *and 39-71-2503.*

(2) The annual statement filed by an employer with respect to the wage payments reported constitutes full compliance with the requirements of 15-30-301 relating to the duties of information agents, and no additional information return is required with respect to such wage payments.

(3) In addition to any other penalty provided by law, the failure of an employer to furnish a statement as required by subsection (1) subjects the employer to a penalty of $5 for each failure, provided that the minimum penalty for failure to file the statements required on or before February 28 of each year shall be $50. This penalty may be abated by the department upon a showing of good cause by the employer. The penalty may be collected in the same manner as are other tax debts."

Section 8. Section 39-71-406, MCA, is amended to read:

"**39-71-406. Deduction from wages of any part of premium a misdemeanor.** It is unlawful for the employer to deduct or obtain any part of any premium required to be paid by this chapter from the wages or earnings of ~~his~~ *the employer's* workers, and the making or attempt to make any such deduction is a misdemeanor. *The workers' compensation old fund liability tax under 39-71-2503 is not a premium for the purpose of this section.*"

Section 9. Section 39-71-2354, MCA, is amended to read:

"**39-71-2354. Use of ~~payroll~~ *old fund liability* tax proceeds — loans — bonds.** (1) Taxes collected under 39-71-2503 may be used only to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990, including the cost of repaying bonds issued and loan proceeds given under 39-71-2355 and this section. If the state fund determines that, for the next 1 or more years following the date of the determination, the tax revenue, together with funds in the account required by 39-71-2321 for claims for injuries resulting from accidents that occurred before July 1, 1990, will be insufficient to administer and pay those claims, the state fund may, through its board of directors, request the budget director to certify to the board of investments that additional funding is necessary. If the budget director agrees with the state fund's board of directors that additional funding is necessary, the budget director shall certify to the board of investments the amount that the budget director determines is necessary to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Except as provided in subsection (2), the board of investments shall, at times and in amounts it considers necessary or advisable, finance the amount certified by the budget director by giving the state fund the proceeds of a loan or a bond issue to administer and pay claims for injuries resulting from accidents that occurred before July 1, 1990. Loans must be from reserves accumulated from premiums paid to the state fund based upon wages payable on or after July 1, 1990. The board of investments shall choose the method of financing that is most cost-effective for the state fund. A loan must bear interest at the rate *that the board of investments determines* the money would earn ~~in the pooled investment fund required by 17-6-203~~ *if invested on behalf of the state fund.* The board of investments may also, upon request of the board of directors of the state fund, give the state fund the proceeds of a bond issue, to be used to pay off loans made under 39-71-2355 and this section. Bonds for the state fund must be workers' compensation bonds issued under 39-71-2355.

(2) The total amount of loan proceeds given to the state fund plus workers' compensation bonds issued under 39-71-2355, except bonds issued to repay loans as provided for in subsection (1), may not exceed $220 million. All loan and bond proceeds given to the state fund must be repaid to the board of investments before July 1, 2020."

Section 10. **Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 11. **Appropriations.** (1) There is appropriated $65,000 from the workers' compensation tax account to the state auditor for fiscal year 1993 for the purpose of making modifications to the state payroll system for an employee old fund liability tax. The unexpended balance of this appropriation is reappropriated for the same purpose to the department of administration for fiscal year 1994.

(2) There is appropriated $47,190 from the workers' compensation tax account to the department of revenue for fiscal year 1993 for the purpose of implementing an employee old fund liability tax.

(3) There is appropriated $170,000 in fiscal year 1994 and $120,000 in fiscal year 1995 from the workers' compensation tax account to the department of revenue for the purpose of administering an employee old fund liability tax.

Section 12. **Codification instruction.** [Section 5] is intended to be codified as an integral part of Title 39, chapter 71, and the provisions of Title 39, chapter 71, apply to [section 5].

Section 13. **Applicability.** The employers' and the employees' portions of the old fund liability tax imposed by [sections 4 and 5] commence on July 1, 1993.

Section 14. **Retroactive applicability.** The workers' compensation old fund liability tax imposed on sole proprietors, subchapter S. corporation shareholders, partners of partnerships, and members and managers of limited liability companies applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 1992.

Section 15. **Name change — directions to code commissioner.** Wherever the phrase "payroll tax" appears in Title 39, chapter 71, or in legislation enacted by the 1993 legislature that is intended to be codified in Title 39, chapter 71, the code commissioner is directed to change the phrase to "old fund liability tax".

Section 16. **Effective date.** [This act] is effective on passage and approval.

Approved May 13, 1993.

CHAPTER NO. 639

[HB 567]

AN ACT ESTABLISHING ADDITIONAL REQUIREMENTS FOR AN AIR QUALITY PERMIT FOR COMMERCIAL MEDICAL WASTE AND COMMERCIAL HAZARDOUS WASTE INCINERATORS; REQUIRING THE BOARD OF HEALTH AND ENVIRONMENTAL SCIENCES TO ADOPT RULES; COORDINATING THE PERMITTING PROCESS FOR AIR QUALITY AND SOLID AND HAZARDOUS WASTE PERMITS; REQUIRING A DISCLOSURE STATEMENT; ESTABLISHING CRITERIA FOR THE DENIAL OR ALTERATION OF A PERMIT; AMENDING SECTIONS 75-2-103, 75-2-211, AND 75-2-215, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

STATEMENT OF INTENT

A statement of intent is required for this bill because [section 4] directs the board of health and environmental sciences to adopt rules establishing additional permit requirements for commercial medical waste and commercial hazardous waste incinerators. The rules adopted must ensure that the public is protected from potential exposure to chlorinated dioxins, furans, heavy metals, and carcinogens as a result of the incineration of medical waste and hazardous waste and must provide for the implementation of the additional permit requirements contained in 75-2-211, 75-2-215, and [sections 4 through 6], as well as the coordination of those requirements with the permitting requirements contained in 75-2-211 and 75-2-215.

It is the intent of the legislature that the department coordinate the application review process and issuance of permits between the air quality bureau and the solid and hazardous waste bureau for incinerators that must receive both an air quality permit and a solid waste management license or a hazardous waste permit. In coordinating the permitting process of these two bureaus, the department shall also coordinate the environmental review process conducted pursuant to Title 75, chapter 1, part 1. At the discretion of the department, this coordination may be accomplished by preparing a joint environmental review document.

The legislature has not provided for definitions of lowest achievable emission rate and best available control technology in this legislation. It is the intent of the legislature that these terms be construed and applied in a manner that is consistent with the definitions contained in the federal Clean Air Act, 42 U.S.C. 7401, et seq. In adopting rules to implement this legislation, the board shall include rules defining these terms.

Finally, the legislature understands that the retroactive applicability of this bill will subject permit applicants, who have begun but not completed the permitting process, to the provisions of this bill. While the legislature understands that compliance with the provisions of this bill will require additional time and resources from the applicant, it is not the intent of the legislature that this legislation unnecessarily delay the permitting process or unnecessarily increase the permitting costs.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-2-103, MCA, is amended to read:

"**75-2-103. Definitions.** Unless the context requires otherwise, in this chapter the following definitions apply:

(1) "Advisory council" means the air pollution control advisory council provided for in 2-15-2106.

(13) "Principal" means a principal of a corporation, including but not limited to a partner, associate, officer, parent corporation, or subsidiary corporation."

Section 2. Section 75-2-211, MCA, is amended to read:

"**75-2-211. Permits for construction, installation, alteration, or use.** (1) The department shall provide for the issuance, suspension, revocation, and renewal of a permit issued under this part.

(2) For all sources of air contaminants that are subject to the provisions of Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended, the provisions of this section apply in addition to the other applicable provisions of this chapter.

(a) The board shall by rule require that permits issued to sources described in subsection (2) be of limited duration, but it may not limit the duration of the permits beyond that required by the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended.

(b) The board shall by rule provide for the renewal of permits issued to the sources.

(c) The board shall by rule establish a transition schedule for air quality permits held by sources of air contaminants subject to the provisions of subsection (2). The transition schedule must specify dates for the expiration of the permits, absent an application for renewal by the source. The transition schedule may not specify expiration dates that are earlier in time than those required by Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended. The transition schedule established by the board also applies to existing sources of air contaminants that are subject to the provisions of Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended, and that do not hold an air quality permit from the department as of November 2, 1992.

(3) Not later than 180 days before construction, installation, or alteration begins or as a condition of use of any machine, equipment, device, or facility ~~which~~ *that* the board finds may directly or indirectly cause or contribute to air pollution or ~~which~~ *that* is intended primarily to prevent or control the emission of air pollutants, the owner or operator shall file with the department the appropriate permit application on forms available from the department.

(4) Concurrent with the submittal of a permit application required by subsection (3) and annually for the duration of the permit, the applicant shall submit to the department a fee sufficient to cover the reasonable costs, both direct and indirect, of developing and administering the permitting requirements in this chapter, including the reasonable costs of:

(a) reviewing and acting upon the application;

(b) implementing and enforcing the terms and conditions of the permit if the permit is issued. However, this amount does not include any court costs or other costs associated with any enforcement action. If the permit is not issued, the department shall return this portion of the fee to the applicant.

(c) emissions and ambient monitoring;

(d) preparing generally applicable regulations or guidance;

(e) modeling, analysis, and demonstrations; and

(f) preparing inventories and tracking emissions.

(5) In addition to the fee required under subsection (4), the board may order the assessment of additional fees required to fund specific activities of the department that are directed at a particular geographic area if the legislature authorizes the activities and appropriates the funds for the activities, including emissions or ambient monitoring, modeling analysis or demonstrations, or emissions inventories or tracking. Additional assessments may be levied only on those sources that are within or are believed by the department to be impacting the geographic area. Before the board may require the assessments, it shall first determine, after opportunity for hearing, that the activities to be funded are necessary for the administration or implementation of this chapter, that the assessments apportion the required funding in an equitable manner, and that the department has obtained legislative authorization for the expenditure and the necessary appropriation.

(6) As a condition of the continuing validity of permits issued by the department under this part prior to October 1, 1991, the department may require the permitholder to pay an annual fee sufficient to cover the costs identified in subsection (4).

(7) For any existing source of air contaminants that is subject to Title V of the federal Clean Air Act, 42 U.S.C. 7401, et seq., as amended, and that is not required to hold an air quality permit from the department as of October 1, 1991, the board may, as a condition of continued operation, require by rule that the owner or operator of the source pay the annual fee provided for in subsection (4). ~~Nothing in this~~ *This* subsection may *not* be construed as allowing the department to charge any source of air contaminants more than one annual fee that is designed to cover the costs identified in subsection (4).

(8) The fees collected by the department pursuant to this section must be deposited in the state special revenue fund to be appropriated by the legislature to the department for the development and administration of the permitting requirements in this chapter.

(9) (a) The department shall give written notice of the amount of the fee to be assessed and the basis for the department's fee assessment under this section to the owner or operator of the air contaminant source. The owner or operator may appeal the department's fee assessment to the board within 20 days after receipt of the written notice.

(b) An appeal must be based upon the allegation that the fee assessment is erroneous or excessive. An appeal may not be based only on the amount of the fee schedule adopted by the board.

(c) If any part of the fee assessment is not appealed, it must be paid to the department upon receipt of the notice in subsection (9)(a).

(d) The contested case provisions of the Montana Administrative Procedure Act provided for in Title 2, chapter 4, apply to any hearing before the board under this subsection (9).

(10) ~~Nothing in this~~ *This* section ~~shall~~ *does not* restrict the board's authority to adopt regulations providing for a single air quality permit system.

(11) The department may, for good cause shown, waive or shorten the time required for filing the appropriate applications.

(12) The department shall require that applications for permits be accompanied by any plans, specifications, and other information it considers necessary.

(13) An application is not considered filed until the applicant has submitted all fees and information and completed all application forms required by subsections (3) through (7) and (12). However, if the department fails to notify the applicant in writing within 30 days after the purported filing of an application that the application is incomplete and fails to list the reasons why the application is considered incomplete, the application is considered filed as of the date of the purported filing.

(14) (a) ~~Where~~ *If* an application for a permit requires the compilation of an environmental impact statement under the Montana Environmental Policy Act, the department shall notify the applicant in writing of the approval or denial of the application within:

(i) 180 days of the receipt of a filed application, as defined in subsection (13), if the department prepares the environmental impact statement; or

(ii) within 30 days after issuance of the final environmental impact statement by the lead agency if a state agency other than the department has been designated by the governor as lead agency for preparation of the environmental impact statement.

(b) However, ~~where~~ *when* an application does not require the ~~compilation~~ *preparation* of an environmental impact statement, the department shall notify the applicant in writing within 60 days of the receipt of a filed application, as ~~defined~~ *provided* in subsection (13), of the approval or denial of the application. Notification of approval or denial may be served personally or by ~~registered or~~ certified mail on the applicant or ~~his~~ *the applicant's* agent.

(c) If an application for a permit is for the construction, installation, alteration, or use of a source that is also required to obtain a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, the department shall act on the permit application within the time period provided for in 75-2-215(2)(e).

(15) When the department approves or denies the application for a permit under this section, a person who is jointly or severally adversely affected by the department's decision may request, within 15 days after the department renders its decision, upon affidavit setting forth the grounds ~~therefor~~, a hearing before the board. A hearing ~~shall~~ *must* be held under the provisions of the Montana Administrative Procedure Act.

(16) The department's decision on the application is not final unless 15 days have elapsed and there is no request for a hearing under this section. The filing of a request for a hearing postpones the effective date of the department's decision until the conclusion of the hearing and issuance of a final decision by the board."

Section 3. Section 75-2-215, MCA, is amended to read:

"**75-2-215. Solid or hazardous waste incineration — additional permit requirements.** (1) A person may not construct, modify, or operate a solid or hazardous waste incinerator of any of the following categories until the department has issued an air quality permit pursuant to this chapter, including the conditions provided in this section:

(a) a new solid or hazardous waste incinerator that is designed to burn more than 200 pounds an hour of solid or hazardous waste; or

(b) an existing or permitted solid or hazardous waste incinerator that is designed to burn more than 200 pounds an hour of solid or hazardous waste and that incinerates or would incinerate solid or hazardous waste in an amount, form, kind, or content different from its designed or permitted operation or that incinerates or would incinerate any solid or hazardous waste that changes the nature, character, or composition of its emissions.

(2) The department may not issue a permit to a facility described in subsection (1) until:

(a) the owner or operator has provided to the department's satisfaction:

(i) a characterization of emissions and ambient concentrations of air pollutants, including hazardous air pollutants, from any existing incineration at the facility; and

(ii) an estimate of emissions and ambient concentrations of air pollutants, including hazardous air pollutants, from the incineration of solid or hazardous waste as proposed in the permit application or modification;

(b) if a license is required pursuant to 75-10-221 or a permit is required pursuant to 75-10-406, the applicant has published, in the county where the project is proposed, at least three notices, in accordance with the procedures identified in 7-1-4127(2) and 7-1-4128(2), describing the proposed project;

~~(b)~~*(c) if a license is required pursuant to 75-10-221 or a permit is required pursuant to 75-10-406, the department has conducted a public hearing on an environmental review prepared pursuant to Title 75, chapter 1, and, as appropriate, provided additional opportunities for* the public ~~has had an opportunity~~ to review and comment on the permit application or modification; ~~and~~

~~(c)~~*(d)* the department has reached a determination that the projected emissions and ambient concentrations will constitute a negligible risk to the public health, safety, and welfare and to the environment*; and*

(e) the department has issued a license pursuant to 75-10-221 or a permit pursuant to 75-10-406, if a license or permit is required. The decision to issue, deny, or alter a permit pursuant to 75-2-211 and 75-2-215 must be made within 30 days from when the department issues a license pursuant to 75-10-221 or a permit pursuant to 75-10-406 or within 90 days after the receipt of a complete application for a permit or a permit alteration under 75-2-211, 75-2-215, and this section, whichever is later.

(3) The department shall require the application of air pollution control equipment, engineering, or other operating procedures as necessary to provide

reductions of air pollutants, including hazardous air pollutants, equivalent to or more stringent than those achieved through the best available control technology.

(4) This section does not relieve an owner or operator of a solid or hazardous waste incinerator that is not included under subsection (1) from the obligation to obtain any permit otherwise required under this chapter or rules implementing this chapter."

Section 4. **Medical waste and hazardous waste incineration — additional permit requirements.** (1) Because of the potential formation of chlorinated dioxins, furans, heavy metals, and carcinogens as a result of the incineration of medical waste and hazardous waste and the potential health risk these chemicals pose, the board shall adopt rules establishing additional permit requirements for commercial medical waste and commercial hazardous waste incinerators. For the purposes of this section, the term "commercial medical waste incinerator" does not include hospital or medical facility incinerators that primarily incinerate medical waste generated onsite. The board shall adopt rules that:

(a) regulate the type and amount of plastic and other materials in the medical waste stream and hazardous waste stream that may be a source of chlorine, in order to minimize the potential creation of chlorinated dioxins, furans, heavy metals, and carcinogens;

(b) require commercial medical waste and commercial hazardous waste incinerators to achieve the lowest achievable emission rate, except when best available control technology is adequate to prevent exceeding the allowable daily intake standards, as determined pursuant to subsection (3), for dioxins, furans, heavy metals, and other carcinogens;

(c) implement the requirements of subsection (2), including establishing procedures and standards for the collection of high quality scientific information and for the submission of the information by the applicant;

(d) establish procedures for the monitoring, testing, and inspection of:

(i) the medical waste stream and hazardous waste stream, including possible precursors to the formation of chlorinated dioxins, furans, heavy metals, and carcinogens;

(ii) combustion, including destruction and removal efficiencies; and

(iii) emissions, including continuous emission monitoring and air pollution control devices; and

(e) are necessary to implement the provisions of this section and to coordinate the requirements under this section with the requirements contained in 75-2-211 and 75-2-215.

(2) A person who applies for an air quality permit or alteration pursuant to 75-2-211 and 75-2-215 for a commercial medical waste or commercial hazardous waste incinerator shall provide, to the satisfaction of the department, the following information:

(a) a dispersion model of emissions, using approved methods, and those studies that are necessary to identify the potential community exposure;

(b) an analysis of the potential pathways for human exposure to air contaminants, particularly chlorinated dioxins, furans, heavy metals, and other carcinogens, including the potential for inhalation, ingestion, and physical contact by the affected communities; and

(c) a quantitative analysis of the estimated total possible human exposure to chlorinated dioxins, furans, heavy metals, and carcinogens for the affected communities.

(3) The department may not issue or alter an air quality permit pursuant to this chapter until the department has determined, based upon an analysis of the information provided by the applicant pursuant to subsection (2) and other necessary and relevant data, that the public health risk from chlorinated dioxins, furans, heavy metals, and other carcinogens will not exceed appropriate federal standards for allowable daily intake, as determined by the department after a review of established and relevant federal standards and guidelines.

(4) This section may not be construed in any way to:

(a) require the board to promulgate standards for the allowable daily intake of any substances for which the federal government has not established standards;

(b) allow the board to promulgate standards for the allowable daily intake of any substances for which the federal government has established standards that are more stringent than the federal standards; or

(c) limit or otherwise impair the duty of the department under 75-2-215 to determine that emissions and ambient concentrations will constitute a negligible risk as required by 75-2-215(2)(d), including emissions and ambient concentrations of dioxins, furans, heavy metals, and carcinogens, before issuing an air quality permit pursuant to 75-2-211 and 75-2-215.

Section 5. **Disclosure statement required.** (1) An air quality permit for a commercial medical waste or commercial hazardous waste incinerator may not be issued, transferred, or altered pursuant to 75-2-211 and 75-2-215 without an application under this section. Before an application for the issuance, transfer, or alteration of a permit under 75-2-211 and 75-2-215 for a commercial medical waste or commercial hazardous waste incinerator may be approved, the applicant and each principal with respect to the applicant shall submit to the department a disclosure statement containing the following information:

(a) the name, business address, and social security number of the applicant and each principal;

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-18-301, MCA, is amended to read:

"**2-18-301. Purpose and intent of part — rules.** (1) The purpose of this part is to provide the market-based compensation necessary to attract and retain competent and qualified employees in order to perform the services the state is required to provide to its citizens.

(2) It is the intent of the legislature that compensation plans for state employees, excluding those employees excepted under 2-18-103 or 2-18-104 and

excluding employees compensated under 2-18-313, 2-18-314, and 2-18-315, be based on an analysis of the labor market as provided by the department in a salary survey report to the legislature at the start of each legislative session.

(3) Except as provided in 2-18-110 and 2-18-305(4), pay schedules provided for in 2-18-312 through 2-18-315 supersede any other plan or systems established through collective bargaining after the adjournment of the ~~52nd~~ *53rd* legislature.

(4) Pay levels provided for in 2-18-312 through 2-18-315 may not be increased through collective bargaining after adjournment of the ~~52nd~~ *53rd* legislature.

(5) Total funds required to implement the pay schedules provided for in 2-18-312 through 2-18-315 for any employee group or bargaining unit may not be increased through collective bargaining over the amount appropriated by the ~~52nd~~ *53rd* legislature.

(6) The department shall administer the pay program established by the legislature on the basis of merit, internal equity, and competitiveness to external labor markets when fiscally able.

(7) The department may promulgate rules not inconsistent with the provisions of this part, collective bargaining statutes, or negotiated contracts to carry out the purposes of this part."

Section 2. Section 2-18-303, MCA, is amended to read:

"**2-18-303. Procedures for utilizing pay schedules.** (1) The pay schedules provided in 2-18-312 must be implemented as follows:

(a) The pay schedules provided in 2-18-312 indicate the entry salary and market salary for the fiscal years ending June 30, ~~1992~~ *1994*, and June 30, ~~1993~~ *1995*, for each grade for positions classified under the provisions of part 2 of this chapter.

(b) Each employee newly hired by the state of Montana must be hired at the entry rate, except as provided in subsections ~~(7) and (8)~~ *(6) and (7)*.

(c) Except as provided in subsection ~~(1)(g)~~ *(1)(e)*, on the first day of the first complete pay period in fiscal year ~~1992~~ *1994*, each employee hired before July 1, ~~1991~~ *1993*, is entitled to the amount of ~~his~~ *the employee's* base salary as it was on June 30, ~~1991~~ *1993.*~~, plus the following increases:~~

~~(i) an increase of 60 cents an hour above the employee's base salary as it was on June 30, 1991; and~~

~~(ii) an additional increase of 1/8 of 1% of his base salary as it is after the 60-cent-an-hour increase, for each full percentage point that the employee's base salary, as it is after the 60-cent-an-hour increase, is below the market salary for the employee's assigned grade.~~

(d) Except as provided in subsection ~~(1)(g)~~ *(1)(e)*, on the first day of the first *complete* pay period in ~~fiscal year 1993, each employee hired before July 1, 1992, is entitled to the amount of the employee's base salary as it was on June 30, 1992~~ *January 1995, each employee hired before January 1, 1995, is entitled to* *the amount of the employee's base salary as it was on December 31, 1994, plus 1.5%.*~~, plus an increase calculated as follows:~~

~~(i) add 45 cents an hour to the employee's base salary as it was on June 30, 1992; then~~

~~(ii) add an amount equal to 1/8 of 1% of the amount computed in subsection (1)(d)(i) for each full percentage point that the employee's base salary, as it is after the 45-cent-an-hour increase, is below the market salary for the employee's assigned grade; then~~

~~(iii) from the sum calculated in subsection (1)(d)(ii), subtract 20 cents an hour.~~

~~(e) Except as provided in subsection (1)(g), on the first day of the first pay period in January 1993, each employee hired before January 1, 1993, is entitled to the amount of the employee's base salary as it was on December 31, 1992, plus an increase of 20 cents an hour above the employee's base salary as it was on December 31, 1992.~~

~~(f) The department shall determine the number of full percentage points that an employee's base salary is below the market salary by dividing the employee's base salary by the market salary for his assigned grade, multiplying the result by 100, and subtracting that total from 100.~~

~~(g)~~*(e)* An employee's base salary may be no less than the entry salary for ~~his~~ *the employee's* assigned grade.

~~(h)~~*(f)* ~~Except as provided in subsections (5) through (8), an~~ *An* employee's base salary may not exceed the ~~market~~ *maximum* salary ~~by a percentage greater than the percentage that the market salary~~ for the employee's ~~grade exceeds the entry salary for that~~ grade. The salary of an employee may not be reduced because of this provision.

(g) The maximum salary for each grade is determined by subtracting the entry salary from the market salary and adding that amount to the market salary.

(2) The pay schedules provided in 2-18-312 and the provisions of subsection (1) do not apply to those teachers, liquor store occupations, or blue-collar occupations compensated under the pay schedules provided in 2-18-313 through 2-18-315.

(3) The pay schedules provided in 2-18-313 through 2-18-315 must be implemented as follows:

(a) (i) The pay schedules provided for in 2-18-313 indicate the annual compensation for the contracted school term for teachers employed under the authority of the department of corrections and human services or the department of family services for fiscal years ~~1992~~ *1994* and ~~1993~~ *1995.*

(ii) The compensation of each teacher on the first day of the first pay period in July ~~1991~~ *1993* is ~~that amount corresponding to~~ *determined by* the teacher's level of academic achievement and years of experience.

(iii) On the first day of the first *complete* pay period of each fiscal year, each teacher shall advance one step on the appropriate pay schedule adopted in 2-18-313.

(iv) On the first day of the first complete pay period of each fiscal year, each teacher employed by the Montana school for the deaf and blind shall advance one step on the teacher pay matrix used by the school.

(b) (i) The pay schedules provided in 2-18-314 indicate the maximum hourly compensation for fiscal years ending June 30, ~~1992~~ *1994*, and June 30, ~~1993~~ *1995*, for those employees in liquor store occupations who have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year ~~1992~~ *1994* or ~~1993~~ *1995* is that amount corresponding to the grade occupied on the last day of the preceding fiscal year.

(c) (i) The pay schedules provided in 2-18-315 indicate the maximum hourly compensation for fiscal years ending June 30, ~~1992~~ *1994*, and June 30, ~~1993~~ *1995*, for employees in apprentice trades and crafts and other blue-collar occupations recognized in the state blue-collar classification plan who are members of units that have collectively bargained separate classification and pay plans.

(ii) The compensation of each employee on the first day of the first pay period in fiscal year ~~1992~~ *1994* or ~~1993~~ *1995* is that amount corresponding to the grade occupied on the last day of the preceding fiscal year.

~~(4) (a) (i) A member of a bargaining unit may not receive the amounts indicated in the respective pay schedules provided in 2-18-312 through 2-18-315 until the bargaining unit of which he is a member ratifies a completely integrated collective bargaining agreement covering the biennium ending June 30, 1993.~~

~~(ii) If negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) are not completed by July 1, 1991, retroactivity to that date may be negotiated.~~

~~(iii) If negotiation and ratification of a completely integrated collective bargaining agreement as required by subsection (4)(a)(i) are not completed by July 1, 1991, members of the bargaining unit involved must continue to receive the compensation they were receiving as of June 30, 1991.~~

~~(b) Methods of administration not inconsistent with the purpose of this part and necessary to properly implement the pay schedules provided in 2-18-312 through 2-18-315 may be provided for in collective bargaining agreements.~~

~~(5)~~*(4)* The current wage or salary of an employee may not be reduced by the implementation of the pay schedules provided for in 2-18-312 through 2-18-315.

~~(6)~~*(5)* The department may authorize a separate pay schedule for medical doctors if the rates provided in 2-18-312 are not sufficient to attract and retain fully licensed and qualified physicians at the state institutions.

~~(7)~~*(6)* The department may develop programs that enable the department to mitigate problems associated with difficult recruitment, retention, transfer, or other exceptional circumstances. Insofar as the program may apply to employees within a collective bargaining unit, it is a negotiable subject under 39-31-305. ~~To maintain the internal equity of the statewide pay plan provided for in 2-18-312 and subsection (1) of this section, when a majority of registered nurses classified under the provisions of part 2 of this chapter have been granted a pay plan exception through a collectively bargained agreement, then all other classified registered nurses, including those employed in the university system, must be paid a salary equivalent to the salary negotiated in the negotiated agreement, except that in no case may the salary of a classified registered nurse be reduced by this provision.~~

~~(8)~~*(7)* The department shall review the competitiveness of the compensation provided to all occupations under this part. If the department finds that substantial problems exist with recruitment and retention because of inadequate salaries when compared to competing employers, the department may establish criteria allowing an adjustment in pay or classification to mitigate the problems. Insofar as these adjustments may apply to employees within a collective bargaining unit, the implementation of these adjustments is a negotiable subject under 39-31-305."

Section 3. Section 2-18-305, MCA, is amended to read:

"**2-18-305. Allocation between wages and group benefits.** (1) The dollar amounts shown in the respective pay schedules provided in 2-18-313, 2-18-314, and 2-18-315 represent the maximum amount allocated by the state for wages and group benefits, exclusive of longevity as defined in 2-18-304 for an employee covered by a pay schedule provided in 2-18-313, 2-18-314, or 2-18-315.

(2) Except as provided in subsection (4), the amount specifically allocated for group benefits must be determined by 2-18-703.

(3) (a) An employee covered under the pay schedules provided in 2-18-312 who elects not to be covered by a state employee group benefit plan under the provisions of 2-18-703 must receive as wages ~~his~~ *the employee's* base salary, including adjustments provided in 2-18-303(1)(c) ~~through~~ *and* ~~(1)(e)~~ *(1)(d)* and 2-18-304.

(b) An employee covered under the pay schedules provided in 2-18-313, 2-18-314, or 2-18-315 who elects not to be covered by a state employee group benefit plan shall, under the provisions of 2-18-703, receive as wages the amount shown in the appropriate pay schedule less the state contribution for group benefits as determined by 2-18-703.

(4) Employees may, through collective bargaining, determine the allocation between wages and group benefits, except that in no case may the group benefits allocation be less than the amounts provided in 2-18-703."

Section 4. Section 2-18-312, MCA, is amended to read:

10-70. Telephone calls. (1) Long distance telephone calls made by a member while the Legislature is in session or the member is in travel status are considered official legislative business. These include, but are not limited to, calls made to constituencies, places of business, and family members.

(2) Session staff, including aides and interns, may use telephones for long distance calls only if specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring members and supervisors are accountable for use of state telephones by their staff, including aides and interns, and may not authorize others to use state phones.

objection to the correction by filing the objection in writing within 24 hours after receipt of the notice.

(4) If a committee is the sponsor of a bill or resolution, any committee member designated by the chair may be the principal sponsor for the purpose of this section. If a committee has proposed an amendment, the chair is the principal sponsor for the purpose of this section.

30-20. Voting in joint committees. (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(1) If either house requests a conference and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as above. A free conference committee may discuss a bill in its entirety and is not confined to a particular amendment.

30-40. Conference committee — enrolling. A conference committee report shall give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

30-50. Committee consideration of appropriation bills. (1) All bills providing for an appropriation of public money may first be considered by a joint committee composed of the members of the Senate Committee on Finance and Claims and the House Committee on Appropriations, and then by each separately.

(2) Meetings of the joint committee must be held upon call of the chair of the House Committee on Appropriations, who is chair of the joint committee.

30-60. Estimation of revenue. (1) The Revenue Oversight Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature.

(2) Meetings of the Revenue Oversight Committee for purposes of estimating revenue must be held upon the call of the chair. The Revenue Oversight Committee shall issue periodic reports to each of the houses, indicating the committee's current revenue projections.

30-70. Oversight of joint legislative agencies and committees. The President of the Senate, the Speaker of the House, and the minority leaders of the Senate and the House comprise a legislative management committee which shall meet from time to time at the request of one of its members to review and oversee the activities of joint agencies and committees of the legislative branch established by law or resolution. The committee may consider, without limitation, matters concerning jurisdictional disputes between joint agencies and committees, agency salary schedules and employment policies, and any other matter bearing upon the efficient operation of the legislative branch. The committee may make such recommendations as it chooses to the appropriate authority or the Legislature.

CHAPTER 40
Legislation

40-10. Amendment to state constitution. A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

40-20. Appropriation bills. (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Committee on Appropriations.

40-30. Effective dates. (1) Every statute, except one that provides for appropriation by the Legislature of public funds for a public purpose, takes effect on October 1 following its passage and approval, unless a different time is prescribed therein.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval, unless a different time is prescribed therein.

(3) A joint resolution takes effect on its passage unless a different time is prescribed therein (sections 1-2-201 and 1-2-202, MCA).

40-40. Bill requests and introduction — limits and procedures. (1) Prior to a regular session, a person entitled to serve in that session, hereafter referred to as a "member", is entitled to request bill drafting services from the Legislative Council, subject to the following limits:

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Council for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Council. At least two of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) Bills and resolutions must be reviewed by the staff of the Legislative Council prior to introduction for proper format, style, and legal form. The staff of the Legislative Council shall store bills on the automated bill drafting equipment and shall print and deliver them in duplicate to the requesting members. The original bill cover must be signed to indicate review by the Legislative Council. A bill may not be introduced unless it is so signed.

(3) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it in duplicate to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name. In each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(4) Any bill proposed by a legislative committee or introduced by request of an administrative or executive agency or department must be so indicated by placing after the names of the sponsors the phrase "By Request of the .... (Name of committee or agency)".

(5) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Council. Actual signatures of persons entitled to serve as members in the ensuing session may appear on the face of the preintroduced bill, or signatures may be obtained on a consent form from the Legislative Council and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Council to be included on the face of the bill following standing committee approval.

(6) All preintroduced bills must be made available to the public.

40-50. Schedules for drafting requests and bill introduction. The following schedules must be followed for submission of drafting requests and introduction of bills and resolutions.

40-60. Joint resolutions. (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request an interim study by a legislative subcommittee;

(c) adopt, amend, or repeal the joint rules;

(d) set salaries and other terms of employment for legislative employees;

(e) approve construction of a state building under section 18-2-102 or 20-25-302, MCA;

(f) deal with disasters and emergencies under Title 10, specifically as provided in sections 10-3-302(3), 10-3-303(3), 10-3-303(4), and 10-3-505(5), MCA;

(h) declare or terminate an energy emergency under section 90-4-310, MCA;

(i) ratify or propose amendments to the United States Constitution; or

(j) advise or request the repeal, amendment, or adoption of a rule in the Administrative Rules of Montana.

(2) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(3) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

40-70. Bills with same purpose — vetoes. (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

40-80. Reproduction of full statute required. A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

40-90. Bills — original purpose. A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

40-100. Fiscal notes. (1) As provided in Title 5, chapter 4, part 2, MCA, all bills reported out of a committee of the Legislature having an effect on the revenues, expenditures, or fiscal liability of the state, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Council staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction, shall determine the need for the note, based on the Legislative Council staff recommendation.

(2) Unless the requesting member directs otherwise, the Legislative Council shall deliver three copies of any bill for which it has been determined a fiscal note may be necessary to the state Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request.

(3) The Budget Director, in cooperation with the agency or agencies affected by the bill, is responsible for the preparation of the fiscal note. The Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall refer it to the committee considering the bill. All fiscal notes must be reproduced and placed on the members' desks.

(5) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(6) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(7) A fiscal note also may be requested on a bill and on an amendment by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor, through the presiding officer.

(8) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

40-110. Sponsor's fiscal note. (1) If a sponsor elects to request the preparation of a sponsor's fiscal note pursuant to section 5-4-204, MCA, the sponsor shall make the election as provided and return the completed sponsor's fiscal note to the presiding officer within 4 days of the election.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note.

(3) Upon receipt of the completed sponsor's fiscal note, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the note

must be identified as a sponsor's fiscal note, reproduced, and placed on the members' desks.

(4) The Legislative Council shall provide forms for preparation of sponsors' fiscal notes and shall print the completed sponsors' fiscal notes on a different color paper than the fiscal notes prepared by the Budget Director.

40-120. Substitute bills. (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

40-130. Reading of bills. Prior to passage a bill must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title.

40-140. Second reading — bill reproduction. (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

40-150. Engrossing. (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed. Committee of the Whole amendments must be included in the engrossed bill. The bill must be placed on the calendar for third reading on the succeeding legislative day.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it may be engrossed without reprinting. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee or Committee of the Whole in the second house, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading consideration. The amendments also must be reproduced and attached to the reference bill. If the bill passes on third reading, copies of the reference bill and second house amendments must be distributed in the original house.

40-160. Enrolling. (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken. The history of the bill also must be enrolled and placed with the bill in a white manuscript cover, upon which is written the number of the bill and the title. The Legislative Council staff shall file a copy of the history with the law library.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Council.

40-170. Amendment by second house. (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

40-180. Final action on a bill. When a bill being heard by the second house has received its third reading or has been rejected, the second house must transmit it as soon as possible to the original house with notice of the second house's action.

40-190. Transmittal of bills between houses. (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

40-200. Transmittal deadlines. (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills originating in the Senate must be transmitted to the House on or before the 71st legislative day.

(ii) House amendments to Senate revenue bills must be transmitted by the House to the Senate on or before the 82nd legislative day.

(iii) Revenue bills originating in the House must be transmitted to the Senate on or before the 71st legislative day.

(iv) Senate amendments to House revenue bills must be transmitted by the Senate to the House on or before the 82nd legislative day.

(v) A revenue bill is one that either increases or decreases revenue.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted no later than the 60th legislative day.

(b) Amendments to the resolutions must be transmitted to the house of origin no later than the 82nd legislative day.

(3) Interim study resolutions, bills repealing or directing the amendment or adoption of administrative rules, and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

40-210. Governor's veto. (1) Each bill passed by the Legislature must be submitted to the Governor for the Governor's signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 5 days after its delivery if the Legislature is in session or within 25 days if the Legislature is adjourned, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

40-220. Response to Governor's veto. (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

40-230. Governor's recommendations for amendment. (1) The Governor may return any bill to the Legislature with recommendations for amendment.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for reconsideration.

The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

CHAPTER 60
Rules

60-10. Suspension of joint rule — change in rules. (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Council:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

(b) copies of all minutes and reports of the Rules Committees.

60-20. Reference to Mason's Manual. Mason's Manual of Legislative Procedure (1989) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

60-30. Publication and distribution of joint rules. (1) The Legislative Council shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Council shall distribute copies as directed by the Senate and the House of Representatives.

CHAPTER 70

Statement of Legislative Intent

70-10. Definition. (1) For the purpose of compliance with the Legislative History Act (Title 5, chapter 4, part 4, MCA), a statement of legislative intent regarding a bill must express the common understanding of those components of the Legislature voting on the bill.

(2) This statement differs from a purpose clause, which is used in general to describe the broad overall objectives of a bill. A statement of intent is used to guide the details of interpretation by those charged with implementation of the bill and is phrased in terms of contingencies, examples, or other matter inappropriate for expression as statutory language.

70-20. Limitation. A statement of intent may not accompany any bill that does not statutorily require one unless a committee (standing committee, Committee of the Whole or conference committee) agrees by a two-thirds vote to attach the statement.

70-30. Statement of intent to accompany bill — when — how. A statement of intent must accompany a bill as follows:

(1) A statement of intent is required for a bill delegating new rulemaking or licensing authority.

(2) A statement of intent must be included with the introduced bill for a bill requiring one. If a bill is found to require a statement of intent at any time in the legislative process, a statement of intent may be added under the procedure for amending a bill.

(3) A statement of intent must be included as a part of the bill between the title and the enacting clause under the heading "Statement of Intent".

70-40. Modification. Any committee considering a bill may recommend amendment of a previous statement of intent or recommend inclusion of a statement of intent. The statement of intent must be reflected in the history of the bill.

70-50. Conference committee on statement of intent only. (1) If the second house concurs in a bill without amendments but amends or supersedes a previous statement of intent, the bill may not be enrolled until both houses have agreed on a statement of intent. If the statement of intent is attached to a bill that does not statutorily require one, the conference committee can delete the statement in its entirety.

(2) A new statement of intent written by the second house must be processed in the same manner as a second house amendment.

(3) A regular conference committee may be appointed solely to resolve differences of intent if the second house's statement of intent is not so accepted.

Adopted January 21, 1993.

SENATE JOINT RESOLUTION NO. 11

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING CONGRESS TO REGULATE THE COST OF PRESCRIPTION DRUGS.

WHEREAS, the cost of prescription drugs has risen at an alarming rate far surpassing inflation; and

WHEREAS, prescription drugs are a necessity of life for the individuals who are required to take them; and

WHEREAS, many pharmaceutical manufacturers sell the same drug at widely varying prices to different distributors, charging the highest prices and making the greatest profits on drugs sold to community pharmacies; and

WHEREAS, classes of drug distributors other than community pharmacies do not often pass on their lower prices from pharmaceutical manufacturers but retain much of the differential as profit; and

WHEREAS, the simple principle of the Robinson-Patman Anti-Discrimination Act, that sellers' prices to different customers should not vary for other than good commercial reasons, would cure much of what is wrong with pharmaceutical pricing were that Act not weakened by unduly broad exemptions; and

WHEREAS, Congress has forced pharmaceutical manufacturers to rebate a portion of the excess profits they realize from differential pricing to the states' Medicaid programs, and these rebates to the Montana Medicaid program have approached $2.8 million a year; and

WHEREAS, extension of the principles of the Act to all pharmaceutical pricing would extend similar benefits to all consumers; and

WHEREAS, the cost of prescription drugs often falls most heavily on those least able to afford the runaway cost increases in the price of prescription drugs, including senior citizens and others on fixed incomes; and

WHEREAS, the affordability of prescription drugs is a problem impacting every American.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Congress be urged to pass legislation extending the Robinson-Patman Anti-Discrimination Act to the pricing of prescription drugs by pharmaceutical manufacturers and to otherwise regulate excessive pricing of prescription drugs so that all Americans have access to affordable health care that allows them to live in a manner that does not involve forgoing other necessities of life.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation, the Secretary of Health and Human Services, and Senator David Pryor of Arkansas.

Adopted March 31, 1993.

That the Department of Administration rename the Labor and Industry Building the "Walt Sullivan Building".

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Department of Administration and to the Department of Labor and Industry so that appropriate plaques or signs designating the building as the "Walt Sullivan Building" may be prepared.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Governor, the Director of the Department of Labor and Industry, Mrs. Linda Sullivan, and the publisher of each newspaper in the state.

Adopted March 11, 1993.

SENATE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING MONTANA HIGH SCHOOLS TO COMMEMORATE MONTANA LOCAL GOVERNMENT DAY.

WHEREAS, the operations of city and county governments profoundly affect the day-to-day lives of Montana citizens; and

WHEREAS, city and county officials are more accessible to local citizens than state or federal officials; and

WHEREAS, city and county governments provide excellent opportunities for citizens to participate in government through numerous boards and commissions; and

WHEREAS, the study of city and county governments is essential for the high school students of today who will become the voters and the elected officials of tomorrow.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That Montana high schools be encouraged to set aside one day each spring as Montana Local Government Day.

(2) That each high school create a program within its government class to improve student awareness of city and county governmental operations.

(3) That city and county governments assist in establishing a local government program in local high schools.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Superintendent of Public Instruction, the Montana School Boards Association, the Montana Association of Counties, and the Montana League of Cities and Towns for inclusion in their respective newsletters.

Adopted March 16, 1993.

SENATE JOINT RESOLUTION NO. 15

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF ALTERNATIVE METHODS FOR ENFORCING THE STATE HUMAN RIGHTS LAWS IN MONTANA; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 54TH LEGISLATURE.

WHEREAS, the current administrative system for enforcing the Montana human rights laws is cumbersome and creates long delays for all parties in cases involving complaints of unlawful discrimination; and

WHEREAS, the current administrative system is not completely effective at ensuring that the state's interest in eliminating discrimination is carried out; and

WHEREAS, there are alternative enforcement models; and

WHEREAS, the Legislature has not studied alternatives to the present enforcement system; and

WHEREAS, in order to best serve the public, a thorough study of alternative methods of enforcing the state human rights laws should be conducted.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That an appropriate interim committee be assigned to study:

WHEREAS, in 1991 the United States Congress enacted Public Law 102-240, the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA), that made substantial changes to the procedures by which the construction and maintenance of public highways are funded and in the ways in which public highways are designated; and

WHEREAS, Montana's statutes and administrative rules rely on federal restrictions, requirements and guidelines that existed prior to the enactment of ISTEA, which reliance becomes confusing within the context of the current federal restrictions, requirements, and guidelines; and

WHEREAS, Montana has enacted laws allowing the lease or rental of highway information signs; and

WHEREAS, the lease or rental of highway information signs is becoming an increasingly lucrative endeavor; and

WHEREAS, the State of Montana, through the Department of Transportation, should do everything within its authority to maximize the income to Montana from the lease or rental of highway information signs; and

WHEREAS, the responsibility for maintaining various highways and streets was established by statute in 1977; and

WHEREAS, over the years inefficiencies have developed whereby counties and cities are maintaining sections of highways that could be more efficiently maintained by the Department of Transportation; and

WHEREAS, the Department of Transportation maintains sections of highways that could be more efficiently maintained by counties or cities; and

WHEREAS, the highway system between Billings and Great Falls has the potential to greatly enhance the economic vitality of both communities and the state in general; and

WHEREAS, without substantial upgrades to the existing highway system between Billings and Great Falls, the state risks forfeiting significant improvements to the Montana transportation system and the potential economic benefits attendant to a highly usable transportation system between two of the state's largest urban and economic centers that stand as gateways to other economic centers.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Department of Transportation is hereby requested to review, prior to October 1, 1994:

(1) the federal restrictions, requirements, and guidelines resulting from the enactment of ISTEA and prepare recommendations to the 54th Legislature for revising Montana's statutes and administrative rules to comport with ISTEA;

The Department shall prepare a written report encompassing the condition of the highway and the improvements made and planned to be made. The report must include cost estimates, a tentative schedule, the types of improvements, and a means of financing the construction or reconstruction. This report must be made available to the Legislature on or before December 1, 1994.

BE IT FURTHER RESOLVED, that the Department of Transportation is further requested to recommend implementing legislation, which is to be initially prepared by the Department and formally requested before October 1, 1994, for introduction in the 54th Legislative Session.

WHEREAS, that service was with great distinction and honor, and its course took him in defense of the principles for which this nation stands into combat in Indochina, Korea, and Southeast Asia; and

WHEREAS, during the course of his duty there, it was announced that he was "missing in action, believed captured by hostile forces"; and

WHEREAS, in recent months, Colonel Dean Andrew Pogreba's military identification and Geneva Convention cards and fingerprints were found in the archives of a war museum in Hanoi, Vietnam; and

SENATE JOINT RESOLUTION NO. 20

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE MONTANA CONGRESSIONAL DELEGATION, THE CONGRESS, AND THE PRESIDENT TO OPPOSE THE NORTH AMERICAN FREE TRADE AGREEMENT UNTIL CERTAIN PROVISIONS ARE INCLUDED IN THE AGREEMENT AND ITS ENACTING LEGISLATION.

WHEREAS, the State of Montana has a vital interest in protecting and expanding the growth of jobs and industry in Montana and the United States; and

WHEREAS, the State of Montana has seen a "free trade" agreement with Canada result in the decline of Montana's durum wheat and natural gas markets; and

WHEREAS, the North American Free Trade Agreement (NAFTA) is designed to create a "free trade" bloc between the United States, Canada, and Mexico; and

WHEREAS, the United States, Canada, and Mexico have vastly different standards of living, wage structures, workers-rights protections, health standards, safety standards, environmental standards, and regulatory climates; and

WHEREAS, the NAFTA may threaten U.S. workers by permitting inexpensive, largely unregulated Mexican labor to produce duty-free goods, which are now produced in U.S. factories, for export into the United States; and

WHEREAS, many agricultural issues remain unresolved with Canada from the U.S.-Canada Free Trade Agreement, such as transportation and energy resource subsidies, the maintenance of import licenses that block U.S. wheat and barley export to Canada, and the Canadian Wheat Board's secretive control of prices and exclusion of imports, and a new agreement should not be signed until those issues are resolved; and

WHEREAS, the NAFTA, as currently negotiated, would adversely affect Montana and U.S. agriculture by:

(1) allowing Mexico to flood U.S. markets with cheap sugar, unfairly competing with Montana's sugar beet industry;

(2) allowing Mexican commodities produced with 58 pesticides banned in the United States, such as DDT, to compete with Montana agricultural producers whose pesticide use is regulated;

(3) encouraging U.S. meat packing plants to move their operations to Mexico to take advantage of lower safety and sanitation standards because NAFTA exempts Mexico from the Meat Import Act of 1979; and

(4) unduly limiting the ability of the United States to implement domestic programs to foster the farm and rural economy;

(5) immediately eliminating the tariff on feeder cattle imported from Mexico and potentially increasing imports of Mexican feeder cattle by 100%, which would equal 10% of all cattle on feed in the U.S., thereby preempting the Meat Import Act of 1979, which limits beef imports in the U.S. and, as a result, allows Mexico to ship more of its current domestic production to the U.S. and to supply Mexico's domestic demand with cheaper imported beef and undermines consumer confidence in the safety of the imported beef, thereby placing greater strain on the already overburdened and underfunded U.S. border inspection system and threatens livestock feeding operations by driving closely associated meatpacking plants to Mexico; and

WHEREAS, NAFTA, as currently negotiated, would drive down U.S. per capita income, tax revenue, and standards of living by pitting U.S. workers against exploited workers in Mexico where workers:

(1) are routinely paid less than $1 an hour compared with an average wage of $14.31 an hour for U.S. workers;

(2) do not have minimum wage and hour protection;

(3) are forced to work in unsafe and unsanitary conditions and do not have occupational health and safety protections;

(4) do not have protection against the exploitation of child labor; and

(5) are routinely blacklisted for organizing to better their working conditions; and

WHEREAS, NAFTA, as currently negotiated, contains no provisions to correct lax Mexican environmental standards or to address the existing environmental degradation of the United States/Mexican border where:

(1) carcinogens, such as methylene chloride at levels 215,000 times the U.S. standards, are found in irrigation channels around existing industrial parks;

(2) hazardous breakdowns, such as styrene and ethylbenzene from industrial plants and industrial pesticides, are found in biologic testing of stillborn infants; and

(3) air emissions have contained toxic chemicals, such as benzene at levels of 200 times and toluene at 56 times U.S. standards; and

WHEREAS, state environmental laws could be undermined by unrelated foreign policy concerns because states are not included in any dispute mechanisms between the federal government and foreign governments; and

WHEREAS, state laws on banking and insurance may be in conflict with the final agreement and would have to be changed, with possible detriment to the citizens of the State of Montana; and

WHEREAS, NAFTA, as currently negotiated, contains no provisions to discourage U.S. companies from relocating to Mexico; and

WHEREAS, NAFTA, as currently negotiated, contains no provisions for retraining of U.S. workers displaced by the effects of "free trade"; and

WHEREAS, U.S. workers have already lost more than 500,000 jobs to Mexico; and

WHEREAS, projections show that at least another 500,000 jobs will be lost to Mexico under the current NAFTA.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the members of the Montana Delegation to the United States Congress be urged to oppose the North American Free Trade Agreement as currently negotiated.

BE IT FURTHER RESOLVED, that the Montana Legislature strongly urge the Montana Delegation to the United States Congress to continue to oppose the North American Free Trade Agreement until the agreement and its enacting legislation provide for:

(1) protection of worker rights, minimum wage and hour standards, occupational safety and health standards;

(2) the elimination of child labor;

(3) remedial action to address environmental degradation of the border area;

(4) increased enforcement of environmental laws and regulations in the United States, Canada, and Mexico;

(5) protection against imports of food products exposed to agricultural chemicals that are banned in the United States;

(6) protection for import-sensitive industries in the United States;

(7) the denial of trade benefits to U.S. companies that transfer production to Mexico;

(8) programs to provide real help to U.S. workers displaced by trade policies; and

(9) increased border inspections for meat safety, protection against Mexican imports of beef from Europe and South America and Canadian imports of beef from Australia, and protection against the flooding of the U.S. feeder market.

BE IT FURTHER RESOLVED, that the Secretary of State forward copies of this resolution to the United States Senate, the United States House of Representatives, the President, and each member of the Montana Congressional Delegation.

Adopted April 5, 1993.

WHEREAS, failure of this Legislature to take either mandated action will result in the withholding of federal-aid highway funds; and

SENATE JOINT RESOLUTION NO. 31

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF INSURANCE-RELATED PROBLEMS, INCLUDING THE HIGH COST OF MEDICAL MALPRACTICE INSURANCE, PROPOSALS FOR GENERAL TORT REFORM, AND GENERAL QUESTIONS INVOLVING PUBLIC AND PRIVATE LIABILITY ISSUES; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 54TH LEGISLATURE.

WHEREAS, several bills have been introduced in the 53rd Legislative Session requesting immunity from liability for various groups, including private enterprises relating to various occupations as well as governmental agencies; and

WHEREAS, several bills relating to tort reform have been introduced in the 53rd Legislative Session; and

WHEREAS, it is reported that, in Montana, many rural and urban areas are having difficulty in obtaining and retaining health providers, particularly those practicing in the area of obstetrics and gynecology; and

WHEREAS, there is evidence that doctors and other health care providers, businesses, and others may have difficulty obtaining insurance coverage and liability protection at reasonable rates; and

WHEREAS, as the cost of insurance continues to grow, it continues to consume a larger percentage of income and is approaching the point of placing liability protection out of the reach of businesses and individuals in Montana; and

WHEREAS, the high cost of insurance may seriously threaten the provision of certain goods and services to the state's citizens; and

WHEREAS, proposed solutions to the complex problems of insurance coverage and protection and public and private tort liability are not easily identified and adequate and effective solutions may not be obtainable within the pressures of a legislative session; and

WHEREAS, a thoughtful and reasoned study of the myriad aspects of insurance costs and availability, tort reform proposals, and public and private liability, in addition to other studies that are specific to other subject matters that are being proposed in this 53rd Legislative Session, would aid in the solution of these complex issues.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That a special joint interim committee, to which the full subpoena power of the Legislature and the Legislative Council is extended, be assigned to study and to prepare legislation, if recommended, to address:

(a) insurance problems, including the cost of medical malpractice insurance and how to make insurance coverage and protection available to Montana citizens at a reasonable cost;

(b) the effectiveness of various tort reform proposals; and

(c) general questions involving public and private liability, including but not limited to the issues of public and private immunity, punitive damages, structured settlements, joint and several liability, caps on damage awards, attorney fees, reinsurance, and penalties for bringing frivolous lawsuits.

(2) That, when appropriate, the study be coordinated with the study of tort reform and defensive medicine provided for in Senate Bill No. 285.

Adopted April 21, 1993.

SENATE JOINT RESOLUTION NO. 33

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT THE REVENUE OVERSIGHT COMMITTEE CONDUCT AN INTERIM STUDY OF SPECIAL IMPROVEMENT DISTRICT FINANCING AND RURAL SPECIAL IMPROVEMENT DISTRICT FINANCING; AND DIRECTING THE COMMITTEE TO REPORT ITS FINDINGS TO THE 54TH LEGISLATURE.

WHEREAS, counties and cities and towns typically establish revolving funds for the purpose of securing bonds issued for special improvement districts and rural special improvement districts; and

WHEREAS, a recent District Court opinion determined that a county is not liable for the payment of bond and warrant principal and interest when a special improvement district or a rural special improvement district is insolvent and when loans made from the revolving fund have no chance of being repaid; and

WHEREAS, other states use different methods to protect bondholders and taxpayers if an improvement district is unable to meet its bond obligations, and these methods should be examined by the Legislature; and

WHEREAS, the Legislature last substantively addressed the financing of special improvement districts and rural special improvement districts 12 years ago; and

WHEREAS, major changes have occurred in the use of bonds and warrants for the financing of improvement districts during the last 12 years; and

WHEREAS, the Revenue Oversight Committee is an appropriate committee to conduct an interim study of improvement district financing.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Revenue Oversight Committee be assigned to conduct an interim study of special improvement district and rural special improvement district financing in Montana.

BE IT FURTHER RESOLVED, that the Committee in its study:

(1) review Montana's special improvement district and rural special improvement district financing laws, including legislative histories and judicial interpretations; and

(2) consider other methods used by other states, including methods used by Utah, Wyoming, and Colorado, for securing bonds issued by improvement districts.

BE IT FURTHER RESOLVED, that the Committee, in its deliberations, solicit the knowledge and advice of bond experts and local government officials.

BE IT FURTHER RESOLVED, that the Committee report the findings of the study to the 54th Legislature and present options for legislative consideration if the Committee determines that options are necessary.

Adopted April 20, 1993.

SENATE JOINT RESOLUTION NO. 34

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE ENVIRONMENTAL QUALITY COUNCIL TO CONDUCT AN INTERIM STUDY OF THE MANAGEMENT AND DISPOSAL OF HAZARDOUS WASTE IN MONTANA AND TO REPORT ITS FINDINGS TO THE 54TH LEGISLATURE.

WHEREAS, the 1993 Legislature has addressed a variety of waste management issues, including regulation of waste incineration, medical waste, waste facility siting, funding for waste management permitting and enforcement, air quality aspects of waste management, and public involvement in waste management decisions; and

WHEREAS, all nonexempt quantities of hazardous waste generated in the State of Montana are exported for disposal elsewhere; and

WHEREAS, the burning of hazardous waste in cement kilns has been a contentious and divisive issue throughout the 53rd Legislative Session; and

WHEREAS, because Montana's waste management laws have been adopted in a piecemeal fashion, there has been no comprehensive examination of the integration of all of Montana's hazardous and special waste management regulations; and

WHEREAS, the Environmental Quality Council has longstanding involvement in solid and hazardous waste management issues, including discussions nearly 10 years ago of the need for a state facility for hazardous waste disposal and including the successful completion of a comprehensive solid waste management study that resulted in the adoption of extensive legislation during the 1991 Legislative Session.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Environmental Quality Council be requested to give priority to the study of the management and disposal of hazardous waste.

(2) That the study include but not be limited to a review of:

(a) hazardous waste reduction and recycling strategies;

(b) the feasibility of both public and private hazardous waste disposal options;

(c) the need for siting criteria for hazardous waste management facilities;

(f) the adequacy of the current regulatory framework for the management and disposal of hazardous waste in Montana.

(3) That the Environmental Quality Council consult with federal, state, and local officials, industries, citizens, and other persons or groups with expertise or interest in hazardous waste management.

(4) That the Environmental Quality Council report its findings and recommendations to the 54th Legislature.

Adopted April 22, 1993.

HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ESTABLISHING AN OFFICIAL ESTIMATE OF THE STATE'S ANTICIPATED REVENUE FOR EACH YEAR OF THE 1994-95 BIENNIUM FOR THE PURPOSE OF ACHIEVING A BALANCED BUDGET AS MANDATED BY ARTICLE VIII, SECTION 9, OF THE MONTANA CONSTITUTION; ACCEPTING A JUNE 30, 1992, GENERAL FUND AND STATE EQUALIZATION ACCOUNT BALANCE THAT WAS ESTABLISHED BASED ON GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; REQUESTING THE GOVERNOR'S OFFICE OF BUDGET AND PROGRAM PLANNING TO USE THE REVENUE ES-

TIMATES CONTAINED IN THIS RESOLUTION AS OFFICIAL REVENUE ESTIMATES FOR FISCAL YEARS 1993-94 AND 1994-95; AND ESTABLISHING AN ESTIMATE OF THE NONGENERAL FUND REVENUES FOR THE STATE EQUALIZATION ACCOUNT.

WHEREAS, Article VI, section 9, of the Montana Constitution requires the Governor to submit to the Legislature a budget for the ensuing fiscal period, containing in detail for all operating funds the proposed expenditures and estimated revenue of the state; and

WHEREAS, Article VIII, section 9, of the Montana Constitution prohibits the Legislature from appropriating funds in excess of the anticipated revenue of the state; and

WHEREAS, section 5-18-107(5), MCA, requires the Revenue Oversight Committee to estimate the amount of revenue projected to be available for legislative appropriation and to introduce a house joint resolution setting forth the Committee's current revenue estimate for the biennium; and

WHEREAS, section 5-12-302(6), MCA, requires the Office of the Legislative Fiscal Analyst to assist the Revenue Oversight Committee in its revenue estimating duties; and

WHEREAS, due to the complexity of economic variables involved in revenue forecasting and the diversity of sources from which state revenues are obtained, it has become increasingly difficult to project revenues in order to prepare a balanced budget for the ensuing biennium; and

WHEREAS, the Office of the Legislative Fiscal Analyst has projected a current law general fund budget deficit of $215 million; and

WHEREAS, the revenue estimates contained in this resolution provide the basis for a comprehensive analysis of the state's financial condition; and

WHEREAS, it is in the best interests of the state that revenue forecasts be discussed and arrived at in public hearings at which all the people may attend and participate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state general fund revenue for fiscal years 1993, 1994, and 1995 is estimated to be $533,587,000, $474,821,000, and $488,540,000, respectively. The school foundation revenue for fiscal years 1993, 1994, and 1995 is estimated to be $404,603,000, $393,186,000, and $401,535,000, respectively.

BE IT FURTHER RESOLVED, that the Legislature accept for budget purposes the unreserved fund balance of $24,486,000 for the general fund and $2,552,000 for the state equalization account, prepared according to generally accepted accounting principles as published in the audited state financial statements as of June 30, 1992.

BE IT FURTHER RESOLVED, that the Governor's Office of Budget and Program Planning use the revenue estimates (and the underlying assumptions) contained in this resolution as the official revenue estimates for fiscal years 1993-94 and 1994-95.

BE IT FURTHER RESOLVED, that the Legislature, in considering House Bill No. 671, intends that the inflation factor applied to personal exemptions and the standard deductions be one-half of the change in the consumer price index.

BE IT FURTHER RESOLVED, that if House Bill No. 671 is passed and approved in substantially the same form as it passed the Senate on April 20, 1993, and if Senate Bill No. 235 is not passed and approved by the electorate, then it is the intention of the Legislature, in order to accurately reflect the financial condition of the state, that adjustments to the revenue estimates contained in this resolution take into account the inflation factor of one-half of the change in the consumer price index as intended in House Bill No. 671.

GENERAL FUND AND STATE EQUALIZATION ACCOUNT REVENUE

The projections for total general fund and state equalization account revenue during the 1994-95 biennium are based on an assumption of a continuation of Montana law as it existed on January 1, 1993.

The revenue estimates contained in the following tables are based on the assumptions stated previously in this resolution and those listed in the following tables.

HOUSE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING MONTANA STATE UNIVERSITY'S FAMILY NURSE PRACTITIONER PROGRAM DEVELOPMENT.

WHEREAS, there is a growing need for well-prepared primary health care providers in Montana; and

WHEREAS, years of effort to provide rural areas with physicians have not been successful; and

WHEREAS, properly prepared nurse practitioners can provide, independently or in collaboration with physicians, comprehensive health care services, such as wellness screens, health counseling, illness management, and early disease detection for all age groups; and

WHEREAS, national and state-level initiatives, such as the approval of third-party reimbursement and prescriptive privileges for nurse practitioners, have begun to remove the barriers to nurse practitioners providing health care services; and

WHEREAS, quality nursing care has dramatically reduced mortality and morbidity rates; and

WHEREAS, nurse practitioners can help reduce the costs of health care by emphasizing illness prevention and providing home health care; and

WHEREAS, the Montana State University College of Nursing has an accredited master's degree nursing program that is nationally recognized for excellence in rural health care, which can provide the basis for a family nurse practitioner program in Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state encourage the citizens of Montana to endorse and support the efforts of the Montana State University College of Nursing to develop a family nurse practitioner program in Montana.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Board of Regents, the President of Montana State University, the Dean of the College of Nursing at Montana State University, and the publisher of each daily newspaper in the state.

Adopted March 25, 1993.

HOUSE JOINT RESOLUTION NO. 5

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA MAKING RECOMMENDATIONS TO THE MONTANA DISTRICTING AND APPORTIONMENT COMMISSION FOR THE REDRAWING OF THE PLAN FOR LEGISLATIVE DISTRICTS.

WHEREAS, a Montana Districting and Apportionment Commission was appointed in 1989; and

WHEREAS, Article V, section 14, of the Montana Constitution provides for legislative review of and recommendations on the plan for reapportionment of legislative districts prior to the plan becoming law; and

WHEREAS, the constitutionally stated time for legislative recommendations on the plan for the reapportionment of legislative districts is within 30 days of the plan being submitted to the Legislature; and

WHEREAS, the plan for reapportionment of legislative districts directly impacts every citizen of Montana; and

WHEREAS, substantial public comment and objections were received concerning the legislative reapportionment plan; and

WHEREAS, the Legislature recognizes the concerns of Native Americans and is committed to their expanded involvement in the political process; and

WHEREAS, the Legislature recognizes the Districting and Apportionment Commission's effort to enhance and maintain Native American majority districts by adopting five house districts and a senate district in which Native Americans constitute a majority of the district population; and

WHEREAS, the Legislature has reviewed the plan for the reapportionment of legislative districts and chooses to return its recommendations to the Montana Districting and Apportionment Commission in the form of a joint resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Montana Districting and Apportionment Commission be requested to consider and adopt the recommendations of the Legislature. The Legislature recommends that the Commission consider the amendments:

(1) requested by Senator Rea in Gallatin County to move the eastern boundary of House District 33 in Gallatin County from Bench Road and Table Mountain Road to the east side of the Madison River using the Buffalo Jump Road north to Logan, skirting Logan on the southwest and following the Gallatin River to the headwaters of the Missouri River. This amendment moves 281 people from House District 32 to House District 33. The reason for this amendment is to maintain a community of interest and to use a boundary that is easier to identify. (Exhibit #1)

(2) requested by Senator Hockett and Representative Bachini in Hill County to move the western boundary of House District 92 in Hill County from the current district boundary to Highway 87 south to just north of Box Elder where House District 92 includes a small area west of Highway 87. This amendment moves 37 people from House District 92 to House District 90. The percentage of Native Americans in House District 92 improves slightly to 58.82% of total population and 52.37% of voting-age population. The reason for this amendment is to use a boundary that is easier to identify. (Exhibit #2)

(3) requested by Representative McCaffree in Rosebud County to move the western boundary of House District 3 from Highway 14 and the road north of Vananda to the Yellowstone River west of Forsyth and the county line. This amendment moves 259 people from House District 7 to House District 3. The reason for this amendment is to maintain the community of interest that these people share with Forsyth. (Exhibit #3)

(4) requested by Representative Sayles in Missoula County to move the northern boundary of House District 62 from South Avenue to North Avenue and Edwards Avenue. This amendment moves 300 people from House District 70 to House District 62. The reason for this amendment is to place these people within the district that is most similar to the current district represented by Representative Sayles. (Exhibit #4)

(5) requested by Senator Bartlett in Lewis and Clark County to move the southern boundary of House District 54 from La Grande Cannon Boulevard to a ridge line on Mount Helena. This amendment moves 59 people from House District 53 to House District 54. The reason for this amendment is to keep a neighborhood in the same district and move the district boundary to a better geographical boundary. (Exhibit #5)

(6) requested by Representative Elliott in Sanders County to move the boundary of House District 72 south of Plains from the Clark Fork River to follow Highway 200 past Paradise to where it intersects the Clark Fork River at which point the boundary follows the river south. This amendment moves 32 people from House District 71 to House District 72. The reason for this amendment is to keep people from the community of Plains in the same district. (Exhibit #6)

(7) requested by Senator Pipinich in Missoula County to move a portion of the southern boundary of House District 69 from I-90 to north of Highway 200 east of East Missoula and to have the boundary follow the Clark Fork River to the adopted boundary. This amendment moves 257 people from House District 69 to House District 58. The reason for this amendment is to keep Senator Pipinich in the district to which the Commission assigned him as a holdover Senator. If the amendment is not adopted he will have no right to run in the district to which he has been assigned. (Exhibit #7)

(8) requested by Representative Wagner in Flathead County to move the southwest boundary of House District 83 from Highway 2 (east/west) and Hilltop Road to Highway 2 (north/south) and Brunner Road. This amendment moves 183 people from House District 79 to House District 83. The reason for this amendment is to keep people together currently in the same district. (Exhibit #8)

(9) requested by Representative Molnar in Yellowstone County to move the northwest boundary of House District 22 from King Avenue and Canyon Creek to the Molt Road. This amendment also brings the southern boundary of House District 8 in Yellowstone County to Molt Road. Both of these amendments move the western boundary of House District 9 east toward Billings. This amendment moves 268 people from House District 9 and places 23 people in House District 8 and 245 people in House District 22. The reason for this amendment is to keep people with a community of interest together and to use a boundary that is easier to identify. (Exhibit #9)

(10) requested by Representative Galvin in Cascade County to move the northern boundary of House District 48 to I-15 west of Great Falls and place the fairgrounds in House District 48. This amendment moves 81 people from House District 47 to House District 48. The reason for this amendment is to place people with a community of interest in the same district. (Exhibit #10)

(11) requested by Representative Driscoll in Yellowstone County to move the eastern boundary of House District 17 from I-90 and Washington Avenue south of I-90 to follow King Avenue to Sugar Avenue and follow Garden Avenue east and north to Belknap Avenue to the Yellowstone River where it meets the adopted boundary. This amendment moves 141 people from House District 13 to House District 17. The reason for this amendment is to place people with a community of interest in the same district. (Exhibit #11)

All of the above amendments to the plan maintain a plus or minus 5% deviation which is one of the mandatory criteria adopted by the Commission.

Adopted February 9, 1993.

HOUSE JOINT RESOLUTION NO. 6

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING IMMEDIATE CONSTRUCTION OF NURSING HOME FACILITIES AT THE VETERANS' CENTER AT FORT HARRISON, MONTANA.

WHEREAS, the population of elderly citizens of the United States is growing steadily, and this growth is reflected in the increased number of aged veterans of military service; and

WHEREAS, the State of Montana sent more of its citizens per capita into military service during World War I, World War II, the Korean Conflict, and the Vietnam War than any other state; and

WHEREAS, the need for care for elderly citizens, including veterans, is an ever more urgent concern that is particularly manifested in the increasing need among veterans, because of their advancing age, for nursing home beds; and

WHEREAS, the 26 nursing home beds in the Veterans' Center at Miles City are the only nursing home beds available in Montana to answer the needs of the 108,000 veterans who live in Montana; and

WHEREAS, there are no other veterans' nursing home bed facilities within 500 miles of the Veterans' Center at Fort Harrison, Montana; and

WHEREAS, in July 1980, 361 additional veterans in 65 towns and cities in the Veterans' Medical and Regional Office Center's Catchment Area were identified by name, address, and diagnosis for which the veteran required nursing home care; and

WHEREAS, this deplorable lack of nursing home beds has been ignored by federal officials for the past 33 years, and the situation is acute, disgraceful, and costly; and

WHEREAS, responsible federal officials of the veterans' central office have ignored the need for additional nursing home beds and have delayed the commencement of construction at the Veterans' Center at Fort Harrison, Montana, of nursing home facilities, which construction was first scheduled to begin in 1979 and has since been postponed approximately six times, with the latest target date having been 1992 or some time in the future; and

WHEREAS, more than 50% of Montana's veterans reside within 135 miles of the Veterans' Center at Fort Harrison, Montana, making it the ideal central location for the nursing home, which common sense should dictate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Montana's Congressional Delegation be urged to press for immediate construction of adequate nursing home facilities adjacent to the Veterans' Center at Fort Harrison, Montana, in order that Montana's battle-scarred and disabled veterans will not be forced to sell their homes and exhaust their savings to pay out-of-pocket costs for care that they are entitled to receive from the government they served.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Secretary of the Department of Veterans' Affairs, each member of Montana's Congressional Delegation, the presiding officers of the Committees on Veterans' Affairs of the United States Senate and House of Representatives, and the Governor of the State of Montana.

Adopted March 29, 1993.

HOUSE JOINT RESOLUTION NO. 10

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CANADIAN GOVERNMENT TO KEEP THE ENTRY STATION AT CARWAY OPEN 16 HOURS A DAY.

WHEREAS, although U.S. Highway 89 is an important route from the State of Montana into the Province of Alberta, the port of entry station at Carway is open only one-third of each day; and

WHEREAS, the nearest alternate 24-hour highway crossing of the boundary between the United States and the Province of Alberta is located 135 miles away at Sweetgrass; and

WHEREAS, U.S. Highway 89 is a principal avenue of commercial traffic, interruption of which for any period of time seriously impedes economic activity; and

WHEREAS, U.S. Highway 89 is a major thoroughfare for skiers, business people, tourists, and other traffic between Alberta and Montana, encouragement of which is a significant factor in stimulating the economies of both Montana and the Province of Alberta; and

WHEREAS, the Montana Department of Transportation is proposing to the Federal Highway Administration that U.S. Highway 89 north of Browning, Montana, be included as part of the National Highway System; and

WHEREAS, the restriction of hours at the port of entry station at Carway often cuts off the residents of Babb, Montana, from emergency medical services in Cardston, Alberta, during the winter months when the highway south to Browning, Montana, is frequently impassable because of bad weather; and

WHEREAS, because the port of entry station at Carway is open for only one-third of each day, students in Montana and students in Alberta cannot compete in extracurricular activities or sports unless they stay overnight in either Montana or Alberta; and

WHEREAS, the lack of staffing at the Canadian port of entry station at Carway contributes to serious law enforcement problems concerning illegal crossings; and

WHEREAS, any restriction of interchange between the United States and Canada hinders the enhancement of good neighborliness that has long been the distinguishing attribute of the relationship between the two countries.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Canadian Immigration and Naturalization Service and the Canadian Customs Service be encouraged to operate the port of entry station at Carway 16 hours each day.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Governor of the State of Montana, the Premier of the Province of Alberta, the Director General of Employment and Immigration Canada, the Minister of Employment and Immigration Canada, the United States Commissioner of Immigration and Naturalization Service, the United States Commissioner of Customs Service, the United States Department of Transportation, and each member of Montana's Congressional Delegation.

Adopted March 22, 1993.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RECOGNIZING AND URGING CONTINUED SUPPORT FOR THE NATIONAL ENVIRONMENTAL WASTE TECHNOLOGY TESTING EVALUATION CENTER IN BUTTE.

WHEREAS, the National Environmental Waste Technology Testing Evaluation Center (NEWTTEC) was established in Butte, Montana, to investigate, develop, and demonstrate cost-effective treatment technologies for mining, energy, defense-related, and other environmental wastes; and

WHEREAS, the United States Congress and federal agencies are providing increased financial and technical support for NEWTTEC in order to meet the critical national need to develop and test environmental waste remediation technology; and

WHEREAS, NEWTTEC provides increased economic benefits to Montana and environmental benefits to communities around the world that are adversely affected by waste and pollution; and

WHEREAS, NEWTTEC intends to provide facilities necessary for environmentally sound technology development in accordance with all applicable environmental requirements; and

WHEREAS, NEWTTEC promotes technology transfer to the private and public sectors and encourages the participation of industry, government agencies, the scientific community, and the public in activities at the Center; and

WHEREAS, NEWTTEC will examine and evaluate technologies to minimize the volume and toxicity of environmentally damaging waste currently being produced by industry; and

WHEREAS, there is a critical need for new environmental remediation technology; and

WHEREAS, NEWTTEC has a nucleus of scientific personnel drawn from government agencies, private industry, and institutions of higher education in Montana; and

WHEREAS, the further development of NEWTTEC can contribute significantly to environmental cleanup and economic development in the region, especially with regard to developing technology-based industries and associated opportunities; and

WHEREAS, the State of Montana wishes to be an important participant in the development of environmental technologies contributing to a cleaner United States and an enhanced global environment.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature acknowledge and support the creation and development of the National Environmental Waste Technology Testing and Evaluation Center in Butte, Montana, and recognize the importance of continued support for its further development.

(2) That the Legislature urge the United States Congress and appropriate federal agencies to continue full funding for the growth and development of NEWTTEC at the United States Department of Energy Component Development and Integration Facility in Butte, Montana.

(3) That copies of this resolution be sent by the Secretary of State to members of the Montana Congressional Delegation, to the Administrator of the United States Environmental Protection Agency, and to the Secretaries of the United States Departments of Energy, Defense, and the Interior.

Adopted March 22, 1993.

HOUSE JOINT RESOLUTION NO. 12

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES GOVERNMENT TO GRANT COMMONWEALTH STATUS TO GUAM.

WHEREAS, Guam seeks to protect the inalienable rights of its citizens through greater self-determination as part of the American territories through the establishment of a just political relationship between the people of Guam and the United States government; and

WHEREAS, Guam seeks to protect the rights of its people in areas of vital economic interest, such as land use, immigration, taxation, and the applicability of U.S. laws that constrain Guam's economic development; and

WHEREAS, it is in the interest of the United States that America's states, commonwealths, and territories be able to determine the course of their own communities within the American system; and

WHEREAS, the right to self-government is cherished and championed as a founding principle of the United States of America; and

WHEREAS, commonwealth status for Guam would guarantee citizenship status and protect the rights of and give a voice to the people of Guam in order that Guam may determine its own destiny under the principles and protection of the U.S. Constitution.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Montana support Guam's quest to become a commonwealth of the United States of America and strongly encourage the U.S. Congress and the President of the United States to grant commonwealth status to the people of Guam.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the Speaker of the U.S. House of Representatives, the President of the U.S. Senate, and the President of the United States.

Adopted March 4, 1993.

HOUSE JOINT RESOLUTION NO. 13

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING ESTABLISHMENT OF AN INTERIM COMMITTEE TO STUDY SOLUTIONS TO MISREPRESENTATIONS THAT OCCUR DURING POLITICAL CAMPAIGNS.

WHEREAS, an increasing number of campaigns for election of state or local public officials include untrue statements concerning the record of the incumbent or other untrue statements concerning the candidates made by the candidates themselves or political action committees; and

WHEREAS, the current deterrents to misrepresentations are primarily the candidate's signing of the code of fair campaign practices and the possible prosecution of a candidate for criminal libel; and

WHEREAS, these deterrents are without meaningful effect because the signing of the code of fair campaign practices is voluntary and its violation carries no criminal penalty and because there are few prosecutions for criminal libel; and

WHEREAS, the adoption of laws for the prior restraint of or penalty for factual misrepresentations in a political campaign must be done in a careful and thoughtful manner because of the implications for the first amendment rights of candidates.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council establish an appropriate interim committee to study various means of preventing or controlling misrepresentations of fact in the course of campaigns for the election of public officials.

BE IT FURTHER RESOLVED, that the study include an examination of the methods used by other states in controlling misrepresentations of fact that occur during political campaigns.

BE IT FURTHER RESOLVED, that the study and recommendations of the committee be mindful of the protection afforded by the first amendment to the free expression of opinions and of other aspects of first amendment protections applicable during the course of a political campaign.

BE IT FURTHER RESOLVED, that the Commissioner of Political Practices be made a nonvoting member of the committee.

BE IT FURTHER RESOLVED, that the committee report its findings, conclusions, and options for legislation to the 54th Legislature.

Adopted April 2, 1993.

HOUSE JOINT RESOLUTION NO. 14

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING THE STATE FUND TO REDUCE THE WORKERS' COMPENSATION INSURANCE PREMIUMS FOR YEW BARK PEELERS AND TRANSPORTERS TO A LEVEL CONSISTENT WITH ACTIVITIES CARRYING SIMILAR RISKS TO WORKERS; AND REQUIRING A REPORT BY THE STATE FUND TO THE 54TH LEGISLATURE.

WHEREAS, taxol is used by Montana women and other women in the United States who are afflicted with ovarian cancer when other drugs are often not effective; and

WHEREAS, taxol is very scarce in the United States; and

WHEREAS, taxol is produced from the bark of yew brush, and the bark of yew brush can now be peeled in Montana to yield enough taxol to treat annually approximately 3,400 American women with ovarian cancer; and

WHEREAS, yew brush in Montana is a renewable resource; and

WHEREAS, a Montana harvester of yew bark employs approximately 250 people, and the bulk of the employees merely remove the bark from branches with putty knives; and

WHEREAS, the cost of peeling and transporting yew bark in Montana is double the cost in Washington, Oregon, and Idaho; and

WHEREAS, the State Fund is collecting $48 per $100 of paid wages in 1992, and the workers' compensation claims were only 12 cents per $100 of wages paid in 1992; and

WHEREAS, the cost for workers' compensation insurance is passed on to the cancer patients needing taxol, and the insurance cost represents 18% of the $695 cost per treatment or $124.06 of the cost of each treatment; and

WHEREAS, some women may be precluded from receiving taxol treatments because of the unnecessarily inflated price of the drug.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the peeling and transporting of yew bark is a desirable economic and humanitarian activity.

(2) That the State Fund is collecting unwarranted premiums by charging yew bark peelers and transporters the same rate as a logging and lumbering enterprise.

(3) That the unwarranted rates charged by the State Fund are a hardship on cancer victims and discourage the development of environmentally safe yew bark peeling in Montana.

(4) That the State Fund be directed to evaluate the premiums charged to yew bark peelers and transporters and to reduce the premiums to a level consistent with activities carrying a similar risk to workers and that the Legislature recognize that similar activities include hand carving and picking pine cones or mushrooms in the forest.

BE IT FURTHER RESOLVED, that the State Fund present a report on its activities consistent with this resolution to the 54th Legislature during its first month of assembly.

Adopted April 13, 1993.

HOUSE JOINT RESOLUTION NO. 15

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA COMMENDING THE CLINTON ADMINISTRATION FOR ITS DECISION GRANTING A WAIVER OF FEDERAL MEDICAID REQUIREMENTS FOR THE OREGON HEALTH PLAN; AND URGING FLEXIBILITY FOR OTHER STATES SEEKING WAIVERS UNDER THE MEDICAID PROGRAM.

WHEREAS, on August 3, 1992, the Bush administration denied Oregon's request for a waiver of the federal Medicaid requirements needed for the Oregon Health Plan to take effect; and

WHEREAS, many decisions regarding health care reform are subject to federal approval, and the denial of Oregon's request for a waiver was discouraging to other states working on progressive reform to provide their citizens with needed health care; and

WHEREAS, the federal government has opened the possibility of waivers on federal requirements, but the initial refusal to approve a waiver for Oregon's plan showed a reluctance to allow the states to take the lead in health care reform; and

WHEREAS, Oregon submitted a revised plan on November 13, 1992, seeking reconsideration of its waiver request; and

WHEREAS, on March 19, 1993, the Clinton administration granted Oregon's waiver request, allowing the state to implement the Oregon Health Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the President of the United States and the United States Secretary of Health and Human Services be commended for their decision granting the request for waiver of federal requirements for the Oregon Health Plan to reform the Oregon health care system.

(2) That the Clinton administration grant other states seeking waivers the flexibility needed to enable these states to try new or different approaches to the delivery of health care services or to reform the health care system.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to each member of Montana's Congressional Delegation, the United States Secretary of Health and Human Services, and the President of the United States.

Adopted April 13, 1993.

HOUSE JOINT RESOLUTION NO. 16

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE UNITED STATES CONGRESS AND PERTINENT FEDERAL AGENCIES TO RECOGNIZE THE SIGNIFICANT HISTORIC, MINING, SMELTING, LABOR, AND CULTURAL RESOURCES OF THE ANACONDA-BUTTE REGION OF MONTANA THROUGH APPROPRIATE NATIONAL DESIGNATION.

WHEREAS, Anaconda-Deer Lodge and Butte-Silver Bow are the sites of more than 100 years of living history of the early development of natural resources and the industrialization of America; and

WHEREAS, the cities of Anaconda and Butte have been recognized for their rich mining, smelting, social, labor, and ethnic history at the state and national levels; and

WHEREAS, Anaconda-Deer Lodge and Butte-Silver Bow make a significant contribution to understanding and interpreting the history of the great State of Montana; and

WHEREAS, the natural and cultural resources of the region have been inventoried, and an assessment has been made of the suitability of these resources for protection and interpretation; and

WHEREAS, Butte-Silver Bow has been designated a National Historic Landmark District by the United States Department of the Interior and is listed on the National Register of Historic Places, as are many sites in Anaconda-Deer Lodge; and

WHEREAS, consideration is currently being given to a more significant national designation of Anaconda-Deer Lodge and Butte-Silver Bow by the United States Department of the Interior under a variety of its programs; and

WHEREAS, many of these nationally significant mining and smelting sites are threatened by demolition, vandalism, natural deterioration, and proposed reclamation; and

WHEREAS, natural and cultural resources of Anaconda-Deer Lodge and Butte-Silver Bow can make a substantial contribution to economic development in the region, especially in regard to enhancing tourism opportunities; and

WHEREAS, there exists a critical need to develop a comprehensive and coordinated plan of action to protect and interpret the historic and cultural future of Anaconda-Deer Lodge and Butte-Silver Bow; and

WHEREAS, the successful implementation of a comprehensive and coordinated plan of action to protect and interpret the historic and cultural resources of Anaconda-Deer Lodge and Butte-Silver Bow will rely on a collaborative effort among a number of partners, including the federal government.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the State of Montana support the efforts of Anaconda-Deer Lodge and Butte-Silver Bow to secure the necessary federal designation by the United States Congress to ensure their participation in those applicable federal programs, including but not limited to:

(a) the National Labor Landmarks program; and

(b) the National Heritage Partnerships program.

(2) That the State of Montana encourage the United States Congress to authorize an alternative study to be conducted by the National Park Service. The purpose of the alternative study is to determine the suitability, significance, and feasibility of National Park Service involvement in the Anaconda-Butte cultural heritage program.

BE IT FURTHER RESOLVED, that the Secretary of State send a copy of this resolution to each member of the Montana Congressional Delegation, to the Secretary of Interior, to the director of the National Park Service, and to the presiding officer of the Senate Committee on Interior and Insular Affairs.

HOUSE JOINT RESOLUTION NO. 17

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THAT AN APPROPRIATE INTERIM OR STATUTORY COMMITTEE STUDY THE BENEFIT STRUCTURE AND POTENTIAL REVISIONS IN RETIREMENT BENEFIT OPTIONS FOR PUBLIC SAFETY AND SECURITY PERSONNEL.

WHEREAS, it is the Legislature's duty to provide Montana's public employees with financial security in retirement; and

WHEREAS, Montana has four separate retirement systems for certain public safety and security professions in recognition of the fact that certain professions have unique demands within the workplace and require special consideration in providing for retirement; and

WHEREAS, there are public safety and security occupations under the Public Employees' Retirement System that have professional demands that differ from the demands placed on general public employees; and

WHEREAS, a study of the retirement systems covering employees' public safety and security occupations will assist the Legislature in determining appropriate options for ensuring that retirement policy and benefits for public safety and security personnel are equitable and consistent.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council assign an appropriate interim or statutory committee to:

(1) identify the public safety and security occupations, such as the security positions at the Montana State Prison, that should be included in a review and considered for possible revisions in retirement benefit options;

(2) determine the appropriate benefit structure, service requirements, benefit formula, funding sources, and other relevant elements that are required to provide potential benefit options;

(3) solicit input from the Public Employees' Retirement Division, the general public, retirees and employees, and all public agencies that have public safety and security personnel;

(4) develop recommendations to address retirement issues affecting public safety and security personnel; and

(5) provide enabling legislation and any recommendations to the 54th Legislature.

BE IT FURTHER RESOLVED, that the committee may contract for the consulting services of a qualified actuary, if necessary.

HOUSE JOINT RESOLUTION NO. 18

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO ALLOW CERTAIN STATE AGENCIES TO BE SELECTED FOR A PILOT PROJECT ON LUMP-SUM BUDGETING FOR THE BIENNIUM BEGINNING JULY 1, 1995.

WHEREAS, government exists to provide to people services that the private sector cannot or will not provide; and

WHEREAS, the Legislature is the policymaking body that decides on behalf of the people of Montana which services state government can and must provide, consistent with the provisions of the Montana Constitution; and

WHEREAS, the Legislature enables the provision of these services by determining the missions and goals for Executive Branch agencies and by providing the fiscal resources necessary to achieve the missions and goals through agency budgets; and

WHEREAS, the Executive Branch agencies are responsible and accountable for achieving their missions and goals for providing services to Montana people within the constraints of their budgets; and

WHEREAS, the budget-setting process cannot anticipate and detail the individual actions necessary to achieve agency missions and goals in providing services to people; and

WHEREAS, state agency managers are hired specifically to bring about the individual actions necessary to achieve agency missions and goals in providing services to people; and

WHEREAS, the Legislature's present practice of establishing Executive Branch budgets includes detailed line items that direct and restrict agency spending; and

WHEREAS, the detailed spending directions and restrictions inhibit achievement of agency missions and goals by preventing agency managers from identifying and implementing creative alternatives for reaching their missions and goals and restrict the ability to respond to changed circumstances; and

WHEREAS, line-item budgets become an end rather than a means because they focus the energy, talents, and attention of agency managers on complying with the details of their budgets rather than pursuing the agency missions and goals in providing services to people; and

WHEREAS, line-item budgets encourage agency managers to spend their budget allotments because they cannot redirect savings to other necessary activities and, more importantly, because there is the risk of having future budgets reduced by the amount of the unspent line item; and

WHEREAS, lump-sum budgets without line items allow agency managers the flexibility to create incentive systems that encourage achievement of agency missions and goals with greater efficiency and less spending; and

WHEREAS, the existing accounting and audit systems in state government can ensure that the increased flexibility would not be abused through any spending that is not directed at achieving agency missions and goals; and

WHEREAS, the Legislature can direct the Governor and Executive Branch agency directors to increase the reporting by agencies to the public and the Legislature regarding the missions and goals to be achieved and the manner in which agencies are allocating budgets to achieve the missions and goals; and

WHEREAS, changing from a line-item approach to a lump-sum budgeting process throughout state government would be impractical during the current biennium; and

WHEREAS, a demonstration of the advantages of lump-sum budgeting in a carefully selected and limited number of agencies for which the Legislature has clearly established missions and goals would be practical and beneficial.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the 53rd Legislature create a pilot project in lump-sum budgeting for state agencies for presentation to the 54th Legislature and allow no more than 10 Executive Branch agencies or subdivisions of Executive Branch agencies to apply for lump-sum budgeting for the biennium beginning July 1, 1995, based on the following provisions:

(a) that each agency that applies agrees to a voluntary 10% reduction in general fund dollars for the biennium beginning July 1, 1995;

(b) that each agency that applies proposes a performance contract to be made with the Senate Finance and Claims Committee and the House Appropriations Committee and for any standards of performance to which the agency agrees;

(c) that instead of the line-item review of spending levels, the appropriations process becomes a negotiation of the performance standards acceptable to the Senate Finance and Claims Committee, the House Appropriations Committee, and the agency; and

(d) that the proposed performance standards must include measurable objectives and the consequences for staff for achieving or failing to meet the objectives.

(2) That based on the applications submitted, the Senate Finance and Claims Committee and the House Appropriations Committee will qualify up to 10 Executive Branch agencies or subdivisions of agencies for the lump-sum budget process.

BE IT FURTHER RESOLVED, that each agency selected to participate in lump-sum budgeting report to the 55th Legislature the results of the pilot project, including the measurement of the performance contract completion.

Adopted April 15, 1993.

HOUSE JOINT RESOLUTION NO. 19

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE CONGRESS OF THE UNITED STATES TO ENACT LEGISLATION TO PROVIDE FOR INDIVIDUAL MEDICAL CARE SAVINGS ACCOUNTS.

WHEREAS, it is estimated that 145,000 Montanans and 37 million Americans are without health insurance, many while between jobs; many more people are underinsured because of the effects of rising health care costs and spending; and these rising health care costs are forcing employers to trim the level and availability of health care benefits to their employees; and

WHEREAS, overuse of health care services for relatively small claims is one of the most significant causes of health care cost and spending increases; and currently, more than two-thirds of all insurance claims for medical spending are less than $3,000 per family per year in this country; and

WHEREAS, in response to the runaway cost increases on health care spending in this country, the private sector has developed the concept of individual medical care savings accounts; this initiative is designed to ensure health insurance availability for Americans; and it is predicated on providing incentives to more efficiently use medical treatment, encourage competition, and reduce cost in the health care industry; and

WHEREAS, through employer and employee-funded individual medical care savings account arrangements and reduced costs of qualified higher deductible insurance policies, millions of Americans could insure themselves for both routine and major medical services; under the concept of individual medical care savings accounts, an employer or individuals could instead purchase lower cost, high deductible major medical policies; an employer and individuals could then set aside the saved premium differential in an individual medical care savings account; participating individuals would use the money in the account to pay their medical care expenses up to the deductible; however, any account money unspent by the participating individuals in a plan year would then belong to the individuals to save, spend on medical care, or use otherwise; and this would be a strong incentive for people not to abuse health care expenditures and to institute "cost-shopping" for medical care services; and

WHEREAS, by setting aside money to spend on health care, employees could change jobs and use the money they had so far saved to buy interim health insurance or to cover health care expenses, thereby eliminating the problem of uninsureds between jobs and helping reduce "job-lock"; and

WHEREAS, by making their own medical care decisions, individual policyholders would have a strong stake in reducing costs; this simple financial mechanism would expand health insurance options to others who presently have no insurance; and most importantly, this move to decrease health care cost burdens in this country would require no new federal bureaucracy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Congress of the United States be urged to enact legislation swiftly and in good faith to enable Montanans and all Americans to establish individual medical care savings accounts.

BE IT FURTHER RESOLVED, that copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and all members of the Montana Congressional Delegation.

Adopted April 15, 1993.

HOUSE JOINT RESOLUTION NO. 20

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA STRONGLY URGING THE UNITED STATES ENVIRONMENTAL PROTECTION AGENCY AND THE UNITED STATES CONGRESS TO GIVE HIGHEST PRIORITY TO CLEANUP OF THE BERKELEY PIT AND TO PROTECTION OF ALLUVIAL AQUIFERS UNDERLYING THE SILVER BOW CREEK SUPERFUND SITE.

WHEREAS, the Berkeley Pit, located at the headwaters of the Columbia River, is included in the nation's largest Superfund complex, which includes the Silver Bow Creek Site/Butte Addition Site, and is the site of the world's largest mine flooding; and

WHEREAS, mining activity for the past 112 years has resulted in soil and water contamination and changes in the way ground water and surface water flow in and near Butte; and

WHEREAS, mining companies installed an elaborate pumping and bulkhead system during the active mining period to dewater the underground mines and the Berkeley Pit; and

WHEREAS, when active mining ended, the pumps were turned off on April 22, 1982, and the underground mines, and subsequently the Berkeley Pit, began to flood, with water rising 2,918 feet in the mines and to a depth of 774 feet in the pit; and

WHEREAS, according to the Montana Department of Health and Environmental Sciences, the Berkeley Pit currently contains approximately 20 billion gallons of water and fills at an average rate of 5 million to 7.5 million gallons a day; and

WHEREAS, mine flooding in the Butte area is of significant concern because the water is highly acidic and contains high concentrations of iron, manganese, arsenic, lead, cadmium, copper, zinc, and sulfates that far exceed state and federal standards, conditions that prevented water in the pit from freezing even when temperatures fell to minus 40 degrees Fahrenheit in 1989; and

WHEREAS, water in the West Camp of the Butte mining area did discharge into the Silver Bow Creek alluvium and into basements in the central Butte area when the West Camp was sealed off with bulkheads in 1959; and

WHEREAS, according to the Montana Department of Health and Environmental Sciences, water in the Berkeley Pit rose 30.5 feet in 1989, 33.2 feet in 1990, 32.8 feet in 1991, and 25.2 feet in 1992 and the water in the pit is within 199 feet of contacting the alluvium on the east wall of the pit; and

WHEREAS, many citizens of Butte believe that the United States Environmental Protection Agency has ignored preliminary documentation indicating that the surrounding aquifers may be contaminated in the near future, but the agency instead has negotiated an administrative order on consent that sets water level targets well above previously established levels; and

WHEREAS, despite these alarming developments, residents of Butte and the Silver Bow Creek drainage have been frustrated by the lack of progress by the United States Environmental Protection Agency in developing a plan that will adequately treat the contaminated water and protect the environment and citizens of the area from the potential threat to the alluvial aquifer surrounding Butte; and

WHEREAS, the Montana Department of Health and Environmental Sciences is also involved in the cleanup of the Berkeley Pit and has in the past reported to the Environmental Quality Council on the progress of that cleanup.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the United States Environmental Protection Agency and the United States Congress be strongly urged to give the Silver Bow Creek, Butte Area Superfund Site the highest priority for cleanup and action to prevent disastrous environmental damage and human health problems.

(2) That the United States Environmental Protection Agency and potentially responsible parties proceed with haste to develop and implement plans and design criteria for a facility to treat contaminated water before it reaches the alluvial aquifers surrounding the Berkeley Pit.

(3) That the Montana Department of Health and Environmental Sciences make periodic reports to the Environmental Quality Council on the progress of the cleanup of the Berkeley Pit and the protection of alluvial aquifers underlying the Silver Bow Creek Superfund Site.

(4) That copies of this resolution be sent by the Secretary of State to the President of the United States, the Administrator of the United States Environmental Protection Agency, the Director of the Montana Environmental Protection Agency Office, the Governor of the State of Montana, and the Montana Congressional Delegation.

Adopted March 22, 1993.

I desire that the administration of said fund, after payment to the state of Montana, shall be in the hands of the Justice of the Supreme Court of Montana."; and

WHEREAS, the present trustees of the Paul Clark Home, Inc., Foundation in Butte, Montana, are aware that the remaining survivor of this will is very near demise because of advanced age; and

WHEREAS, death of the remaining survivor will trigger enactment of the trust provision referred to in the will; and

WHEREAS, the Paul Clark Home/McDonald Family Place provides care and lodging for patients and the families of patients who are receiving medical care in southwestern Montana's medical centers, which is a use similar to that provided for in the will; and

WHEREAS, upon the death of the last survivor of the will, the principal investment in the present trust maintained by Commercial Trust of New Jersey should be reinvested in Montana and governed by the trustees of the Paul Clark Home, Inc., Foundation; and

WHEREAS, the Paul Clark Home, Inc., Foundation Board of Directors and trustees will continue to lease the real property and home and continue to provide investment proceeds of the original trust to support the present Paul Clark Home/McDonald Family Place in Butte, Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the trustees of the Paul Clark Home/McDonald Family Place and the 53rd Montana Legislature urge the Montana Supreme Court to, at the time the court begins to administer the trust under the will as provided in the will, administer the trust for the benefit of the Paul Clark Home/McDonald Family Place and to further the present and continued use of the property in Butte, Montana.

HOUSE JOINT RESOLUTION NO. 23

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE NATIONAL PARK SERVICE OF THE UNITED STATES DEPARTMENT OF THE INTERIOR AND GLACIER PARK INCORPORATED TO SUPPORT GLACIER COUNTY'S LOCAL ECONOMY.

WHEREAS, Glacier National Park is one of the nation's most cherished parks whose priceless beauty should be preserved for the benefit of present and future generations; and

HOUSE JOINT RESOLUTION NO. 24

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING LANDOWNERS, OUTFITTERS, THE SPORTING COMMUNITY, AND THE PUBLIC TO WORK TOGETHER TO ADDRESS COMMON GOALS THAT WILL MUTUALLY BENEFIT THE INTERESTS OF ALL PARTIES AS WELL AS THE INTERESTS OF MONTANA WILDLIFE RESOURCES; AND REQUESTING THAT THESE EFFORTS BE COORDINATED THROUGH THE OFFICE OF THE GOVERNOR.

WHEREAS, landowner/outfitter/sportsperson relations have become increasingly strained over the past several years, leading to increased polarization between the groups; and

WHEREAS, landowners feel victimized and helpless to control increasing game populations and feel that their contributions to wildlife habitat are overlooked or insufficiently acknowledged; and

WHEREAS, sportspersons resent diminishing access to private and public land for hunting opportunities and increasingly view commercialization as a threat to the long-term viability of wildlife management and our hunting heritage; and

WHEREAS, there is growing frustration among the sporting public concerning the outfitter industry and frustration within the industry regarding how the industry is perceived; and

WHEREAS, proposals presented to the 53rd Legislature have been largely one-sided, with little sensitivity to other groups with equal interest in wildlife resources; and

WHEREAS, this approach has intensified polarization, rather than being conducive to lasting solutions; and

WHEREAS, many of these matters involve complex, emotional, and philosophical issues that do not easily lend themselves to legislative solutions.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That landowners, outfitters, the sporting community, and the public be strongly urged to work together to address these issues in a sustained, cooperative, and positive manner and to mitigate the tension arising from polarization by:

(1) recognizing the contributions of:

(a) private landowners, who provide wildlife habitat and hunting opportunities;

(b) the sporting community, which provides financial and political support for sound wildlife management; and

(c) the outfitting industry, which provides a valid service and is an important industry in Montana; and

(2) defining common goals, including but not limited to:

(a) achieving optimum hunter access;

(b) protecting wildlife habitat;

(c) minimizing impacts on and inconvenience to landowners;

(d) encouraging the continuance of a viable outfitting industry; and

(e) providing additional tangible benefits to landowners who allow hunter access.

BE IT FURTHER RESOLVED, that the Office of the Governor, through the Department of Fish, Wildlife, and Parks, be requested to coordinate a sustained, ongoing, cooperative effort to address these issues by establishing statewide, regional, and local groups to develop mutually satisfactory solutions that will preserve Montana's hunting and wildlife heritage. The Department of Fish, Wildlife, and Parks is encouraged to provide administrative assistance as necessary to enhance the cooperative effort.

BE IT FURTHER RESOLVED, that solutions developed by statewide, regional, and local groups be reported to future Legislatures and that legislation introduced by any of these groups reflect the mutual interests of landowners, outfitters, and the sporting community.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to any sporting, landowner, public access, agricultural, outfitter, or other group or organization that is interested or involved in the issues outlined in this resolution, including but not limited to the Montana Wildlife Federation, Montana Stockgrowers Association, Montana Wool Growers Association, Montana Farm Bureau, Montana Outfitters and Guides Association, Montana Audubon Council, Montana Trout Unlimited, Rocky Mountain Elk Foundation, Montanans for Multiple-Use, and Northern Plains Resource Council, for inclusion in their respective newsletters.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Attorney General and the Governor be urged to study the delivery of legal and law enforcement services to the Executive Branch agencies, boards, and commissions of the State of Montana and to submit a report to the 54th Legislature with recommendations for improving the efficiency and cost-effectiveness of state legal and law enforcement services.

BE IT FURTHER RESOLVED, that the Attorney General and the Governor present to the 54th Legislature a plan for the implementation of any recommendations made as a result of the study.

HOUSE JOINT RESOLUTION NO. 27

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF THE NEEDS OF MONTANA VETERANS; AND REQUIRING A REPORT OF FINDINGS AND RECOMMENDATIONS OF THE STUDY TO THE 54TH LEGISLATURE.

WHEREAS, Montana has the third highest per capita number of veterans in the United States; and

WHEREAS, 26%, or 26,291, of Montana's veterans are 65 years of age or older; and

WHEREAS, Montana currently provides a total of 90 beds for veterans who require nursing home care, which are insufficient to provide for the nursing care needs of Montana's veterans; and

WHEREAS, federal guidelines suggest that Montana needs between 255 and 408 state nursing home beds, and the guidelines provide that these beds can be built and operated with federal funding assistance from the federal Department of Veterans Affairs; and

WHEREAS, the state veterans' nursing home at Columbia Falls serves veterans in northwestern Montana, leaving southwestern and central Montana unserved, and the area of Deer Lodge and Silver Bow Counties would provide an ideal location in which to establish a state veterans' nursing home that is accessible to veterans in the southwestern and central regions of Montana; and

WHEREAS, the 1993 Legislature has considered substantial policy decisions regarding the care of veterans, and the changes must be studied to determine if they fulfill the needs of Montana veterans and if they reflect a new direction in the state's policy on veterans' care or if the traditional policy should be pursued; and

WHEREAS, consideration of shifting 2 cents of the tax on cigarettes revenue from capital construction to operational expenses reflects a change in state policy; and

WHEREAS, another change in state policy has been considered that would allow the use of insurance to pay for community-based, long-term nursing care or home health care, rather than providing for additional long-term nursing care in state-owned facilities; and

WHEREAS, there may be a significant effect on the health care of veterans because of changes in national health care policy.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council assign an interim committee to study the needs of Montana veterans and that the study include:

(1) the feasibility of providing long-term nursing home care and home health care as it relates to Montana veterans and the role of the federal Department of Veterans Affairs;

(2) a review of the extent of access, geographically and otherwise, of veterans to health and nursing home care within Montana;

(3) the continuum of veterans' services available throughout the state, identification of gaps in the services, and determination of the role and potential for federally funded veterans' programs in Montana; and

(4) a review of state policy regarding veterans' affairs and the development of recommendations to further clarify state policy guidelines relative to veterans' affairs.

BE IT FURTHER RESOLVED, that the interim committee may request staff assistance and information from the Department of Military Affairs, the Veterans' Affairs Division, the Department of Corrections and Human Services, and other legislative or executive agencies that may have information relevant to veterans' affairs.

BE IT FURTHER RESOLVED, that the interim committee be appointed in the manner provided for in section 5-5-211, MCA.

BE IT FURTHER RESOLVED, that the interim committee report its findings, conclusions, and recommendations to the 54th Legislature.

Adopted April 21, 1993.

HOUSE JOINT RESOLUTION NO. 28

WHEREAS, on March 29, 1993, arsonists firebombed and destroyed the Blue Mountain Medical Clinic in Missoula, Montana; and

WHEREAS, Governor Marc Racicot and Attorney General Joe Mazurek have publicly condemned the violent attack on the Blue Mountain Medical Clinic; and

WHEREAS, in the past year, acts of terrorism directed at Montana medical facilities and staffs that provide abortions have increased; and

WHEREAS, these increases in terrorist activities have threatened the lives and liberties of Montana citizens and their families; and

WHEREAS, these acts of violence and terrorism directly violate sections 3, 4, and 10 of the Declaration of Rights provisions of Article II of the Montana Constitution; and

WHEREAS, the acts of terrorism committed in Montana are markedly similar to acts of terrorism occurring in other parts of the United States.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the members of the 53rd Legislature encourage Montana's Attorney General and all state law enforcement agencies to use all available resources to pursue and bring to justice the perpetrators of terrorist violence in Montana.

(2) That Montana law enforcement agencies be encouraged to increase security to protect the property, staff, and clients at medical facilities providing abortions.

(3) That the United States Attorney General be requested to actively investigate the terrorist actions occurring at the Blue Mountain Medical Clinic and to direct that additional security be provided at Montana medical facilities providing abortions.

(4) That the United States Department of Justice, the Federal Bureau of Investigation, and other federal law enforcement agencies be strongly urged to assist Montana law enforcement agencies in investigating the Blue Mountain Medical Clinic arson case and any similar incidents of terrorist violence occurring in Montana.

BE IT FURTHER RESOLVED, that copies of this resolution be sent by the Secretary of State to Attorney General Joe Mazurek, to United States Attorney General Janet Reno, to all federal, state, local, and tribal law enforcement agencies, and to the Montana Congressional Delegation.

Adopted April 21, 1993.

HOUSE JOINT RESOLUTION NO. 29

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA DIRECTING A STUDY OF THE GOVERNANCE OF THE MONTANA SCHOOL FOR THE DEAF AND BLIND; AND REQUIRING THAT THE RESULTS OF THE STUDY BE REPORTED DIRECTLY TO THE LEGISLATIVE FINANCE COMMITTEE, THE BOARD OF PUBLIC EDUCATION, THE OFFICE OF BUDGET AND PROGRAM PLANNING, AND THE OFFICE OF PUBLIC INSTRUCTION.

WHEREAS, the Montana School for the Deaf and Blind is a residential facility serving the needs of hearing impaired and visually impaired children; and

WHEREAS, the Montana School for the Deaf and Blind also serves as a consultative resource for parents of hearing impaired or visually impaired children who are not yet enrolled in an educational program and for the public schools of the state in which hearing impaired or visually impaired children are enrolled; and

WHEREAS, since 1943 the school has been under the general supervision, direction, and control of the Board of Public Education; and

WHEREAS, other states have successfully implemented governance models different from Montana's for similar institutions; and

WHEREAS, a determination has never been made that governance by the Board of Public Education is the best possible governance model for the Montana School for the Deaf and Blind.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That since the Office of Special Education and Rehabilitative Services of the U.S. Department of Education provides funding to regional resource centers to provide technical assistance to states regarding services for students with disabilities and since the centers are directed to be responsive to the identified technical assistance needs of the Montana Office of Public Instruction, the Office of Public Instruction be directed to seek the assistance of a federally funded regional resource center to conduct an independent study of the governance of the Montana School for the Deaf and Blind.

(2) That the study explore options for the governance of residential schools that provide services to hearing and visually impaired children, including but not limited to:

(a) governance by the Board of Public Education;

(b) governance by an independent entity;

(c) governance by the Office of Public Instruction;

(d) governance by a public school district; and

(e) governance by the department of corrections and human services.

(3) That the center conducting the study prepare a written report that identifies governance options and the advantages and disadvantages of each option and provide a recommended option with supportive rationale.

BE IT FURTHER RESOLVED, that the center conducting the study report directly to the Legislative Finance Committee, the Board of Public Education, the Office of Budget and Program Planning, and the Office of Public Instruction no later than August 1994.

Adopted April 24, 1993.

HOUSE JOINT RESOLUTION NO. 30

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING THE REVENUE OVERSIGHT COMMITTEE TO CONDUCT AN INTERIM STUDY OF TAX EXPENDITURES IN MONTANA; AND REQUESTING THE COMMITTEE TO REPORT ITS FINDINGS, CONCLUSIONS, AND RECOMMENDATIONS TO THE GOVERNOR AND THE 54TH LEGISLATURE.

WHEREAS, the Legislature has the responsibility to review budgets with respect to spending programs and revenue sources; and

WHEREAS, Montana's Legislature and most state Legislatures systematically overlook a major component of government finance, which consists of reductions in state revenue that are attributable to exemptions, deductions, exclusions, credits, deferrals, and other preferential treatment in the tax code; and

WHEREAS, the component of revenue reductions represents indirect government spending programs that result in foregone revenue, commonly referred to as "tax expenditures"; and

WHEREAS, many states regularly publish partial or comprehensive tax expenditure reports that examine the value and effectiveness of various tax expenditures.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Revenue Oversight Committee be assigned to perform a thorough and indepth study of all tax expenditures in Montana.

BE IT FURTHER RESOLVED, that the Committee, in its study:

(2) evaluate the tax expenditure report and make recommendations for changes in reporting procedures or on tax expenditures that may not be included in the report;

(3) compare Montana's tax expenditures to those of other states, particularly neighboring states; and

(4) develop options for consideration and recommendations, including legislation, if considered appropriate, for changes in existing statutes on tax expenditures.

BE IT FURTHER RESOLVED, that the Committee, in its deliberations, solicit the knowledge and advice of tax policy experts, local government officials and representatives, taxpayer groups, Department of Revenue staff, and any other entity considered by the Committee to have relevant information or insights.

BE IT FURTHER RESOLVED, that the Committee report to the Governor and to the 54th Legislature by November 1, 1994, the findings and conclusions of the study, options for further consideration, and recommendations of the Committee, including draft legislation, if appropriate.

HOUSE JOINT RESOLUTION NO. 33

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF 24-HOUR HEALTH CARE COVERAGE AND OTHER ALTERNA-

TIVES TO THE PRESENT WORKERS' COMPENSATION SYSTEM AND A REVIEW OF WORKERS' COMPENSATION LEGISLATION PASSED BY THE 53RD LEGISLATURE; AND REQUIRING A REPORT OF THE FINDINGS OF THE STUDY TO THE 54TH LEGISLATURE.

WHEREAS, rising medical costs are contributing to the problems in the workers' compensation system and have outpaced increases in the general health care system; and

WHEREAS, the workers' compensation system could incorporate many of the cost-containment measures found in private health insurance plans in order to hold down costs and still provide the necessary medical coverage to workers; and

WHEREAS, there is a national movement toward health care reform that could include mandated employer-provided coverage and government participation in health care coverage and that could include other reforms that may have certain cost-containment advantages but that may also have duplicative coverage and overlapping benefits and administrative needs with the workers' compensation system; and

WHEREAS, other disability programs, including Social Security and programs providing assistance for long-term disability, combined with the passage of the Americans with Disabilities Act of 1990, bring forth other issues that may indicate the need for more comprehensive health care coverage; and

WHEREAS, 24-hour coverage is currently under study in many states as an alternative system for providing cash, medical benefits, or both, to injured workers; and

WHEREAS, 24-hour coverage could remove many medical issue disputes by providing no-fault medical coverage without affecting other workers' compensation benefits; and

WHEREAS, there are many forms of 24-hour coverage that could be explored, including combining workers' compensation and group health insurance claims, while maintaining separate policies, combining work-related and non-work-related coverage in the same policy, examining employer and worker participation in health care coverage and employer participation in disability coverage, and examining other forms to be explored.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council assign an appropriate interim committee to study the feasibility of a 24-hour health care coverage program in lieu of the medical portion of workers' compensation and any necessary corresponding changes in liability coverage and that the study include:

(1) the impact, advantages, and disadvantages to Montana businesses, Montana workers, the existing workers' compensation fund and insurers, and health care initiatives;

(2) possible coordination with any national and state health care reform or with existing health care programs, such as managed care networks;

(3) possible integration with other disability programs, such as Social Security;

(4) a review of the effects of the Americans with Disabilities Act of 1990 on the needs of the workers' compensation system;

(5) a review of the other states that have explored 24-hour health care coverage, such as Florida, Maine, California, Iowa, Colorado, Missouri, Georgia, and Oregon;

(6) an exploration of any pilot projects that could be implemented in Montana;

(7) a review of funding sources available for pilot projects and for other means of implementing workers' compensation alternatives;

(8) a review of the practical and legal problems, such as federal preemption of the Employee Retirement Income Security Act of 1974 (ERISA), and the exclusive remedy component;

(9) a review of options to provide incentives for private sector development of specific plans for 24-hour health care coverage;

(10) a summary of the short-term and long-term fiscal impacts of any proposals;

(11) a review of any studies on 24-hour health care coverage by other workers' compensation departments, the insurance industry, or other groups knowledgeable in health and disability insurance; and

(12) a review of the safety program created under Senate Bill No. 163, the fraud program created under Senate Bill No. 164, the cost containment program created under Senate Bill No. 347, and other programs created and improved by legislation adopted in the 53rd session.

BE IT FURTHER RESOLVED, that the committee report the findings of the study, conclusions, and options for legislative consideration to the 54th Legislature.

CHAPTER 4
Legislation

S40-10. Types of legislation. The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the Legislative Council and signed by a Senator. The types of legislation allowed include:

(1) bills of any subject, except appropriations;

(2) joint resolutions, which may:

(a) express desire, opinion, sympathy, or request of the Legislature;

(b) request an interim study by a legislative subcommittee;

(c) adopt or amend the joint rules;

(d) set salaries and other terms of employment for legislative employees; and

(e) accomplish other legislative duties required by law; and

(c) express confirmation of the Governor's appointments;

(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

S40-20. Introduction. (1) Upon receiving a bill or resolution in duplicate from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation.

(2) Bills and resolutions may be preintroduced, assigned to committee, and printed prior to the legislative session. The Legislative Council shall be responsible for assuring the preintroduction intent from each Senator and presenting such legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

S40-30. Additional sponsors. (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Council with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

S40-40. Reading limitations. (1) Except for consent calendar bills, every bill shall be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) No bill or resolution shall have more than one reading on the same day except the last legislative day.

(3) No amendment may be offered on third reading.

S40-50. Rules for questions requiring other than a majority vote. (1) When a question requires more than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill shall again be placed on third reading in the Senate to determine if the required number of votes has been cast.

S40-60. Scheduling for second reading. (1) All bills and resolutions, except those recommended for the consent calendar, which have been reported by a committee, accepted by the Senate and reproduced shall be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole.

(3) Legislation shall be arranged on the agenda in numerical order unless bills are grouped as companion bills or are placed in order otherwise by the Senate or Committee of the Whole.

S40-70. Consent calendar procedure. (1) Legislation reported by committee for placement on the consent calendar shall be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Legislation shall be immediately posted (as soon as it is received as a third reading version) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the President of the Senate will announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate will be allowed.

(3) Any three Senators may submit written objections to the Secretary of the Senate, and the legislation must then be removed from the consent calendar and added to the regular second reading agenda.

(4) Consent calendar legislation must be added to the end of the third reading agenda and clearly identified as "consent calendar" and voted on individually.

(5) Consent calendar legislation passed on third reading will then be transmitted to the House of Representatives.

CHAPTER 5
Floor Action

S50-10. Attendance. Unless excused, Senators shall be present at every sitting of the Senate and shall vote on questions put before the Senate.

S50-20. Orders of business. After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills and consent calendar bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

S50-30. Limitations on debate. No Senator may speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

S50-40. Procedure upon offering a motion. (1) When a motion is offered it shall be restated by the presiding officer. If requested by the presiding officer or a Senator, it shall be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

S50-50. Precedence of motions. (1) When a question is under debate only the following privileged and subsidiary motions shall be made:

(a) to adjourn;

(b) for a call of the Senate;

(c) to recess;

(d) question of privilege;

(e) to lay on the table;

(f) for the previous question;

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) of this section have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again during the biennium except upon a motion of reconsideration.

(4) No motion or proposition on a subject different from that under consideration shall be admitted under color of amendment or substitute.

S50-60. Nondebatable motions. The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to divide a question;

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

S50-70. Amending motions. No more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

S50-80. Previous question. (1) Except as provided in subsection (2) of this rule, the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise.

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of such time to be given to the proponents and one-half to the opponents.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

S50-90. Reconsideration. (1) Any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question.

(2) A motion to reconsider may not be withdrawn after such next legislative day without the unanimous consent of the Senate, and thereafter any Senator may call it up for consideration; however, a motion to reconsider made after the 54th day of the session shall be disposed of when made.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and shall be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there shall be no further action until the succeeding legislative day.

S50-100. Dividing a question. A Senator may move to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain.

S50-110. Conference committee reports. When a conference committee report is filed with the Secretary of the Senate, the same shall be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

S50-120. Second reading. (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in Committee of the Whole shall be read by a summary of its title. Proposed amendments shall be considered; then the bill shall be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation shall remain on second reading.

S50-130. Committee of the Whole amendments. (1) All Committee of the Whole amendments shall be prepared, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, shall be printed in the journal, along with the name of the sponsor and the vote on each.

S50-140. Motions in Committee of the Whole. (1) All proper motions on second reading are debatable.

(2) The only motions in order during Committee of the Whole are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) pass consideration;

(f) rise;

(g) rise and report; or

(h) rise and report progress and ask leave to sit again.

S50-150. Committee of the Whole — generally. (1) The committee may not appoint subcommittees.

(2) The committee may not punish its members for misconduct, but may report disorder to the Senate.

S50-160. Voting on second reading. On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as such. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

S50-170. Third reading procedure. (1) All legislation passing second reading shall be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding

officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

S50-180. Senate voting. (1) A roll call vote shall be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators shall be called alphabetically, unless an electronic voting system is used. A Senator may not vote or change a vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

S50-190. Pairs. (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound, and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it shall bind the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

(3) Pairs in Committee of the Whole are prohibited.

S50-200. Call of the Senate. (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of such Senators present shall direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the Senator shall not be paid any expense payments while absent and is liable for the expenses incurred in procuring the Senator's attendance.

(4) During a call of the Senate, all business shall be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote.

CHAPTER 6
Rules

S60-10. Senate rules. (1) A motion to amend or adopt a rule of the Senate shall be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

S60-20. Mason's Manual of Legislative Procedure. Mason's Manual of Legislative Procedure (1989) governs the proceedings of the Senate in all cases not covered by these rules.

S60-30. Quorum. A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in such manner and under such penalties as the Senate may prescribe (Montana Constitution, Art. V, Sec. 10(2)).

CHAPTER 7
Nominations from the Governor

S70-10. Nominations. (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any such office, the Governor shall appoint some fit person to discharge the duties thereof until the next meeting of the Senate, when the Governor shall nominate a person to fill such office.

S70-20. Introduction and first reading of nominations. (1) Nominations received from the Governor are:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee.

(2) The above procedure constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

S70-30. Committee process. (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) The committee chair shall submit a bill draft request for a simple resolution to include the nominees specified by the committee chair. These bill draft requests will not count against any bill draft request limit imposed on members. When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been made.

(2) Following the hearings, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees.

(3) (a) If a Senator wishes to have an individual nominee, or group of nominees, considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chair of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator must request separate consideration of a nominee within 3 days of receipt of the preliminary standing committee report. The committee chair shall honor this request.

(4) After waiting 3 days from the day of distribution of the preliminary standing committee report, the committee chair shall issue a final standing committee report and deliver the report to the Secretary of the Senate.

(a) If a nominee is to be separated from the resolution, the final standing committee report shall include an amendment deleting that nominee.

(b) When a nominee has been separated at the request of a Senator, the committee chair shall submit a bill draft request for a simple resolution to include only the nominee so separated. When the resolution has been prepared and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee's preliminary standing committee report, no additional hearing need be held before the committee takes action on the separate resolution. After the committee's executive action, the committee chair shall issue a standing committee report.

(5) If a resolution contains only one nominee, the committee shall dispense with the preliminary standing committee report and shall issue a final standing committee report to be distributed to each Senator stating the committee's recommendation concerning the nominee.

(6) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(7) Thereafter, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

H40-30. Cosponsors. (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the copies.

Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. H40-50. First reading. Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. Senate legislation received by the House may be referred to a committee prior to being read across the rostrum.

H40-60. One reading per day. Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

H40-70. Referral. (1) The Speaker shall refer to a House committee all properly introduced House legislation and transmitted Senate legislation.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee.

H40-80. Rereferral. (1) Except as provided in subsection (2), legislation that is in the possession of the House and that has not been finally disposed of may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

(2) Legislation that is in the possession of the House and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a House committee by a majority vote.

H40-90. Legislation withdrawn from committee. Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

H40-100. Standing committee reports. (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be

debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

H40-110. Consent calendar procedure. (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Other legislation may be placed on the consent calendar by agreement between the speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any three representatives submit written objections to the placement of legislation on the consent calendar by the action of a standing committee or if any one representative submits a written objection to the placement of legislation on the consent calendar by the speaker and minority leader, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.

H40-120. Legislation requiring other than a majority vote. Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

H40-130. Amending House second and third reading agendas. (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

H40-140. Second reading. (1) Legislation returned from committee may be placed on second reading unless otherwise ordered by the House.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise.

H40-150. Amendments in the Committee of the Whole. (1) All Committee of the Whole amendments must be checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Council, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative.

(3) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

H40-160. Motions in the Committee of the Whole. (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) amend;

(b) recommend passage or nonpassage;

(c) recommend concurrence or nonconcurrence;

(d) indefinitely postpone;

(e) reconsider;

(f) pass consideration;

(g) call for cloture;

(h) rise, rise and report, or rise and report progress and beg leave to sit again; and

(i) to change the order in which legislation is placed on the agenda.

(2) Subsections (1)(e) through (1)(h) are nondebatable but may be amended.

(3) If a quorum of representatives is not present during second reading, the Committee of the Whole may conduct no business on legislation and a motion for a call of the House without a quorum is in order.

H40-170. Limits on debate in the Committee of the Whole. (1) Except for the representative who makes a motion, no representative may speak more than once on the motion and for no more than 5 minutes. The representative who makes the motion may have 5 minutes to close.

(2) After at least two proponents and two opponents have spoken on a question and 45 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the Speaker and the minority floor leader, a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

H40-180. Special provisions for debate on the general appropriations bill. (1) The Appropriations Committee chair, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chair shall fully present their portion of the bill. A subcommittee chair is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chair, the respective section of the bill is open for debate, questions, and amendments.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

(8) A motion for cloture is not in order during debate on the general appropriations bill.

H40-190. Engrossing. (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation has been reported correctly engrossed, it may be placed on third reading on the following legislative day. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day.

H40-200. Third reading. (1) All bills, joint resolutions, and Senate amendments to House bills and resolutions passing second reading must be placed on third reading.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

H40-210. Senate legislation in the House. Senate legislation properly transmitted to the House must be treated as House legislation.

H40-220. Senate amendments to House legislation. (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate. The second reading vote is limited to consideration of the Senate amendments.

(2) If the House accepts Senate amendments, the House shall place the final form of the legislation on third reading to determine if the legislation is passed or if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

H40-230. Conference committee reports. (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-160.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

H40-240. Enrolling. (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant additional time for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation not later than the following legislative day. When enrolled legislation is delivered on the final legislative day, the Speaker shall sign it that day.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation.

H40-250. Governor's amendments. (1) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

H40-260. Governor's veto. (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

CHAPTER 5
Floor Actions

H50-10. Attendance. (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by his party leader. This excused absence is not a leave with cause from a call of the House.

H50-20. Quorum. (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may conduct no business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

H50-30. Call of the House without a quorum. (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-40. Call of the House with a quorum. (1) If a quorum is present but at least one representative is excused or absent, one-third of the representatives present and voting may order a call of the House with a quorum.

(2) The motion for a call is nondebatable, may not be amended, and is in order at any time a vote is not being taken, except that a call of the House with a quorum is not allowed in the Committee of the Whole.

(3) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(4) When all representatives are present, except those on leave with cause, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

H50-50. Leave with cause. (1) During a call of the House, a representative with an overriding medical or personal reason may request a leave with cause.

(2) If the representative is present at the time of the call, the Speaker may approve a request for a leave with cause.

(3) If the representative is not present at the time of the call, two-thirds of the representatives present and voting may approve a request for leave with cause.

(4) During a call of the House, a representative on leave with cause may not cast an absentee vote.

H50-60. Motions. (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

(2) Seconds to motions on the House floor are not required.

(3) Absentee votes are not allowed on votes that are specified as "representatives present and voting".

H50-70. Limits on debate of debatable motions. (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 15 minutes on the same question, except that a representative may have 5 minutes to close.

H50-80. Nondebatable motions. (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

(2) The following motions are nondebatable:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for parliamentary inquiry;

(e) to table or take from the table;

(f) to call for the previous question or cloture;

(g) to amend a nondebatable motion;

(h) to divide a question;

(i) to postpone consideration to a day certain;

(j) to suspend the rules; and

(k) all incidental motions, such as motions relating to voting or of a general procedural nature.

H50-90. Questions. A representative may, through the presiding officer, ask questions of another representative during a floor session. There is no limit on questions and answers, except as provided in H20-40.

H50-100. Amending motions — limitations. (1) A representative may move to amend the specific provisions of a motion without changing its substance.

(2) No more than one motion to amend a motion is in order at any one time.

(3) A motion for a call of the House, for the previous question, to table, or to take from the table may not be amended.

H50-110. Substitute motions. (1) When a question is before the House, no substitute motion may be made except the following, which have precedence in the order listed:

(a) to adjourn;

(b) for a call of the House;

(c) to recess or rise;

(d) for a question of privilege;

(e) to table;

(f) to call for the previous question or cloture;

(g) to postpone consideration to a day certain;

(h) to refer to a committee;

(i) to propose amendments; and

(j) to postpone indefinitely.

(2) Nothing in this section allows a motion that would not otherwise be allowed under a particular order of business.

(3) No more than one substitute motion is in order at any one time.

H50-120. Withdrawing motions. A representative who proposes a motion may withdraw it before it is voted on or amended.

H50-130. Dividing a question. A representative may move to divide a question if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed.

H50-140. Previous question. (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

H50-150. Questions requiring other than a majority vote. The following questions require the vote specified:

(1) a call of the House with a quorum (one-third of the members present and voting);

(2) a motion to lift a call of the House (two-thirds of the members present and voting);

(3) a motion to amend or suspend rules (two-thirds of the members voting);

(19) a motion to call for cloture (two-thirds of the members present and voting); and

(20) a motion to approve leave with cause during a call of the house (two-thirds of the members present and voting).

H50-160. Reconsideration. (1) Any representative may, within 1 legislative day of a vote, move to reconsider the House vote on any matter still within the control of the House.

(2) A motion for reconsideration, unless tabled or replaced by a substitute motion, must be disposed of when made.

(3) When a motion for reconsideration fails, the question is finally settled. A motion for reconsideration may not be renewed or reconsidered.

(4) A motion to recall legislation from the Senate constitutes a motion to reconsider and is subject to the same rules.

H50-170. Renewing procedural motions. The House may renew a procedural motion if further House business has intervened.

H50-180. Tabling. (1) Under Order of Business No. 9, a representative may move to table any question, motion, or legislation before the House except the question of a quorum or a call of the House. The motion is nondebatable and may not be amended.

(2) The House may, without objection, use a voice vote on procedural motions that are not required to be recorded in the journal. If a representative rises and objects, the House shall record the vote.

(3) The House shall record the vote on all substantive questions. If the voting system is inoperable, the Chief Clerk shall record the representatives' votes by other means.

H50-210. Changing a vote. (1) A representative may move to change the representative's vote within 1 legislative day of the vote. The motion is nondebatable. Two-thirds of the members present and voting shall consent to the change. The representative making the motion shall first specify the question and the original vote tally. A vote may not be changed if it would affect the outcome of legislation.

(2) An error caused by a malfunction of the voting system may be corrected without a vote.

H50-220. Absentee votes. (1) An excused representative may file an absentee vote authorization form to vote during the excused absence on any vote for which absentee voting is allowed.

(2) An excused representative shall sign an absentee vote authorization form that specifies the motion and the desired vote.

(3) The absentee vote authorization form must be handed in at the rostrum by the party whip or designated representative before voting on the motion has commenced.

(4) The absentee vote authorization may be revoked before the vote by the member who signed the authorization.

H50-230. Recess. The House may stand at ease or, by majority vote, may recess under any order of business. The recess may be ended at the call of the chair or at a time specified.

H50-240. Adjournment for a legislative day. (1) A representative may move that the House adjourn for that legislative day. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

(2) A motion to adjourn for a legislative day must specify a date and time for the House to convene on the subsequent legislative day.

H50-250. Adjournment sine die. A representative may move that the House adjourn for the session. The motion is nondebatable and may be made under any order of business except Order of Business No. 7.

CHAPTER 6

H60-60. Joint rules superseded. A House rule, insofar as it relates to the internal proceedings of the House, supersedes a joint rule.

Adopted January 16, 1993.

BALLOT ISSUES

BALLOT ISSUES

CONSTITUTIONAL AMENDMENT NO. 22

By Chapter 475, Laws of 1991, the Legislature proposed an amendment to The Constitution of the State of Montana to clarify procedures for election of supreme court justices and district court judges and for the filling of vacancies. Judges appointed to fill a vacancy would be confirmed by the senate and serve until the expiration of the term of the judge whose position is being filled. No appointee could serve past the term of his or her predecessor without standing for election. Incumbent judges unopposed for re-election would be placed on the ballot to allow voters to approve or reject them for another term.

Chapter 475 was approved by the following vote at the General Election held November 3, 1992:

For:	34,913
Against:	15,993

The title and text of Chapter 475 follow:

AN ACT TO SUBMIT TO THE QUALIFIED ELECTORS OF MONTANA AN AMENDMENT TO ARTICLE VII, SECTION 8, OF THE MONTANA CONSTITUTION TO GENERALLY REVISE THE LAW RELATING TO THE SELECTION OF SUPREME COURT JUSTICES AND DISTRICT COURT JUDGES; TO REQUIRE THAT ELECTION, CONFIRMATION, AND RETENTION OF JUSTICES OR JUDGES MUST BE AS PROVIDED BY LAW; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Article VII, section 8, of The Constitution of the State of Montana is amended to read:

"**Section 8. Selection.** (1) *Supreme court justices and district court judges shall be elected by the qualified electors as provided by law.*

(2) ~~The~~ *For any vacancy in the office of supreme court justice or district court judge, the* governor shall ~~nominate~~ *appoint* a replacement from nominees selected in the manner provided by law ~~for any vacancy in the office of supreme court justice or district court judge~~. If the governor fails to ~~nominate~~ *appoint* within thirty days after receipt of nominees, the chief justice or acting chief justice shall make the ~~nomination~~ *appointment from the same nominees within thirty days of the governor's failure to appoint. Appointments made under this subsection shall be subject to confirmation by the senate, as provided by law.* ~~Each nomination shall be confirmed by the senate, but a nomination made while the senate is not in session shall be effective as an appointment until the end of the next session. If the nomination is not confirmed, the office shall be vacant and another selection and nomination shall be made.~~

~~(2) If, at the first election after senate confirmation, and at the election before each succeeding term of office, any candidate other than the incumbent justice or district judge files for election to that office, the name of the incumbent shall be placed on the ballot. If there is no election contest for the office, the name of the incumbent shall nevertheless be placed on the general election ballot to allow voters of the state or district to approve or reject him. If an incumbent is rejected, another selection and nomination shall be made.~~

~~(3) If an incumbent does not run, there shall be an election for the office.~~ *If the appointee is not confirmed, the office shall be vacant and a replacement shall be made under the procedures provided for in this section. The appointee shall serve until the election for the office as provided by law and until a successor is elected and qualified. The person elected or retained at the election shall serve until the expiration of the term for which his predecessor was elected. No appointee, whether confirmed or unconfirmed, shall serve past the term of his predecessor without standing for election.*

(3) If an incumbent files for election and there is no election contest for the office, the name of the incumbent shall nevertheless be placed on the general election ballot to allow the voters of the state or district to approve or reject him. If an incumbent is rejected, the vacancy in the office for which the election was held shall be filled as provided in subsection (2)."

Section 2. **Effective date.** This amendment is effective on approval by the electorate.

Section 3. **Submission to electorate.** This amendment shall be submitted to the qualified electors of Montana at the general election to be held in November 1992 by printing on the ballot the full title of this act and the following:

☐ FOR amending the constitution to mandate the election of justices and judges as provided by law.

☐ AGAINST amending the constitution to mandate the election of justices and judges as provided by law.

CONSTITUTIONAL INITIATIVE 64

By Constitutional Initiative No. 64, the people proposed an amendment to The Constitution of the State of Montana to prohibit certain public officials from seeking re-election if they have already held office for the following number of years: 8 years in any 16-year period for governor, lieutenant governor, secretary of state, state auditor, attorney general, superintendent of public instruction, state representative, or state senator; 6 years in any 12-year period for United States Representative; and 12 years in any 24-year period for United States Senator. An official still could be re-elected by write-in vote. The measure would apply only to terms of office that begin during or after January 1993.

Constitutional Initiative No. 64 was approved by the following vote at the General Election held November 3, 1992:

For:	264,174
Against:	130,695

The text of the Initiative follows:

Be it enacted by the People of the State of Montana:

Section 1. Article IV of the Constitution of the State of Montana is amended by adding a new section 8 that reads:

Section 8. Limitation on terms of office. (1) The secretary of state or other authorized official shall not certify a candidate's nomination or election to, or print or cause to be printed on any ballot the name of a candidate for, one of the following offices if, at the end of the current term of that office, the candidate will have served in that office or had he not resigned or been recalled would have served in that office:

(a) 8 or more years in any 16-year period as governor, lieutenant governor, secretary of state, state auditor, attorney general, or superintendent of public instruction;

(b) 8 or more years in any 16-year period as a state representative;

(c) 8 or more years in any 16-year period as a state senator;

(d) 6 or more years in any 12-year period as a member of the U.S. house of representatives; and

(e) 12 or more years in any 24-year period as a member of the U.S. senate.

(2) When computing time served for purposes of subsection (1), the provisions of subsection (1) do not apply to time served in terms that end during or prior to January 1993.

(3) Nothing contained herein shall preclude an otherwise qualified candidate from being certified as nominated or elected by virtue of write-in votes cast for said candidate.

Section 2. **Severability.** If a part of this amendment is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of this amendment is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 3. **Applicability.** Section 1 applies to terms that begin during or after January 1993.

Section 4. **Effective date.** If approved by the electorate, this initiative is effective January 1, 1993.

CHAPTER NO. 2

[SB 2]

AN ACT TO ADDRESS THE PROBLEMS, ALTERNATIVES, AND CONTINGENCIES ARISING FROM THE STATE'S SUIT FOR RELIEF FROM A CONGRESSIONAL APPORTIONMENT THAT ALLOCATED ONLY ONE CONGRESSIONAL SEAT TO THE STATE OF MONTANA; TO DETERMINE THE ALTERNATIVE PROCEDURES FOR PRIMARY FILING AND FOR THE PRIMARY AND GENERAL ELECTIONS IF A FINAL DETERMINATION IS MADE THAT MONTANA IS ENTITLED TO ONLY ONE CONGRESSIONAL REPRESENTATIVE; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, on January 16, 1991, the Clerk of the United States House of Representatives issued a certificate of entitlement to the Governor of Montana containing notice that the State of Montana is entitled to one congressional representative in the 103rd Congress; and

WHEREAS, pursuant to that certificate and in accordance with Article V, section 14, of the Montana Constitution, the Montana Districting and Apportionment Commission prepared and filed its final plan for one congressional district with the Secretary of State of Montana in April 1991 and the plan became law; and

WHEREAS, on May 22, 1991, the Attorney General of Montana filed a lawsuit in the United States District Court for the District of Montana against the United States Department of Commerce and its Secretary, the United States Bureau of the Census and its Director, and the Clerk of the United States House of Representatives, challenging the apportionment formula and the resulting loss of one of Montana's two congressional representatives; and

WHEREAS, on October 18, 1991, a three-judge United States District Court for the District of Montana found that the apportionment violates the rights of Montana voters to equal representation and declared unconstitutional and void 2 U.S.C. 2a, upon which the certificate of entitlement was predicated; and

WHEREAS, the decision of the United States District Court for the District of Montana has been appealed to the United States Supreme Court, which has noted probable jurisdiction and has scheduled oral arguments for March 4, 1992; and

WHEREAS, the Legislature of the State of Montana finds that the decision of the United States District Court for the District of Montana is law unless and until it is overturned, that the judgment has rendered invalid the Districting and Apportionment Commission's April 1991 plan for one congressional district, and that Montana is entitled to two congressional representatives unless and until a final determination is made otherwise.

THEREFORE, the Legislature of the State of Montana finds that it is appropriate to provide for the preparation and adoption of a plan for two congressional districts, to direct the Secretary of State to accept declarations of nomination and to prepare the ballot for the office of congressional representative for both a first and second district for the 1992 primary election, and to specify a contingent method for nomination of candidates in the event of a final determination that Montana is entitled to only one congressional representative.

Be it enacted by the Legislature of the State of Montana:

Section 1. **Redistricting of congressional districts — contingent primary filing, primary election, and general election procedures.** (1) (a) Except as provided in subsection (2), for the filing period beginning January 21, 1992, and ending March 19, 1992, the secretary of state shall accept declarations of nomination for the office of congressional representative for both a first and second district for the state of Montana, as established by the two-district plan provided for in subsection (3). Both offices must be placed on the ballot for the June 2, 1992, primary election.

(b) If a final determination is made before the 1992 primary election that Montana is entitled to only one congressional representative in the 103rd United States congress, the nominations for the office of congressional representative are vacant and the vacancies must be filled as provided in 13-10-326. Votes cast at the primary for candidates for the offices of first and second district congressional representative must be counted, and the returns must be canvassed as provided in Title 13, chapter 15, but no declaration of nomination may be issued under 13-15-507.

Upon filing, the two-district plan becomes law and applies retroactively to the date that the one-district plan was filed. WHEREAS, Chapter 823, Laws of 1991, provided, among other things, for adjustment payments to retirees of state, local, and teacher retirement systems who are also Montana residents; and

WHEREAS, the first adjustment payments were intended to be made for the 1991 tax year and to be payable to retirees by June 1, 1992; and

WHEREAS, the language of section 5, Chapter 823, Laws of 1991, which provides for the payment of the retirement adjustments by June 1 of each year, read together with the May 24, 1991, effective date of Chapter 823 created confusion and a question of whether the adjustment payments were required to be paid beginning June 1, 1991, for the 1990 tax year, which was not the intended result; and

WHEREAS, the additional, unintended payments have not been made at this time; and

WHEREAS, the impact on the general fund of beginning the adjustment payments a year earlier than intended is estimated to be approximately $2.9 million; and

WHEREAS, this act is intended as a curative amendment to Chapter 823, Laws of 1991, to clarify that the intent of the 52nd Legislature in enacting Chapter 823, Laws of 1991, was to make the first adjustment payments beginning June 1, 1992.

CHAPTER NO. 11

[SB 4]

AN ACT DEFINING A PROPOSED SUPPLEMENTAL APPROPRIATION; PROVIDING A PROCEDURE FOR THE REVIEW OF A PROPOSED SUPPLEMENTAL APPROPRIATION; AMENDING SECTION 17-7-301, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-301, MCA, is amended to read:

"17-7-301. Authorization to expend during first year of biennium from appropriation for second year — *proposed supplemental appropriation defined.* (1) A state department, institution, or agency of the executive branch desiring authorization to make expenditures during the first fiscal year of the biennium from appropriations for the second fiscal year of the biennium shall ~~make application for such authorization~~ *submit a proposed supplemental appropriation* to the governor through the budget director. If the governor finds that, due to an unforeseen and unanticipated emergency, the amount actually appropriated for the first fiscal year of the biennium with all other income will be insufficient for the operation and maintenance of said department, institution, or agency during the year for which the appropriation was made, he ~~may~~ *shall,* after careful study and examination of the request and upon review of the recommendation of the budget director, *submit the proposed supplemental appropriation to the legislative fiscal analyst. Upon receipt of the recommendation of the legislative finance committee pursuant to [section 2], the governor may* authorize an expenditure during the first fiscal year of the biennium to be made from the appropriation for the second fiscal year of the biennium.

(2) The department, institution, or agency may expend the amount authorized by the governor only for the purposes specified in the authorization.

(3) The governor shall report to the next legislature in a special section of the budget the amounts expended as a result of all such authorizations granted by him and shall request that any necessary supplemental appropriation bills be passed.

(4) As used in this part, "proposed supplemental appropriation" means an application for authorization to make expenditures during the first fiscal year of the biennium from appropriations for the second fiscal year of the biennium."

Section 2. **Proposed supplemental appropriation — procedure.** (1) A proposed supplemental appropriation and all supporting documentation must be submitted to the legislative fiscal analyst. The governor may not approve a proposed supplemental appropriation until the governor receives the legislative finance committee's written report for that proposed supplemental appropriation unless:

(a) the report is not received within 90 calendar days from the date the proposed supplemental appropriation and supporting documentation were forwarded to the legislative finance committee, in which case the governor may approve the proposed supplemental appropriation; or

(b) there has been a waiver of the review and report requirements, as provided in subsection (4).

(2) The legislative fiscal analyst shall review each proposed supplemental appropriation submitted by the governor for compliance with statutory requirements and standards and shall present a written report of this review to the legislative finance committee. Within 10 days after the legislative finance committee's consideration of the proposed supplemental appropriation, the legislative fiscal analyst shall submit the legislative finance committee's report to the governor.

(3) Upon receipt of the legislative finance committee's written report, the governor may approve or deny the proposed supplemental appropriation or may return the proposed supplemental appropriation to the requesting agency for further information. If the governor has returned the proposed supplemental appropriation to the requesting agency and the requesting agency resubmits the proposed supplemental appropriation to the governor, all procedures provided in this section apply to the resubmitted proposed supplemental appropriation.

(4) (a) If an emergency occurs that poses a serious threat to the life, health, or safety of the public, the legislative fiscal analyst may waive the written review and the legislative finance committee's written report required by this section. After a waiver, the legislative fiscal analyst may complete the written review.

(b) Upon receipt of the waiver, the governor may approve the proposed supplemental appropriation.

(c) A waiver affects only the legislative fiscal analyst's written review and the legislative finance committee's written report on the proposed supplemental appropriation. All other proposed supplemental appropriation requirements and standards remain in effect.

(5) Nothing in this part confers on the legislative finance committee authority to approve or deny a proposed supplemental appropriation.

Section 3. **Codification instruction.** [Section 2] is intended to be codified as an integral part of Title 17, chapter 7, part 3, and the provisions of Title 17, chapter 7, part 3, apply to [section 2].

Section 4. **Effective date.** [This act] is effective on passage and approval.

Approved January 21, 1992.

CHAPTER NO. 12

[SB 5]

AN ACT AUTHORIZING STATE LOANS TO SCHOOL DISTRICTS TO PAY HOLDERS OF SCHOOL DISTRICT BONDS DECLARED INVALID OR UNENFORCEABLE BY A FINAL COURT ORDER OR INJUNCTION; PROVIDING CRITERIA TO QUALIFY FOR THE STATE LOANS; ESTABLISHING A COAL SEVERANCE TAX SCHOOL BOND CONTINGENCY LOAN FUND;

REQUIRING A SCHOOL DISTRICT TO INCLUDE A COVENANT IN THE BOND RESOLUTION; LIMITING THE AMOUNT OF STATE-SECURED LOAN AUTHORITY ALLOCABLE TO SCHOOL DISTRICTS; AMENDING SECTIONS 17-5-703, 17-5-704, AND 17-6-310, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A CONTINGENT EFFECTIVE DATE.

WHEREAS, the decision of the Montana Supreme Court in Helena Elementary School District No. 1 v. State of Montana, 236 M 44, 769 P2d 684 (1989) (the Helena School District case), which became effective July 1, 1991, created uncertainty as to the validity and enforceability of Montana school district bonds issued after July 1, 1991; and

WHEREAS, neither the 1989 Legislature in House Bill No. 28, which addressed the funding issue for school operation, nor the 1991 Legislature addressed equalization of capital outlay; and

WHEREAS, on October 7, 1991, the Montana Supreme Court denied a request to delay the effective date of its decision in the Helena School District case beyond July 1, 1991; and

WHEREAS, since July 1, 1991, Montana school districts have been unable to issue bonds because bond counsel is unable to give an unqualified opinion as to the validity and enforceability of the bonds; and

WHEREAS, there are certain school districts that are in need of new facilities but are currently unable to market bonds, including Plentywood and West Glacier, whose schools were destroyed by fire; Livingston, which faces closure of its 80-year-old building by the State Fire Prevention and Investigation Program; and Clancy, which, like other districts, faces the threat of accreditation loss because of the unsafe and unsanitary conditions of its building.

THEREFORE, the Legislature finds it appropriate that until the 1993 Legislature can address the issue of capital outlay equalization, the state provide school districts the authority to obtain loans secured by the state to pay holders of school district bonds issued between [the effective date of this act] and January 1, 1993, by school districts faced with severe deficiencies in their current facilities.

Be it enacted by the Legislature of the State of Montana:

Section 1. **School district bonds — state loan — qualifications for state loan.** (1) The department of administration shall make a loan from the coal severance tax school bond contingency loan fund, established in 17-5-703(1)(e), to a school district in an amount equal to the principal and interest payment on qualifying bonds when due in accordance with the provisions contained in the bonds. In order to receive a loan, the school district must:

(a) have issued bonds between [the effective date of this act] and January 1, 1993, pursuant to 20-9-421 and 20-9-464;

(b) be prevented from making principal and interest payments on the bonds because the debt service levy for the bonds:

(i) has been declared invalid or unenforceable under Article II, section 4, or Article X, section 1, of the Montana constitution by a final court order; or

(ii) is prevented by an injunction;

(c) have exhausted the debt service reserve for the bonds; and

(d) have complied with all the requirements for the bonds contained in [section 2] and this section.

(2) To qualify for the state loan described in subsection (1), a school district, before issuing its bonds, must have:

(a) received voter approval for bonds pursuant to 20-9-421;

(b) following voter approval, received a certificate of eligibility from the board of public education stating that after consultation with the superintendent of public instruction, the board has determined that a minimum of 75% of the principal amount of the proposed bonds will be used to:

(i) restore, rebuild, or replace a destroyed or severely damaged school building;

(ii) correct one or more building deficiencies that affect the health and safety of school children;

(iii) correct one or more deficiencies that prevent the school district from meeting current accreditation standards; or

(iv) address any combination of circumstances described under subsections (2)(b)(i) through (2)(b)(iii); and

(c) received a final certificate of allocation from the department of administration pursuant to subsection (5).

(3) The board of public education shall:

(a) maintain a record of the total principal amount of bonds for which certification has been issued; and

(b) immediately furnish to the department a copy of each certificate issued.

(4) Upon receipt of a copy of the certificate from the board of public education, the department shall temporarily allocate loan authority to the school district equal to the principal amount of bonds indicated in the board's certificate. The principal amount of bonds for which final certification is issued may be less than the principal amount of bonds approved by the voters pursuant to subsection (2)(a).

(5) To obtain a final certificate of allocation, a school district shall provide the department, on a form provided by the department, the following information:

(a) the tentative date of sale of the school district's bonds;

(b) the principal amount of the bonds to be issued;

(c) the name and addresses of bond counsel and the financial advisor; and

(d) other information as requested by the department.

(6) Upon issuance of the bonds, a school district shall forward to the department a copy of the district's bond resolution, the final opinion of bond counsel on the bonds, and a schedule of principal and interest payments on the bonds to maturity. The bond resolution must include a covenant agreeing to:

(a) defend any lawsuit challenging the school district's authority to sell and issue the bonds and to levy a tax for payment of the principal of and interest on the bonds;

(b) provide to the department before August 1 of each year a report of the school district's outstanding principal balance as of the preceding June 30 on the bonds secured by state loans;

(c) refund the bonds on any normal call date if, during the term of the bonds, the school district can refund its bonds without the state loan security and without increasing its total debt service costs on the bonds; and

(d) enter into a contract with the department establishing a schedule to repay the state if the state loans the school district money to make payments on district bonds. Notwithstanding other provisions of law, the loan must be repaid by the school district at a rate equivalent to the average yield of the pooled investment fund established in 17-6-203(3), commonly known as the short-term investment pool, for the period of the loan. Repayment must begin no later than January 1, 1994, and the loan must be repaid in full within 10 years from the date the first loan is issued to a school district. Repayment must be paid from the sources designated for repayment of the bonds or from any other revenue and assets of the school district, including state equalization funds currently distributed or which may be distributed to the district. Loan repayments received by the department must be deposited in the coal severance tax school bond contingency loan fund.

(7) The department shall maintain a record of the total principal amount of bonds secured by state loans.

(8) A school district issuing bonds subject to [section 2] and this section may apply to the attorney general for a determination as to whether its bonds are affected by a court order declaring that the bonds of another district are invalid or unenforceable.

(9) A school district whose authority to levy a property tax to pay principal of and interest on bonds has been challenged shall, upon notification of the challenge, immediately notify the attorney general and the department.

Section 2. **State loan — limitation on state loan authority — priority of loan allocation — application.** (1) The allocation of the state's loan authority for bonds issued pursuant to [section 1] is intended only to enable a school district to issue bonds pending resolution of the financing of capital outlay.

(2) Except as provided in subsection (5), the total principal amount of school district bonds that may be secured by loans under [section 1] may not exceed $25 million and must be allocated to qualifying school districts on a first-come, first-serve basis in order of issuance of final certificates of allocation by the department of administration.

(3) An individual school district may not issue bonds secured by a state loan with a principal amount in excess of $6 million.

(4) If more than one school district qualifies for a state loan and an insufficient amount of state loan authority remains, the board of public education shall allocate the state loan authority to the district with the earliest voter approval of its bonds.

(5) Prior to allocating the final $1.5 million of state loan authority under [section 1], the board of public education shall determine if there is a school district eligible for a state loan under [section 1(2)(b)(i)] and, if so, shall give that district first priority to the remaining loan authority.

(6) This section does not apply unless a bond resolution contains the covenant required under [section 1(6)].

Section 3. Section 17-5-703, MCA, is amended to read:

"**17-5-703. Coal severance tax trust funds.** (1) The trust established under Article IX, section 5, of the Montana constitution shall be composed of the following funds:

(a) a coal severance tax bond fund into which the constitutionally dedicated receipts from the coal severance tax shall be deposited;

(2) The state treasurer shall determine the amount necessary to meet all principal and interest payments on bonds payable from the coal severance tax bond fund on the next two ensuing semiannual payment dates and retain that amount in the coal severance tax bond fund.

(3) (a) On [the effective date of this act] and continuing as long as any school district bonds secured by state loans under [section 1] are outstanding, the state treasurer shall from time to time and as provided in subsection (3)(b) transfer from the coal severance tax bond fund to the coal severance tax school bond contingency loan fund any amount in the coal severance tax bond fund in excess of the amount that is specified in subsection (2) to be retained in the fund.

(b) The state treasurer shall transfer the amount referred to in subsection (3)(a) until and unless the balance in the coal severance tax school bond contingency loan fund is equal to the amount due as principal of and interest on the school district bonds secured by state loans under [section 1] during the next following 12 months.

~~(3)~~*(4)* Beginning ~~on~~ July 1, 1991, and ending ~~on~~ June 30, 1997, *from any amount in the coal severance tax bond fund in excess of the amount that is specified in subsection (2) to be retained in the fund and in excess of any amount that is required to be transferred by subsection (3),* the state treasurer shall from time to time transfer ~~from the excess amount in the coal severance tax bond~~

CHAPTER NO. 13

[HB 2]

AN ACT TO GENERALLY REVISE APPROPRIATIONS FOR THE 1992 BIENNIUM; AMENDING THE GENERAL APPROPRIATIONS ACT OF 1991 AND OTHER ACTS APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 1993; AMENDING CHAPTER 815; SECTION 9, CHAPTER 526; SECTION 2, CHAPTER 546; SECTION 4, CHAPTER 559; SECTION 16, CHAPTER 604; SECTION 6, CHAPTER 634; SECTION 1, CHAPTER 707; SECTION 16, CHAPTER 720; SECTION 1, CHAPTER 753; SECTION 12, CHAPTER 765; SECTION 6, CHAPTER 774; SECTION 9, CHAPTER 781; SECTION 5, CHAPTER 816; AND SECTION 1, CHAPTER 820, LAWS OF 1991; REPEALING SECTION 7, CHAPTER 725, LAWS OF 1991; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Chapter 815, Laws of 1991, is amended to read:

"**Section 1. Short title.** [This act] may be cited as "The General Appropriations Act of 1991".

Section 2. Limit on personal services transfer — exceptions. (1) Funds appropriated for personal services or indicated in legislative intent as having been appropriated for personal services may not be expended under any other category unless the approving authority approves a specific agency request for the 1993 biennium only, which request is justified either on the basis of documented cost savings or as specified in subsection (2). The approving authority shall submit its analysis of the cost savings to the legislative auditor, with wages and fringe benefits separately documented from other cost savings. The legislative audit committee shall review the approving authority's analysis and report to the 53rd legislature on the savings realized.

(2) If an agency is unable to recruit and hire professional positions funded in the appropriation, funds appropriated for personal services may be used to fund an agreement or contract to provide services that are identical to those services performed by an authorized position. The amount used for the agreement or contract may not be more than the amount authorized for the position less any personal services reduction. The agency director shall certify to the approving authority, as defined in ~~House Bill No. 454~~ *17-7-102*, or his designated representative that the agency is unable to fill the position and that the services performed by that position are necessary.

Section 3. First level expenditures. The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 1993 biennium, are adopted as legislative intent.

Section 4. Reorganization. If any agency reorganizes during the 1993 biennium, the agency shall present for fiscal 1992 and fiscal 1993 by program:

(1) a restatement of the FTE records and financial records consistent with the reorganized structure; and

(2) a comparison of the original operating budget to the revised operating budget that reflects the reorganization. Reorganization means transfer of functions or five or more FTE from one program to another.

Section 5. Natural resources damage assessment repayment. In the natural resource damage assessment and litigation against the atlantic richfield company, the state shall seek repayment of any funds appropriated in [this act] that are expended by a state agency for the purpose of conducting the assessment and/or litigation. This repayment must include interest on the funds at a rate commensurate with rates earned in the short-term investment pool.

~~**Section 6. Personal services reduction.** The line item for "personal services reduction" reduces the agency's total personal services appropriations. Before [this act] is enrolled, the legislative fiscal analyst is directed to allocate the personal services reduction among programs within the agency. This allocation must be:~~

~~(1) made after all other amendments contained in this conference committee report have been made; and~~

~~(2) based upon the funding for all control variables within each program, excluding control variables that do not contain personal services.~~

Section ~~7~~ *6*. Budget reduction. The line item for "budget reduction" reduces the agency's total general fund appropriation. The agency, with the approval of the approving authority as defined in ~~House Bill No. 454~~ *17-7-102*, shall determine the proportional share of the amount to be applied to each program and reduce that program's appropriation accordingly.

Section ~~8~~ *7*. Vacant positions. If a budgeted position remains unfilled for more than 6 months, the position may be filled only after approval by the approving authority. The approving authority shall document in writing the justification and approval for filling each position that was vacant for more than 6 months and shall provide the documentation to the office of budget and program planning and to the office of the legislative fiscal analyst if requested. If a budgeted position remains unfilled for more than 1 year, the approving authority may not include the position in the budget request base for the executive budget request that will be presented to the 53rd legislature. The budget request presented to the 53rd legislature must include an analysis of vacant positions subject to the approval requirement in this section and must specifically identify those positions that remained unfilled for more than 1 year and are included in the budget request as modifications.

~~**Section 9. Employee training documentation.** All agencies shall identify on the statewide budgeting and accounting system the costs of providing training to employees, including travel but not including the personal services costs for the employees being trained. In addition, agencies shall maintain statistics and information that disclose the days of training provided to employees, the number of employees who received training, and the type of training provided.~~

Section ~~10~~ *8*. Severability. If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of [this act].

Section ~~11~~ *9.* Audit cost. Amounts appropriated for audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall, to the maximum extent allowable under federal regulations, charge audit costs to federal funds. The budget director shall increase the agency line item appropriations for legislative audits by amounts that total the amount appropriated for the 1993 biennium from the legislative auditor's special revenue fund for the purpose of state pay plan funding. The budget director shall allocate the amounts on the same basis that current line items for legislative audits in agency budgets are allocated in [this act].

Section ~~12~~ *10.* Technical allocation costs. For agencies with internal cost allocation plans funded with proprietary revenues, the budget director shall adjust agency appropriations by amounts necessary to increase the budgets for indirect costs attributable to pay increases in an agency's indirect cost pool appropriated in the state pay plan bill. Funding for this appropriation consists of general fund money and other funds in an amount proportionate to the funding allocated for budgeting indirect cost assessments in [this act].

Section ~~13~~ *11.* Account analysis. All agencies shall reexamine their proprietary accounts and designated subfunds and report to the legislative auditor's office after fiscal year 1992 the specific plans for spending the accounts, the monthly or daily account balances, and whether the accounts have adequate amounts of revenue and fund balances and the plans to reduce or add monies to the accounts.

Section ~~14~~ *12.* Totals not appropriations. The totals shown in [this act] are for informational purposes only and are not appropriations.

Section 13. Fund balance transfers and revenue estimate increases. *The legislative auditor shall transfer to the general fund from state agency audit fees $22,159 in fiscal 1992. The department of social and rehabilitation services shall transfer to the general fund from the child support enforcement account all cash balance remaining at the end of fiscal 1992. Any cash balance in the account in excess of $500,000 at the end of fiscal 1993 must be deposited in the general fund. Upon final determination of all general fund money in the social and rehabilitation services department's unreconciled special revenue fund balance (in the approximate total amount of $2,530,153), any funds remaining in the special revenue fund to which the state is entitled must be deposited in the general fund.

There must be retained in the local impact account, established under 90-6-202, for the purpose of reverting to the state special revenue account for school equalization aid to public schools an amount not less than $500,000 in fiscal 1992 and $1,635,363 in fiscal 1993.

The department is directed to submit to the 1993 legislature a construction work plan for the 1995 biennium that is detailed by year and project. This work plan must specify, by road system or project area, proposed projects on which $1 million or more would be spent during the 1995 biennium and an aggregate cost for projects with anticipated expenditures of less than $1 million. Costs must be detailed by year and project.

The department may adjust appropriations and FTE in the construction, interfund transfers, and maintenance programs between fiscal years to reflect actual expenditures related to the construction work plan and maintenance activities.

The department may adjust appropriations in the construction program between fund types, provided that the adjustment does not exceed 10% of the total appropriation established by the legislature for the construction program. All transfers between fund types must be fully explained and justified on budget documents submitted to the office of budget and program planning, and all fund transfers of over $1 million in any 30-day period must be communicated to the legislative finance committee in a written report.

The department is directed to conduct a cost responsibility study to determine the appropriate ratio of highway user fees based on road wear caused by each type of user. The department shall provide a report of study results and a recommended fee structure to the legislative finance committee by June 1, 1992.

State highway commission commissioners cannot be flown to or from highway commission meetings in state-owned aircraft unless documented cost savings over other transportation options can be achieved.

Liquor division proprietary funds necessary to maintain adequate inventories of liquor and wine and to operate the state liquor operation are appropriated. During the 1993 biennium, the division shall attempt to return at least 10% of net sales. Net sales are gross sales less discounts and all taxes collected. The division shall limit operational expenses of the liquor merchandising system to not more than 15% of the net sales. Operational expenses may not include product costs, freight charges, expenses allocable to other divisions, or licensing bureau expenses.

An agent operating a state agency liquor store has the preference right to renew the agent's agency agreement by accepting the terms of the request for bids as those terms existed before January 1, 1991, and by meeting the highest bid made by any other applicant. Those agency agreements that contain renewal options must be honored according to the terms of the agency contract and request for bids in existence prior to January 1, 1991.

Funds appropriated in item 7e may be used only for consulting contracts to support CAMAS or to support appraisers' use of CAMAS, for debt service costs to fund equipment acquisition, and for computer maintenance contracts.

Item 3c is a biennial appropriation.

The total appropriation for the department includes $2,204,426 in fiscal 1992 and $2,204,426 in fiscal 1993 from the maternal and child health block grant. To the extent revenue from the grant exceeds these amounts, it must be distributed to the counties, based upon identifiable needs. To the extent revenue from the grant is less than these amounts, allocations must be reduced proportionately among state programs and grants to counties.

The total appropriation for the department includes $644,771 in fiscal 1992 and $644,771 in fiscal 1993 from the preventive health block grant. To the extent revenue from the grant exceeds these amounts, it must be distributed at the discretion of the director of the department, based upon identifiable health care needs. To the extent revenue from the grant is less than these amounts, the director of the department shall make program reductions.

Funds appropriated to the department for indirect cost recovery may be expended only for that purpose.

The director's office includes $82,897 of general fund money each year within the legal unit that may be used only to pay legal services billed to programs funded by the general fund within the department. None of this appropriation may be transferred to other programs.

Item 2 includes a total of $25,000 of general fund each year that must be used to perform tests as needed on behalf of the food and consumer safety and occupational health bureaus within the department. If these funds are not needed for testing in the food and consumer safety and occupational health bureaus, they may be expended for other services within the laboratories.

It is the intent of the legislature that the department determine the feasibility of funding the public health and chemistry laboratories through proprietary and special revenue accounts with little or no use of general fund money, except as specified to support testing for the food and consumer safety and occupational health bureaus. If the department determines that such accounting is feasible and saves general fund money, then on or after July 1, 1991, the department may request that the approving authority authorize a proprietary account and reduce the general fund appropriation by a like amount. If this occurs, the general fund appropriation must remain at $25,000 to provide necessary testing for the food and consumer safety and occupational health bureaus.

Item 2b is a biennial appropriation that may be used only if the demand for reimbursable services requires expenditures for supplies, materials, and communications in excess of the appropriated levels of $184,820 in fiscal 1992 and $184,597 in fiscal 1993.

The department is authorized to receive an interentity loan from the general fund for no more than $4,928,894 for the purpose of conducting the Clark Fork natural resources damage assessment and litigation against the atlantic richfield company (ARCO). Repayment of this loan is extended through the end of the 1993 biennium in accordance with 17-2-107. The repayment must include interest on the amount loaned at a rate commensurate with rates earned in the short-term investment pool.

The natural resource damage litigation program policy committee is formed to ensure cooperation and unity among the state's natural resource agencies in carrying out their responsibilities as representatives of the governor, who is the trustee of the state's natural resources. The policy committee shall guide and make natural resource damage litigation program policy recommendations. The appropriation of $4,928,894 to continue the natural resources lawsuit against ARCO must be overseen by the policy committee, which consists of the following individuals or their designated representatives: the governor's energy and environmental policy advisor; the directors of the departments of health and environmental sciences and fish, wildlife, and parks; and the commissioner of the department of state lands. The attorney general or his designated representative may act in an advisory capacity to the natural resource damage litigation program policy committee.

None of the appropriation for the licensing, certification, and construction bureau may be transferred to any other program in the department.

The legislative fiscal analyst is directed to recalculate the indirect cost assessments to department programs, using the following rates applied to 100% of personal services:

All unappropriated revenue to and fund balance in the unemployment insurance administrative tax account is appropriated to a reserve fund for job service administrative costs, except amounts, up to $100,000 per fiscal year, necessary to comply with federal requirements that a cost allocation plan for nonunemployment insurance tax collections be established. The amount of unappropriated funds for deposit into the reserve must be determined after all other unemployment insurance administrative tax appropriations are funded. The job service reserve fund must be maintained within the unemployment insurance administrative tax account. Interest earned on the job service reserve must be deposited into the job service reserve fund. Sufficient funds from the job service reserve are appropriated to the department to fund the job service federal fund appropriation in fiscal 1992 and fiscal 1993, contingent upon receipt of federal funds for the support of job service functions that are less than the level received in fiscal 1991. Funds in the job service reserve may not be transferred to the unemployment insurance trust fund until January 30, 1993, except in the case that an amount is necessary to reduce the employer contribution schedule for the coming year. Any transfer prior to January 30, 1993, must be reviewed by the legislative finance committee.

The department, in concert with other interested parties, shall prepare formal guidelines for use of the unemployment insurance administrative tax funds and present these guidelines to the 53rd legislature. At a minimum, the guidelines must include a prioritization of programs and activities to be funded. The criteria for prioritization must include the following considerations:

(1) loss of federal funding, impact on rural communities, and employer/employee-related functions; and

(2) the establishment and maintenance of a reserve fund to ensure that employment security services continue in the event of federal fund reductions.

The department shall provide information to the 53rd legislature regarding the actual amount collected by the 3 FTE added to collect unemployment insurance accounts receivable.

The department is appropriated up to $1 million each year from funds referred to in 39-71-502 and 39-71-901 to pay uninsured employer and subsequent injury benefits as required by 39-71-503 and 39-71-907.

Funds appropriated in item 1b must be distributed to the office of public instruction for administration of the jobs for Montana's graduates program.

~~Item 4 is increased by $68,916 in fiscal 1992 and by $70,143 in fiscal 1993 (state special revenue) if House Bill No. 837 is not passed into law.~~

~~Item 4a is contingent on passage and approval of House Bill No. 187.~~

~~Item 4b is contingent on passage and approval of House Bill No. 342.~~

~~Contingent on passage and approval of Senate Bill No. 228, the~~ *The* budget director shall increase item 8 by the amount necessary to bring the salary and benefits of the workers' compensation judge to the levels authorized by ~~Senate Bill No. 228~~ *Chapter 656, Laws of 1991,* less any increase provided for in the pay plan bill.

Funds appropriated in item 9c to replace federal fund reductions in Job Training Partnership Act (JTPA) programs statewide are one-time only funds and may be used only if and to the extent federal JTPA funds allocated to the state are less than the amount allocated in state fiscal year 1991. Unspent funds revert to the job service reserve fund in the unemployment insurance administrative tax account.

During fiscal 1993, the department is authorized to use unemployment insurance administrative tax funds appropriated for funding the JTPA as state matching funds for federal funds appropriated to the department of social and rehabilitation services for the job opportunities and basic skills (JOBS) program.

The amount of unemployment insurance administrative tax funding for the jobs for Montana's graduates program may not be increased.

The department is authorized to retain 7.5% of the federal community services block grant and pass through the remaining 92.5% to the human resource development councils (HRDC). If, during fiscal 1992 or fiscal 1993, the block grant falls below the federal fiscal year 1990 grant level, the department shall retain only 5% and pass through the remaining 95% to the HRDCs.

Item 1b is funding for rate increases to day-care providers. Beginning October 1, 1991, the department shall increase day-care provider rates up to 75% of the "local market rate" (the maximum allowed under federal regulations). If federal regulations permit the use of funds from the new "child care and development block grant" for these increases, the department shall decrease the general fund appropriations by the amount of block grant funds available.

Item 1e is additional funding to set AFDC and general assistance payment levels at 42% of the federal poverty index.

The department may, beginning October 1, 1991, pay AFDC recipients a transition-to-work allowance. The allowance may be used for travel and relocation expenses of the recipient and family to another county or state. AFDC recipients are eligible to receive this allowance under rules adopted by the department. The rules may establish limitations on the amount to be paid and require that the recipient have verification of employment, an employment interview, or acceptance into an approved educational or training program. Expenses for a transition-to-work allowance may be paid from the appropriation for AFDC benefits.

The department is authorized to use federal funds appropriated for the job opportunities and basic skills (JOBS) program to match general fund money available within the department and unemployment insurance administrative tax funds appropriated to the department of labor and industry for funding the Job Training Partnership Act (JTPA).

The state share of the AFDC-related support collections and all AFDC and non-AFDC federal incentive payments must be deposited in a state special revenue account from which the state's share of the administrative and operational costs of the child support enforcement program must be paid. The legislature intends that, during the 1993 biennium, the department collect $1.25 for each $1 expended for administrative and operational costs from the account. Expenditures made from the account for state medicaid match or development of the SEARCHS computer project are not considered administrative or operational expenditures for purposes of this requirement. ~~Any cash fund balance in excess of $500,000 in the state special revenue account at the end of each fiscal year must be deposited in the state general fund.~~ *The department shall transfer to the general fund from the child support enforcement account all cash balance remaining at the end of fiscal 1992. Any cash balance in the account in excess of $500,000 at the end of fiscal 1993 must be deposited in the general fund.*

The department is authorized to transfer funds among appropriations for medicaid primary care, medicaid nursing care, medicare buy-in, state medical, and the home and community-based waiver program. Except as provided below, funds transferred to the medicaid waiver program may not be used to increase the number of recipients receiving waiver services but must be used solely for covering cost increases above the appropriated level.

The department may utilize funds appropriated for medicaid nursing care to increase the number of recipients in the home and community-based waiver program during the 1993 biennium under the following conditions:

(1) During the 1993 biennium, no more than 25 nursing residents who are appropriate for waiver services may be transferred from nursing facilities to the waiver program.

(2) Per diem waiver costs for residents moved from nursing facilities may not exceed the statewide average medicaid per diem cost of intermediate nursing care.

(3) The department shall keep records of each resident transferred under this provision and submit to the 53rd legislature a report on the number of residents transferred and any cost savings achieved as a result of the transfers.

The legislature intends that expenditures for all executive budget modifications for provider rate increases approved by the legislature be limited to dollar amounts appropriated rather than percentage increases on which the original estimates may have been based. The department will be in compliance with this provision if:

(1) it estimates total costs for each medicaid service category in June, prior to the beginning of each fiscal year of the 1993 biennium; and

(2) the percentage increases or base adjustments approved by the department are limited to the dollar amount appropriated for each budget modification.

The department may not expand or reduce the amount, scope, or duration of benefits provided to recipients under the medicaid primary care or nursing care programs during the 1993 biennium unless Title XIX of the federal Social Security Act is amended to require expansion or reduction of benefits as a condition of the state receiving federal financial participation. This provision may not be construed to prohibit the department from implementing coverage provided in 53-6-101(3)(l).

~~The appropriation in item 6q is contingent on passage and approval of House Bill No. 93.~~

The rate increases in items 6e and 6h are funded beginning October 1, 1991. ~~The rate increase in item 6j is funded beginning October 1, 1992.~~

Upon final determination of all general fund money in the department's unreconciled special revenue fund balance (in the approximate total amount of $2,530,153) and the deposit of these funds in the general fund, $438,795 in fiscal 1992 and $485,182 in fiscal 1993 are appropriated to fund the additional general fund costs of the TEAMS project in item 8b. Any funds remaining in the special revenue fund to which the state is entitled must be deposited in the general fund.

However, if a subsequent reconciliation concludes that funds transferred from the unreconciled account to the general fund belong to the federal government, the department may request a general fund supplemental appropriation to repay the federal funds.

~~House Bill No. 903 requires~~ *Chapter 707, Laws of 1991, required* the department to transfer all money in the federal special revenue account (number 03143) associated with the former department of community affairs grant closeouts reported in the April 1990 legislative audit report. If ~~House Bill No. 903 is passed and approved and~~ a subsequent reconciliation of this

account concludes that any of the funds transferred from the account to the general fund belong to the federal government, the department may request a general fund supplemental appropriation to repay the federal funds.

It is the intent of the legislature that annualized expenses for operation of SEARCHS not exceed $1,500,000. This amount includes expenses for any facilities management contracting that may be utilized for system operations, computer processing costs directly associated with operation of the system, and other personal services and nonpersonal services costs directly charged to the management and operation of the system. The department may not proceed with development of SEARCHS until it has demonstrated to the satisfaction of the governor's office of budget and program planning and to the legislative finance committee that the projected annualized operational costs of the system will not exceed the limit imposed in this statement of intent.

Item 9b is funding for a 4.5% rate increase each year of the 1993 biennium to providers of vocational rehabilitation services.

Item 11a is funding for a 4.5% rate increase each year of the 1993 biennium to providers of visual services.

The department is authorized to transfer funds between appropriations for the vocational rehabilitation and visual services programs.

Item 12a is funding for a 4.5% rate increase each year of the 1993 biennium to providers of developmental disabilities services.

The department may pursue funding under the federal ICF/MR program for additional intensive service slots funded by the 1991 legislature if the federal government fails to approve adequate medicaid waiver funding under the home and community-based waiver program.

The department shall submit to the 53rd legislature a report detailing the numbers of developmentally disabled (DD) clients served by the department in fiscal 1992 and the actual fiscal 1992 general fund and federal fund expenditures for that service.

The department may provide DD targeted case management through increases in staff, or it may contract for the targeted case management services. The department may transfer the targeted case management program for the developmentally disabled to the department of social and rehabilitation services during the 1993 biennium.

Included in item 2 is a general fund appropriation of $38,708 in fiscal 1992 and $58,083 in fiscal 1993 for increases to day-care providers. Beginning October 1, 1991, the department shall increase day-care provider rates up to 75% of the "local market rate" (the maximum allowed under federal regulations). If federal regulations permit the use of funds from the new "child care and development block grant" for these increases, the department shall decrease the general fund appropriations by the amount of block grant funds available.

In item 2a, the department is appropriated federal funds of $2,373,287 in fiscal 1992 and $2,641,716 in fiscal 1993 for improving the availability and quality of day care. The department shall issue a report to the 53rd legislature detailing the numbers and types of services provided and the actual fiscal 1992 expenditures for those services.

In item 2g, at least $1.3 million for the biennium must be reserved for residential treatment services.

In item 2i, the department may use the funds to contract for direct services on reservations or pay for placement services.

The continuum of service plan is to be presented to the legislative finance committee during calendar 1991 for its review and comment. After review by the committee and consideration of recommendations and upon implementation of the plan, all funds are to be spent in accordance with the plan. The goal of the plan is to develop a comprehensive child welfare service system by July 1, 1993. The system must include but not be limited to family-based services, foster care, therapeutic foster care, group care, residential treatment, and psychiatric hospitalization for youth. Funds appropriated for the youth foster care program may not be transferred to the medicaid program administered by the department.

~~The personal services reduction may not be applied to social workers in the community services program of the department.~~

~~The Montana historical society has submitted for review plans for up to $95,000 in private funds for the 1993 biennium. The Montana historical society is to present a summary report to its appropriations subcommittee during the 1993 legislature that lists the projects funded with these private funds and the expenditures for each project. These funds are not subject to appropriation and are not included in the above totals. This language is contingent upon passage of House Bill No. 45.~~

In item 1, $16,221 in fiscal 1992 and $16,181 in fiscal 1993 are to offset vacancy savings that will revert to the general fund if not needed to pay personnel costs during the biennium. The agency has the authority to move these funds between programs by transfer to meet the expenses experienced.

The proprietary authority for a statutorily required transfer of general fund money in the magazine program must be increased by the same amount as the pay plan increase for FTEs supported by the general fund.

~~Item 1c is contingent on the failure of Senate Bill No. 411.~~

~~The amendment made to item 2 that struck $219,191 and $219,078 is contingent on the failure of Senate Bill No. 411.~~

Contracts negotiated or renegotiated by the department may not extend beyond the end of the 1993 biennium unless they contain the clause "subject to legislative appropriation of funds for this contract".

If the department is unable to recruit and hire professional positions funded in the appropriation and required for patient treatment and/or certification, it may transfer up to 100% of the aggregate personal services cost of each class of vacant position or the cost of the required contract, whichever is less, to operating expenses for the purpose of contracting for services that would have been provided if *that* position were filled. The department shall certify to the governor or his designated representative that:

(1) the department is unable to fill the position or positions; and

(2) the services that would be provided by that position if filled and by the proposed contract are necessary for either federal medicaid certification or the treatment requirements of its correctional institutions.

Within the industries operations in item 2, the department may submit budget amendments to hire 1 FTE marketing representative, 2 FTE shop supervisors, and 1 FTE prison industries procurement coordinator if funding is available.

Within the industries training program in item 2, the department may submit budget amendments to hire 1 FTE vehicle maintenance shop supervisor if funding is available.

The department is authorized to maintain a cash balance of not more than $16,000 at the end of each fiscal year in the prison industries training proprietary account. Any funds in excess of $16,000 in the proprietary account are to offset the general fund appropriation.

Item 2a, the corrections medical budget, is a biennial appropriation.

The department shall submit budget amendments for the local jurisdiction sentencing option program in item ~~2h~~ *2g* if federal funding becomes available. The total general fund and state special fund share of the program may not exceed 50% and must revert to the respective funds to the extent that federal funding is less than $35,000.

Item ~~2n~~ *2m* contains $55,276 in fiscal 1992 and $55,158 in fiscal 1993 for two targeted case managers at the prison. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from the above items in the current level base.

~~Item 2r contains $12,200 in fiscal 1992 and $5,200 in fiscal 1993 from the general fund for peace officer training for probation and parole officers. This appropriation is contingent on passage and approval of Senate Bill No. 379.~~

Transfers may be made between line items within the mental health division and the alcohol and drug abuse division (chemical dependency) for the purpose of accurately allocating operating expenses associated with the alcohol and drug programs on the Galen campus upon approval of the governor or his designated representative.

Included in item 3 are $22,492,426 in fiscal 1992 and $22,717,860 in fiscal 1993 for the operation of Montana state hospital. Except for approved transfers to the chemical dependency division for the purpose of accurately allocating operating expenses associated with the alcohol and drug programs on the Galen campus, no more than 5% of these funds may be transferred.

In item 3, the department may transfer appropriation authority from the personal services category to the operating expense category of the mental health division budget upon approval by the governor or his designated representative for costs associated with the Ihler lawsuit and the pilot projects in Kalispell, Missoula, and Butte.

In item 3, the department may transfer appropriation authority from the personal services category to the operating expense category of the mental health division budget upon approval by the governor or his designated representative for costs, up to $1,000,000 for the 1993 biennium, associated with responding to the district court ruling on the Ihler lawsuit.

~~Items 3f, 4d, and 6a are contingent on passage and approval of House Bill No. 93.~~

Included in the appropriation for the Montana state hospital chemical dependency program within item 4 are $1,408,733 in fiscal 1992 and $1,413,201 in fiscal 1993 for the operation of the Galen chemical dependency program. No more than 5% of these funds may be transferred.

The department shall continue to provide acute hospital care, intermediate nursing care, and chemical dependency services at the Montana state hospital at Warm Springs and Galen without significant changes in the program at either campus, *except for approved changes on the Warm Springs campus to implement the district court ruling on the Ihler lawsuit.*

In item 5, the department may transfer appropriation authority from the personal services category to the operating expense category of the Montana developmental center budget upon approval of the governor or his designated representative if the downsizing does not take place on schedule.

E. EDUCATION

University units are defined in ~~[section 5 of House Bill No. 454]~~ *17-7-102(16)*. For all university units, except the office of the commissioner of higher education, all funds, other than plant funds appropriated in ~~House Bill No. 5~~ *Chapter 774, Laws of 1991*, relating to long-range building, and current unrestricted operating funds, are appropriated contingent upon approval of the comprehensive program budget by the board of regents by October 1 of each year. The budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. All movement of funds between the current unrestricted subfund and the designated subfund account entities must be clearly identified in the state budgeting and accounting system.

Programs for the university units' budgets, except the office of the commissioner of higher education, include instruction, organized research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships and fellowships.

All university units, except the office of the commissioner of higher education, shall account for expenditures consistently within programs and funds across all units and shall use the national center for higher education management systems program classification structure, along with the college and university business administration (CUBA) system, as a minimum standard for achieving consistency.

Any tuition added through budget amendment in fiscal 1992 and fiscal 1993 may, in the discretion of the board of regents, be distributed among agencies of the Montana university system with the following restriction: tuitions may not be budget amended either directly or indirectly to increase the budget of the office of the commissioner of higher education.

The general fund reduction to the Montana university system is not contingent on or tied to any action concerning the operation of state liquor stores.

The general fund appropriation for each community college includes 49% of the total audit cost. The remaining 51% of these costs are to be paid from funds other than those appropriated in items 4 and 4a. Audit costs may not exceed $18,000 each for Dawson and Miles community colleges and $25,000 for Flathead Valley community college for the biennium.

Item 11a is a biennial appropriation.

Items 12 and 13 reduce the commissioner of higher education's total general fund appropriation. The commissioner of higher education, with the approval of the approving authority, as defined in 17-7-102, shall determine the proportional share of the amount to be applied to each program and reduce that program's appropriation accordingly.

Item 14 is additional spending authority for tuition revenue. This tuition may, in the discretion of the board of regents, be distributed among agencies of the Montana university system with the following restriction: all tuition revenue must be distributed to agencies other than the office of the commissioner of higher education. It is the intent of the 52nd legislature that the board of regents increase total tuition and fee charges at the six university units by no more than $7 per credit hour for resident students and $47 per credit hour for nonresident students, which is the equivalent of the difference between charges at Montana state university and the university of Montana and the average of their peer institutions.

Item 5 reduces western Montana college's total general fund appropriation. Western Montana college, with the approval of the approving authority, as defined in 17-7-102, shall determine the proportional share of the amount to be applied to each program and reduce that program's appropriation accordingly.

Included within current unrestricted funds (contained in the "other" fund column) to the six university units is the sum of $11,887,000 in fiscal 1992 and $12,131,000 in fiscal 1993 from revenue generated under the provisions of 20-25-423. The department of revenue shall levy the full 6 mills as authorized in 20-25-423. Revenue received by the university system under the provisions of 20-25-423 that exceeds $11,887,000 in fiscal 1992 and $12,131,000 in fiscal 1993 is appropriated to the office of the commissioner of higher education for distribution to the university system and ~~must cause a general fund reversion of a like amount~~ *must be added by budget amendment by the board of regents in a manner so as to offset reductions in the university system appropriations in [this act] from the levels contained in The General Appropriations Act of 1991 and acts supplementary thereto.*

It is understood by the 52nd legislature that the appropriations contained in [this act] for the six university units may result in the board of regents electing to limit or reduce enrollment during fiscal 1992 and fiscal 1993. It is the intent of the 52nd legislature that if actual enrollments during the 1993 biennium are fewer than the budgeted number of student full-time equivalents for the 1993 biennium, systemwide or by unit, the legislative fiscal analyst shall present to the 53rd legislature a current level budget for the six units, systemwide and by unit, no lower than the budgeted amount for the 1993 biennium.

It is ~~further~~ understood by the 52nd legislature that shortfalls in student tuition due to enrollment declines may be presented to the 53rd legislature for a supplemental appropriation. These tuition shortfalls are not expected to be made up by per-student full-time equivalent tuition increases.

The 52nd legislature intends for the Montana university system to be subject to the personal services line item requirements contained in [section 2, *Chapter 815, Laws of 1991, as amended by [this act]*]. The dollar amount of the personal services line item is equal to the following:

(1) For the research, public service, and plant programs, the line item amount is equal to the personal services amount contained in table 3 of the Montana university system budget narrative accompanying [this act].

(2) For the instruction program, the line item amount is equal to the personal services amount identified on the original regents'-approved operating budget each fiscal year~~,~~ but may be no less than the faculty compensation amount contained in table 3 of the Montana university system budget narrative accompanying [this act].

(3) For the support program, the line item amount is equal to the personal services amount identified on the original regents'-approved operating budget each fiscal year.

It is further the intent of the 52nd legislature that the original budgeted personal services by program on the regents' employee reporting system each fiscal year equal the original regents'-approved operating budget by program.

[HB 14]

AN ACT TO PROVIDE FOR PAYMENT OF ESTIMATED INDIVIDUAL INCOME TAXES IN FOUR INSTALLMENTS; TO ESTABLISH THAT AN AMOUNT EQUAL TO AT LEAST 90 PERCENT OF THE TAX DUE IN THE CURRENT TAX YEAR OR EQUAL TO 100 PERCENT OF THE TAX LIABILITY IN THE PRECEDING TAX YEAR MUST BE PAID THROUGH PAYMENT OF ESTIMATED TAXES, THROUGH EMPLOYER WITHHOLDING, OR THROUGH A COMBINATION OF BOTH; TO PROVIDE CERTAIN EXCEPTIONS FROM THE PAYMENT OF ESTIMATED TAXES; TO ALLOW PAYMENT OF ESTIMATED TAXES ON THE BASIS OF ANNUALIZED INSTALLMENTS; TO REQUIRE PAYMENT OF A PENALTY FOR FAILURE TO PAY THE REQUIRED INSTALLMENT OF ESTIMATED TAXES; TO PROVIDE AN APPROPRIATION; AMENDING SECTION 15-30-241, MCA; REPEALING SECTION 15-30-242, MCA; AND PROVIDING EFFECTIVE DATES AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-30-241, MCA, is amended to read:

"**15-30-241.** ~~**Declaration of estimated**~~ ***Estimated*** **tax — *payment — exceptions — penalty.*** (1) *(a)* ~~Every~~ *Each* individual *subject to tax under this chapter,* except farmers~~,~~ *or* ranchers~~, or stockmen~~ *as defined in subsection (6),* shall~~, at the time prescribed in subsection (3) of this section, make a declaration of his estimated tax~~ *pay* for the ~~taxable~~ *tax* year, *through employer withholding, as provided in 15-30-202, through payment of estimated tax in four installments, as provided in subsection (2) of this section, or through a combination of employer withholding and estimated tax payments, at least:*

(i) 90% of the tax for the current tax year, less tax credits and withholding allowed the taxpayer; or

(ii) an amount equal to 100% of the individual's tax liability for the preceding tax year, if the preceding tax year was a period of 12 months and if the individual filed a return for the tax year. ~~if his net income from sources other than wages, salaries, bonuses, or other emoluments can reasonably be expected to equal or exceed his net income from wages, salaries, bonuses or other emoluments, which are subject to withholding.~~

(b) Payment of estimated taxes under this section is not required if:

(i) the combined tax liability of employer withholding and estimated tax for the current year is less than $500 after reductions for credits and withholding;

(ii) the individual did not have any tax liability for the preceding tax year, which was a tax year of 12 months, and if the individual was a citizen or resident of the United States throughout that tax year;

(iii) the underpayment was caused by reason of casualty, disaster, or other unusual circumstances that the department determines to constitute good cause; or

(iv) the individual retired in the tax year after having attained the age of 62 or if the individual became disabled in the tax year. In addition, payment of estimated taxes under this section is not required in the tax year following the tax year in which the individual retired or became disabled.

(2) ~~In the declaration required under subsection (1) of this section, the individual shall state:~~

~~(a) the amount which he estimates as the amount of tax under 15-30-103 for the taxable year;~~

~~(b) the amount which he estimates will be withheld from wages paid by his employer if said individual is an employee;~~

~~(c) the excess of the amount estimated under subsection (2)(a) over the amount estimated under subsection (2)(b), which excess for purposes of this section shall be considered the estimated tax for the taxable year;~~

~~(d) such other information as may be prescribed in rules promulgated by the department.~~

~~(3) The declaration required under subsection (1) of this section shall be filed with the department on or before April 15 of the taxable year, except that if the requirements of subsection (1) of this section are first met:~~

~~(a) after April 1 and before October 1 of the taxable year, the declaration shall be filed on or before October 15 of the taxable year;~~

~~(b) after October 1 of the taxable year, the declaration shall be filed on or before February 15 of the succeeding taxable year.~~

~~(4) An individual may make amendments of a declaration filed during the taxable year under subsection (3) of this section under rules prescribed by the department.~~

~~(5) If, on or before February 15 of the succeeding taxable year, the taxpayer files a return for the taxable year for which the declaration is required and pays in full the amount computed on his return as payable, then under rules prescribed by the department:~~

~~(a) if the declaration is not required to be filed during the taxable year but is required to be filed on or before such February 15, such return shall for the purposes of this section be considered as such declaration; and~~

~~(b) if the tax shown on the return is greater than the estimated tax shown in a declaration previously made or in the last amendments thereof, such return shall for the purposes of this section be considered as the amendment of the declaration permitted by subsection (4) of this section to be filed on or before such February 15.~~ *Estimated taxes must be paid in four installments according to one of the following schedules:*

(a) For each taxpayer whose tax year begins on January 1, estimated tax payments are due on the following dates:

Installment	*Date*
First	*April 15*
Second	*June 15*
Third	*September 15*
Fourth	*January 15 of the following tax year*

(b) For each taxpayer whose tax year begins on a date other than January 1, estimated tax payments are due on the following dates:

Installment	*Date*
First	*15th day of the 4th month following the beginning of the tax year*
Second	*15th day of the 6th month following the beginning of the tax year*
Third	*15th day of the 9th month following the beginning of the tax year*
Fourth	*15th day of the month following the close of the tax year*

(3) (a) Except as provided in subsection (4), each installment must be 25% of the required annual payment determined pursuant to subsection (1). If the taxpayer's tax situation changes, each succeeding installment must be proportionally changed so that the balance of the required annual payment is paid in equal installments over the remaining period of time.

(b) If the taxpayer's tax situation changes after the date for the first installment or any subsequent installment, as specified in subsection (2)(a) or (2)(b), so that the taxpayer is required to pay estimated taxes, the taxpayer shall pay 25% for each succeeding installment except for the first one in which a payment is required. For estimated taxes required to be paid beginning with the second installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 50% for that installment and 25% for the third and fourth installments, respectively. For estimated taxes required to be paid beginning with the third installment provided for in subsection (2)(a) or (2)(b), the taxpayer shall pay 75% for that installment and 25% for the fourth installment.

(4) (a) If for any required installment the taxpayer determines that the installment payment is less than the amount determined under subsection (3)(a), the lower amount may be paid as an annualized income installment.

(b) For any required installment, the annualized income installment is the applicable percentage described in subsection (4)(c) applied to the tax computed on the basis of annualized taxable income in the tax year for the months ending

before the due date for the installment less the total amount of any prior required installments for the tax year.

(c) For the purposes of this subsection (4), the applicable percentage is determined according to the following schedule:

Required Installment	*Applicable Percentage*
First	*22.5%*
Second	*45%*
Third	*67.5%*
Fourth	*90%*

(d) A reduction in a required installment resulting from the application of an annualized income installment must be recaptured by increasing the amount of the next required installment, determined under subsection (3)(a), by the amount of the reduction. Any subsequent installment must be increased by the amount of the reduction until the amount has been recaptured.

(5) (a) If an estimated tax, an employer withholding tax, or a combination of estimated tax and employer withholding tax is underpaid, there must be added to the amount due under this chapter a penalty equal to 10% a year on the amount of the underpayment. The penalty is computed on the amount of the underpayment, as determined in subsection (5)(b), for the period from the time the payment was due to the date payment was made or to the 15th day of the 4th month of the year following the tax year in which the payment was to be made, whichever is earlier.

(b) For the purpose of determining the penalty in subsection (5)(a), the amount of the underpayment is the required installment amount less the installment amount paid, if any, on or before the due date for the installment.

(c) For the purpose of determining the penalty in subsection (5)(a), an estimated payment must be credited against unpaid required installments in the order in which those installments are required to be paid.

(d) For each married taxpayer filing separately on the same form, the penalty provided for in subsection (5)(a) must be computed on the combined tax liability after reductions for credits and withholding, as shown on the taxpayer's return.

(e) A penalty may not be imposed with respect to any underpayment of the fourth installment of estimated taxes if:

(i) the taxpayer pays in full the amount computed on the return as payable; and

(ii) the taxpayer files a return on or before the last day of the month following the close of the tax year referred to in subsection (2)(a) or (2)(b).

(6) For the purposes of this section, "farmer or rancher" means a taxpayer who derives at least 66⅔% of the taxpayer's gross income, as defined in 15-30-101(7), from farming or ranching operations, or both.

~~(6)~~*(7)* The department shall promulgate rules governing reasonable extensions of time for ~~filing declarations and~~ paying the estimated tax ~~except in the~~

~~case of taxpayers who are abroad, and no such.~~ *An* extension ~~shall~~ *may not* be for more than 6 months.

~~(7) If the taxpayer is unable to make his own declaration, the declaration shall be made by a duly authorized agent or by the guardian or other person charged with the care of the person or property of such taxpayer.~~

~~(8) Any individual who fails to file a declaration of estimated tax as required by this section is not subject to the penalties set forth in 15-30-321.~~"

Section 2. **Repealer.** Section 15-30-242, MCA, is repealed.

Section 3. **Appropriation.** There is appropriated from the general fund to the department of revenue $77,971 for fiscal year 1993 to implement the provisions of [this act].

Section 4. **Effective dates — applicability.** (1) Except for the purposes of subsection (2), [this act] is effective July 1, 1992, and applies to tax years beginning after December 31, 1992.

(2) For the purposes of promulgating administrative rules to implement [section 1], [this act] is effective on passage and approval.

HOUSE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REVISING THE OFFICIAL ESTIMATE, CONTAINED IN HOUSE JOINT RESOLUTION NO. 24, LAWS OF 1991, OF THE STATE'S ANTICIPATED REVENUE FOR EACH YEAR OF THE 1992-93 BIENNIUM FOR THE PURPOSE OF ACHIEVING A BALANCED BUDGET AS MANDATED BY ARTICLE VIII, SECTION 9, OF THE MONTANA CONSTITUTION; ACCEPTING THE JUNE 30, 1991, GENERAL FUND AND STATE EQUALIZATION ACCOUNT BALANCES THAT WERE ESTABLISHED BASED ON GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; REQUESTING THE GOVERNOR'S OFFICE OF BUDGET AND PROGRAM PLANNING TO USE THE REVENUE ESTIMATES CONTAINED IN THIS RESOLUTION AS OFFICIAL REVENUE ESTIMATES FOR THE REMAINDER OF FISCAL YEAR 1992 AND FOR FISCAL YEAR 1993; AND ESTABLISHING AN ESTIMATE OF THE NON-GENERAL FUND REVENUES FOR THE STATE EQUALIZATION ACCOUNT.

WHEREAS, Article VI, section 9, of the Montana Constitution requires the Governor to submit to the Legislature a budget for the ensuing fiscal period, containing in detail the estimated revenue of the state; and

WHEREAS, Article VIII, section 9, of the Montana Constitution prohibits the Legislature from appropriating funds in excess of the anticipated revenue of the state; and

WHEREAS, it became apparent shortly after the adjournment of the 52nd regular session that there would be a shortfall in anticipated revenue, primarily in individual income taxes, oil severance taxes, and interest earnings; and

WHEREAS, the Office of Budget and Program Planning has projected that revenue collections for fiscal years 1991, 1992, and 1993 will be $73.3 million less than estimated by the Legislature in House Joint Resolution No. 24; and

WHEREAS, section 10, Chapter 787, Laws of 1991 (codified as section 17-7-140, MCA), delegates authority to the Governor to reduce appropriations in the event of a shortfall in revenue; and

WHEREAS, for the last 20 years, the Montana Legislature has similarly delegated this authority to the Governor in the general appropriations acts; and

WHEREAS, the Governor signed Executive Order No. 28-91, which directed state agencies and the University System to balance the state budget by reducing expenditures, transferring fund balances, revising revenue estimates, and transferring other funds; and

WHEREAS, several associations affiliated with the University System and four legislators filed suit in the Montana First Judicial District, Lewis and Clark County, challenging the constitutionality of the Montana Legislature's delegation of authority to the Governor to reduce appropriations, as provided in section 17-7-140, MCA; and

WHEREAS, the official statement for the issuance of $85 million in tax revenue and anticipation notes indicated that the Governor would call a special session of the Legislature if he was enjoined from balancing the budget under Executive Order No. 28-91 and if there were no available alternatives for the management of the state's budget on a financially sound basis; and

WHEREAS, the Governor issued a call for a special session to begin January 6, 1992, to address the disparity between budgeted expenditures and anticipated revenue; and

WHEREAS, the Montana Legislature must revise its revenue estimates to responsibly deal with the budget crisis; and

WHEREAS, section 5-18-107(5), MCA, requires the Revenue Oversight Committee to estimate the amount of revenue projected to be available for legislative appropriation for use until amended or until final adoption of the estimate by both houses; and

WHEREAS, the Revenue Oversight Committee, in anticipation of the special session, has revised its assumptions relating to revenue estimates for individual and corporation income taxes, oil and coal severance taxes, earnings on investments, statewide mill levies, and lottery receipts; and

WHEREAS, because of the complexity of economic variables involved in revenue forecasting and the diversity of sources from which state revenues are obtained, the Committee limited its revised assumptions to those areas described above; and

WHEREAS, given the magnitude of the fiscal crisis facing the State of Montana and given the Legislature's constitutional responsibility to balance the budget, it is in the best interests of the state that revenue forecasts be discussed and determined in public hearings at which all interested people may attend and participate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state general fund revenue for fiscal years 1992 and 1993 is estimated to be $469,896,000 and $484,634,000, respectively. The school foundation revenue for fiscal years 1992 and 1993 is estimated to be $375,407,000 and $371,494,000, respectively.

BE IT FURTHER RESOLVED, that the Legislature accepts for budget purposes the unreserved fund balance of $58,700,000 for the general fund and $9,482,000 for the state equalization account, prepared according to generally accepted accounting principles as published in the audited state financial statements as of June 30, 1991.

BE IT FURTHER RESOLVED, that the Governor's Office of Budget and Program Planning use, as contemplated in section 5-18-107(5), MCA, the revenue estimates contained in this resolution as the official revenue estimates for fiscal years 1992 and 1993.

JANUARY 1992 SPECIAL SESSION

GENERAL FUND REVENUE

The revised projections for total general fund revenue during the 1992-93 biennium are based on an assumption of a continuation of Montana law as it existed on January 1, 1992.

The revenue estimates contained in the following tables are based on the assumptions stated previously in this resolution and those listed in the following tables.

The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency's analysis and the recommendations of the office of budget and program planning and the legislative finance committee in determining the agency's reduction in spending. Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency's statutory responsibilities.

(2) ~~The appropriations~~ *Reductions in spending* for the following may not be ~~reduced~~ *directed by the governor*:

(a) payment of interest and principal on state debt;

(b) the legislative branch;

(c) the judicial branch;

(d) the school foundation program, including special education; and

(e) salaries of elected officials during their terms of office.

(3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than 2% of the general fund appropriations for the second fiscal year of the biennium. In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization aid, and anticipated reversions.

(b) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-18-107, the budget director shall notify the revenue oversight committee of the estimated amount. Within 20 days of notification, the revenue oversight committee shall provide the budget director with any recommendations concerning the amount. The budget director shall

consider any recommendations of the revenue oversight committee prior to certifying a projected general fund budget deficit to the governor."

Section 2. Section 17-7-304, MCA, is amended to read:

"**17-7-304. Disposal of unexpended appropriations.** (1) All ~~moneys~~ *money* appropriated for any specific purpose except those appropriated for the university system units listed in subsection (2) shall, after the expiration of the time for which ~~so~~ appropriated, revert to the several funds and accounts from which originally appropriated. However, any unexpended balance in any specific appropriation may be used for the years for which the appropriation was made.

The board of regents is authorized to maintain a fund balance. There is a statutory appropriation, as provided in 17-7-502, to use the funds held in this account in accordance with a long-term plan for major and deferred maintenance expenditures and equipment or fixed assets purchases prepared by the affected university system units and approved by the board of regents. The affected university system units may, with the approval of the board of regents, modify the long-term plan at any time to address changing needs and priorities. The board of regents shall communicate the plan to each legislature, to the finance committee when requested by the committee, and to the office of budget and program planning.

(3) Subsection (2) does not apply to reversions that are the result of a reduction in spending directed by the governor pursuant to 17-7-140. Any amount that is a result of a reduction in spending directed by the governor must revert to the fund or account from which it was originally appropriated. (Subsection (2) terminates June 30, 1996—sec. 23, Ch. 787, L. 1991.) "

Section 3. Section 20-9-351, MCA, is amended to read:

"**20-9-351. Funding of deficiency in state equalization aid.** If the money available for state equalization aid *is not the result of a reduction in spending under 17-7-140 and* is not sufficient to provide the foundation program schedule support determined in 20-9-348 and the guaranteed tax base aid required under 20-9-366 through 20-9-369, the superintendent of public instruction shall request the budget director to submit a request for a supplemental appropriation in the second year of the biennium that is sufficient to complete the funding of guaranteed tax base aid and the foundation programs of the elementary or secondary schools, or both, for the current biennium."

These forms shall be prescribed by the budget director to procure the information required by subsection (2).

(2) The agency budget requests, when completed by the budget office, must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

The consolidated budget summary must be supported by schedules classifying receipts and disbursements contained therein by fund and, where applicable, organizational unit.

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each accounting entity within each fund for the current and subsequent biennium;

(iii) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency's recommendations for the ensuing biennium, by disbursement category;

(e) any other information the budget director feels is necessary for the preparation of a budget.

(3) The budget director must also prepare and submit to the legislative fiscal analyst in accordance with 17-7-112:

(7) The distribution of foundation program payments and guaranteed tax base aid provided for in subsection (6) must occur by the last working day of each month."

Section 9. Section 20-9-346, MCA, is amended to read:

"20-9-346. **Duties of the superintendent of public instruction for state equalization aid distribution.** The superintendent of public instruction shall administer the distribution of the state equalization aid by:

(1) establishing the annual entitlement of each district and county to state equalization aid, based on the data reported in the retirement and general fund budgets for each district that have been duly adopted for the current school fiscal year and verified by the superintendent of public instruction and by applying the verified data under the provisions of the state equalization aid allocation procedure prescribed in 20-9-347;

(2) ~~recommending to the board of public education the entitlement of all districts and counties to state equalization aid to enable the board of public education to order the distribution of state equalization aid;~~

~~(3)~~ distributing by state warrant or electronic transfer the state equalization aid *and state advances for county equalization*, for each district or county entitled to the aid, to the county treasurer of the respective county or county where the district is located, in accordance with the distribution ordered by the board of public education;

~~(4)~~*(3)* keeping a record ~~in his office~~ of the full and complete data concerning money available for state equalization aid, *state advances for county equalization,* and the entitlements for state equalization aid of the districts of the state;

~~(6)~~*(5)* reporting to the legislature as provided in 5-11-210:

(a) the figures and data available ~~in his office~~ concerning distributions of state equalization aid during the preceding 2 school fiscal years;

(c) the apportionment made of the available money but not yet distributed; ~~and~~

(d) the latest estimate of accruals of money available for state equalization aid*; and*

(e) the amount of state advances and repayment for county equalization."

Section 10. Section 20-9-347, MCA, is amended to read:

"**20-9-347. Formula for state equalization aid apportionment in support of foundation program — *exceptions.*** (1) The superintendent of public instruction shall apportion the state equalization aid available for support of the foundation program, individually for the elementary districts of a county or the high school districts of a county, in accordance with 20-9-346 and on the basis of the following procedure:

(a) Determine the percentage that the total funds available to all counties in the state in support of the foundation program (including the state money available for state equalization aid in support of the foundation program) is of the total amount of the foundation programs of all counties.

(b) Determine the percentage that the total funds available in each county in support of the foundation programs in the county (excluding state money available for state equalization aid in support of the foundation program) is of the total amount of the foundation programs of all districts of the county.

(c) Counties in which the percentage determined in subsection (1)(b) exceeds the percentage determined in subsection (1)(a) are not entitled to an apportionment of the state equalization aid in support of the foundation program.

(d) After elimination of the counties referred to in subsection (1)(c), determine the percentage that the total money available to all remaining counties in support of the foundation program (including the state money available for state equalization aid in support of the foundation program) is of the total amount of the foundation programs of all remaining counties.

(e) Each district of each remaining county is entitled to an apportionment of the state equalization aid in support of the foundation program equal to the difference between the percentage determined in subsection (1)(d) and the percentage determined for the county in subsection (1)(b) multiplied by the foundation program amount for the district.

(2) The superintendent of public instruction shall*:*

(a) supply the county treasurer and the county superintendent with a report of the apportionments of state equalization aid in support of the foundation program of each district of the county, and the state equalization aid in support of the foundation program must be apportioned to the districts in accordance with the report*;*

(b) in the manner described in 20-9-344, provide for a state advance to each county in an amount that is no less than the amount anticipated to be raised for the basic county tax fund as provided in 20-9-331 and for the basic special tax fund as provided in 20-9-333;

(c) adopt rules to implement the provisions of subsection (2)(b).

(3) (a) The superintendent of public instruction is authorized to adjust the schedule prescribed in 20-9-344 for distribution of the foundation program and guaranteed tax base aid payments if the distribution will cause a district to register warrants under the provisions of 20-9-212(9).

(b) To qualify for an adjustment in the payment schedule, a district shall demonstrate to the superintendent of public instruction, in the manner required by the office, that the payment schedule prescribed in 20-9-344 will result in insufficient money available in all funds of the district to make payment of the district's warrants. The county treasurer shall confirm the anticipated deficit. Nothing in this section may be construed to authorize the superintendent of public instruction to exceed a district's annual payment for state and county equalization aid."

Section 11. **Emergency budget amendment tax levy.** When a budget amendment has been approved by the superintendent of public instruction under 20-9-161(2) and a district does not have sufficient funds, including insurance proceeds, to finance the budget amendment, the district may levy a tax in the ensuing school year to fund the expenditures authorized by the budget amendment. The amount levied may not exceed the unfunded amount of the budget amendment.

Section 12. Section 20-9-104, MCA, is amended to read:

"**20-9-104. General fund operating reserve.** (1) At the end of each school fiscal year, the trustees of each district shall designate the portion of the general fund end-of-the-year fund balance that is to be earmarked as operating reserve for the purpose of paying general fund warrants issued by the district from July 1 to November 30 of the ensuing school fiscal year. Except as provided in subsections (5) ~~and (6)~~ *through (7)*, the amount of the general fund balance that is earmarked as operating reserve may not exceed ~~the following percentages~~ *10%* of the final general fund budget for the ensuing school fiscal year~~:~~

~~(a) 35% for a district that did not receive state equalization aid during the current school fiscal year;~~

~~(b) 30% for a district that received state equalization aid equal to 25% or less of its foundation program schedule entitlement in the current school fiscal year; and~~

~~(c) 20% for a district that received state equalization aid equal to more than 25% of its foundation program schedule entitlement in the current school fiscal year.~~

(2) The amount held as operating reserve may not be used for property tax reduction in the manner permitted by 20-9-141(1)(b) for other receipts.

(3) Any unreserved fund balance that is equal to or less than the prior year's excess reserves as provided in subsection (5) may be used to reduce the permissive levy provided by 20-9-145 or to reduce the voted levy provided by 20-9-353.

(4) Any portion of the general fund end-of-the-year fund balance that is not reserved under subsection (2) or reappropriated under subsection (3) is fund balance reappropriated and must be used for property tax reduction as provided in 20-9-141(1)(b)(iii).

(5) ~~The~~ *For fiscal year 1994 and subsequent fiscal years, the* limitation of subsection (1) does not apply when the amount in excess of the limitation is equal to or less than one or more of the following:

(iii) in delinquent taxes from a prior school fiscal year; or

(c) any amount received as a general bonus payment under 20-6-401.

(6) The limitation of subsection (1) does not apply when the amount earmarked as operating reserve is $10,000 or less.

(7) A district that received Public Law 81-874 money in a prior year and that must reduce its operating reserve to 10% pursuant to this section in the next school fiscal year may consider a percentage of the unreserved fund balance to be an excess amount as provided in subsection (5). The percentage of unreserved fund balance that may be considered an excess amount is the average of the 3 previous years' ratio of total district general fund revenue to Public Law 81-874 money received."

Section 13. **Superintendent to request opinion.** Within 30 days of [the effective date of section 2], the superintendent of public instruction shall request an opinion from the U.S. department of education as to whether [section 12] complies with federal law for the use of Public Law 81-874 funds.

Section 14. **Coordination instruction.** (1) If House Bill No. 12 is passed and approved and if it includes a section that amends 15-1-504, then [section 1 of this act], amending 15-1-504, is void.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 53-3-109, MCA, is amended to read:

"**53-3-109. Definitions.** For the purposes of this chapter, the following definitions apply:

(1) "Acute medical need" means an illness, injury, or other serious medical condition that:

(a) demands urgent medical attention; and

(b) is expected to last less than 12 months if treated.

(2) "Basic necessities" means food, shelter, utilities, and personal needs.

(3) "Children" means minor and adult children who reside in the same household with their parents. The term includes both adoptive and natural children.

(4) "Chronic illness" or "chronically ill" means the condition of a person who is diagnosed as having an illness, injury, or physical or mental impairment that:

(a) is expected to last for a continuous period of at least 12 months; and

(b) would be considered a disability under 42 U.S.C. 1382(c) if evaluated under criteria used to determine eligibility for the federal supplemental security income program.

(5) "Department" means the department of social and rehabilitation services provided for in Title 2, chapter 15, part 22.

(6) "Employable" means the condition of a person who is not unemployable, as determined by a vocational specialist. A person who is employable is transitionally needy and is not eligible for general relief ~~for basic necessities~~ except as provided in 53-3-215.

(7) "General relief" ~~or "general relief assistance"~~ means a program of ~~public~~ assistance for basic necessities and medical needs for those persons determined to be eligible for such assistance.

(8) "Household" means:

(10) "Lump-sum income" means a nonrecurring source of income received in a single payment by a household during any eligibility period, including but not limited to proceeds from a lawsuit, insurance settlement, inheritance, lump-sum retirement, veterans' or unemployment benefits; benefits received under the federal Social Security Act; prizes; and tax refunds.

(11) "New to Montana" means a person who has been a Montana resident for 1 month or less at the time of application.

~~(11)~~*(12)* "Presumptive income" means the amount of financial assistance that a person would have received under the aid to families with dependent children program, as provided for in Title 53, chapter 4, part 2, if the person had not been determined ineligible due to receipt of lump-sum income, overpayment, fraud, or failure or refusal to comply with requirements for continued participation in the program.

~~(12)~~*(13)* "Resource" means all real and personal property retained after the calendar month of its receipt and which the household or a member of the household has a legal right to sell or liquidate.

~~(13)~~*(14)* "Secure facility" means any facility in which a person may be lawfully held against his will by federal, state, or local authorities.

(15) "Self-sufficiency program" means a program designed to enable temporarily unemployable persons to achieve self-sufficiency and includes any combination of a self-sufficiency plan, concentrated rehabilitation activities, or support services.

~~(14)~~*(16)* "Serious barrier to employment" means a limitation in obtaining employment, as determined by a vocational specialist, that results from:

(a) a lack of work skills, experience, or training necessary to secure employment;

(b) the failure to attain a high school education or its equivalent; or

(c) illiteracy.

~~(15)~~*(17)* "Serious medical condition" means a mental or physical condition that causes a serious health risk to a person and for which treatment is medically necessary. Diagnosis and determination of necessary treatment must be made by a licensed medical practitioner, and the department may confirm the diagnosis through an expert medical review. Necessary treatment includes essential medical care and other services that the department determines, by rule, to be medically necessary. A serious medical condition is limited to chronic illness, an acute medical need, or a medical condition that requires services in order for a person to obtain or retain employment.

(18) "Temporarily unemployable" means the condition of a person who suffers from a temporary illness, injury, or incapacity that is medically certifiable and that prevents the person from becoming immediately employable in any substantial, gainful employment, as determined by a vocational specialist, and who:

(a) is at least 55 years of age and who has a limited ability because of advanced age to obtain or retain suitable employment, as determined by a vocational specialist; or

(b) would not be considered disabled under 42 U.S.C. 1382(c) if evaluated under criteria used to determine eligibility for the federal supplemental security income program.

~~(16)~~*(19)* (a) "Unemployable" means the condition of a person who:

~~(i) is at least 55 years of age and has a limited ability to obtain or retain suitable employment because of advanced age, as determined by a vocational specialist;~~

~~(ii)~~*(i)* has a serious physical, emotional, or mental handicap that is medically certified and that prevents him from being employed in any substantial, gainful employment, as determined by a vocational specialist; or

(b) A person who is unemployable is chronically needy and must be provided general relief as provided in 53-3-215.

~~(17)~~*(20)* "Vocational specialist" means an employment counselor or other experienced personnel who are qualified to evaluate a recipient's ability to work in substantial, gainful employment."

Section 2. Section 53-3-121, MCA, is amended to read:

"**53-3-121. Legislative findings.** The legislature finds that:

(1) Article XII, section 3, of the Montana constitution grants the legislature authority to determine the public policy governing the provision of public assistance;

(2) public policy requires that certain persons who are in need should be provided with assistance through programs of general relief;

(3) general relief ~~assistance~~, along with other assistance programs, should be available to provide:

(a) basic necessities that allow minimum subsistence compatible with decency and health; and

(b) financial assistance for medical services necessary for the treatment of a person's serious medical condition. However, general relief medical assistance should not be available to nonindigent persons who have catastrophic medical expenses.

(4) general relief ~~assistance~~ should not be available to those persons who have adequate income or resources to support themselves, nor should general relief ~~assistance~~ be provided in duplication of services and benefits available through other federal or state assistance programs;

(5) the legislature, in order to allocate scarce welfare resources to those most in need, may establish a reasonable classification that distinguishes between persons who are chronically in need of assistance and persons who are transitionally needy; and

(6) as the basis for the classification of recipients, it is reasonable to conclude that:

(a) some persons are in need of assistance because their ~~age or~~ physical, emotional, or mental condition renders them incapable of substantial, gainful employment. Such persons are chronically needy and should be entitled to general relief ~~assistance~~ for the duration of their need.

(b) some persons are in need of assistance because they are unemployed ~~or~~, lack the skills, training, or experience to become employed, *or suffer from a temporary disability*. Such persons should be considered transitionally needy and should be provided only temporary, interim assistance and state help in obtaining gainful employment. In addition, because some persons who are transitionally needy suffer from serious personal problems or barriers to employment, the state should provide assistance to enable these persons to overcome the problems that impair their employment potential."

Section 3. Section 53-3-122, MCA, is amended to read:

"**53-3-122. Legislative policy and intent.** Consistent with the findings in 53-3-121, the legislature intends that:

(1) general relief ~~assistance~~ should be provided to those in need, but only to the extent of such need;

(2) unemployable persons, because they are chronically in need, should be afforded general relief for as long as they have need for such assistance;

(3) temporarily unemployable persons, being transitionally needy, may be granted 6 months of general relief for basic necessities during a 12-month period, which relief will be available only if those persons participate in a self-sufficiency program as required by 53-3-304;

~~(3)~~*(4)* employable persons, being transitionally needy, should be granted 4 months of general relief ~~for basic necessities~~, which relief will be available only if such persons participate in a job search, training, and work program as required by 53-3-304; and

~~(4)~~*(5)* in recognition that not all employable persons are ready to participate in the work force and that the state has a duty to protect the welfare of children, ~~nonmedical~~ general relief should be provided for 6 months to persons who meet the eligibility criteria provided in 53-3-215."

Section 4. Section 53-3-201, MCA, is amended to read:

"**53-3-201. Residency requirements.** (1) Any person otherwise qualified who makes his home in Montana with the intent to become a resident shall be eligible for general relief.

(2) Persons new to Montana are eligible for general relief reduced benefits for the first 2 months of their Montana residency.

~~(2)~~*(3)* If a person is absent from the state voluntarily, he is ineligible for general relief in Montana.

~~(3)~~*(4)* Aliens found to be illegally within the United States are not eligible for relief from state funds.

~~(4)~~*(5)* Nonresidents or interstate transients may receive temporary relief from county funds in cases of extreme necessity and destitution until they are returned at state expense to their state of residence or origin."

Section 5. Section 53-3-205, MCA, is amended to read:

"**53-3-205. Eligibility for general relief.** (1) Except as otherwise provided under this chapter, a person may receive general relief ~~for basic necessities~~ if the household is determined to be eligible under the provisions of this section.

(2) A person is eligible for general relief ~~assistance~~ if his total household income, including presumptive income but exclusive of the earned income disregard provided ~~for~~ in subsection ~~(3)~~ *(4)*, does not exceed the amount established by the department by rule. The department shall establish *eligibility and* the amount *of benefits to be granted*, taking into account the size of the household and the estimated number of eligible households. *Eligibility and the* ~~The~~ amount *of benefits to be granted* must be based on a percentage of the federal poverty index. The percentage is established in the state general appropriations act.

(3) The maximum benefit amount to be granted to a person new to Montana must be reduced by $50 per month for each of the first 2 months of the person's residency.

~~(3)~~*(4)* For 4 consecutive months, the first $30 plus one-third of the remainder of the total income earned each month by each household member who is a current recipient must be disregarded in determining a household's eligibility for general relief ~~assistance~~. If the total household income, exclusive of this amount, exceeds the amount established by the department under subsection (2), the household is not eligible for general relief ~~assistance~~. A current recipient is one who has been receiving general relief ~~assistance~~ for at least 1 complete calendar month.

~~(4)~~*(5)* (a) If a person's household income exceeds the monthly income standard provided in subsection (2) because of receipt of lump-sum income, he is ineligible for general relief ~~assistance~~ for the full number of months, beginning with the month of receipt, derived by dividing the total of the lump-sum income and other income by the monthly income standard. Any income remaining from this calculation will be considered as income in the first month following the period of ineligibility.

(b) The period of ineligibility may be recalculated if the household size changes or if a portion of the lump-sum income was used to pay medical bills for a serious medical condition.

~~(c) Ineligibility due to the receipt of lump-sum income [illegible]es not preclude eligibility for general relief medical assistance.~~

~~(5)~~*(6)* All applicants for and recipients of general relief ~~assistance~~ who reside in the same residence are considered as one household.

~~(6)~~*(7)* Eligibility for ~~nonmedical~~ general relief ~~assistance~~ must be determined prospectively, based on household income and other relevant circumstances reasonably certain to exist in the month in which assistance is to be provided. Once eligibility is determined, ~~an individual must be paid benefits~~ *general relief will be provided* in accordance with ~~the method provided for in~~ *53-3-310 and* 53-3-311.

~~(7)~~*(8)* (a) Except as provided in subsection ~~(7)(b)~~ *(8)(b)*, the equity value of all household resources must be considered available to meet the needs of the individual applying for general relief.

(b) The following resources of a household must be excluded from consideration of resources for eligibility purposes:

(i) the domicile of the household, including necessary appurtenant land not exceeding 10 acres;

(ii) a motor vehicle that has no more than $1,500 in equity value;

(iii) personal items, clothing, household furniture, appliances, and other essential household items, the total equity value of which does not exceed resource eligibility limits established by rule; and

(iv) tools of a trade that are essential to the current or future employment of a household member.

~~(8)~~*(9)* A person who is committed or sentenced by legal process to a state institution or a secure facility or who is incarcerated in a secure facility pending resolution of legal process is not eligible for general relief.

~~(9)~~*(10)* A person who resides for a period of 1 day or more in any state or federally operated institution or residence is not eligible for general relief for the period of that residency.

~~(10)~~*(11)* For the purposes of an eligibility determination, an applicant for or recipient of general relief may be requested to produce all financial and other information concerning the household.

(12) A household is ineligible to receive general relief if the household is ineligible for either of the public assistance programs commonly referred to as medicaid and aid to families with dependent children because of overpayment, fraud, or failure or refusal to comply with requirements for continued participation in either program. The period of ineligibility for the household or individual household members is the same as the period of ineligibility for medicaid or the aid to families with dependent children program or, if ineligible for both programs, whichever period of ineligibility is longer.

~~(11)~~*(13)* Whenever practical, an eligibility determination must be made within 30 days of the date of application and the applicant must be notified in writing of the eligibility determination and the reasons for the determination."

Section 6. Section 53-3-209, MCA, is amended to read:

"**53-3-209. Period of eligibility.** (1) The period of eligibility for receipt of general relief ~~for basic necessities~~ is 1 month. Except as provided in subsection (3), a person may seek to establish eligibility for the succeeding month prior to the end of the current month of eligibility.

(2) Eligibility for general relief medical assistance is granted for a period of 1 month and terminates when the serious medical condition of the person has been treated. Except as provided in subsection (3), continued eligibility for general relief medical assistance may be established in any subsequent month.

(3) The period of eligibility for any type of general relief ~~assistance~~ terminates at any time the county welfare board or the department determines that the household:

(a) no longer meets the applicable eligibility requirements; or

(b) received general relief ~~assistance~~ by means of fraud or mistake."

Section 7. Section 53-3-211, MCA, is amended to read:

"**53-3-211. Ineligibility due to voluntary termination of employment.** (1) A person is not eligible to receive general relief ~~assistance~~ for a period of 3 months if he has voluntarily left employment without good cause connected to such employment. *The period of ineligibility begins on the first day of the next month in which the person would otherwise be eligible for general relief.*

(2) For purposes of subsection (1), a person has voluntarily left employment with good cause if he has left work because of:

(a) a compelling reason directly related to the job under circumstances that would cause a reasonably prudent person to leave his employment;

(b) work conditions that pose an undue risk of personal injury, illness, or harm;

(c) unlawful discrimination, harassment, or other mistreatment by the employer; or

(d) personal illness or injury and, after recovering from such illness or injury, he returns to his employer and finds no suitable work available."

Section 8. Section 53-3-212, MCA, is amended to read:

"**53-3-212. Ineligibility because of discharge due to misconduct.** (1) A person is ineligible to receive general relief ~~assistance~~ for a period of 3 months if he has been discharged or suspended from employment for misconduct related to the individual's work or affecting his employment. *The period of ineligibility begins on the first day of the next month in which the person would otherwise be eligible for general relief.*

(2) For purposes of subsection (1), "misconduct" means:

(a) intentional, willful, or wanton disregard of the employer's interest or of the employee's duties and obligations to his employer;

(b) material breach of the employee's duty to his employer as found in:

(i) the employee's deliberate violation or disregard of standards of behavior that the employer has a right to expect of his employee; or

(ii) carelessness or negligence of such degree or recurrence as to manifest culpability, wrongful intent, or evil design or to show an intentional or substantial disregard of the employer's interest;

(c) dishonesty toward the employer, including acts such as deliberate falsification of company records, theft, deliberate deception, lying, and other statements or acts that demonstrate a willful or wanton disregard of the employer's interest;

(d) excessive, unexcused absences from work or repeated, unexcused tardiness by the employee;

(e) insubordination; or

(f) assault, threats of violence, provoking a fight, or stealing from a fellow employee if committed on the premises of the employer.

(3) The following do not constitute misconduct within the meaning of subsection (1):

(a) mere inefficiency or unsatisfactory conduct of the employee;

(b) inadvertence or ordinary negligence in isolated instances; or

(c) good faith errors in judgment or discretion."

Section 9. Section 53-3-215, MCA, is amended to read:

"**53-3-215. Eligibility classifications — duration of assistance.** (1) For purposes of eligibility, a recipient of general relief must be classified as either employable, *temporarily unemployable,* or unemployable.

(2) Unemployable persons may receive general relief for as long as they remain eligible.

(3) Except as provided in subsection (4), employable persons who are otherwise eligible may receive general relief ~~for basic necessities~~ for a period not to exceed 4 months in any 12-month period.

(4) An employable person may receive ~~nonmedical~~ general relief for a maximum of 6 months in any 12-month period if such person:

(a) has a serious barrier to employment and is willing to participate in a program to overcome that employment barrier;

(b) suffers from drug or alcohol dependency and, subject to available funding, is undergoing active treatment in an approved program; or

(c) is the head of a household that includes minor dependent children and is enrolled in a job search, training, ~~and work~~ *workfare, or self-sufficiency* program as required by 53-3-304.

(5) A temporarily unemployable person complying with 53-3-303 may receive general relief for a maximum of 6 months in any 12-month period.

~~(5)~~*(6)* Assistance granted prior to January 1, 1990, may not be considered in determining eligibility.

(7) Subsections (3) and (4) do not apply to general relief medical assistance."

Section 10. Section 53-3-303, MCA, is amended to read:

"**53-3-303. Conditions of eligibility.** (1) As a condition of eligibility for general relief ~~assistance~~, an employable *or temporarily unemployable* recipient must:

(a) register for employment with the department of labor and industry;

(b) maintain an active job registration file; ~~and~~

(c) comply with and actively participate in any job search, training, workfare, or self-sufficiency program required by the department; and

AN ACT REDUCING STATE TRANSPORTATION REIMBURSEMENT FOR SPECIAL EDUCATION CHILDREN FROM 100 PERCENT TO 50 PERCENT; AMENDING SECTIONS 20-7-442 AND 20-10-144, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-7-442, MCA, is amended to read:

"**20-7-442. State transportation reimbursement for special education children.** Districts providing children with transportation to a special education class or program and complying with the special education transportation regulations promulgated by the superintendent of public instruction shall be eligible for a transportation reimbursement. The reimbursement shall be calculated from a schedule established by the superintendent of public instruction with the state providing ~~100%~~ *50%* of the reimbursement."

Section 2. Section 20-10-144, MCA, is amended to read:

"**20-10-144. Computation of revenues and net tax levy requirements for district transportation fund budget.** Before the fourth Monday of July and in accordance with 20-9-123, the county superintendent shall compute the revenue available to finance the transportation fund budget of each district. The county superintendent shall compute the revenue for each district on the following basis:

(1) The "schedule amount" of the preliminary budget expenditures that is derived from the rate schedules in 20-10-141 and 20-10-142 must be determined by adding the following amounts:

(a) the sum of the maximum reimbursable expenditures for all approved school bus routes maintained by the district (to determine the maximum reimbursable expenditure, multiply the applicable rate per bus mile by the total number of miles to be traveled during the ensuing school fiscal year on each bus route approved by the county transportation committee and maintained by such district); plus

(b) the total of all individual transportation per diem reimbursement rates for the district as determined from the contracts submitted by the district multiplied by the number of pupil-instruction days scheduled for the ensuing school attendance year; plus

(c) any estimated costs for supervised home study or supervised correspondence study for the ensuing school fiscal year; plus

(d) the amount budgeted on the preliminary budget for the contingency amount permitted in 20-10-143, except if the amount exceeds 10% of the total of subsections (1)(a), (1)(b), and (1)(c) or $100, whichever is larger, the contingency amount on the preliminary budget must be reduced to the limitation amount and used in this determination of the schedule amount.

(2) (a) The schedule amount determined in subsection (1) or the total preliminary transportation fund budget, whichever is smaller, is divided by 2 and is used to determine the available state and county revenue to be budgeted on the following basis:

(i) one-half is the budgeted state transportation reimbursement, except that the state transportation reimbursement for the transportation of special education pupils under the provisions of 20-7-442 must be ~~100%~~ *50%* of the schedule amount attributed to the transportation of special education pupils; and

(ii) one-half is the budgeted county transportation fund reimbursement and must be financed in the manner provided in 20-10-146.

(b) When the district has a sufficient amount of cash for reappropriation and other sources of district revenue, as determined in subsection (3), to reduce the total district obligation for financing to zero, any remaining amount of district revenue and cash reappropriated must be used to reduce the county financing obligation in subsection (2)(a)(ii) and, if the county financing obligations are reduced to zero, to reduce the state financial obligation in subsection (2)(a)(i).

(c) The county revenue requirement for a joint district, after the application of any district money under subsection (2)(b), must be prorated to each county incorporated by the joint district in the same proportion as the ANB of the joint district is distributed by pupil residence in each county.

(3) The total of the money available for the reduction of property tax on the district for the transportation fund must be determined by totaling:

(a) anticipated federal money received under the provisions of Title I of Public Law 81-874 or other anticipated federal money received in lieu of that federal act;

(b) anticipated payments from other districts for providing school bus transportation services for the district;

(c) anticipated payments from a parent or guardian for providing school bus transportation services for his child;

(d) anticipated or reappropriated interest to be earned by the investment of transportation fund cash in accordance with the provisions of 20-9-213(4);

(e) anticipated or reappropriated revenue from property taxes and fees imposed under 23-2-517, 23-2-803, 61-3-504(2), 61-3-521, 61-3-537, and 67-3-204;

(f) anticipated revenue from coal gross proceeds under 15-23-703;

(g) anticipated net proceeds taxes for new production, as defined in 15-23-601, and local government severance taxes on any other production occurring after December 31, 1988;

(h) any other revenue anticipated by the trustees to be earned during the ensuing school fiscal year that may be used to finance the transportation fund; and

(i) any fund balance available for reappropriation as determined by subtracting the amount of the end-of-the-year fund balance earmarked as the transportation fund operating reserve for the ensuing school fiscal year by the trustees from the end-of-the-year fund balance in the transportation fund. The operating reserve may not be more than 20% of the final transportation fund budget for the ensuing school fiscal year and is for the purpose of paying transportation fund warrants issued by the district under the final transportation fund budget.

(4) The district levy requirement for each district's transportation fund must be computed by:

(a) subtracting the schedule amount calculated in subsection (1) from the total preliminary transportation budget amount; and

(b) subtracting the amount of money available to reduce the property tax on the district, as determined in subsection (3), from the amount determined in subsection (4)(a).

(5) The transportation fund levy requirements determined in subsection (4) for each district must be reported to the county commissioners on the second Monday of August by the county superintendent as the transportation fund levy requirements for the district, and the levy must be made by the county commissioners in accordance with 20-9-142."

Section 3. **Effective date.** [This act] is effective on passage and approval.

Approved August 6, 1992.

STATEMENT OF INTENT

The intent of [this act] is to ensure that the taxation of property belonging to railroad car companies is within the requirements of the Railroad Revitalization and Regulatory Reform Act of 1976.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-6-145, MCA, is amended to read:

"**15-6-145. Class twelve property — description — taxable percentage.** (1) Class twelve property includes all *property of a railroad car company as defined in [section 7], all* railroad transportation property as described in the Railroad Revitalization and Regulatory Reform Act of 1976 as it read on January 1, 1986, and all airline transportation property as described in the Tax Equity and Fiscal Responsibility Act of 1982 as it read on January 1, 1986.

(2) For the tax year beginning January 1, 1991, and for each tax year thereafter, class twelve property is taxed at the percentage rate "R", to be determined by the department as provided in subsection (3), or 12%, whichever is less.

(3) R = A/B where:

(a) A is the total statewide taxable value of all commercial property, except class twelve property, as commercial property is described in 15-1-101(1)(d); and

(b) B is the total statewide market value of all commercial property, except class twelve property, as commercial property is described in 15-1-101(1)(d).

(4) (a) For the taxable year beginning January 1, 1986, and for every taxable year thereafter, the department shall conduct a sales assessment ratio study of all commercial and industrial real property and improvements. The study must be based on:

(i) assessments of such property as of January 1 of the year for which the study is being conducted; and

(ii) a statistically valid sample of sales using data from realty transfer certificates filed during the same taxable year or from the immediately preceding taxable year, but only if a sufficient number of certificates is unavailable from the current taxable year to provide a statistically valid sample.

(b) The department shall determine the value-weighted mean sales assessment ratio "M" for all such property and reduce the taxable value of property described in subsection (4) only, by multiplying the total statewide taxable value of property described in subsection (4)(a) by "M" prior to calculating "A" in subsection (3)(a).

(c) The adjustment referred to in subsection (4)(b) will be made beginning January 1, 1986, and in each subsequent tax year to equalize the railroad taxable values.

(5) For the purpose of complying with the Railroad Revitalization and Regulatory Reform Act of 1976, as it read on January 1, 1986, the rate "R" referred to in this section is the equalized average tax rate generally applicable to commercial and industrial property, except class twelve property, as commercial property is defined in 15-1-101(1)(d)."

Failure to file — estimate by department — penalty.** *(1)* If any person fails to file a report or return within the time established in 15-23-103 or by such later date as the department may approve, the department shall estimate the value of the property to have been reported on the basis of the best available information. In estimating the value of the net proceeds of mines, the department shall proceed under 15-23-506, and in estimating the value of the gross proceeds of coal mines, the department shall proceed under 15-35-107. Section 6. Section 15-23-201, MCA, is amended to read:

Section 13. **Transition.** (1) On or before October 31, 1992, each railroad car company shall submit to the department of revenue the information needed to make an assessment and to compute the tax for tax year 1991. The department shall use the average levy for this computation and shall notify the railroad car companies of the amount of the taxes due. Taxes are due and payable within 30 days after the tax notice is postmarked.

(2) Any freight line company license taxes paid by or on behalf of a railroad car company in 1992 for taxes owed under the provisions of Title 15, chapter 55,

for tax year 1991 must be credited against the tax owed by the company under [sections 7 through 13]. If the tax paid under Title 15, chapter 55, exceeds the amount of tax owed under [sections 7 through 13], the state treasurer shall refund the difference without interest.

(2) If a city or consolidated city-county qualifies under this section for funds but fails to either recognize a nonprofit convention and visitors bureau or submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds must be allocated to the regional nonprofit tourism corporation in the region in which the city or consolidated city-county is located.

(3) If a regional nonprofit tourism corporation fails to submit and gain approval for an annual marketing plan as required in 15-65-122, then those funds otherwise allocated to the regional nonprofit tourism corporation may be used by the department of commerce for tourism promotion and promotion of the state as a location for the production of motion pictures and television commercials.

(3) [Sections 7 through 9] are effective January 1, 1993."

Section 4. Section 15-7-111, MCA, is amended to read:

"**15-7-111.** *(Temporary)* **Periodic revaluation of taxable property — publication of sales assessment ratio studies — appeal of revaluations — public hearing.** (1) The department of revenue shall administer and supervise a program for the revaluation of all taxable property within the state at least every 5 years. A comprehensive written reappraisal plan shall be promulgated by the department. The reappraisal plan adopted shall provide that all property in each county shall be revalued at least every 5 years. The department shall furnish a copy of the plan and all amendments to the plan to the board of county commissioners in each county.

(2) The new values determined during a revaluation cycle must be provided to the taxpayers at the end of the revaluation cycle but may not be placed on the tax rolls until 1 year following the completion of the revaluation cycle.

(3) A taxpayer shall appeal the new value in advance of its placement on the tax rolls by filing an appeal pursuant to 15-15-102 before the first Monday

in June or 15 days after receiving notice of the new valuation amount, whichever is later, or be barred from appealing for untimeliness.

(4) (a) For the taxable year beginning January 1, 1990, and for every taxable year thereafter, the department shall conduct a stratified sales assessment ratio study of all residential land and improvements, agricultural 1-acre homesites and improvements, and commercial land and improvements. Residential improvements include condominiums but do not include mobile homes or housetrailers that are not taxed as an improvement as defined in 15-1-101. The sales assessment ratio based on property sales finalized and recorded by no later than November 1 must be used to determine appraisals for the immediately succeeding tax year.

(b) (i) For tax year 1991, if the result of the stratified sales assessment ratio study performed pursuant to subsection (4)(a) on residential property for tax year 1990 shows for any area an assessment level of less than 80%, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using a computer-assisted mass appraisal system based on the market approach to value, using comparable sales of similar property. If insufficient sales are available for market modeling, the department shall reappraise the property using the cost approach to value.

(ii) For tax year 1992, if the result of the stratified sales assessment ratio study performed pursuant to subsection (4)(a) on residential property for tax year 1991 shows for any area an assessment level of less than 80% or a coefficient of dispersion with respect to the value weighted mean ratio of more than 20%, rounded to the nearest 0.1%, and an adjustment multiplier of 1.01 or greater, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using the same criteria provided in subsection (4)(b)(i).

(iii) For tax year 1993, if the result of the stratified sales assessment ratio study performed pursuant to subsection (4)(a) on residential property for tax year 1992 shows for any area an adjustment multiplier of 1.01 or greater, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using the same criteria provided in subsection (4)(b)(i).

(iv) For those areas subject to reappraisal under the provisions of subsection (4)(b)(i) for tax year 1992, the department shall compare the stratified sales assessment ratio study performed in 1991 to the 1991 assessed value to determine whether the area will be subject to further appraisal. If that comparison of residential property shows for the area a coefficient of dispersion with respect to the value weighted mean ratio of more than 20%, rounded to the nearest 0.1%, and an adjustment multiplier of 1.01 or greater, the department shall reappraise the area. The reappraisal must be performed using the same criteria provided in subsection (4)(b)(i).

(5) The study required in subsection (4) must be based on:

(a) commonly accepted statistical standards and methodology;

(b) a statistically valid sample of sales, using data from realty transfer certificates filed for up to 3 taxable years prior to the year the study is made, taking into account the dates of the included sales in the statistical analysis; and

(c) the assessments and sales for areas of the state that are economically, demographically, and geographically similar in order to determine the sales assessment ratios for a specific area.

(6) For purposes of conducting the study required by subsection (4), the department shall partition the state into as many as 100 areas for residential property and as many as 20 areas for commercial property. The areas must contain statistically sufficient numbers of sales and be as economically and demographically homogeneous as reasonably practicable.

(7) The department shall use the following procedure to validate sales information:

(a) Department staff who did not participate in the determination of appraised values are required to review the sales transactions evidenced by a realty transfer certificate. The review must be conducted to determine whether each sale used in the study was a valid, arm's-length transaction. Only valid, arm's-length sales may be used in the sales assessment ratio study.

(b) The sales information entered in the computer-assisted appraisal system is considered confidential, as provided in 15-7-308. However, the department shall annually publish a report containing the results of all sales assessment ratio studies done in each of the areas described in subsection (6). The report containing the results of the study must be made available to the public by request or by general disclosure.

(c) The department shall exclude from the sales assessment ratio study any parcels in which the improvements have been remodeled, reconstructed, or expanded between the time of the assessment and the time of the sales.

(d) The department shall exclude sales assessment ratios of less than 50% or greater than 200%.

(8) (a) The department shall have equalized property values throughout the state and may not make further adjustments to values under this section when the assessments for each stratum within each area identified in subsection (6) are rescaled to bring all ratios to within plus or minus 5% of common value 1 and when the sample size produces a standard error of less than 5%.

(b) Under the method described in subsection (8)(a), taxable property in each area is considered revalued for each tax year, based on the results of the sales assessment ratio study and the adjustments required by that study.

(c) Assessments in an area are considered equalized under subsection (8)(a) if the ratio for the area is within plus or minus 5% of common value 1.

(9) If the results of the stratified sales assessment ratio study required under this section show an increase in the percentage adjustment in excess of 10% in an area designation, the department shall conduct a public hearing in that area designation to present information showing the reasons for the increase.

~~15-7-111. *(Effective July 1, 1993)* Periodic revaluation of taxable property — public hearing. (1) The department of revenue shall administer and supervise a program for the revaluation of all taxable property within the state at least every 3 years. A comprehensive written reappraisal plan shall be promulgated by the department. The reappraisal plan adopted shall provide that all property in each county shall be revalued at least every 3 years. The department shall furnish a copy of the plan and all amendments to the plan to the board of county commissioners in each county.~~

~~(2) (a) Residential improvements include condominiums but do not include mobile homes or housetrailers that are not taxed as an improvement as defined in 15-1-101.~~

The reappraisal must be performed using a computer-assisted mass appraisal system based on the market approach to value, using comparable sales of similar property. If insufficient sales are available for market modeling, the department shall reappraise the property using the cost approach to value.~~

~~(ii) For tax year 1992, if the result of the stratified sales assessment ratio study performed on residential property for tax year 1991 shows for any area an assessment level of less than 80% or a coefficient of dispersion with respect to the value weighted mean ratio of more than 20%, rounded to the nearest 0.1%, and an adjustment multiplier of 1.01 or greater, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using the same criteria provided in subsection (2)(b)(i).~~

~~(iii) For tax year 1993, if the result of the stratified sales assessment ratio study performed on residential property for tax year 1992 shows for any area an adjustment multiplier of 1.01 or greater, the department shall perform a reappraisal of the residential property in the area. The reappraisal must be performed using the same criteria provided in subsection (2)(b)(i).~~

~~(iv) For those areas subject to reappraisal under the provisions of subsection (2)(b)(i) for tax year 1992, the department shall compare the stratified sales assessment ratio study performed in 1991 to the 1991 assessed value to determine whether the area will be subject to further appraisal. If that comparison of residential property shows for the area a coefficient of dispersion with respect to the value weighted mean ratio of more than 20%, rounded to the nearest 0.1%, and an adjustment multiplier of 1.01 or greater, the department shall reappraise the area. For purposes of this section, the determination of whether an individual is married shall be made as of the last day of the taxable year; provided, however, if one of the spouses dies during the taxable year, the determination shall be made as of the date of death.

(2) By November 1 of each year, the department shall multiply the maximum standard deduction for single returns by the inflation factor for that taxable year and round the product to the nearest $10. The standard deduction for joint returns and qualified head of household returns shall be twice the amount for single returns. Section 5. Section 15-30-131, MCA, is amended to read:

"**15-30-131. Nonresident and temporary resident taxpayers — adjusted gross income ~~—deductions~~.** ~~(1)~~ In the case of a taxpayer other than a resident of this state, adjusted gross income includes the entire amount of adjusted gross income ~~from sources within this state but shall not include income from annuities, interest on bank deposits, interest on bonds, notes, or other interest-bearing obligations, or dividends on stock of corporations except to the extent to which the same shall be a part of income from any business, trade, profession, or occupation carried on in this state~~ *as provided for in 15-30-111*. ~~Interest income from installment sales of real or tangible commercial or business property located in Montana must be included in adjusted gross income. Adjusted gross income from sources within and without this state shall be allocated and apportioned under rules prescribed by the department.~~

~~(2) In the case of a taxpayer other than a resident of this state who is a resident of a state that imposes a tax on the income of natural persons residing within that state, the deductions allowed in computing net income are restricted to those directly connected with the production of Montana income.~~

For the purposes of this subsection, deductions allowed under 15-30-121 apply only to earned income and must be prorated according to the ratio that the taxpayer's Montana earned income bears to his federal earned income.~~

~~(4) A temporary resident shall be allowed those deductions and the credit under 15-32-109 allowed a resident to the extent that such deductions or credit were actually incurred or expended in the state of Montana during the course of his residency.~~

~~adjusted gross income bears to federal adjusted gross income. A Montana citizen moving out of the state, abandoning his residence in the state, and establishing a residence elsewhere must file a return on the fractional basis.~~ If ~~he~~ *a resident* obtains employment outside the state ~~without abandoning his Montana residence~~, ~~then~~ income from such employment is taxable in Montana."

"**15-30-142. Returns and payment of tax — penalty and interest — refunds — credits.** (1) Every single individual and every married individual not filing a joint return with his or her spouse and having a gross income for the taxable year of more than $1,000, as adjusted under the provisions of subsection (7), and married individuals not filing separate returns and having a combined gross income for the taxable year of more than $2,000, as adjusted under the provisions of subsection (7), shall be liable for a return to be filed on such forms and according to such rules as the department may prescribe. The gross income amounts referred to in the preceding sentence shall be increased by $800, as adjusted under the provisions of 15-30-112~~(7) and (8)~~ *(6)*, for each additional personal exemption allowance the taxpayer is entitled to claim for himself and his spouse under 15-30-112(3) and (4). A nonresident shall be required to file a return if his gross income for the taxable year derived from sources within Montana exceeds the amount of the exemption deduction he is entitled to claim for himself and his spouse under the provisions of 15-30-112(2), (3), and (4)~~, as prorated according to 15-30-112(6)~~.

(2) In accordance with instructions set forth by the department, every taxpayer who is married and living with husband or wife and is required to file a return may, at his or her option, file a joint return with husband or wife even though one of the spouses has neither gross income nor deductions. If a joint return is made, the tax shall be computed on the aggregate taxable income and the liability with respect to the tax shall be joint and several. If a joint return has been filed for a taxable year, the spouses may not file separate returns after

the time for filing the return of either has expired unless the department so consents.

(3) If any such taxpayer is unable to make his own return, the return shall be made by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(4) All taxpayers, including but not limited to those subject to the provisions of 15-30-202 and 15-30-241, shall compute the amount of income tax payable and shall, at the time of filing the return required by this chapter, pay to the department any balance of income tax remaining unpaid after crediting the amount withheld as provided by 15-30-202 and/or any payment made by reason of an estimated tax return provided for in 15-30-241; provided, however, the tax so computed is greater by $1 than the amount withheld and/or paid by estimated return as provided in this chapter. If the amount of tax withheld and/or payment of estimated tax exceeds by more than $1 the amount of income tax as computed, the taxpayer shall be entitled to a refund of the excess.

(5) As soon as practicable after the return is filed, the department shall examine and verify the tax.

(6) If the amount of tax as verified is greater than the amount theretofore paid, the excess shall be paid by the taxpayer to the department within 60 days after notice of the amount of the tax as computed, with interest added at the rate of 9% per annum or fraction thereof on the additional tax. In such case there shall be no penalty because of such understatement, provided the deficiency is paid within 60 days after the first notice of the amount is mailed to the taxpayer.

(7) By November 1 of each year, the department shall multiply the minimum amount of gross income necessitating the filing of a return by the inflation factor for the taxable year. CHAPTER NO. 17

[HB 2]

AN ACT GENERALLY REVISING APPROPRIATIONS FOR FISCAL YEAR 1993; AMENDING THE GENERAL APPROPRIATIONS ACT OF 1991 AND OTHER ACTS APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 1993; PROVIDING CONDITIONS AND LIMITATIONS RELATING TO THE APPROPRIATIONS; AMENDING SECTIONS 1, 2, 11, AND 14, CHAPTER 13, SPECIAL LAWS OF JANUARY 1992, SECTION 13, CHAPTER 774, LAWS OF 1991, SECTION 3, CHAPTER 775, LAWS OF 1991, AND SECTION 1, CHAPTER 779, LAWS OF 1991; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 1, Chapter 13, Special Laws of January 1992, is amended to read:

"Section 1. Section 1, Chapter 815, Laws of 1991, is amended to read:

"Section 1. **Short title.** [This act] may be cited as "The General Appropriations Act of 1991".

~~Section 2. **Limit on personal services transfer — exceptions.** (1) Funds appropriated for personal services or indicated in legislative intent as having been appropriated for personal services may not be expended under any other category unless the approving authority approves a specific agency request for the 1993 biennium only, which request is justified either on the basis of documented cost savings or as specified in subsection (2). The approving authority shall submit its analysis of the cost savings to the legislative auditor, with wages and fringe benefits separately documented from other cost savings. The legislative audit committee shall review the approving authority's analysis and report to the 53rd legislature on the savings realized.~~

~~(2) If an agency is unable to recruit and hire professional positions funded in the appropriation, funds appropriated for personal services may be used to~~

~~fund an agreement or contract to provide services that are identical to those services performed by an authorized position. The amount used for the agreement or contract may not be more than the amount authorized for the position less any personal services reduction. The agency director shall certify to the approving authority, as defined in 17-7-102, or his designated representative that the agency is unable to fill the position and that the services performed by that position are necessary.~~

Section 2. ***Agency management responsibility.*** *For fiscal 1993, as a result of the fiscal condition of the state and the significant budget reductions required for all state agencies, the legislature, meeting in the July 1992 special session:*

(1) expresses its intent that each state agency is expected to manage its available resources prudently to avoid, to the maximum extent feasible, requiring fiscal 1993 general fund supplemental appropriations requests that are to be stringently analyzed prior to consideration by the 53rd legislature; and

(2) approves flexible management responsibility, within the constraints of this section, subject to the limitations of 17-7-138 and 17-7-139, for each agency in order that the agency may adjust spending authority within and among programs for personal services, operating expenses, equipment, capital outlay, grants, and transfers.

Section 3. **First level expenditures.** The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 1993 biennium, are adopted as legislative intent.

Section 4. **Reorganization.** If any agency reorganizes during the 1993 biennium, the agency shall present for fiscal 1992 and fiscal 1993 by program:

(1) a restatement of the FTE records and financial records consistent with the reorganized structure; and

(2) a comparison of the original operating budget to the revised operating budget that reflects the reorganization. Reorganization means transfer of functions or five or more FTE from one program to another.

Section 5. **Natural resources damage assessment repayment.** In the natural resource damage assessment and litigation against the atlantic richfield company, the state shall seek repayment of any funds appropriated in [this act] that are expended by a state agency for the purpose of conducting the assessment and/or litigation. This repayment must include interest on the funds at a rate commensurate with rates earned in the short-term investment pool.

Section 6. **Budget reduction.** The line item for "budget reduction" reduces the agency's total general fund appropriation. The agency, with the approval of the approving authority as defined in 17-7-102, shall determine the proportional share of the amount to be applied to each program and reduce that program's appropriation accordingly.

~~Section 7. **Vacant positions.** If a budgeted position remains unfilled for more than 6 months, the position may be filled only after approval by the approving authority. The approving authority shall document in writing the~~

~~justification and approval for filling each position that was vacant for more than 6 months and shall provide the documentation to the office of budget and program planning and to the office of the legislative fiscal analyst if requested. If a budgeted position remains unfilled for more than 1 year, the approving authority may not include the position in the budget request base for the executive budget request that will be presented to the 53rd legislature. The budget request presented to the 53rd legislature must include an analysis of vacant positions subject to the approval requirement in this section and must specifically identify those positions that remained unfilled for more than 1 year and are included in the budget request as modifications.~~

Section ~~8~~ *7.* **Severability.** If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, such decision does not affect the validity of the remaining portions of [this act].

Section ~~9~~ *8.* **Audit cost.** Amounts appropriated for audits may be transferred between fiscal years. Agencies shall reserve enough cash in each fund to pay for audit costs and shall, to the maximum extent allowable under federal regulations, charge audit costs to federal funds. The budget director shall increase the agency line item appropriations for legislative audits by amounts that total the amount appropriated for the 1993 biennium from the legislative auditor's special revenue fund for the purpose of state pay plan funding. The budget director shall allocate the amounts on the same basis that current line items for legislative audits in agency budgets are allocated in [this act].

Section ~~10~~ *9.* **Technical allocation costs.** For agencies with internal cost allocation plans funded with proprietary revenues, the budget director shall adjust agency appropriations by amounts necessary to increase the budgets for indirect costs attributable to pay increases in an agency's indirect cost pool appropriated in the state pay plan bill. Funding for this appropriation consists of general fund money and other funds in an amount proportionate to the funding allocated for budgeting indirect cost assessments in [this act].

Section ~~11~~ *10.* **Account analysis.** All agencies shall reexamine their proprietary accounts and designated subfunds and report to the legislative auditor's office after fiscal year 1992 the specific plans for spending the accounts, the monthly or daily account balances, and whether the accounts have adequate amounts of revenue and fund balances and the plans to reduce or add monies to the accounts.

Items 1b and 1d are biennial appropriations.

The legislature recognizes that costs associated with the Crow coal case, water rights, and tribal litigation may exceed the appropriation in item 1, and in that event, the department will need to request a supplemental appropriation from the 1993 legislature to adequately represent the state.

If federal funds are not obtained for item 6a in fiscal 1993, the general fund appropriation, as amended by [this act], must be increased and the federal appropriation, as amended by [this act], must be decreased by the same amount.

In the event that a pay plan bill is passed and approved that includes salary increases for county attorneys, item 7a must be reduced by the amount included in the pay plan bill for county attorney salaries.

In implementing the appropriations under item 3, the legislature urges the department and Indian tribes to negotiate in good faith in order to reach, on a temporary basis, the status quo for Indian and non-Indian gaming operators. The department and Indian tribes are urged to enter into long-term agreements to implement the federal Indian gaming laws for the benefit of tribal and state government.

A minimum of $100,000 in item 13 must be allocated to programs other than the motor vehicle division.

The department is directed to submit to the 1993 legislature a construction work plan for the 1995 biennium that is detailed by year and project. This work plan must specify, by road system or project area, proposed projects on which $1 million or more would be spent during the 1995 biennium and an aggregate cost for projects with anticipated expenditures of less than $1 million. Costs must be detailed by year and project.

The department may adjust appropriations and FTE in the construction, interfund transfers, and maintenance programs between fiscal years to reflect actual expenditures related to the construction work plan and maintenance activities.

The department may adjust appropriations in the construction program between fund types, provided that the adjustment does not exceed 10% of the total appropriation established by the legislature for the construction program. All transfers between fund types must be fully explained and justified on budget documents submitted to the office of budget and program planning, and all fund transfers of over $1 million in any 30-day period must be communicated to the legislative finance committee in a written report.

Operational expenses may not include product costs, freight charges, expenses allocable to other divisions, or licensing bureau expenses.

An agent operating a state agency liquor store has the preference right to renew the agent's agency agreement by accepting the terms of the request for bids as those terms existed before January 1, 1991, and by meeting the highest bid made by any other applicant. Those agency agreements that contain renewal options must be honored according to the terms of the agency contract and request for bids in existence prior to January 1, 1991.

Funds appropriated in item 7e may be used only for consulting contracts to support CAMAS or to support appraisers' use of CAMAS, for debt service costs to fund equipment acquisition, and for computer maintenance contracts.

Item 5b is a biennial appropriation.

The governor-elect program is appropriated all necessary expenses, *up to $50,000 from* the general fund in fiscal 1993, to implement the provisions of 2-15-221.

The department shall develop and submit a cost recovery plan for each of its proprietary operations to the office of budget and program planning and the legislative fiscal analyst by August 1, 1992.

Funds remaining in the capitol land grant account of the capital projects fund, after the appropriations are met for the general services division of the department of administration and any projects provided for in Chapter 774, Laws of 1991, are appropriated to the long-range building debt service fund for the payment of principal and interest on bond issues for public buildings at the capitol for executive, legislative, and judicial purposes, as outlined in section 12 of The Enabling Act. This appropriation is for the biennium ending June 30, 1993, and is not to exceed the annual debt service required on these bonds.

The appropriation in item 6 in the other column includes $58,801 in fiscal 1992 and $58,801 in fiscal 1993 from the capital projects fund.

In item 6, the department may charge a maximum of $3.28 a square foot in fiscal 1992 and $3.34 a square foot in fiscal 1993 for office space in state-owned buildings.

Item 6b may be used only to pay utilities costs.

The department may charge a maximum overhead rate of 6% each year in item 7.

The department is appropriated funds to pay the deductible portion of each claim incurred and covered by a deductible insurance plan from the deductible reserve fund authorized in 2-9-202(2).

By July 15, 1992, the tort claims division shall present to the legislative finance committee proposed changes in the method or methods of determining and allocating insurance premiums to state agencies. The division shall review with the legislative finance committee the proposal and potential fiscal impacts before the rate methodology is adopted and before premiums are included in agency budget requests by the office of budget and program planning.

In item 9b, the department is authorized to hire 0.5 clerical FTE.

The public service commission is considering a proposal allowing large state natural gas customers to purchase their own supplies of gas directly from gas producers. Recognizing the likelihood of a changing natural gas procurement environment, the governor is authorized, if the proposal is approved by the commission, to designate a lead agency to implement a coordinated natural gas procurement program for affected state agencies and the university system.

Item 3c is a biennial appropriation.

The total appropriation for the department includes $2,204,426 in fiscal 1992 and $2,204,426 in fiscal 1993 from the maternal and child health block grant. To the extent revenue from the grant exceeds these amounts, it must be distributed to the counties, based upon identifiable needs. To the extent revenue from the grant is less than these amounts, allocations must be reduced proportionately among state programs and grants to counties.

The total appropriation for the department includes $644,771 in fiscal 1992 and $644,771 in fiscal 1993 from the preventive health block grant. To the extent revenue from the grant exceeds these amounts, it must be distributed at the discretion of the director of the department, based upon identifiable health care needs. To the extent revenue from the grant is less than these amounts, the director of the department shall make program reductions.

Funds appropriated to the department for indirect cost recovery may be expended only for that purpose.

The director's office includes $82,897 of general fund money each year within the legal unit that may be used only to pay legal services billed to programs funded by the general fund within the department. None of this appropriation may be transferred to other programs.

Item 2 includes a total of $25,000 of general fund each year that must be used to perform tests as needed on behalf of the food and consumer safety and occupational health bureaus within the department. If these funds are not needed for testing in the food and consumer safety and occupational health bureaus, they may be expended for other services within the laboratories.

It is the intent of the legislature that the department determine the feasibility of funding the public health and chemistry laboratories through proprietary and special revenue accounts with little or no use of general fund money, except as specified to support testing for the food and consumer safety and occupational health bureaus. If the department determines that such accounting is feasible and saves general fund money, then on or after July 1, 1991, the department may request that the approving authority authorize a proprietary account and reduce the general fund appropriation by a like amount. If this occurs, the general fund appropriation must remain at $25,000 to provide necessary testing for the food and consumer safety and occupational health bureaus.

Item 2b is a biennial appropriation that may be used only if the demand for reimbursable services requires expenditures for supplies, materials, and communications in excess of the appropriated levels of $184,820 in fiscal 1992 and $184,597 in fiscal 1993.

The department is authorized to receive an interentity loan from the general fund for no more than $4,928,894 for the purpose of conducting the Clark Fork natural resources damage assessment and litigation against the atlantic richfield company (ARCO). Repayment of this loan is extended through the end of the 1993 biennium in accordance with 17-2-107. The repayment must include interest on the amount loaned at a rate commensurate with rates earned in the short-term investment pool.

The natural resource damage litigation program policy committee is formed to ensure cooperation and unity among the state's natural resource agencies in carrying out their responsibilities as representatives of the governor, who is the trustee of the state's natural resources. The policy committee shall guide and make natural resource damage litigation program policy recommendations. The appropriation of $4,928,894 to continue the natural resources lawsuit against ARCO must be overseen by the policy committee, which consists of the following individuals or their designated representatives: the governor's energy and environmental policy advisor; the directors of the departments of health and environmental sciences and fish, wildlife, and parks; and the commissioner of the department of state lands. The attorney general or his designated representative may act in an advisory capacity to the natural resource damage litigation program policy committee.

None of the appropriation for the licensing, certification, and construction bureau may be transferred to any other program in the department.

The legislative fiscal analyst is directed to recalculate the indirect cost assessments to department programs, using the following rates applied to 100% of personal services:

	FY 92	FY 93
General Rate	14.00%	12.00%
Environmental Sciences Division	3.00%	3.00%
Statewide Cost Allocation	3.75%	3.75%

The appropriation in item 3 in the fiscal year 1993 state special revenue column includes $110,000 to be generated by increased fees in the air quality bureau.

Items 3e, 4e, and 5i may be used only to pay for the blanket "pay exception — environmental specialist" class series and associated indirect costs, authorized by the department of administration on April 11, 1991.

All unappropriated revenue to and fund balance in the unemployment insurance administrative tax account is appropriated to a reserve fund for job service administrative costs, except amounts, up to $100,000 per fiscal year, necessary to comply with federal requirements that a cost allocation plan for nonunemployment insurance tax collections be established. The amount of unappropriated funds for deposit into the reserve must be determined after all other unemployment insurance administrative tax appropriations are funded. The job service reserve fund must be maintained within the unemployment insurance administrative tax account. Interest earned on the job service reserve must be deposited into the job service reserve fund. Sufficient funds from the job service reserve are appropriated to the department to fund the job service federal fund appropriation in fiscal 1992 and fiscal 1993, contingent upon receipt of federal funds for the support of job service functions that are less than the level received in fiscal 1991. Funds in the job service reserve may not be transferred to the unemployment insurance trust fund until January 30, 1993, except in the case that an amount is necessary to reduce the employer contribution schedule for the coming year. Any transfer prior to January 30, 1993, must be reviewed by the legislative finance committee.

The department, in concert with other interested parties, shall prepare formal guidelines for use of the unemployment insurance administrative tax funds and present these guidelines to the 53rd legislature. At a minimum, the guidelines must include a prioritization of programs and activities to be funded. The criteria for prioritization must include the following considerations:

(1) loss of federal funding, impact on rural communities, and employer/employee-related functions; and

(2) the establishment and maintenance of a reserve fund to ensure that employment security services continue in the event of federal fund reductions.

The department shall provide information to the 53rd legislature regarding the actual amount collected by the 3 FTE added to collect unemployment insurance accounts receivable.

The department is appropriated up to $1 million each year from funds referred to in 39-71-502 and 39-71-901 to pay uninsured employer and subsequent injury benefits as required by 39-71-503 and 39-71-907.

Funds appropriated in item 1b must be distributed to the office of public instruction for administration of the jobs for Montana's graduates program.

The budget director shall increase item 8 by the amount necessary to bring the salary and benefits of the workers' compensation judge to the levels authorized by Chapter 656, Laws of 1991, less any increase provided for in the pay plan bill.

Funds appropriated in item 9c to replace federal fund reductions in Job Training Partnership Act (JTPA) programs statewide are one-time only funds and may be used only if and to the extent federal JTPA funds allocated to the state are less than the amount allocated in state fiscal year 1991. Unspent funds revert to the job service reserve fund in the unemployment insurance administrative tax account.

During fiscal 1993, the department is authorized to use unemployment insurance administrative tax funds appropriated for funding the JTPA as state matching funds for federal funds appropriated to the department of social and rehabilitation services for the job opportunities and basic skills (JOBS) program.

The amount of unemployment insurance administrative tax funding for the jobs for Montana's graduates program may not be increased.

The department is authorized to retain 7.5% of the federal community services block grant and pass through the remaining 92.5% to the human resource development councils (HRDC). If during fiscal 1992 or fiscal 1993, the block grant falls below the federal fiscal year 1990 grant level, the department shall retain only 5% and pass through the remaining 95% to the HRDCs.

Item 1b is funding for rate increases to day-care providers. Beginning October 1, 1991, the department shall increase day-care provider rates up to 75% of the "local market rate" (the maximum allowed under federal regulations). If federal regulations permit the use of funds from the new "child care and development block grant" for these increases, the department shall decrease the general fund appropriations by the amount of block grant funds available.

Funds appropriated in [this act] may not be expended for at-risk day-care services. Other funds approved by the budget amendment process may be used to fund at-risk day care.

~~Item 1c is additional funding to set~~ AFDC and general assistance payment levels ~~at~~ *shall* be 42% of the federal poverty index *in fiscal 1992 and through August in fiscal 1993. Effective September 1, 1992, AFDC and general assistance payments shall be 40.5% of the federal poverty index.*

The department may, beginning October 1, 1991, pay AFDC recipients a transition-to-work allowance. The allowance may be used for travel and relocation expenses of the recipient and family to another county or state. AFDC recipients are eligible to receive this allowance under rules adopted by the department. The rules may establish limitations on the amount to be paid and require that the recipient have verification of employment, an employment interview, or acceptance into an approved educational or training program. Expenses for a transition-to-work allowance may be paid from the appropriation for AFDC benefits.

The department is authorized to use federal funds appropriated for the job opportunities and basic skills (JOBS) program to match general fund money available within the department and unemployment insurance administrative tax funds appropriated to the department of labor and industry for funding the Job Training Partnership Act (JTPA).

The state share of the AFDC-related support collections and all AFDC and non-AFDC federal incentive payments must be deposited in a state special revenue account from which the state's share of the administrative and operational costs of the child support enforcement program must be paid. The legislature intends that, during the 1993 biennium, the department collect $1.25 for each $1 expended for administrative and operational costs from the account. Expenditures made from the account for state medicaid match or development of the SEARCHS computer project are not considered administrative or operational expenditures for purposes of this requirement. The department shall transfer to the general fund from the child support enforcement account all cash balance remaining at the end of fiscal 1992. Any cash balance in the account in excess of $500,000 at the end of fiscal 1993 must be deposited in the general fund.

The department is authorized to transfer funds among appropriations for medicaid primary care, medicaid nursing care, medicare buy-in, state medical, and the home and community-based waiver program. Except as provided below, funds transferred to the medicaid waiver program may not be used to increase the number of recipients receiving waiver services but must be used solely for covering cost increases above the appropriated level.

The department may utilize funds appropriated for medicaid nursing care to increase the number of recipients in the home and community-based waiver program during the 1993 biennium under the following conditions:

(1) During the 1993 biennium, no more than 25 nursing residents who are appropriate for waiver services may be transferred from nursing facilities to the waiver program.

(2) Per diem waiver costs for residents moved from nursing facilities may not exceed the statewide average medicaid per diem cost of intermediate nursing care.

(3) The department shall keep records of each resident transferred under this provision and submit to the 53rd legislature a report on the number of residents transferred and any cost savings achieved as a result of the transfers.

The legislature intends that expenditures for all executive budget modifications for provider rate increases approved by the legislature be limited to dollar amounts appropriated rather than percentage increases on which the original estimates may have been based. The department will be in compliance with this provision if:

(1) it estimates total costs for each medicaid service category in June, prior to the beginning of each fiscal year of the 1993 biennium; and

(2) the percentage increases or base adjustments approved by the department are limited to the dollar amount appropriated for each budget modification.

The department may not expand or reduce the amount, scope, or duration of benefits provided to recipients under the medicaid primary care or nursing care programs during the 1993 biennium unless Title XIX of the federal Social Security Act is amended to require expansion or reduction of benefits as a condition of the state receiving federal financial participation. This provision may not be construed to prohibit the department from implementing coverage provided in 53-6-101(3)(l).

The rate increases in items 6e and 6h are funded beginning October 1, 1991.

Upon final determination of all general fund money in the department's unreconciled special revenue fund balance (in the approximate total amount of $2,530,153) and the deposit of these funds in the general fund, $438,795 in fiscal 1992 and $485,182 in fiscal 1993 are appropriated to fund the additional general fund costs of the TEAMS project in item 8b. Any funds remaining in the special revenue fund to which the state is entitled must be deposited in the general fund.

However, if a subsequent reconciliation concludes that funds transferred from the unreconciled account to the general fund belong to the federal government, the department may request a general fund supplemental appropriation to repay the federal funds.

Chapter 707, Laws of 1991, required the department to transfer all money in the federal special revenue account (number 03143) associated with the former department of community affairs grant closeouts reported in the April 1990 legislative audit report. If a subsequent reconciliation of this account concludes that any of the funds transferred from the account to the general fund belong to the federal government, the department may request a general fund supplemental appropriation to repay the federal funds.

It is the intent of the legislature that annualized expenses for operation of SEARCHS not exceed $1,500,000. This amount includes expenses for any facilities management contracting that may be utilized for system operations, computer processing costs directly associated with operation of the system, and other personal services and nonpersonal services costs directly charged to the management and operation of the system. The department may not proceed with development of SEARCHS until it has demonstrated to the satisfaction of the governor's office of budget and program planning and to the legislative finance committee that the projected annualized operational costs of the system will not exceed the limit imposed in this statement of intent.

Item 9b is funding for a 4.5% rate increase each year of the 1993 biennium to providers of vocational rehabilitation services.

Item 11a is funding for a 4.5% rate increase each year of the 1993 biennium to providers of visual services.

The department is authorized to transfer funds between appropriations for the vocational rehabilitation and visual services programs.

Item 12a is funding for a 4.5% rate increase each year of the 1993 biennium to providers of developmental disabilities services.

The department may pursue funding under the federal ICF/MR program for additional intensive service slots funded by the 1991 legislature if the federal government fails to approve adequate medicaid waiver funding under the home and community-based waiver program.

Item 1b is a biennial appropriation.

The department shall submit to the 53rd legislature a report detailing the numbers of developmentally disabled (DD) clients served by the department in fiscal 1992 and the actual fiscal 1992 general fund and federal fund expenditures for that service.

The department may provide DD targeted case management through increases in staff, or it may contract for the targeted case management services. The department may transfer the targeted case management program for the developmentally disabled to the department of social and rehabilitation services during the 1993 biennium.

Included in item 2 is a general fund appropriation of $38,708 in fiscal 1992 and $58,083 in fiscal 1993 for increases to day-care providers. Beginning October 1, 1991, the department shall increase day-care provider rates up to 75% of the "local market rate" (the maximum allowed under federal regulations). If federal regulations permit the use of funds from the new "child care and development block grant" for these increases, the department shall decrease the general fund appropriations by the amount of block grant funds available.

In item 2a, the department is appropriated federal funds of $2,373,287 in fiscal 1992 and $2,641,716 in fiscal 1993 for improving the availability and quality of day care. The department shall issue a report to the 53rd legislature detailing the numbers and types of services provided and the actual fiscal 1992 expenditures for those services.

In item 2g, at least $1.3 million for the biennium must be reserved for residential treatment services.

In item 2i, the department may use the funds to contract for direct services on reservations or pay for placement services.

The continuum of service plan is to be presented to the legislative finance committee during calendar 1991 for its review and comment. After review by the committee and consideration of recommendations and upon implementation of the plan, all funds are to be spent in accordance with the plan. The goal of the plan is to develop a comprehensive child welfare service system by July 1, 1993. The system must include but not be limited to family-based services, foster care, therapeutic foster care, group care, residential treatment, and psychiatric hospitalization for youth. Funds appropriated for the youth foster care program may not be transferred to the medicaid program administered by the department.

The department may not issue a contract for the refinancing project until the contract has been reviewed by the legislative finance committee.

Items 2j, 3a, 3c, 3k, 5a, 5c, 5g, 5h, 6a, 7a, and 8g are biennial appropriations.

If the department receives private funds, it may increase its state special revenue appropriation and decrease its federal revenue appropriation by like amounts.

The appropriation for the legislative contract authority in items 1b, 3b, 4a, 5b, 6b, 7b, and 8a is subject to the following provisions:

		Fiscal 1992						Fiscal 1993			
General Fund	State Special Revenue	Federal Special Revenue	Propri-etary	Other	Total	General Fund	State Special Revenue	Federal Special Revenue	Propri-etary	Other	Total

(1) Legislative contract authority applies only to federal and private funds.

(2) Legislative contract authority expenditures must be reported on state accounting records. The records must be separate from current level operations.

(3) A report must be submitted by the department to the legislative fiscal analyst following the end of each fiscal year of the biennium. The report must include a listing of projects, with the related amount of expenditures for each project.

The department shall conduct a study of the options and methods available for allocating administrative costs to the various state special revenue funds managed by the agency. The department shall present the findings of its study to the legislative finance committee by July 1, 1992, along with its recommendation, affected accounts, and any required statute changes.

Item 2f contains $17,000 a year to develop informational displays for use by license agents, and item 2g contains $10,300 in fiscal 1992 and $97,300 in fiscal 1993 for increases in license agents' commissions. Chapter 592, Laws of 1991, increased certain fishing and hunting license fees.

Item 2h contains $60,000 a year from the general license account for development and maintenance of wildlife management areas, waterfowl projects, parks, and fishing access sites. This appropriation is reduced by the amount of funds Chapter 319, Laws of 1991, provided the general license account for the management of wildlife management areas. Chapter 319, Laws of 1991, revised allocation of funds for development and maintenance of wildlife habitat.

Item 3 contains $18,600 in fiscal 1992 to contract with the U.S. fish and wildlife service to raise Kokanee salmon fingerlings at the Creston national fish hatchery. If a second raceway shelter at the Creston national fish hatchery is not purchased, this appropriation is reduced by $8,220.

Item 3i contains $50,042 in fiscal 1992 and $50,040 in fiscal 1993, appropriated for aquatic resource data collection on the Upper Clark Fork River in connection with the state's resource damage assessment suit against ARCO. The department shall present to the 53rd legislature the results of this project. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this item in the current level base. In the litigation, the state shall seek reimbursement for all expenses incurred by the department associated with the assessment and litigation. Reimbursement must include interest on the amount commensurate with rates earned in the short-term investment pool.

Item 4c contains $27,000 a year for employee relocation expenses. The department shall present the 53rd legislature with a report on historical expenditures for employee relocation. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from this item in the current level base.

Contracts negotiated or renegotiated by the department may not extend beyond the end of the 1993 biennium unless they contain the clause "subject to legislative appropriation of funds for this contract".

If the department is unable to recruit and hire professional positions funded in the appropriation and required for patient treatment and/or certification, it may transfer up to 100% of the aggregate personal services cost of each class of vacant position or the cost of the required contract, whichever is less, to operating expenses for the purpose of contracting for services that would have been provided if that position were filled. The department shall certify to the governor or his designated representative that:

(1) the department is unable to fill the position or positions; and

(2) the services that would be provided by that position if filled and by the proposed contract are necessary for either federal medicaid certification or the treatment requirements of its correctional institutions.

Within the industries operations in item 2, the department may submit budget amendments to hire 1 FTE marketing representative, 2 FTE shop supervisors, and 1 FTE prison industries procurement coordinator if funding is available.

Within the industries training program in item 2, the department may submit budget amendments to hire 1 FTE vehicle maintenance shop supervisor if funding is available.

The department is authorized to maintain a cash balance of not more than $16,000 at the end of each fiscal year in the prison industries training proprietary account. Any funds in excess of $16,000 in the proprietary account are to offset the general fund appropriation.

Item 2a, the corrections medical budget, is a biennial appropriation.

The department shall submit budget amendments for the local jurisdiction sentencing option program in item 2g if federal funding becomes available. The total general fund and state special fund share of the program may not exceed 50% and must revert to the respective funds to the extent that federal funding is less than $35,000.

Item 2m contains $55,276 in fiscal 1992 and $55,158 in fiscal 1993 for two targeted case managers at the prison. In preparing the 1995 biennial budget for legislative consideration, the office of budget and program planning and the legislative fiscal analyst's office may not include the expenditures from the above items in the current level base.

Transfers may be made between line items within the mental health division and the alcohol and drug abuse division (chemical dependency) for the purpose of accurately allocating operating expenses associated with the alcohol and drug programs on the Galen campus upon approval of the governor or his designated representative.

Included in item 3 are $22,492,426 in fiscal 1992 and $22,717,860 in fiscal 1993 for the operation of Montana state hospital. Except for approved transfers to the chemical dependency division for the purpose of accurately allocating operating expenses associated with the alcohol and drug programs on the Galen campus, no more than 5% of these funds may be transferred.

In item 3, the department may transfer appropriation authority from the personal services category to the operating expense category of the mental health division budget upon approval by the governor or his designated representative for costs associated with the Ihler lawsuit and the pilot projects in Kalispell, Missoula, and Butte.

In item 3, the department may transfer appropriation authority from the personal services category to the operating expense category of the mental health division budget upon approval by the governor or his designated representative for costs, up to $1,000,000 for the 1993 biennium, associated with responding to the district court ruling on the Ihler lawsuit.

Included in the appropriation for the Montana state hospital chemical dependency program within item 4 are $1,408,733 in fiscal 1992 and $1,413,201 in fiscal 1993 for the operation of the Galen chemical dependency program. No more than 5% of these funds may be transferred.

The department shall continue to provide acute hospital care, intermediate nursing care, and chemical dependency services at the Montana state hospital at Warm Springs and Galen without significant changes in the program at either campus, except for approved changes on the Warm Springs campus to implement the district court ruling on the Ihler lawsuit.

In item 5, the department may transfer appropriation authority from the personal services category to the operating expense category of the Montana developmental center budget upon approval of the governor or his designated representative if the downsizing does not take place on schedule.

E. EDUCATION

University units are defined in 17-7-102(16). For all university units, except the office of the commissioner of higher education, all funds, other than plant funds appropriated in Chapter 774, Laws of 1991, relating to long-range building, and current unrestricted operating funds, are appropriated contingent upon approval of the comprehensive program budget by the board of regents by October 1 of each year. The budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. All movement of funds between the current unrestricted subfund and the designated subfund account entities must be clearly identified in the state budgeting and accounting system.

Programs for the university units' budgets, except the office of the commissioner of higher education, include instruction, organized research, public service, academic support, student services, institutional support, operation and maintenance of plant, and scholarships and fellowships.

All university units, except the office of the commissioner of higher education, shall account for expenditures consistently within programs and funds across all units and shall use the national center for higher education management systems program classification structure, along with the college and university business administration (CUBA) system, as a minimum standard for achieving consistency.

Any tuition added through budget amendment in fiscal 1992 and fiscal 1993 may, in the discretion of the board of regents, be distributed among agencies of the Montana university system with the following restriction: tuitions may not be budget amended either directly or indirectly to increase the budget of the office of the commissioner of higher education.

The general fund reduction to the Montana university system is not contingent on or tied to any action concerning the operation of state liquor stores.

The legislature recommends that the reductions in higher education system units budgets be reductions in expenses and specifically requests that the board of regents not increase tuition charges to compensate for budget cuts.

The legislature recommends that reductions be made in duplicated programs, in- and out-of-state travel, and delays in new programs.

The legislature recommends that no reductions be made in library expenditures at any of the units of the Montana university system in response to budget reductions made in the July 1992 special session.

Item 1 includes $81,564 in fiscal 1992 and $81,810 in fiscal 1993 in the state special revenue fund from the traffic safety account for motorcycle safety.

The legislature approved the addition of *0.5 FTE from the federal national origins grant and* 0.5 FTE from the federal school foods grant. These funds are in item 1.

Included in item 1 is a biennial appropriation of $136,000 from the general fund and $82,000 from the state special revenue fund for audiology services.

The superintendent of public instruction may use any unexpended general fund appropriation, excluding item 2r, school equalization supplemental funding, in distributions to schools, program 09, to restore the appropriations for special education contingency, gifted and talented, secondary vocational education, and out-of-district placements up to but not exceeding the amount authorized by Chapter 815 and Chapter 765, Laws of 1991. Any unexpended appropriation balances in fiscal 1992 in items 2a through 2h may be carried in and expended in fiscal 1993.

Item 2b is a biennial appropriation. This appropriation is for unforeseen expenses that may arise in special education programs in local districts. A district board of trustees may apply for an allocation from these funds by presenting to the superintendent of public instruction, for each child, a child-study (CST) report and an individual education plan (IEP) relating to this unforeseen expense or, if the need for additional personnel is due to caseload excess, a board of trustees' verification of completed IEPs and CSTs. In addition, a current listing of programs, caseloads, and related costs must be submitted. Contingency funds may be awarded for positions that have gone unfilled for an entire school year and for which regular state special education funds were not awarded. The agency may transfer any unused balance in this appropriation into the special education appropriation in item 2a.

Item 2c includes a reduction of $800,000 in the fiscal 1993 general fund appropriation. This reduction is contingent on the passage and approval of legislation reducing the state share of special education transportation from 100% to 50%. If this legislation is not enacted, the fiscal 1993 general fund transportation appropriation is restored to $6,493,558.

Item 2f is a biennial appropriation.

Items 2i through 2r are biennial appropriations.

All revenue received in the state traffic education account under the provisions of 20-7-504, is appropriated as provided in Title 20, chapter 7, part 5.

The agency may transfer funds among the items listed in 2a through 2q and between items 1 and 2, subject to the limitations of 17-7-139.

The commissioner of higher education may transfer county millage collections among the centers. Total revenue received from the 1.5-mill levy that exceeds $965,005 in fiscal 1992 and $981,480 in fiscal 1993 is appropriated to the office of the commissioner of higher education for distribution to the vocational-technical centers and must be added by budget amendment by the board of regents in a manner so as to offset reductions in vocational-technical center appropriations in [this act] from the levels contained in The General Appropriations Act of 1991 and acts supplementary thereto.

It is the intent of the legislature that the board of regents have additional appropriation flexibility to operate the vocational-technical centers during the 1993 biennium. Therefore, the legislature has approved for each vocational-technical center a single appropriation for its general operations. The appropriation for each postsecondary vocational-technical center listed above is for the following programs: instruction, academic support, student services, institutional support, and operation and maintenance of plant. The vocational-technical centers are exempt from [section 2], which requires personal services line items.

It is further the intent of the legislature that all fiscal matters pertaining to the postsecondary vocational-technical centers during the 1993 biennium and the 1995 biennium budget request be recorded, maintained, and submitted, using the college and university business administration (CUBA) fund structure and functional expenditure classifications.

Fiscal 1992						Fiscal 1993					
General Fund	State Special Revenue	Federal Special Revenue	Propri-etary	Other	Total	General Fund	State Special Revenue	Federal Special Revenue	Propri-etary	Other	Total

Item 2 includes $68,400 general fund in fiscal 1992 and $114,000 general fund in fiscal 1993 for three new medical student WICHE slots in fiscal 1992 and three continuing medical student WICHE slots and 2 new medical student WICHE slots in fiscal 1993.

The appropriation in item 4 provides 51% and 55% of the total unrestricted budgets for the community colleges in fiscal 1992 and fiscal 1993, respectively. The total unrestricted budgets for the community colleges must be approved by the board of regents.

The general fund appropriation for each community college includes 49% of the total audit cost. The remaining 51% of these costs are to be paid from funds other than those appropriated in items 4 and 4a. Audit costs may not exceed $18,000 each for Dawson and Miles community colleges and $25,000 for Flathead Valley community college for the biennium.

Item 11a is a biennial appropriation.

Items 12, ~~and~~ 13, *15, and 16* reduce the commissioner of higher education's total general fund appropriation. The commissioner of higher education, with the approval of the approving authority, as defined in 17-7-102, shall determine the proportional share of the amount to be applied to each program and reduce that program's appropriation accordingly.

Item 14 is additional spending authority for tuition revenue. This tuition may, in the discretion of the board of regents, be distributed among agencies of the Montana university system with the following restriction: all tuition revenue must be distributed to agencies other than the office of the commissioner of higher education. It is the intent of the 52nd legislature that the board of regents increase total tuition and fee charges at the six university units by no more than $7 per credit hour for resident students and $47 per credit hour for nonresident students, which is the equivalent of the difference between charges at Montana state university and the university of Montana and the average of their peer institutions.

It is the intent of the 52nd legislature that the board of regents examine all revenue sources, including fees from students and other revenue sources not presently recognized within the formula funding of the Montana university system. It is the further intent that the board of regents utilize all possible economies and methods that will preserve access to and not limit enrollment of the units of the Montana university system. More specifically:

(1) before any major downsizing of student populations, there must be an independent evaluation of all student fees not within formula funding to determine if said fees should be placed within the formula. If more fees are appropriately placed within the formula, university units may be much closer to peer averages and there may be no need to reduce the current student population levels. The evaluation must be given to appropriate legislative committees.

(2) evaluation of appropriate student populations for each unit of the Montana university system must be conducted to determine how to best achieve optimum economies of scale for both benefits and costs; and

(3) a review of the western undergraduate exchange (WUE) program must be conducted to determine if the admission of nonresident students under the WUE program should be limited to parity participation to ensure that Montana resident students are not denied admission to their own institutions.

It is the intent of the 52nd legislature that no funds be transferred in fiscal 1993 from the student assistance program to any other program within the office of the commissioner of higher education.

The office of the commissioner of higher education is directed to study administrative structure and expenses within each unit of the university system and within the office of the commissioner of higher education to determine if operational efficiencies could be increased through consolidation or elimination of positions, or both, and to report its findings to the 53rd legislature.

The office of the commissioner of higher education is directed to conduct a study of the potential benefits of the sharing of county extension agents among rural counties and to report the findings of the study to the 53rd legislature.

Item 17 increases the spending authority of the commissioner of higher education and provides for the collection and use of the excess revenue resulting from additional students in the Montana university system. These funds are appropriated to the office of the commissioner of higher education for distribution by the board of regents to the units of the Montana university system.

Total audit costs are estimated to be $58,402 for the biennium. Twenty-five percent of these costs must be paid from funds other than those appropriated in items 1 through 4.

Item 4c is a biennial appropriation.

~~Item 5 reduces~~ *Items 5 and 6 reduce* western Montana college's total general fund appropriation. Western Montana college, with the approval of the approving authority, as defined in 17-7-102, shall determine the proportional share of the amount to be applied to each program and reduce that program's appropriation accordingly.

Included within current unrestricted funds (contained in the "other" ~~fund~~ column) to the six university units is the sum of $11,887,000 in fiscal 1992 and $12,131,000 in fiscal 1993 from revenue generated under the provisions of 20-25-423. The department of revenue shall levy the full 6 mills as authorized in 20-25-423. Revenue received by the university system under the provisions of 20-25-423 that exceeds $11,887,000 in fiscal 1992 and $12,131,000 in fiscal 1993 is appropriated to the office of the commissioner of higher education for distribution to the university system and must be added by budget amendment by the board of regents in a manner so as to offset reductions in the university system ~~appropriations~~ *appropriation* in [this act] from the levels contained in The General Appropriations Act of 1991 and acts supplementary thereto.

It is understood by the 52nd legislature that the appropriations contained in [this act] for the six university units may result in the board of regents electing to limit or reduce enrollment during fiscal 1992 and fiscal 1993. It is the intent of the 52nd legislature that if actual enrollments during the 1993 biennium are fewer than the budgeted number of student full-time equivalents for the 1993 biennium, systemwide or by unit, the legislative fiscal analyst shall present to the 53rd legislature a current level budget for the six units, systemwide and by unit, no lower than the budgeted amount for the 1993 biennium.

It is understood by the 52nd legislature that shortfalls in student tuition due to enrollment declines may be presented to the 53rd legislature for a supplemental appropriation. These tuition shortfalls are not expected to be made up by per-student full-time equivalent tuition increases.

The 52nd legislature intends for the Montana university system to be subject to the personal services line item requirements contained in [section 2, Chapter 815, Laws of 1991, as amended by [this act]]. The dollar amount of the personal services line item is equal to the following:

(1) For the research, public service, and plant programs, the line item amount is equal to the personal services amount contained in table 3 of the Montana university system budget narrative accompanying [this act].

	Fiscal 1992						Fiscal 1993					
	General Fund	State Special Revenue	Federal Special Revenue	Proprietary	Other	Total	General Fund	State Special Revenue	Federal Special Revenue	Proprietary	Other	Total

(2) For the instruction program, the line item amount is equal to the personal services amount identified on the original regents'-approved operating budget each fiscal year but may be no less than the faculty compensation amount contained in table 3 of the Montana university system budget narrative accompanying [this act].

(3) For the support program, the line item amount is equal to the personal services amount identified on the original regents'-approved operating budget each fiscal year.

It is further the intent of the 52nd legislature that the original budgeted personal services by program on the regents' *employee reporting system* each fiscal year equal the original regents'-approved operating budget by program.

HOUSE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA EXTENDING THE GOVERNOR'S STATE OF DISASTER DECLARATION DUE TO CONTINUING DROUGHT CONDITIONS.

WHEREAS, Montana is experiencing a prolonged drought, which is a natural disaster that imminently threatens damage, injury, or loss of property; and

WHEREAS, pursuant to section 10-3-104, MCA, the Governor has the discretionary power to suspend the provisions of any regulatory statute if strict compliance with the statute would in any way prevent, hinder, or delay necessary action in coping with a disaster; and

WHEREAS, the current drought condition requires the exercise of the Governor's authority to suspend regulatory authority of the state; and

WHEREAS, on June 8, 1992, the Governor issued Executive Order No. 13-92, proclaiming an emergency and suspending certain regulatory authorities of the Department of Natural Resources and Conservation under Title 85, chapter 2, MCA, commonly referred to as the Montana Water Use Act; and

WHEREAS, on June 29, 1992, the Governor issued Executive Order No. 14-92, proclaiming a disaster as a result of drought and continued the suspension ordered in Executive Order No. 13-92; and

WHEREAS, pursuant to section 10-3-303, MCA, a state of disaster may not continue for longer than 30 days unless continuing conditions of the state of disaster exist, which must be determined by a declaration of a major disaster by the President of the United States or by a joint resolution of the Legislature declaring continuing conditions of the state of disaster.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Legislature declares a continuing condition of disaster as a result of the drought.

(2) That the state of disaster must continue until terminated by the Governor as provided in section 10-3-303(4), MCA.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the publisher of each newspaper in the state.

Adopted July 17, 1992.

HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REVISING THE OFFICIAL ESTIMATE, CONTAINED IN HOUSE JOINT RESOLUTION NO. 1, SPECIAL LAWS OF JANUARY 1992, OF THE STATE'S ANTICIPATED REVENUE FOR EACH YEAR OF THE 1992-93 BIENNIUM FOR THE PURPOSE OF ACHIEVING A BALANCED BUDGET AS MANDATED BY ARTICLE VIII, SECTION 9, OF THE MONTANA CONSTITUTION; ACCEPTING THE JUNE 30, 1991, GENERAL FUND AND STATE EQUALIZATION ACCOUNT BALANCES THAT WERE ESTABLISHED BASED ON GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; REQUESTING THE GOVERNOR'S OFFICE OF BUDGET AND PROGRAM PLANNING TO USE THE REVENUE ESTIMATES CONTAINED IN THIS RESOLUTION AS OFFICIAL REVENUE ESTIMATES FOR FISCAL YEAR 1992 AND FOR FISCAL YEAR 1993; AND ESTABLISHING AN ESTIMATE OF THE NONGENERAL FUND REVENUE FOR THE STATE EQUALIZATION ACCOUNT.

WHEREAS, Article VI, section 9, of the Montana Constitution requires the Governor to submit to the Legislature a budget for the ensuing fiscal period, containing in detail the estimated revenue of the state; and

WHEREAS, Article VIII, section 9, of the Montana Constitution prohibits the Legislature from appropriating funds in excess of the anticipated revenue of the state; and

WHEREAS, it became apparent after the adjournment of the January 1992 special session that there would be a shortfall in anticipated revenue, primarily in individual income taxes, oil-related taxes, and interest earnings; and

WHEREAS, the Governor issued a call for a special session to begin July 6, 1992, to address the disparity between budgeted expenditures and anticipated revenue; and

WHEREAS, the Montana Legislature must revise its revenue estimates to responsibly deal with the budget crisis; and

WHEREAS, section 5-18-107(5), MCA, requires the Revenue Oversight Committee, prior to each regular legislative session, to estimate the amount of revenue projected to be available for legislative appropriation, with that estimate to be used until amended or until finally adopted by both houses; and

WHEREAS, the Revenue Oversight Committee has revised its assumptions relating to revenue estimates, including estimates for individual and corporation income taxes, oil and coal severance taxes, earnings on investments, statewide mill levies, and lottery receipts; and

WHEREAS, given the magnitude of the fiscal crisis facing the State of Montana and given the Legislature's constitutional responsibility to balance the budget, it is in the best interests of the state that revenue forecasts be discussed and determined in public hearings at which all interested persons may attend and participate.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state general fund revenue for fiscal years 1992 and 1993 is estimated to be $455,012,000 and $493,598,000, respectively. The school foundation revenue for fiscal years 1992 and 1993 is estimated to be $365,565,000 and $372,846,000, respectively.

BE IT FURTHER RESOLVED, that the Legislature accepts for budget purposes the unreserved fund balance of $58,700,000 for the general fund and $9,482,000 for the state equalization account, prepared according to generally accepted accounting principles as published in the audited state financial statements as of June 30, 1991.

BE IT FURTHER RESOLVED, that the Governor's Office of Budget and Program Planning use, as contemplated in section 5-18-107(5), MCA, the revenue estimates contained in this resolution as the official revenue estimates for fiscal years 1992 and 1993.

BE IT FURTHER RESOLVED, that the Board of Examiners, prior to issuing tax and revenue anticipation notes (TRANS) to investors outside of state government, look to borrowable funds within the various funds and accounts in the state treasury, including funds that can be borrowed from the Board of Investments as an investment by the Board of Investments at market interest rates and consistent with the prudent investor rule. Additionally, that the total net income potentially available to the State of Montana, including any arbitrage obtainable and all of the costs associated with issuing TRANS, be recognized by the Board of Examiners and by the Board of Investments and its staff when issuing TRANS or borrowing money from within the state treasury.

BE IT FURTHER RESOLVED, that all borrowable funds within the state treasury be taken into account in determining the cash balance available within the state treasury.

GENERAL FUND REVENUE

The revised projections for total general fund revenue during the 1992-93 biennium are based on an assumption of a continuation of Montana law as it existed on July 1, 1992.

The revenue estimates contained in the following tables are based on the assumptions stated previously in this resolution and those listed in the following tables.
